

NEWHOUSE PLANS NOT QUITE READY.

For this Reason His Application
For Light Franchise Is
Deferred.

CITIZENS' IS ALSO CONTINUED.

North State Paving Project Recon-
sidered—Demonstration with
Dividing Rod.

Action on the application of Samuel Newhouse for an electric light and power franchise in this city was deferred by the committee on municipal laws and streets of the city council last night, until further word is received from him on the matter. It was stated that Mr. Newhouse has not yet completed the details of his power plant for his smelter and he wants to finish these plans before doing anything further in the franchise matter.

The same committee also considered the application for a franchise made by the Citizen's Lighting and Power company, continued action on the matter until next Wednesday evening so that some points in the proposed franchise may be more fully considered by the members of the company and also the committee.

WILL THY AGAIN.

It was decided by the arrests committee to reconsider the action taken on the paving of north state street from North Temple to the Capital grounds and reopen the proposition for further consideration. Last week the committee concluded that if the state, city and city school board remained neutral in this matter the protestants would be in a better position to demand hence the committee decided to report unfavorably on the project. Joseph Georgian, W. G. Neubauer and several other property owners on the street appeared before the committee last night and asked that the matter be reconsidered. "We said we wanted the project and not the defeat," said one of the proprietors who had signed the protest now favoring the paving. L. E. Hall again appeared before the committee in behalf of the protestants. Both sides will have another opportunity of being heard when the matter is reopened.

WESTMINSTER PROTEST.

Action on the protest of the trustees of Westminster college against the opening of certain streets through the college campus was postponed so as to give those who asked that the streets be opened an opportunity to be heard. Dr. M-Niece said that the trustees have planned to add two additional college buildings in the next two years at a cost of about \$600,000. If the streets are opened up as proposed the improvement will have to be abandoned and the college will have to sell out and move to some other locality where it can have plenty of room.

HOW TO FIND WATER.

John Orge and his divining rod entered the members of the waterworks committee last evening in demonstrations of the divine power of the rod to locate water. Wherever Mr. Orge passed over a water pipe, the floors of the council chamber, the rod, which is merely a birch twig would snap and the water would gush out. Indicated to the demonstrator that he was present, Orge says that he will locate a water supply for the city with his rod if paid \$5,000 for every 1,000,000 gallons daily flow added to the city's present water supply. Action on the proposition was continued indefinitely.

Asthma Suffers Should Know This.

Poly's Honey and Tar has cured many cases of asthma, bronchitis and rheumatism. Mrs. Adelicia Bussing, 361 West Third St., Davenport, Ia., writes: "A severe cold contracted twelve years ago was treated with Poly's Honey and Tar. The best medical skill available could not give me more than temporary relief. Poly's Honey and Tar was recommended to me fifty cents a bottle. It relieved me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering." For sale by F. J. Hill Drug Co.

FORM OF BONDS IS SATISFACTORY

Company will Receive and Pay for
Bonds on Arrival of Recorder
Critchlow.

WORK NOW TO BE RUSHED.

Mayor Morris Determined to Push Big
Water and Sewerage Improve-
ments Without Delay.

"New York, June 28.—Julian S. Wells,
Minn., Salt Lake. Written opinion re-
ceived, form of bonds approved. Com-
pany must have certified copy of or-
dinance authorizing execution and de-
livery. Company will take and pay for
bonds when delivered as proposed,
\$10,000 deposit to be applied to first
payment. Advice fully as to method
of delivery. E. L. SHURT."

Mayor Morris received similar infor-
mation and the bond deal seems now
to be an accomplished fact from every
standpoint. The money is to be de-
posited to the credit of Salt Lake City
in the bank of the United States Mort-
gage & Trust company subject to be
drawn upon in such amounts and at such
times as may be necessary.

Mr. Short, whose name is appended to the telegram in the general solici-
tation, is the Salt Lake company and has
gone into the details of the U. S. Supreme
court in a thorough manner and with the result that the company quickly accepted the ruling as entirely
satisfactory.

It is the intention of Mayor Morris
and the city engineers to go ahead with
the conduit from Big Cottonwood and the
other water and sewer improvements
as far as possible. Now that the options on the land have been
taken up by the city everything will be
readiness to commence active work,
and it is probable that the engineer-
ing work will be in such shape that
bids may be called for on the conduit
in the very near future.

THAT "MORMON" TEMPLE.

Elder McQuarrie Says the People of
Harlem Need Not Worry Over It.

The New York correspondent of the
Cleveland Plain Dealer contributes the
following to a recent issue of that paper:

Said John G. McQuarrie, "Mormon" missionary in New York city, to the correspondent of the Plain Dealer: "The good people of Harlem who are exercised over a rumor that we are to erect
three large temples soon as possible. Now that the options on the land have been
taken up by the city everything will be
readiness to commence active work,
and it is probable that the engineer-
ing work will be in such shape that
bids may be called for on the conduit
in the very near future.

Three Physicians Treated Him With-
out Success.

W. L. Yancy, Paducah, Ky., writes: "I
had a severe case of kidney trouble and
was unable to get relief in Kentucky.
Then took Foley's Kidney Cure. The first bottle
gave immediate relief and three bottles
cured me. I am now in full health and
recommend this wonderful remedy." For sale

OLD SALT LAKER DEAD.

Mrs. Mary Hepworth Goes to Her Rest
At Los Angeles, Cal.

The funeral of Mrs. Mary Hepworth
who died at Los Angeles last Friday of
heart failure, will be held Sunday next at 2 p.m. Rector Perkins officiating.
Mrs. Hepworth was a resident of this
city for over 50 years, having come
over in 1851. In health necessitated removal
to the coast last year. Mrs. Hepworth
was 75 years of age. Two of her daughters,
Mrs. F. C. Cobb and Miss Lydia Hepworth
were with her at the time of her death, and accompanied
her remains to this city. Other surviving
children are Mrs. E. A. Nutt, Mrs. J. G.
Klink, Mrs. M. B. Metzger, James Hepworth
and Joseph Hepworth.

The remains may be viewed at the
residence of Mrs. J. G. Klink, 1013 Third
street, Sunday preceding the funeral
service.

Have You a Cough?
A dose of Bullard's Horseradish Syrup
will relieve it. Have you a cold? A dose of
Honey at bed time and frequent small
doses of Horseradish Syrup during the day
will remove it. It is especially good
for asthma, for consumption, for bron-
chitis. Mrs. Joe McGrath, 347 E. 1st
Street, Hutchinson, Kan., writes: "I have
had a cold for five days and the Bullard's
Horseradish Syrup has removed it in
less than a week. I have had it for
about 5 years, and find it the best
and most palatable medicine I ever used."
Price, \$1.00. Sold by Z. C. M. I. Drug

TIRE COLLAPSES.

County Commissioners Abandon Auto-
mobile for the Street Car.

Hersafter it is probable that at least
two of the county commissioners will
take a horse and buggy on their trips
of inspection of county roads and re-
spectfully decline the invitation of
Commissioner Miller to ride in his
handsome new white automobile. Mr.
Miller invited the other commissioners
to ride in his machine yesterday to make
an inspection of State road. Every-
thing went lovely until we ran into
about six miles from the city when one
of the tires of the automobile collapsed.
There was a brief consultation as
to what should be done and it was de-
cided that Commissioners Wilson and
Massey should return to the city on
the street car and Commissioner Miller
would await the arrival of a repair tire.
Which he telephoned for from the city.

TEN DAYS AND WATCH RESULTS.

"NERVES" A COMMON COMPLAINT OF HOT WEATHER.

Tired and Nervous

Aching and Trembling,
Sleepless and Bloodless.

PE-RU-NA CURES

By Removing the Cause.

MISS MARY L. WHALEY, 120
Jackson street, North Topeka,
Kan., writes:

"About a year ago I was all run down
and my nervous system was completely
shattered.

"Then I began to use Peruna and I
found it just the medicine I needed to
restore my health. I used it for nearly
three months, but the reward was worth it, as at the end of
that time I was like another woman.

"My health was restored and now I
scarcely know I have nerves. Please
accept my sincere thanks!"

E. L. SHURT."

Peruna received an award at the
recent exposition in St. Louis.

Peruna is a nerve medicine, but it
does strengthen the nervous system by
assisting in the proper digestion of food.

It frees the mucous membranes of all
catarrhal taints, leaving the whole
digestive tract in a sound healthy con-
dition.

It is the intention of Mayor Morris
and the city engineers to go ahead with
the conduit from Big Cottonwood and the
other water and sewer improvements
as far as possible. Now that the options on the land have been
taken up by the city everything will be
readiness to commence active work,
and it is probable that the engineer-
ing work will be in such shape that
bids may be called for on the conduit
in the very near future.
