JUDGE CREATES SENSATION.

Lexington, Ky., Dec. 12.—Judge Watts, of the circuit court, created a sensation today when he called the grand jury summarily into the court room and charged it to take up at once a charge just made that a certain juror had been offered a bribe to find a verdict in favor of Judge James Hargis of Breathitt county in the recent trial of Hargis for the assassination of James Cowhill. The matter reached the court through the columns of the Voice, a prohibition paper edited by Rev. Edward Snodgrass, who published that a juror in the Hargis case had admitted to him that he had been offered a bribe but refused to accept. Snodgrass was summoned and the grand jury at once entered into an investigation of the case.

THE DEMOCRATS WERE VICTORIOUS IN BOSTON.

Boston, Dec. 12.—The Democrats were victorious in Boston today, electing former Congressman John F. Fitzgerald mayor over three other candidates. Fitzgerald's plurality over his nearest competitor, Louis A. Frothingham, republican speaker of the Massachusetts house of representatives, was 2,200 votes. The vote for mayor follows: John F. Fitzgerald (Dem.), 41,116; Louis A. Frothingham (Rep.), 39,116; James A. Watson (Citizens), 12,116; and Dem. 12,116. The vote for city clerk was unusually heavy for a city election, more than 52,000 votes being cast out of a total registration of 110,000. The republican gubernatorial candidate carried the city by a plurality of approximately 6,000. It was evident from the returns that the Democrats had their full party vote, several strong democratic districts giving Frothingham a plurality because of factional differences.

To complicate the situation there were two republican candidates in the field. Frothingham was the regular party nominee, having defeated Henry S. Dewey in the primary by a margin of about 2,000 votes. Dewey asserted that fraud had been practiced at the polls and declared himself an independent candidate.

The city declared in favor of Dewey. Municipal affairs for the coming year were settled in tonight's Massachusetts election. By the election of legislative bodies, and a choice by sixteen of them of a chief magistrate. While national issues played no part in any of the elections, national political lines were regarded in all but two of the cities. Republican carried ten and the Democrats four. Ten mayors were candidates for re-election, and six succeeded in having their administrations endorsed.

It was viewed by thousands.

The casket and the city auditor's desk beside it were draped in the national colors, which were given by honor with muskets and bayonets drawn, lent a military feature to the solemn scene. The services at the funeral were conducted by the Rev. D. B. Cohen and were followed by the Rev. E. L. House, pastor of the church. After the services at the church the body was taken to the Odd Fellows hall and the Odd Fellows were present according to the ritual of the Odd Fellows.

REV. J. WESLEY HILL ON THE RAMPAGE AGAIN.

New York, Dec. 13.—Last evening Rev. Dr. J. Wesley Hill addressed an anti-polygamy mass meeting at the Throop Avenue Presbyterian church. This meeting was arranged by the several organizations of the city which are engaged in gathering petitions and directing the campaign against the seating of Senator Smoot of Utah. Dr. Hill, who has recently entered upon the pastorate of the James Methodist Episcopal church, Brooklyn, spent five years in Utah. Several years ago he came east, where he has since been actively engaged in disseminating knowledge concerning the history and doctrines of the Utah hierarchy. Last evening, in discussing the Smoot question, among other things, he said: "The question of the expulsion of Mr. Smoot does not, and should not, hinge primarily upon his guilt or innocence in the practice of polygamy. There is broader ground upon which to try this case."

"I bring the general charge that 'Mormonism' is incongruous with the spirit of Americanism, being antagonistic to the great basic principles upon which our political institutions rest. "First, in its form of government, it is a centralized power, with all the lines of authority held in the grasp of one man, who has revelations 'made to order.' "Second, the very views imposed as a condition of membership in the 'Mormon' Church not only disqualify its members for official participation in the affairs of the nation, but for good citizenship."

POPE'S ENCYCLICAL TO POLISH BISHOPS

Recommends the Poles to Cooperate in the Pacification of Russia.

PREOCCUPIED WITH CRISIS.

Renders Homage to the Wisdom and Goodness of Emperor for Granting Liberty of Conscience.

Rome, Dec. 12.—The pope has issued a most important encyclical addressed to the bishops of Russian Poland recommending the Poles to cooperate in the pacification of the empire, obey their rulers and avoid sedition.

The pope says he is preoccupied by the grave crisis in Poland and will try to contribute to its complete pacification. Evils are afflicting Poland and many duties weigh upon the episcopacy and the faithful. Among the evils are subversive parties which are spreading terror and causing damage. Although the good Poles are in the majority they lack energy which renders possible the deploable excesses unworthy of a civilized people, such as massacres of Jews which are condemned and detested by the evangelist law which imposes love on all indiscriminately.

Recalling the words of Pope Leo XIII in his encyclical of 1894 the pontiff says: "He subversive to the ruler who exercises power by the will of God. The Poles should sacredly protect their civil discipline and should abstain from taking part in the plots of wicked men. From their gatherings no sedition should ever emanate and they should make every effort to maintain peace and justice."

The pope renders homage to the wisdom and goodness of Emperor Nicholas, who, by the ukase of April 30, granted freedom of conscience, giving happiness to many souls. This concession was confirmed and amplified by the ukase of Oct. 20 so the clergy must assist those who wish to embrace Catholicism. The pontiff concludes with exhorting the Poles to avail themselves of the rights of citizenship and with loyalty and diligence to contribute to the progressive amelioration of Russian Poland, assuring them that he will constantly use his influence with the emperor and the government for the religious and moral good of the Polish population.

MINISTER LLOYD GRISCOM ON CONDITIONS IN JAPAN.

New York, Dec. 13.—Lloyd Griscom, United States minister to Japan, arrived in this city yesterday, coming by way of San Francisco, on a short leave of absence. Last night he talked interestingly about Japan, her condition after the war, and political prospects in the far east.

"Since the war," Mr. Griscom said, "the Japanese people have settled down to their regular occupations. The government is busy paying off its war debts and adjusting its finances. The whole aim of the Japanese is toward industrial expansion at present. All their efforts are turned in that direction."

As to the after-peace rioting, Mr. Griscom said that the dissatisfaction over the peace of Portsmouth was merely temporary, and had become unimportant now. The feeling of discontent has entirely disappeared, and the Japanese people everywhere are grateful toward the American people, and particularly towards President Roosevelt, for bringing about peace. The mikado issued an edict telling the people that there was a government caring for their interests, and advising them to attend to their regular occupations. The people obeyed, and they are everything emanating from the mikado.

Mr. Griscom declared emphatically that after the excitement due to the first news from Portsmouth had subsided, the people sided unanimously with the government and recognized the wisdom of making peace with Russia. He was asked about Korea and the Japanese protectorate.

"Korea is not strictly in my province," he said, "and although I saw Marquis Ito shortly before his departure from Japan to Korea, the Korean question has developed since I left Japan. People

GIVE YOUR STOMACH A NICE VACATION.

Don't Do It by Starving It Either—Let A Substitute Do the Work.

The old adage, "All work and no play makes Jack a dull boy," applies just as well to the stomach, one of the most important organs of the human system, as it does to the man himself. If your stomach is worn out and reacts against being taxed beyond its limit, the only sensible thing you can do is to give it a rest. Employ a substitute for a short time and see if it will not more than repay you in results.

Stuart's Dyspepsia Tablets are a willing and most efficient substitute. They themselves digest every bit of food in the stomach in just the same way that the stomach itself would were it well. They contain all the essential elements that the gastric juice and other digestive fluids of the stomach contain and actually act just the same and do just the same work as the natural fluids would do. Were the stomach well and sound, they, therefore, relieve the stomach, just as a workman relieves another, and permit it to rest and recuperate and regain its normal health and strength.

This "vacation" idea was suggested by the letter of a prominent lawyer in Chicago. Read what he says: "I was engaged in the most momentous undertaking of my life. It broke about the condition of certain great interests that meant much to me as well as my clients. It was not the work of days but of months. I was working night and day almost when at very early time my stomach went completely back on me. The undue mental strain brought it about and hurried up what would have happened later on."

"What I ate I had to literally force down and that was a source of misery, as I had a sour stomach much of the time. My head ached, I was sluggish and began to lose my ambition to carry out my undertaking. It looked pretty gloomy for me and I confided my plight to one of my clients. He had been cured by Stuart's Dyspepsia Tablets and at once went down to the drug store and brought a box up to the office."

"I had not taken a quarter of that box before I found that they would do all the work my stomach ever did, and as a rest or vacation was out of the question for me, I determined to give my stomach a vacation. I lay right on taking the tablets and braced up and went ahead with my work with renewed vigor. At last so much as ever did and carried out that undertaking to a successful conclusion. I feel that I have Stuart's Dyspepsia Tablets to thank for saving me the handsomest fee I ever received, and well as my reputation and last but not least my stomach."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box.

ple in the United States are better informed concerning Korea than I am. "I saw Admiral Togo frequently before my departure from Japan," the minister added. "He told me that he intended to visit the United States with his fleet next autumn, after first paying a visit to England. Japan's ally, I told Admiral Togo that he would be cordially received, as the American people are always glad to welcome a brave man."

Mr. Griscom intends to go on to Washington in a day or two. His departure from this city has been delayed by a cold brought on by the change to the American climate. He has not decided just when he will return to Japan.
