## AFFAIRS OF WEBER COUNTY

Appointing Deputy Sheriffs to Act As Constables—Saloon at Smelter Causes Trouble.

## SESSION OF CITY COUNCIL.

Frank Ward Badly Hurt in Premature Celebration of the Fourth—C. E. Stagg Arrested.

Ogden, July 2.—A new movement has been commenced by the board of county commissioners in the appointment of a deputy sheriff to act under the direction of Sheriff Sebring in Hooper precinct, for the maintenance of law and order. L. E. Ohlsen was appointed, and it is expected if it is found that his appointment proves satisfactory, that deputies will be appointed for most of the outside precincts. The residents of Plain City requested the appointment of a deputy sheriff in that section, for the principal purpose of looking after young men who become intoxicated. According to the information furnished the commissioners by John Maw and others, a place is being maintained at the smelter, where the young men are employed, and liquor is sold there, and they return home intoxicated and make a disturbance. As the smelter is located in Boxelder county, the board could not take any action looking to the stopping of liquor being sold there, but will appoint an officer as soon as one can be agreed upon to keep the peace.

Juvenile Judge Gunnell sent a communication to the board asking them to pay Probation Officer H. C. Jacobs of this county \$25 per month in addition to the amount of \$500 per year is paid by the state. The matter was referred to the county attorney to ascertain whether the board can grant the request.

Surveyor Chasen reported that the concrete posts in Ogden canyon will be completed by July 15th, so that the work of putting the iron fence up along the dangerous places can be commenced at that time.

The road in South Fork canyon was reported repaired at a cost of \$500. Property held under tax deeds was sold yesterday by the commissioners, amounting to \$96.25.

A new sprinkling wagon will be purchased for Wilson precinct.

The report of the municipal court for the quarter ending June 30 showed collections amounting to \$5,667.66.

Thirty-three applications for liquor licenses were received and all were granted excepting that of Simon Farley, at 1902 Washington avenue, near Sylvan park, and another from the Glenwood Amusement company, both of which were referred to the license committee.

Birdie Taylor, by her guardian ad litem, Maud Malan, served notice on the city that she had a claim of \$10,000 for personal injuries, due to the carelessness of the city, the Ogden Rapid Transit company and the Rio Grande Western railway. A motion to refer the claim to the street committee and the city attorney was defeated by a vote of 6 to 4.

J. P. O'Neill submitted bids for curbing and guttering, also for building sidewalks on Orchard avenue.

## HIT BY A POWDER CAN.

Little Frank Ward Seriously Injured By Explosion.

Ogden, July 2.—Frank Ward, the 11-year-old step-son of Ray Thompson, who resides near the corner of Adams avenue and Twenty-eighth street, had a narrow escape from death yesterday by the explosion of a small can of gunpowder. The boy with other lads commenced to celebrate the Fourth of July early. Frank got a quantity of powder from some source and placed it in a tin can. In order that the explosion might be louder he tamped the powder in the can with clay and attached a short fuse to it. He could not wait until the Fourth to witness the explosion, so he touched a match to the fuse and ran a short distance away, but the fuse burned slowly and Frank thinking it had gone out went over to the can to see if the explosion had taken place. He was just in time to get the full force of the explosion in the face. A piece of the tin can cut about half the flesh from his left cheek making an ugly wound, and fractured the bone of the cheek near the eye. His sight is also injured, but the doctors hope to be able to save the sight. Drs. E. I. Rich and G. A. Dickson dressed the wounds, which are very painful.

C. E. STAGG ON LIVELY SPREE.

C. E. Stagg made things lively in the lower portion of the business district yesterday afternoon, shortly after three o'clock, by trying to shoot up the town. He had just finished a five days' sentence at the city jail for drunkenness. He went to Kohn's second-hand store on lower Twenty-fifth street and purchased a pistol and a quantity of shells, but refused to pay for the same, and threatened the proprietor when he asked for the pay. He went out on Twenty-fifth street and fired the pistol several times into the air frightening pedestrians with his queer actions. He then went along Lincoln avenue to Twenty-fourth street and east to Grant avenue, discharging the gun several times into the air. The police were

notified, but could not find him on their arrival for some time. He had evidently been drinking, but did not resist arrest. He was taken to the police station and locked up. He will be charged with carrying concealed weapons and disturbing the peace.

## MR. COHN STAMPS OUT THE MAYORALTY RUMORS.

Mr. Lewis Cohn was interviewed by a representative of the Deseret News today, who asked him whether he intended being a candidate for mayor of Salt Lake on the Republican ticket. Mr. Cohn's answer was a most emphatic negative; he said: "For some time past the Tribune has been alleging that the 'Church' had been considering my name as a candidate for the position. I regarded this as a pleasant surprise at first, but as so much talk has arisen in regard to it, I now wish to state that under no conditions will I be a candidate for mayor or any other office within the gift of the people. Not only will I not be a candidate, but I would not accept the position if it were tendered me. I trust this will dispose of the matter once and for all."

## JULY DIVIDENDS.

New York Banks Have Begun Distribution of \$182,000,000.

New York, July 2.—The New York banks have begun the disbursement of July dividends and interest amounting to more than \$182,000,000. This will be the largest sum that ever has been paid out this month in the city of New York. In preparation of these heavy payments, the banks have been calling loans and shifting accounts to such an extent that the rates for call loans yesterday advanced to 15 per cent. This is the highest rate in months. The government today will begin to redeem 4 per cent bonds of 1907 of which about \$5,000,000 are outstanding. It is expected that between \$10,000,000 and \$20,000,000 will be paid out in New York alone. Bankers say that the tension due to the July payment will probably last about 10 days.

It will be at that time before the money paid out begins to return to the banks.
