WILLARD WATER AL MAY FAIL

Councilman Thomas Says Quantity of Water is Inadequate For City's Needs.

UNDERTAKERS' CONVENTION.

Hearings in the District Court—Frank Clark Convicted of Grand Larceny —Big Railroad Improvements.

Ogden, Oct. 8.—At the city council session last night, little was done aside from routine business.

The matter of completing the deal for the purchase of the Willard Canyon water rights, was up for consideration.

Councilman Sam Thomas, who originally favored the purchase of the Willard canyon power water rights for a municipal hydroelectric plant, asked the council to reconsider its action and rescind the amount of water had been ex-

changed and that it would be inadequate to the city's needs. President William Clark, Republican nominee for mayor, entered a plea for the settlement of the matter and requested the district court that he had no record of his holdings prior to the time the proposition was taken up by the city. The question was finally referred to the Right committee with power to act.

A motion to cancel the contract which the city has with C. E. LaVine, who was being paid \$50 a month for caring for the horses and patrol wagons of the police station, was referred to the police committee.

It was asserted that the team is now being cared for in a local livery and that the cars are being answered from there.

A resolution to repair a bridge at thirty-fourth street and Washington avenue was passed over the mayor's veto, who thought the irrigation company should stand a portion of the expense.

Upon the recommendation of the buildings and grounds committee five bids for building the new patrol wagon house were rejected.

The judges in polling places for the coming election were named. Bills aggregating \$2,192.15 were allowed.

was taken. The jury retired at 6 o'clock and after deliberating for six hours returned a verdict of guilty as charged.

In the matter of the estate of Jerome Freeman deceased, H. W. Freeman, husband of the deceased, was appointed administrator with his bond fixed at \$500.

Mrs. Edna A. Elmer, on her own petition, was appointed administratrix of the estate of William W. Elmer, with bond fixed at \$500.

RAILROAD IMPROVEMENTS.

Harrison Interests Will Spend Quarter of Million in Land Purchases.

Ogden, Oct. 8.—It is rumored that in the next 12 months will witness some very extensive improvements in the railroad interests in Ogden. It is stated on good authority that the Harrison interests have decided to expend upwards of a quarter of a million dollars in purchasing land in and around the depot grounds. A good sized three-story, high, office building is to be erected on Twenty-fourth street between Wall and Pacific avenues, to be used almost exclusively for the officers of the Harrison lines.

CAPTURED SUPPOSED BURGLARS.

The police last evening placed under arrest H. S. Miller, and C. E. Brown, who are charged with burglary. The actions of the two men looked suspicious in selling a second-hand dealer a bay knife. They were shadowed by the officers and located in a Tenaya street rooming house. They had in their possession a number of pawn tickets and a quantity of silverware, which it is believed they have stolen from houses. The police believe the two belong to a crew of men who are now burglarizing houses in Ogden and Salt Lake City and hope to connect them with some of the recent burglaries through the informer.

MUST REGISTER.

County Clerk Mattson calls the attention of the public and voters in particular to the state law governing the registration of voters, which provides that every person registered last year who voted and still lives in this state project does not need to register again this year; but those who were registered and failed to vote must re-register this year, and those who have moved to another district must get a transfer or they cannot vote at the coming election.

FIRST CLASS BAND FOR OGDEN.

Ogden is to have a first class band. The differences that have existed in the past between Nichols, Ford, Thatcher and Foster, have been settled and the musicians have decided to get together in one musical organization and have, as Ogden had about 15 years ago, a band which any city might be proud of.

IRON COUNTY FAIR A SUCCESS.

Five Couples Made Happy—Strike Dies Work on Electric Plant.

Special Correspondence.

Parowan, Iron Co., Oct. 3.—The Iron county fair, held last week, was largely attended by people from neighboring settlements as well as locally, and was a most interesting affair.

There was a good showing in the live stock department, and many fine animals were in evidence. The agricultural department was well represented but horticulture here was almost a failure owing to the late frost in the spring. The ladies' department had some very fine specimens of their handiwork, the quality was not so good as usual, off center of the stable. Mr. Philpot, the manager, said it may be that the girls had been subject to the past few days, and though they had feared the cross, his wife and he always felt safe upon retiring when a bolt of lightning struck the stable.

Mr. Brock is principal teacher of the ninth grade. He has eight able assistants, A. E. Chambers, J. H. Peterkin, W. W. Johnson, S. D. McCracken, Mrs. K. C. Crum, Vester Peterson and Annie Rees.

3 Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bolt, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Colon Remedy. He says, "I have never found anything that has equalled it in my experience. It makes a man feel strong again. I have been subject to croup for ten years, and though I once feared the cross, his wife and he always felt safe upon retiring when a bolt of lightning struck the stable."

Last Monday the Bolt family, with Mr. R. V. Larson as principal teacher of the ninth grade, he has eight able assistants, A. E. Chambers, J. H. Peterkin, W. W. Johnson, S. D. McCracken, Mrs. K. C. Crum, Vester Peterson and Annie Rees.
