## Banks' MILLINERY

116 Main St.

By visiting our Fall opening, to be announced next Sunday, you will not only see reflected the progress of your city as a Fashion Centre but a magnificent display of millinery that would be one of the best if made in Paris or New York.

The most convincing impression of advance styles is rarely accorded your home dealers. We would suggest, therefore, that you refer to any leading American or French Journal of Fashion—Compare their notes and plates with the "real thing" as will be shown by us.

Our capacity for displaying goods is enlarged—making it convenient for you to view hundreds of hats in a very few moments.

The goods are classified—in our French Room are models from \$15.00 up. We will show the new fur hats with fur sets to match, worth up to \$150.00 each.

The line of genuine FRENCH FELTS with the most delicate shades and trimmings, range in price \$20.00 to \$50.00 each, and is greater than ever before.

THE BIG UP-TO-DATE MILLINERY STORE WITH THE RICKEST OLD FASHIONED FRONT IS WORTH LOOKING INTO. The deeper you delve the greater the grandeur. Beginning at the front you will find all the popular shapes and colorings in prest Silician felts (untrimmed) at \$1.50.

All the favorites in PACON SILK VELVET HATS \$1.50 to \$2.50 each. Next are the patented, bright finish, prest shapes at \$2.00 each; and then, the silk brush nap felts in novelty shapes and colorings at \$3.50 each. An assortment of several hundred hats in the different shapes and colorings will be presented.

We want the masses as well as the classes to know this is the Home of Handsome Headwear.

## A Surprising New Feature in Furs!

Through the Great North American Fur Syndicate, it is now made possible for you to buy Furs of us at their real value.

A woman well known to the fur trade of this city has charge of the department. She is not only an expert furrier but reliable and truthful. Her word in representing any article offered by us is worth exactly 100 cents on the dollar—and your 100 cents is ready any time you find an article misrepresented by her. Furs being a "skin game" look out for skins—you're liable to get fleeced if you don't know the personal honesty as well as of the technical knowledge of your furrier.

## Ostrich Plumes

Are exceptionally strong this season. We are supplied by the owner of the largest Ostrich farm in Florida. The largest importer from South Africa. While they cost more than ever before this season we will make a feature of selling them at the old price, BECAUSE we bought a year's supply ahead of the advance.

## RIBBONS

Are in high favor—Lucky was with us again last spring—when large orders were booked for us in both France and America. The goods are on our shelves and in reserve for the best ribbon values ever.

We run qualities and shadings far better than the "was" leading ribbon counters for we will go to the end of the earth to get something better than the ordinary.

If our prices are better in any other store in America, tell us so we can give you back any difference.

Every Customer of this place will find this guarantee on the back of their sales slip. WE MEAN IT.

Your trade is solicited on one broad business proposition, viz: The price charged will never be more than in any other Millinery Establishment in the United States—time and conditions being the same.

Any legitimate claim for overcharge will be paid in coin.
