said class.

Sec. 12. The provisions of this Act. so far as they relate to cities of the third class, shall not be construed as requiring any of the cities of said class which now elect their aldermen or councilmen from wards, precincts or districts, to elect their aldermen or councilmen at large, nor shall it require an election for any office now filled by appointment in said city so divided into

wards, or precincts.
Sec. 13. The provisions of this Act are hereby made applicable, supplemental and cumulative to the charters of all incorporated cities.

FISH COMMISSIONER.

The late Legislature authorized the appointment of a Fish Commissioner, and appropriated \$5000 to be ex-pended in this industry during the next two years. March 17 Governor Phomas had two petitions presented to hlm. One is as follows:

It is well known throughout Utah that Mr. A. M. Musser, of this city, has for years been actively engaged in advancing the fish multiplying interests of the Territory, and that through his indefatigable labors in this direction untold numbers of imported fishes have been added to our waters. From letters in his possession, which he has shown us, we learn that he has arranged for further large consignments a shad, speckled catflish, whitefish, cropples, rock bass, etc., for the public waters of Utah.

In view of the valuable services thus rendered the Territory, and in further view of the valuable experience Mr. Musser has gained in the propagation and multiplication of fish, we hereby respectfully request that his son, Don Carlos W. Musser, be appointed Fish and Game Commissioner of Utah, under the law just passed by the Legislative Assembly. Mr. A. M. Musser being, as it is understood, inelligible to hold the office in person, if his son, who is a Utah born young man. is appointed commissioner, the father can direct and superin-tend the industry, and give it the advantage of his valued and need-ful experience, an industry to which he is so much attached and upon which he has voluntarily bestowed so much patient thought and labor.

It is needless to suggest that it requires experience and skill to manage and to promote such an enterprise. Such is evidently the view taken by President Har-rison, who permits Col. Marshall McDonald, a staunch democrat and an ex-colonel in the Southern army, to occupy the position of United States Fish Commissioner undis-disturbed as the successor of the late

Spencer F. Baird.
This petition is signed by Joseph R. Waiker, Mark McKimmins, C. R. Barratt, S. A. Merritt, S. H. Auerbach, Thomas J. Almy, Jas. Glendenning, W. S. McCornick, T. W. Ellerheck, H. J. Grant, Frank W. Jennings, John H. Rumel, Jr., Elias A. Smith, John Sharn Ellas A. Smith. John Sharp, Spencer Clawson, J. C. Cutler, W. H. Remington, J. K. Gillespie and 13 others.

The other petition reads:

The undersigned residents of Utah Territory respectfully petition that Daniel 8. Brown, a resident of said Territory, be appointed Fish and Game Commissioner of Utah Territory. Mr. Brown has devoted many years of his life to fish culture, and is in every way fitted to discharge the duties of the office, in the judgment of petitioners.
