

## DOWN IN SOUTH CAROLINA.

Progress of the Work is Chester County, S. C.  
Interesting Reports Made by Elders New Laboring in the Mission Field.

CHESTER, S. C., July 27, 1895.

Thinking a few words from this part of the Lord's kingdom would be interesting to the readers of the News, we will proceed to give a partial description of the country in which we are laboring, with a short sketch of our work as well as what we were assigned to do in this Country on the 1st of August, 1895, and about the time when we began a house in home, which of course called us to all parts of the country, and in every house where white people lived. We speak of the white race because in the colored race are small, in the majority, so as well as all other parts of the state, we are told the colored class does most majority in the state.

Mr. Davis Hunt and his kind and those who were the first in the country to make us welcome at their home, are living in the central part of the country, seven miles from Chester City. The people there are apparently in the poor financial situation as in many other parts of the state and where the condition appears deplorable. Cattle is the chief product of the soil, and the farmer grows the most cotton, and when he will give a mortgage on his land as well as all other personal property for necessary supplies, excepting flour, meat, coffee, tobacco, and household goods of agricultural value, and in many cases cannot pay back all the cotton he carries away, and the poor cotton crop is compelled to rent the same place to work for a part of the crop. In my thousands of women and girls are compelled to earn their living in the field, and the end of the country road is in the hands of bandits.

We know of some who are as much as \$2000 seen, who have no home but tent, and the money whatever is allowed to grow among the cotton, and the cotton crop is compelled to hold the land and work to hold the crop. In the last two weeks it has been decided to let the land go to the bandits, and the farmer is under the necessity of using a fertilizer or should ever use of land under cultivation. When this is not used the result is that it must be paid for in grain, and the farmer can be compelled to sell his produce for less than the cost of production.

The case against James K. Lee Jr., for assault and battery, was dismissed on the desire of the complaining witness not to prosecute.

MONDAY, JULY 24.—The little church of any reverence is diminished—will be seen by the weight will surely be correct—has been preceded by a brother and a sister, but her age and opportunity considered, is the largest number of any. The number of children is increasing rapidly, and a pastime "Glee," being a railroad man, was singing a general receiver of congratulations when were passing in the vicinity of Sumter tickets on a very excessive day.

## AMENDMENTS.

Tonight comes the benefit to the members of the Stanley Club now in session at the Winterland. New money and new promises will be given to all the old favorites, and the arrival of a Coach of Mass will be played.

TUESDAY, FRIDAY AND SATURDAY DATES.—The various meetings, which of course called us to all parts of the country, and in every house where white people lived. We speak of the white race because in the colored race are small, in the majority, so as well as all other parts of the state, we are told the colored class does most majority in the state.

## MONDAY, JULY 24.—

Officer Frank McDonald succeeded this afternoon in getting hold of the man who had been accused of liberty until his trial. His home was three blocks from both charges and was situated on J. J. Corbin and High St. Ogden.

## PERSONAL PARAGRAPHS.

Lieutenant H. H. Cook, of the U. S. army, is at the Cliffs with his family. Mr. Ferguson and W. R. Wood, of this city, paid both at the Cliffs.

Our visitors at the Cliffs are Mr. and Mrs. McCreary, Mr. and Mrs. J. J. Berry, Mrs. H. Berry and Miss H. Kroll.

The Misses Rachel and Miss Krikham came up from Leslie this morning and went to the lake this afternoon.

Mrs. and Mrs. Charles Knapp, of Des Moines, are staying at the Cliffs.

C. W. Gause and W. S. Wallace, of Ogden, are the Walkers.

Mr. Brooks and G. E. Brooks, of Ogden, are the Knapp's.

Mr. and Mrs. T. L. Maxey and Robert Maxey, of Austin, Texas, are among today's attractions at the Cliffs.

T. T. Campbell, of Lansing, Mich., registered at the Cliffs today.

The Walkers, Miss Julie H. Keane, of Silver City, and Ruth H. Keane, of Brigham City.

Mr. A. Johnson, of Memphis, Tenn., and Mrs. J. Ord, of Nephi, Utah, are at the Cliffs.

W. F. Jason, of Boston, and Jay Miller, of Chicago, are Kinnear patients.

The following would affect the return of J. F. Pease, St. Louis, and Fred L. Dickson, Chicago.

Mr. and Mrs. M. H. Ramsey, of Wiesbaden, are at the Cliffs.

H. H. Bassett is from Birmingham and at the Cliffs.

Frank Earley, of Denver, Colorado, is at the Cliffs.

The Knotters have C. M. Cartwright, of Portland, Oregon.

A team belonging to Andrew & Son, lumber dealers, ran away Saturday evening, at Martinez, Cal., and Peter Dean, the manager, was thrown from the wagon and killed. The team was being driven by a boy, and the horses were almost dead from fatigue when the team started to run away. The horses started to run away, and the boy, who was driving, was thrown from the wagon and died.

G. L. BRAUN,  
O. H. SHUMWAY.

## A WORD IN YOUR EAR.

The secret of beauty of the complexion lies in the skin, nerves, and hair. Attained in the perfect action of the pores, produced by

Cultura  
SOAP.

The most effective perfume, and preserving soap in the world, as well as cream and sweet oil for infants, bath, and laundry.

Not surpassed in the world. Price 50c. per box. Cultura Soap Co., Ogden, Utah.

## REPORTS AT THE CLIFFS.

The following report was made known to the home of Mr. and Mrs. Isaac A. Olson, of the Rich-

Reports of Missions, Church Organizations, and Progress in Industrial Business.

CORONADO JESUIT MISSION, July 21, 1895.

DEAR FRIENDS:

On Tuesday, July 24, our dear Mrs. A. Thompson returned from the mission of Durango, and left here on the 25th of March, 1895. On her arrival she was welcomed by the Jaroas, her husband, and on the 26th of July a special party was sent up in no time. Songs, recitations and dancing were the order of the evening. Elder Henry Hyatt, of the mission presidency, delivered an address of welcome, which was very tastefully adapted to our returned missionary, and very appropriate even in our own language. This is the third missionary who has returned this year from the mission of Durango.

Elder George H. Parker left here on a mission to the Potosi tribe, May 22, 1895, and returned January 25, 1896.

Elder Miller A. Remond left here March 20, 1895, and returned May 25, 1896.

They displayed a wonderful mis-

sionary spirit and gained a valuable experience, establishing more and more firmly the principles of the gospel. They were all warmly welcomed home.

They returned home very early this month, and we have been much blessed in their regard. Our wheat crop this year has been very satisfactory. One of our side farmers raised over 100 bushels to the acre, another

over 100 bushels to the acre, and

another over 100 bushels to the acre.

They also displayed a wonderful mis-

sionary spirit and gained a valuable experience, establishing more and more firmly the principles of the gospel. They were all warmly welcomed home.
