

CHICAGO STRIKE GROWS SERIOUS.

Strikers and Their Sympathizers
Attacked Non-Union Men at
Every Opportunity.

FIGHTING FIERCE AND SAVAGE.

One Man Killed and More Than a
Score Injured—Aid of Presi-
dent to be Asked.

Chicago, May 2.—The strike situation in Chicago assumed a peculiar aspect today, and tonight the striking teamsters are not as united as heretofore. The cause of this slight dissension is the Team-Owners' association, which has contracts with the railroads and many of the large firms throughout the city to transfer their merchandise. Un-til today it was supposed that the Employers' association and their allies were firmly bound together in the fight for supremacy against the teamsters.

The Team-Owners' association, which employs none but union teamsters, flatly refused this afternoon to make deliveries to any of the firms now involved in the strike, when ordered to do so by the Employers' association. When the Employers received this ultimatum they notified the teamowners that unless they recognized the request for no discrimination in loads in deliveries, an effort would be made to have all existing contracts between the teamowners and the business houses and the railroads cancelled.

The railroad men, contrary to the hopes of the members of the Employers' association, did not exert the influence on the teamowners that was expected. They took practically the same stand, declaring that the fight was something into which the railroads did not purpose to enter; that they had contracts with the teamowners, and that these contracts were at present being fulfilled to their entire satisfaction, and they could see no reason why the railroads should be dragged into the struggle.

STREET FIGHTING.

The fighting today in the streets was even more fierce and savage than that of yesterday. The strikers and their sympathizers attacked the non-union men at every opportunity, assaulting them with bricks, stones, clubs, knives and any other offensive weapons upon which they could lay their hands. The fighting occurred in the heart of the business section of the city, men being shot down within 200 feet of the retail store of Marshall Field & Co. and clutched nearly to death at the corner of the Auditorium hotel, in plain view of hundreds of ladies, who were compelled to run from the mob to save their own lives. In many instances men walking along the streets who had no active connection whatever with the strike were assaulted by hoodlums, who beat them first and then, later, accused them of being strike-breakers.

STOP, WOMAN!

AND CONSIDER
THE ALL-
IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private life to a woman—a woman whose experience with women's diseases covers a great many years.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty prevents them from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than probable that she has gained the very knowledge that will help your case. She asks nothing in return, except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

MANY SHOTS FIRED.

As far as known but one man was killed during the day. The list of injured is much greater than that which it is possible to obtain. In many cases the non-union men among their clubs with great effect, knocking them from their wagons heading into the street. In other instances, when assailed by mobs they fired point blank into the crowd, and it is difficult to see how the number of the mob could escape many broken heads or how the bullets fired should have gone wild.

DEAD.

Charles Beard, struck in the forehead in the night near the Auditorium hotel. He died of a fractured skull at the Mercy hospital.

INJURED.

Bruno Germain, New York City, head cut.
Charles Moody, beaten on the head with clubs by strikers.
John Stuenkel, injured driver, struck in the side with a brick; one rib broken.
William Miles, colored waiter, head cut with a club.
Police Sergeant Barrow, thrown from patrol wagon while attempting to riot call; leg badly lacerated.
Martin Garry, non-union man; head badly cut by bullets in the hands of strikers.

W. N. Brown, non-union teamster, struck by a bucket of cement thrown from the twelfth story of building at Adams and State streets; leg broken.

Policeman Edward Campbell, struck on head with a brick, severely cut.

Rev. W. K. Wheeler, beaten by strikers; face and head cut.

Henry Schultz, shot in left side by non-union teamster; not serious.

David Cohen, non-union man; struck on head with a club.

William Burke, right hand lacerated by a brick.

William Hill, head and left shoulder cut by stones.

A. R. Smith, non-union man; face cut with a stone.

James Smith, non-union man; struck in the back with a stone; injuries severe.

Albert Melvin, shot in the back; not expected to live.

Frank Emerson, non-union man; right arm smashed by heavy stone.

Dowell, shot in the left hip.

William Bass, shot in the left leg below knee.

J. Erickson, shot in right arm above elbow.

Louis Eisenman, colored, struck on head with a brick in a fight at Jackson boulevard and Halsted street.

William Davis, colored, non-union driver, shot out in same fight.

James Butler, colored, non-union driver, arm broken in same fight.

Andrew Scott, colored, non-union driver, head cut in same fight.

William Bigger, colored, non-union driver, head cut in same fight.

Frank Curry, leader of non-union men, struck in head by stone while conducting wagons along Franklin street.

A. E. Tyler, door manager for Montgomery Ward & Co., attacked by slugs on Oakwood avenue.

Policeman Guy Dittinger, knocked down with a revolver and half of his teeth knocked out.

Policeman John Howe, knocked down by a striker with a club.

Leonard Webber, struck in the head by a brick; slightly injured.

George Jordan, colored, non-union man from St. Louis; badly beaten by mob at State street and Peck court.

Tony Reinberger, union teamster, taken for non-union man; struck on head with stone and knocked insensible; serious.

Mr. Utley, who has been acting in the interest of Montgomery Ward & Co., since the commencement of the strike, was attacked by three men, who, he thinks, have been following him for several days, while passing a vacant lot in Oakwood avenue between Forty-fifth and Forty-sixth streets. The men knocked him down and kicked him in a terrible manner about the head and with a club and the other ran. Thinking he had killed his assailant Utley went to call an ambulance, but when it arrived the man had either recovered or had gone away or had been carried off by his companions.

MEN CARRIED RIFLES.

Although it was announced last night that the teams of the express companies and of the Employers' association would be handled by men armed with rifles today, nothing of the kind was attempted, save in the case of the 15 drivers employed by the Scott Transfer company. Mayor Dunne and Chief of Police O'Neill made every effort to prevent the carrying of rifles, and both held of the teaming association informed them that he had not contemplated arming his men as stated. The Scott men carried rifles throughout the day and none of them were molested.

While delivering coal today at Adams and Dearborn streets a non-union colored teamster was struck by a ball fired with a cement mortar and bricks. The leg was broken. The bucket was thrown from the top of the Fair ball-log, 12 stories high.

THOUSANDS MORE POLICE.

Mayor Dunne announced today that it had been decided to send 1,500 additional police for service. This was the result of a communication received from the merchants, in which it was said the business of the city would be paralyzed unless they could make deliveries. The merchants stated that they intended to make deliveries tomorrow with 1855 wagons.

In the heart of the fashionable shopping district two trucks driven by non-union colored teamsters and guarded by 40 negroes armed with stout canes had a stormy time today. At Randolph street and Wabash avenue a crowd of nearly 1,000 persons surrounded the wagons.

The canes, pieces of coal and other missiles were thrown at the colored teamsters, who continued to drive their wagons freely. A number of women who had been shopping became mixed in the crowd. The negroes drove the mob back and the women fled into the retail establishments in the vicinity.

President Charles Dold of the Chicago Federation of Labor today appointed

MELLIN'S For the Baby FOOD

The adjustability of Mellin's Food is one of its good points. Mellin's Food can be adjusted and is suitable to the needs of the youngest infant as well as children of the more advanced age. It only takes a minute to prepare it as there is no cooking necessary. Send for a free sample.

Mellin's Food is the ONLY Infant's Food, which received the Grand Prize, the highest award of the Exposition Universelle, St. Louis, 1904. Higher than a gold medal.

MELLIN'S FOOD CO., BOSTON, MASS.

two committees, one to call on President Roosevelt and the other on Gov. Deneen, and ask the two officials not to order troops to Chicago without first making a personal canvass of the strike situation.

COMMITTEE TO SEE PRESIDENT.

The committee which is to make the request of the president is composed of the following men identified with the present struggle: Charles Dold, president of the Chicago Federation of Labor; Cornelius P. Shea, president of the International Brotherhood of Teamsters; T. J. Hickey, president of the United Brotherhood of Carpenters and Joiners of America; and J. E. O'Neill, of the Freight Handlers and a member of the Chicago Federation of Labor, and T. P. Quinn, president of the Carpenters' union.

These men will await President Roosevelt's arrival in Chicago, and then will present the request to the chief executive.

The committee which is to call on Gov. Deneen leaves tonight for Springfield and will talk with the governor at a specially appointed conference tomorrow.

Rioting near the Auditorium broke out again this afternoon at Peck place and State street when coal wagons for the Edwin F. Daniels Coal company, driven by two colored men and guarded by 40 others, were attacked by a crowd of 3,000 persons. The wagons were without police protection.

All along State street the negroes expected trouble, but they were able to protect themselves with their hickory clubs. Whenever the crowd would attempt to rush at the wagons the colored men would use the clubs, mauling the strike sympathizers unmercifully.

The mob finally made a determined assault on the negroes and overpowered and beat them savagely. One colored man broke his stick across a small boy's shoulders. The negro was immediately jumped on and given a terrific thrumping. He managed to draw a revolver and fired five shots while his assailants fled.

Persons driving in carriages and automobiles in Michigan avenue narrowly escaped being struck by the bullets.

In response to the strike call a crowd arrived at the scene and rescued the negroes.

Hugo Webber, a barber, was assaulted by a crowd of strikers with canes and his hand was split open.

A boy who was taken away by the police was shot by a bullet from the negro's revolver. When one of the colored guards was told to move along by one of the detectives the negro stabbed him in the right hand. The crowd rushed for the negro, and before 20 policemen on the most solid rescue him he had been beaten into insensibility.

FOUR SHOT IN RIOT.

Four men were shot late this afternoon in a riot at Peck street and California avenue. This trouble was the result of an attempt of the United States Express company to deliver goods on the far west side without police protection. An express wagon in charge of Bart Guyles and Paul Basson was surrounded by a mob, which threw stones at it and attempted to drag Guyles and Basson to the ground.

Guyles drew a revolver and fired into the air. This had no effect in checking the mob, and as the stones were coming faster and faster he fired directly into the crowd. The bullet struck Lydo McDowell of 147 West Harrison street in the left hip.

The crowd broke and fled, leaving McDowell lying on the ground, and the wagon drove on. The report that a man on the wagon had killed a man, spread rapidly about the city. The mob, and by the time the wagon had reached Madison street and Oakley avenue the crowd again closed in, pelted the men with stones and attempted to pull them down.

Guyles again drew his revolver and opened fire on the crowd. His first shot struck Albert Melvin in the back, inflicting a wound which will prove mortal. William Bass of 675 Warren avenue was shot in the left leg below the knee, and J. Erickson of 118 Loomis street was shot in the right arm above the elbow.

All of the men, with the exception of Melvin, were taken to the county hospital, where it was said they will recover. Guyles and Bass were arrested shortly after the shooting.

After Bear Creek Coal Mines.

Bridge, Mont., May 2.—A race is on between railroad surveyors to get into the Bear Creek coal fields. Philadelphia capitalists are behind one set of engineers, while the Burlington is sending a party of 40 men into the Bear Creek country from its Helena Cody branch. The route of the Burlington party is said to embrace Cooke

City and the Sunlight mining districts, recognized as two of the best mining sections in the state, without a railroad outlet for their ore.

The Philadelphia promoters have secured a right of way from Bridge to the mouth of Bear creek. They are believed to be acting in conjunction with the Bear Creek Coal company of Red Lodge, Mont.

LOS ANGELES MERCHANTS PAY A RAINMAKER

Los Angeles, Cal., May 2.—Charles Hatfield, "rainmaker," who has been working since Dec. 15 last to produce 18 inches of rain for southern California by May 1, on a pledge of a number of Los Angeles merchants to pay him \$1,000 if he succeeded, has completed his demonstration and today was paid a large proportion of the sum promised. The remainder of the amount guaranteed him will be paid shortly, it is said.

The fall of rain in Los Angeles during the season ending May 1 has been 15.36 inches, which far exceeds the fall of last season and is above the normal annual precipitation for this section. Hatfield established his "rain-making" plant in Altadena, in the foothills of the mountains, some 20 miles from Los Angeles, on Dec. 15, and the amount of rainfall from that date in the immediate locality of his plant has been 32.49 inches.

Hatfield's method is a generation of gas and discharged into the atmosphere from a chimney, which has the result, he claims, of attracting forces of nature which compel moisture to form and be precipitated in the shape of rain.

DID HATFIELD BRING THE GALE?

Los Angeles, Cal., May 2.—Following last night's rainstorm Los Angeles and the southern California coast have been visited today by a gale of wind, which attained a velocity of 38 miles an hour, the highest recorded during the month of May in the history of the local government observatory. Thirty miles an hour, on March 1, 1887, was the nearest approach to it. No damage has been reported anywhere along the coast, but storm signals are displayed and unsettled weather is predicted by the local government forecaster.

Third Portland Robber Identified

Portland, Ore., May 2.—The police have here identified the third of the trio under arrest in this city for having robbed the Portland hotel cashier. The man, who gave his name as G. H. Hales, is thought to be Herman Dehn. Herman Dehn is said to be a young but dangerous diamond thief.

The police state that he is supposed to be the thief who recently robbed a prominent Los Angeles hostess of \$200. Another of the trio, arrested under the name of William Kane, but whom the police believe is William Barrett, man broke his stick across a small boy's shoulders. The negro was immediately jumped on and given a terrific thrumping. He managed to draw a revolver and fired five shots while his assailants fled.

French Cable to Tangier.

Tangier, May 2.—The French cable connecting Cadix, Spain, with Tangier, provided for by the Franco-Spanish convention, has been completed. In response to the French government and constitutes, it is considered here, another step toward the consolidation of French interests in Morocco.

Can't Enjoin U. S. Treasurer.

Washington, May 2.—The court of appeals for the District of Columbia decided today that the secretary of the treasury cannot be enjoined from paying the \$50,000,000 appropriated by Congress for the purchase of the Panama canal property.

New York Bank Robbed.

Omaha, N. Y., May 2.—A band of masked robbers, made in a range of gallies, about 15 miles from here, at 3 o'clock this morning, blew open the safe in the private bank of E. C. Brewster and made good their escape with \$25,000, estimated at between \$5,000 and \$10,000.

Woman Killed at Prayer.

Wallace, Russian Poland, May 2.—During an encounter on Monday between police and soldiers on one side and workmen, who were participating in a big religious procession, on the other side, a bullet penetrated the walls of the church, killing a young woman. Following the canonical rule, the church, having been defiled with blood, has been closed until it can be purified.

FOLEY'S KIDNEY CURE

Cures Kidney and Bladder Diseases in Every Form—Many People Have Kidney Trouble and Do Not Know It.

It is the function of the kidneys to filter and purify the blood which is constantly passing through them.

When the kidneys are out of order the other organs are affected immediately and you may have symptoms of heart trouble, stomach and liver trouble, and other ailments, which are all owing to the kidneys being weak and out of order.

If you are sick **Foley's Kidney Cure** will strengthen and build up the worn out tissues of the kidneys so they will act properly and the symptoms of weakness, heart, stomach and liver trouble will disappear and you will be restored to perfect health.

HOW TO FIND OUT.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased and **Foley's Kidney Cure** should be taken at once.

It corrects slight disorders in a few days and it has cured many obstinate cases after other treatment had failed.

Doctors Said He Would Not Live.

Peter Frey, of Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. **Foley's Kidney Cure** was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to feel better and continued to improve until I was entirely well."

Two Sizes, 50c and \$1.00.
