At the first sight she fainted away and then recovered and embraced her children. Last evening a German father, who was able to speak only a few words of broken En-

Similar scenes are of hourly occurrence, but, alas, many have searched and will search in vain for their missing loved ones.

Day, Allen & Co. were the first recipients of \$10,000 from the Ætna insurance company; they have also received \$10, 000 from the Phoenix of Hartford, whose claim agents are adjusting lots as rapidly as possible. The agent of the Liverpool and Globe companies received a cable dispatch directing him to proceed at once with the adjustment and payment of every dollar of their losses, as quickly as it can be done; the losses of these companies aggregate about six million dollars. CHICAGO, 12.—There has been no re-newal of fires and everything is quiet. General Sheridan has complete control and confidence is fully restored. He has addressed a letter to the mayor the fires in the burnt district are entirely extinguished.

The thorough organization of the relief movement has enabled the committees to relieve all the needy. The various committees from other cities have held a meeting and adopted the follow-ing appeal to the commercial men of the country:

"The relief committees appointed by the different cities of the country, to bring supplies and investigate the immediate necessities of the city of Chicago, beg leave to present this appeal to the commercial men and capitalists of the United States. After a careful sur-vey of a calamity unparalleled in the world, with the evidence before them of overwhelming losses, mental trials, individual sufferings and pressing necessities never before experienced by any community, pray their fellow citizens, and especially those having business relations with the city of Chicago whose enterprise and industry and inexhausible energy have conferred honor on the American people, to sus tain the business men in their hour of trial. The calamity is great; let your confidence abide with them, and extend to them a generous liberality by compromise and extensions when needed and by the largest possible advances in money, so that the business prosperity of the city may be restored, the desolated districts rebuilt and its great-

ness re-established. The Mayor Speaks.
