BLOODY BATTLE WITH HAWORTH. ANOTHER PIONEER IS GONE BEYOND

Farmington Guards Have a Desperate Encounter With the Accused Murderer of Nightwatchman Sandall—Bold Attempt to Escape.

(SPECIAL TO THE "NEWS.") Farmington, Feb. 1.—Another thrilling chapter was added this morning to the already checked career of "Nick" Haworth, the accused murderer of Nightwatchman Sandall of Layton.

The trouble was caused by Haworth making a desperate and determined attempt to escape from the custody of the two officers who had him in charge. A terrific hand-to-hand struggle ensued during which all three men were injured.

As announced in the "News" last evening, Haworth, since his attempt at suicide, has been detained in a room specially fitted up for him on the second floor of the court house. This was formerly the old jury room and afforded very pleasant quarters for the prisoner to convalesce in.

His recovery has been marvellously rapid, and, considering the great quantity of blood lost from the severed artery of his right wrist, put up a fight that was astonishing.

THE PRISONER'S NERVOUSNESS. Since his incarceration in the court house the prisoner has been under special guard, one or two officers ever keeping their eyes upon him. The men who have been keeping vigil over him are City Marshal Cottrell and Constable Steed. Haworth passed a restless night and this morning paced the floor like a madman.

Cottrell and Steed were both present but in different parts of the room. Haworth gave evidence of some plan of contemplated action and City Marshal Cottrell with a view to preventing its execution said: "Nick, you have walked up and down here long enough—go and lie down on your cot now."

BACK TO HIS CELL. Haworth is now back in his cell again apparently little the worse for his escapades of the last few days. He has had nothing to say of today's affair except that he is sorry it did not succeed. His effort this time was not to commit suicide, but to escape. This, he admits, but he professes self-destruction to imprisonment. One thing is certain, and that is that he must be guarded and guarded well; for he is a desperate character and under present circumstances would let no obstacle stand in his way if he thought that an opportunity offered for escape.

ALL THREE MEN HURT. All three men were injured during the tussle. One of Marshal Cottrell's hands was badly lacerated by the broken glass and blood profusely. The eyes and part of his other hand were cut and Dr. Stringham was quickly summoned. He dressed the wounded member and put it in a bandage. Constable Steed also sustained a painful injury to one of his hands. It was caused by a vicious kick delivered by Haworth and resulted in a severe abrasion and swelling, which Dr. Stringham reduced. Haworth's injuries were less painful than those of the officers who gave him battle.

During the early days, when history for Utah was first being made, the general authorities of the Church held all their meetings at Mr. Wallace's home. It is apparent, being possessed of a truly wonderful memory, he has completed in the Old Fort. Up to his last days Mr. Wallace could tell the day and year of nearly every event of importance which passed in the early days of this valley, being possessed of a truly wonderful memory.

DECEASED ACTED AS UNDERTAKER IN NAUVOO. Deceased acted as undertaker in Nauvo during some of the trying days and was the first sexton that dug civilized graves in these Rocky Mountains.

Mr. Wallace went to England on a mission in 1840. He was one of the dedicators of the ground upon which the Salt Lake Temple stands, having offered up his prayer on the spot now occupied by the northwest corner of that noted structure. At the April conference in 1849 he was sustained as second counselor to President Daniel Spencer of the Salt Lake Stake; and at the April conference he was promoted to be first counselor, afterwards becoming president of the Stake until his removal to Granger, when Angus M. Cannon succeeded him.

In 1857, among others, he was instrumental in securing the organization of the Brighton ward.

Twenty-seven children are now living who will remember him as a good father and an excellent citizen.

Funeral services will be held in the Assembly Hall on Sunday morning at 12:30 o'clock, and all friends are sure to take advantage of the opportunity to pay their last respects to one so closely identified with the history of the country in which they reside.

The remains may be viewed at 163 North Second West street between the hours of 9 and 10 o'clock on Sunday morning.

The Millennial Star and New Hampshire papers are requested by the family to make some mention of the demise of Mr. Wallace.

An Editor's Life Saved by Chamberlain's Cough Remedy. During the early part of October, 1894, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient stage. I was constantly coughing and trying to expel something which I could not get out. I became alarmed, and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after a couple of days my lungs were restored to their healthy state.—B. S. Edwards, Publisher of the Review, Wyant, Ill.

Do You Want a Calendar? The biggest and best—calendar ever issued by any American railroad is now being distributed by the Burlington Route.

It has twelve sheets, one for each month of the year. On each sheet is a striking illustration of some feature of the Burlington's service or of the territory reached by its lines—the government fast mail running at full speed; a tourist car on its way to California; engine 159, the largest passenger engine in the world; a library car; a compartment sleeper; the Burlington station at Omaha; a dining car; a monster freight train; Estes Park, Colo.; the plume hat at Hot Springs, S. D.; Yellowstone Falls, etc.

The drawings from which the pictures were made are by Louis Braunhold, of Chicago, and cost several hundred dollars.

The size of the calendar is 22x25. The dates are in big type which can be read at a distance of 50 feet. For business offices the Burlington calendar is simply invaluable.

Purchased in large quantities, the calendar cost the Burlington Route 27 cents apiece. With postage, packing, etc., they represent an investment of about 35 cents. Our price is 25 cents—10 cents less than cost. Write for one; sample free. If it is in your agent's territory, send it back and your money will be promptly refunded.

J. FRANCIS, General Passenger Agent, Omaha, Neb.

Free copy of The Klondyke Midnight Sun with every 25c box of Klondyke Nuts, 25c to 6.

Parties holding any of this stock will bring it in at once for registering. This is important.

THOMAS E. TAYLOR, Secy. 411 McCornick Block.

DO YOU WANT AN ENGINE OR MOTOR? The Deseret News has on hand a number of new steam engines, dynamos and electric motors, which can be bought cheaply if taken AT ONCE. Write for particulars.

"PREACHING AND PUBLIC SPEAKING." Of the 5,000 copies of this popular book published last year only three or four hundred remain, and the author has decided to sell these through the ordinary agencies for Church publications. Your local agent will order the book for you or it will be sent postpaid from the Deseret News Office, Cloth, \$1.50; Half Morocco, \$2.00.
