

they had heavy weather through the voyage; on the 18th the ship was breaking over her fore and aft. The whole fleet of naval vessels and other steamers that left this morning to receive the *Sarmatian* returned to port, the weather being so thick that it was deemed useless to remain outside.

HAMILTON, Ont., 24.—The New York and Chicago express collided, this morning, at Winora station, on the Great Western Railway. One engine and two cars were wrecked. The driver, fireman, and seven German emigrants on the west-bound train were injured and taken to the hospital.

ROME, 24.—The king and queen, the Prince of Naples and Duke of Calabria, arrived today, and were enthusiastically received. They were accompanied from Naples by Signor Cairoli, president of the Senate and Chamber of Deputies and several ministers, and were welcomed at the station by the members of the Senate and Chamber of Deputies, civil and military authorities, 60 guilds and workmen's associations, with flags and bands, and escorted to the quai. Along the route the procession was lined with stands of light seats, and vast crowds cheered their majesties from one end of the line to the other. The king and queen appeared to be much affected. They were obliged, after reaching the palace, to appear on the balcony four times. The whole city is decorated with flags and streamers, and to-night a general illumination will take place.

LONDON, 25.—A correspondent with the Khurum column telegraphs as follows: The headquarters of the column is now at Hazaragair. Information has been received that the garrison of Fort Mahamed Azin, 20 miles ahead, will probably evacuate and destroy the fort. General Roberts has just decided to push on, by forced marches, and endeavor to surprise the place to prevent its destruction.

An Ali Musjid dispatch says: It is reported that the Ameer's master of the horse has been captured. He is said to be the chief instigator of the hostility to England.

A Lahore dispatch says: It is believed that the greater part of the garrison at Ali Musjid was taken prisoners. The hill tribes intercepted 5,000 Afghan soldiers and deprived them of their arms and clothing.

A Jumrood dispatch says: General Brown marched to Labaly, on Saturday. His next move will be to Dakka.

A Calcutta dispatch says: It is thought that General Brown and Major General Biddulph, of the Quetta column, at Lindaban.

The German papers report that a number of Russian students, at Koenigsberg, suspected of socialism, have been arrested at the request of the Russian police and interned in Berlin.

A Lisbon dispatch says: During the night on Saturday, three vessels and eighteen lives were lost at the mouth of the Tagus.

BERLIN, 25.—According to semi-official intelligence, eight Russian divisions, amounting to 120,000 men will be sent into Bulgaria before the end of the year. The German government has been ordered not to return to Copenhagen until after the departure of the Duke of Cumberland.

A Sophia dispatch says: Courtiers bring reports that some Turkish Rediffs massacred 320 inhabitants of the Bulgarian village of Caranlita.

MADRID, 25.—Arrests continue in Barcelona, Saragossa, and elsewhere of persons implicated in federal intrigues. At Saragossa, arms and papers have been found with 20 persons.

PANAMA, 16.—Arrived, on the 14th instant, the screw steamer *Junot*. She left Marseilles on August 1st, with a scientific expedition to circumnavigate the globe, and will proceed to San Francisco, thence to the Sandwich Islands, Fee Jee Islands, and other points of interest in the Pacific, thence through the Straits of Magellan, and through Smith's Channel.

Peruvian advices state that a revolutionary plot in the Pierola interests was discovered in Arequipa, according to the papers of the locality, on the 27th ultimo, but the leaders were promptly arrested, and some have since been sent to the capital for trial.

News of a similar character comes from Capomaria, where, it is said, some of the Pierolas party are secretly preparing an attempt against public order.

On the 4th inst. documents were examined purporting to contain the particulars of the discovery of a new guano deposit, situated on the island of Larida, in latitude 9 deg. 23 30, and longitude 78 deg. 25, on the north coast.

SERICULTURE.

General Meeting of the Utah Co. Branch Silk Association, held in Provo Meeting House, Nov. 9th, 1878. A large number of silk raisers were present, among whom were Prest. A. O. Smoot, Mrs. M. T. Smoot and her counselors of the Stake organization of the Relief Society, and Mrs. Woodruff of Salt Lake City.

Meeting opened by singing and prayer. Minutes of previous meeting read and accepted.

The secretary read a report of subscriptions received from citizens of Utah Co., in aid of the silk enterprise, as follows:

Subscriptions to the Utah County Branch Silk Association by the citizens of Utah County, to aid in the purchase of machinery, cocoons, etc.

Provo City,	\$22 25
Springville,	29 00
Spanish Fork,	22 30
Payson,	5 00
Santaquin,	4 40
Spring Lake Villa,	2 20
Goshen,	5 00
Lehi,	10 00
Alpine,	15 90
American Fork,	46 89
Pleasant Grove,	17 00

Total, \$178.64

The report of the treasurer was also read and accepted.

President Mary Hindley said there were several items of business to present to the meeting, among which were the questions: How should we dispose of the means which had been subscribed? who should have charge of the reeling? by what means should the contingent fund be reimbursed? etc.

D. Graves felt pleased that means had been raised to buy cocoons, so that the sisters might be stimulated in the work of raising silk; said we had commenced in earnest, and we had done better than we expected; we should be careful to use the means for the purpose for which it had been collected; referred to an offer that had been made him of a loom which could be purchased by him for \$50.

President Smoot felt to sustain and encourage this as well as every other branch of home industry; said the proper climate is here, the means are here, and the silk can be raised and made to pay. Advised that we buy up the cocoons and pay as liberal a price as possible, and then if there was surplus means buy a loom. But it would be wrong to lay down a lot of machinery here if there was not silk enough to justify the outlay. The cocoons must be bought and reeled, for if the silk was not needed here it could be shipped to France, Italy and other places, and it would bring the cash.

The questions were discussed at length by the members present. After which it was moved and carried that each Relief Society and Y. M. M. I. Association contribute 50 cents per year for the support of the contingent fund.

Moved and carried that the executive board buy the cocoons, and transact all business connected with the reeling.

Moved and carried that an account of this meeting be sent to the *DESERET NEWS*, *Enquirer* and *Women's Exponent*.

Sisters Smoot and Woodruff each addressed the meeting for a short time on the duties of the sisters, encouraging all to further usefulness and diligence. A good spirit prevailed, and all felt benefitted and blest in coming together.

Benediction by Mrs. M. T. Smoot.

MARY HINDLEY, President.

CORRESPONDENCE.

ST. GEORGE, Nov. 17, 1878.

Editors *Deseret News*:

Among the late arrivals from the European mission are Elders D. D. McArthur and David Milne. The

former spoke a few Sundays ago, and the latter will probably speak to-day. All returning Elders seem joyful in returning home, especially when they have performed a good work.

The weather is now delightful in this part of Utah, beautiful, cool, bracing, and bright in the morning. The golden rays of the sun during the day and pleasant and invigorating in breezes in the evening. A beautiful place for the aged veterans of the church to recuperate during the winter, and at the same time minister in the temple for their dead who no doubt are anxious to receive the ordinances at their hands.

Through the energetic labors of our "live" trustees, Brothers Cox, Whitehead and Judd, supported especially by Prest. Erastus Snow, we have a first class school in the basement of the Tabernacle, taught by the accomplished teacher, Miss Cook, late of your city, who is doing a good work here, giving our children the privilege of receiving proper tuition and scholarship. It is somewhat surprising that one of our community do not properly appreciate the difference between a first class teacher and a botch at the profession.

The mutuals of St. George are improving rapidly in attendance and interest generally. Their last monthly joint meeting in the Tabernacle was largely attended, and the items presented were very interesting and instructive. Some of the speeches would have done credit to older heads.

Sunday schools are in a flourishing condition. The attendance being good, the interest in them daily increasing.

Business here is about as elsewhere, not very lively.

The Canaan co-op herd pay a dividend of 12 per cent for the last year. The factory will pay a dividend of 12 1/2 per cent for the last twelve months. The co-op. stores also pay a good dividend for the last six months.

The health of the people is good. Peace prevails. Unity no doubt will increase as we grow wiser, and more thoroughly "do unto others as we would like others to do unto us." We anticipate improvement in the youth, and labor to bring it about by the blessings of the Lord.

MORGAN STAKE CONFERENCE.

A quarterly conference of Morgan Stake of Zion, was held Saturday and Sunday last, November 17th, and 18th.

Conference convened at 11 o'clock a. m.

There were present on the stand, the Presidency of this Stake, the High Council, and the Bishops of the respective wards.

After the opening exercises, President Richard Fry addressed the conference for a short time, and was followed with short but interesting discourses by Elders Martin Heiner and George W. Taggart. President Willard G. Smith made a few closing remarks, and conference adjourned till two p. m.

Afternoon services. After the usual opening exercises, President W. G. Smith made a few remarks, and said it was proposed to hear the reports.

The Bishops made a verbal report of the condition of their respective wards, which evinced the Saints were still improving and becoming more united.

W. G. Braugh, superintendent of Y. M. M. I. Associations of the Stake, gave a verbal report of his labors among the rising generation and expressed himself pleased with the interest manifested.

President Smith then invoked the blessings of God to rest upon the saints assembled, and a continuance of his holy spirit during the conference.

Adjourned until Sunday morning at 10 o'clock.

Sunday morning. Services commenced at 10 o'clock.

There were present on the stand, Elders James Pack and Thomas Ball, of Coalville; the Presidency of this Stake; the High Council, and Bishops of the respective wards.

Singing by the choir. Prayer by Elder Thomas Colbourn. Singing by the choir.

Elder James Pack then occupied the stand for a short time, and advanced some profitable ideas.

A statistical report of the Stake, statistical and financial exhibit of the Relief Societies, and a statisti-

cal report of the Sabbath schools in the Stake were read by the clerk.

J. K. Hall, Stake superintendent of Sabbath schools, was then called upon to make a verbal report of the condition of them, which was very gratifying to the saints. President Francis occupied the remainder of the forenoon in talking to the people, and conference took a recess for an hour and a half.

Sunday afternoon. Services commenced at 2 o'clock. The Lord's Supper was administered, by the Bishops.

Prest. Richard Fry then presented the names of the General Authorities in their order, to the Conference, with the presiding and local authorities of the Stake, when all were sustained without a dissenting voice. He presented also the names of home missionaries who had been selected to travel and preach to the Saints in this Stake the ensuing three months. They were also unanimously sustained.

Elder Thos. Ball then addressed the conference. His remarks were very impressive and instructive, and although the people were somewhat disappointed, none of the Apostles being present, they felt they had heard the word of God through the brethren from Coalville.

Prest. Willard G. Smith made a few closing remarks and announced that Conference would adjourn for three months.

The choir sang an anthem and Patriarch Alma Porter pronounced the benediction.

JOHN S. BARRETT, Clerk.

The N. Y. *Herald* has this to say on the effects to the Democrats in the late election of the affiliation of a portion of their party with the "absolute money" agitators: "The greenback national party claimed in its official organs 250,000 votes in New York and got less than 50,000. It claimed 250,000 in Pennsylvania and got 81,000. It claimed 125,000 in Michigan and got 72,000. It claimed 90 Congress-men and got 8. and it showed once more that it is an excellent club in the hands of the Republicans with which to defeat the Democrats; but that is all."

THE *Millennium Star* will be mailed to any address, on receipt, by the publishers, of \$2.10. Three copies will be forwarded for \$4.20, the reduction being on account of the difference in postage. Address: William Budge, 42 Islington, Liverpool, England. dswtf

THE scarcity of Diamonds, Gold and Silver, and the difficulties met with in securing them, is a sure indication of their value.

Thus it is with a valuable medicine: Dr. Aug. Kaiser's Celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom or put out a prairie fire with a tear.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchial Affections, it is unequalled. Its cures are truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the facsimile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. Trial bottle, 25 cents.

A CENTENNIAL AWARD

Is valuable to the recipient and the public, when given to one of many competitors, as showing true merit. The competitions in plasters at the Centennial was great. yet the manufacturer of Benson's Caprine Porous Plaster received the highest and only award; thus proving by the highest medical authority in the world the great superiority of Benson's Caprine Porous Plaster over ordinary Plaster. Benson's Caprine Porous Plaster is not the ordinary plaster, but a porous plaster, and it is the slow action of the ordinary porous plaster, and to afford quick relief from pain. Only the purest vegetable ingredients enter into the composition of Benson's Caprine Porous Plaster. When combined they constitute the best remedy ever devised for the cure of rheumatism, neuralgia, lame and weak back, spinal and kidney affections, sciatica, lumbago, stubborn colds, sprains and bruises. Sold everywhere.

BENSON'S CAPRINE POROUS PLASTER.
LAME-BACK. Benson's Caprine Porous Plaster is the best remedy for a lame or painful back, or weakness of the back ever invented or known. It soothes, it strengthens, it cures, where other porous plasters and all liniments fail. dwlm
