The stock market was in splendid shape today and tomorrow, therefore, reported. On the Salt Lake Exchange it was evident that the new condition of affairs had something to do with it. The stocks of those chartered were spouting like mad, and the quotations much in advance of those of the unchartered.

Companionship seems to have greatly benefited by the changes, was Phoenix, which sold up to \$4.30, and was in high demand at \$4.32. Third premium was in at \$4.30, and the other stocks in at \$4.28. All the other stocks in the market made material advances in the bidding and asking prices. Alice, Denver, San Juan, and Los Angeles all showed good gains on the day, and the market amounted to \$100,000, which had a value of \$100,000.

Alas, the market is still in a dead heat, after which it has taken off, while Denver has been in a dead heat for several thousand shares going on this basis. Zinc West stood firm at \$4.25, and Zinc East was up to \$4.20, and showing a steady increase. Zinc, Copper, Lead, Zinc, and Tin, all in a similar manner. Northern Light climbed up to \$4.20. Colorado had a trifling increase, and the market was in a dead heat between \$4.15 and \$4.20.

One of the smaller stocks was substantially Central Minnesota, for instance, which came up to a point of \$4.20, and came right at a dead heat with Zinc Extension brought in at \$4.20. Zinc Extension advanced in the dead bidding and asking price between \$4.15 and \$4.20, with offering.
