

Mark Set by W. E. Samuelson Lowered and Will Stand for a Long Time.

On June 22 last, W. E. Samuelson mashed the world's record on an eight lap track, one mile motor paced, setting a mark of 1:18. On Pioneer day, or rather night, "Heady" Hardy Downing

ting a mark of 112. On Fished tay, or rather night, "Heady" Hardy Downing lowered the record made by the Provo boy and rode the distance in 1:15.2-5, and this mark is most likely to stand for a long time. It was a pretty ex-hibition and one long to be remembered by the fans. Downing had made up his mind to beat the record and his determination, pluck, speed and endurance accomplish-d the result." It was a rather bad meet for Samuel-son in that he not only lost his mile motor paced record, but lost the Aus-ralian pursuit race to a young fellow named Ermie Pyc, who halls from far race and started out from the crack of the gun to wear down the Provo boy and he did it, winning handly, flor three miles, one lap and 30 yards of pedal pushing. An interesting race was the half-mile open professional in which Pye and Law-son teamed, the former doing the don-key work and Iver winning in spiendid form. A summary of the events fol-lows: Half-mile open, professional-Lawson.

MELVIN SHEPPARD, GREAT RUNNER, WHO HAS BEEN FORCED

TO QUIT.

Melvin W. Sheppard, the world's champion middle distance runner, who was first in both the 800 and 1,500 meter championships at the Olympic games in London, will not be able to compete in any of the athletic meets this season. Mel has been suffering from an abscess on the calf of one of his legs, and it has caused him so much trouble that he has decided to remain idle for the rest of the year. Sheppard received his first injury about six weeks ago and was forced to undergo an operation. After a few days' rest the star athlete thought he would be able to get in shape again and ran at Pittsburg recently. His leg kept getting worse instead of better, and his physician told him that he is run down and must give up athletics for the summer and that in all probability he will not be in good enough physical conditon to compete in the fall meets.

Ten Thousand Persons Gathered at Beautiful Resort and Made Merry In Annual Celebration.

Pioneer day was fittingly observed at Wandamere on July 24th, and at least 10,000 persons celebrated in honor of the sixty-second anniversary of the arri-val of the brave men and women who crossed trackless plains and made the

crossed trackless plains and made the desert wastes blossom as the rose. Among the features was a ratiling good ball game played between the Granite High School team and the Mill Creek school team. The game was a fast and interesting one and was wit-nessed by a big crowd of ardent fans. The Granite High won, 5 to 3. The matinee of harness races was one of the best ever witnessed at the track and should do snuch to induce the farmers to breed fast horses. Al-though the full program was not run off there were some lively events. To all the events the veterans and members of the Nauvoo Legion were admitted free and were also admitted to the grounds without charge. Everything possible was done by the management to make the veterans happy. Another interesting feature of the day's celebration was the firing of "the old sow" 31 times at 12 o'clock. The ancient cannon has a history dating back to 1812. It was handled by mem-bers of the Nauvoo Legion. The aged guests were made comfortable in the preen shady spots and many were the interesting stories related. The hard-ships endured while crossing the plains and the brave battles fought and the difficulties overcome after the plains and the brave battles fought and the difficulties overcome after the plains and the brave battles fought and the difficulties overcome after the plains and the brave battles fought and the difficulties overcome after the plains and the brave battles fought and the difficulties overcome after the plains and the brave battles fought and the difficulties overcome after the plains and the brave battles fought and the difficulties overcome after the plains and the provent and renewed acquaintances. RAIN BRINGS TO AN END GOOD BALL GAME

Each team playing fast ball, the score tied, 4 to 4, in the seventh, the fans yelling with joy, and then a down-pour of rain. That's what happened at Murray yesterday afternoon when Fort Douglas and the Smelter Town teams lined up on the diamond. Haynes of Fort Douglas and Hanson of Murray were the principals and put up an in-teresting pitchers' battle with honors even when time was called on account of rain. The gamo will be played off some time this week.

No Franklin motor cars of 1910 model are to carry extra tires. This innovation is the outcome of a growing realization that extra tires are entirely unneces-sary if the tire equipment size is right for the automobile weight. Undoubted-ly the greatest annogance today in au-tomobiling is tire trouble. This is due to the strain being greater than the sustaining ability of the tires. The loading down of the running board with equipment in such a way as to close the entrance to a seat, as has been the practise of the past rew years in car-rying extra tires, has produced much dissatisfaction among users of motor cars.

MARRIAGE COST

Paris, July 23 .- The details surrounding the romantic marriage of Prince Alfonso of Bourbon-Orleans to Princess Beatrice of Saxe-Coburg, which cost him his position as a prince of the royal house of Spain and his career in the Spanish army, today came into the possession of the Associated

Press. They reveal the fact that King Al-fonso instead of refusing his consent to the marriage, as was reported by Mad-rid dispatches, actually advised the prince to marry her secretly and per-sonally intervened by telegraph with the Hamburg ecclesiastical authorities in whose diocese the marriage took place, to procure a dispensation for it. This story was obtained from the prince, and when it becomes known in Europe it is likely to create a greater sensation than did the wedding and the prince's disgrace. They reveal the fact that King Al-

Later at La Granga King Alfonso formally asked the hand of Princess Beatrice for his cousin, and gave his word of honor there would not be the slightest difficulty concerning the re-ligious phase of the union. The prince then proposed again and was accepted. When he returned to Madrid King Alfonso asked Premier Maura what he thought of the marriage, and the pre-mier replied that the marriage of an in-fant of Spain to a Protestant could not take place on account of government take place on account of government difficulties.
