

FRAGMENTS.

PASSENGER traffic from the east is reviving.

LEAD quotations, New York, per 100 lbs., \$4.25.

WALTER MATHEWS was fined \$5 this morning, for drunkenness.

J. J. DALY and wife will leave this city this afternoon, for San Francisco.

Wm. BERRY was fined \$7.50 yesterday afternoon, for battering a Chinaman.

SILVER quotations, corrected daily by Wells, Fargo & Co., New York, \$10.57; London, 48 1/2.

R. B. CUNNINGHAM and wife, of Clinton, Idaho, will start for Baltimore on tomorrow's D. & R. G. train.

ELIZA SHAFER was released from the Penitentiary today, having served one day's imprisonment. The \$25 fine was paid.

JOSEPH JOHNSON, a private of Company I, Sixth Infantry, was arrested this morning, drunk. He was taken to Fort Douglas.

W. A. WELSH, general agent of the Colorado Coal and Iron Co., will leave for Detroit tomorrow, via the D. & R. G.

The 8th Quorum of Seventies will hold its regular semi-monthly meeting tomorrow (Friday) night at the usual time and place.

The Red Boys have challenged the Golden Athletics to play a game of baseball on Westinghouse Square, Aug. 25th, for a purse of \$50.

The Primary Associations of Provo are to hold a fair, on the 25th inst., and a number of ladies from this city have been invited to attend.

On Monday evening a little child of Mr. McMullin, of Provo, took pneumonia in its mouth. Fortunately none was swallowed, and the child is progressing favorably.

DWYER's book store has a supply of the delayed number of *Harpers' Weekly* for August 1935, and an elegant number 17, with its large supplement illustrating Grant's funeral procession passing on Fifth Avenue.

PETER KACHENSKY paid a fine of \$10 to the Police Court this morning. His horse had trespassed upon the premises of Hannah Williams, who was driving the animal to the estray pound when its owner interfered and took possession.

The Sixth Infantry had a full dress parade at the Fort yesterday afternoon. They marched down to Liberty Park and back, presenting a fine appearance. They go into the summer encampment in the Utah Mountains on the 25th inst.

LOCAL NEWS.

Imported Stock.—Dr. George H. Bridges, who had on a trip east to New York and Connecticut since the last of June, returned to the city last night. He brought back with him three car-loads of blooded stock—one car of Devons for Gen. H. S. Eldredge, one car of Jerseys for himself and one car of brood mares—thoroughbred trotting stock—for various parties. They came through in good condition. Two of the Devon cows calved on the way and the calves are thriving and doing well.

Fire.—About 2 o'clock this afternoon fire was discovered on the roof of a dwelling house belonging to Scott D. Wells, grandson of D. H. Wells, on Third East Street, between South Temple and First South streets. The alarm was soon given, and through the efforts of the fire department, the fire was soon extinguished. The loss will amount to about \$500.

The building, which is two-story, has been recently occupied as a residence by J. M. Dooley, of Wells, Fargo & Co.'s bank. Mr. Dooley has been vacating the house during the last few days, and no fire was used today. The fire originated on the side of a chimney, in the building of which the mason had laid the bricks partly on the wooden rafters, and had left crevices through which the fire had evidently worked its way. The wood work had probably been burning for a day or two between the ceiling and the roof, before the fire got to the outside.

Improvements at the Hot Springs.—The improvements being made by Mr. J. D. Beck, upon the recently acquired Hot Springs property, a short distance north of this city, are progressing rapidly. A large building has been erected, 40 by 75 feet, and is being finished. It is divided into two general compartments. One, for the use of ladies, has a plunge bath 15 by 30 feet, with dressing rooms, and other facilities. The other, for men, has a bath 30 by 60 feet, the capacity being 50,000 gallons. This division has a dressing room.

There is also another building for the accommodation of visitors who prefer private baths. A bower, restaurant and other conveniences are in prospect. The proprietor intends to extend another will enhance the comfort of health-seekers. It is claimed that the waters of the springs are as powerfully curative of rheumatism and other diseases as any on the continent. They will doubtless be in the time a popular resort. We understand the establishment will be supervised by Mr. Lorenzo Farr, son of Hon. Loren Farr, of Ogden.

Clearing Out City Creek.—On Monday last, Superintendent of Waterworks Geo. M. Ottiger and a force of men went up City Creek Canyon, for the purpose of doing something to increase the stream and to remove any obstructions that might tend to render the water impure. Mr. Ottiger returned temporarily last evening, but the men are still up there, working away like beavers. They have already done a good work, which will yet be rendered much more complete as they return. They have been clear to the head of the stream and removed innumerable logs, land slides and other obstructions from the creek, so as to enable it to run more freely. On Tuesday they also opened eleven, and yesterday three springs that run into the creek, which will probably increase the size of the stream very materially. In some instances several springs were found located one above another on the hillside or in a ravine. In which case they made a channel leading from one to the other and on down to the creek.

It was expected that they would complete their work this week, but it is now estimated that it will require till the middle of next week to do so.

The production of cotton seed oil has grown in the last ten years from 8,400,000 gallons to 20,000,000 gallons.

A machine has been invented which wraps up oranges in tissue paper more neatly and rapidly than it can be done by hand.

THE SUMMIT COUNTY ELECTION.

THE CONTEST BEFORE THE BOARD OF CANVASSERS—NO INVESTIGATION OF FRAUD BY THE COMMISSION, WHO HAVE ALL POWER WHEN THEY WANT IT, AND NONE WHEN THEY DON'T.

At the meeting of the board of canvassers this morning, Alma Eldredge, chairman of the People's Party Central Committee of Summit County, was present. Mr. Kirkpatrick appearing as his counsel, D. C. McLaughlin, the Liberal candidate for member of the Legislative Assembly from Summit County, was also present and was represented by J. R. McBride and Arthur Brown.

Governor Ramsey, chairman of the Utah Commission, announced that the Summit County election returns had been reached, and that if there was to be any contest, the parties would now be heard.

Secretary Thomas then read the allegations of fraud from the People's Party Central Committee, and also the answer of the Utah Commission that the alleged irregularities would be considered when the canvass was entered upon.

Mr. Kirkpatrick stated that it was the request of the People's Party that a definite day be set, and all parties be notified, that a thorough investigation might be made. Mr. Eldredge, chairman of the county committee, could get ready in three to five days.

Secretary Thomas stated that the contest proceedings would be conducted in accordance with the provisions of the election law of 1928.

W. W. Ritter suggested that the count be deferred until the whole subject could be taken up.

Mr. H. Lannan had some doubt as to the power of the board to send for the ballot-boxes and make the investigation desired.

J. M. Young moved to proceed with the counting of the votes. Messrs. Young and Lannan voted in the affirmative, and Messrs. Ritter and Hammond in the negative. Mr. Thomas, chairman, decided the tie by voting in the affirmative.

The canvass of the votes was then proceeded with, until Park City returns were reached, when Mr. Kirkpatrick suggested that further proceedings be waived. The count, however, was continued, resulting as follows:

For Governor to the Legislative Assembly: S. Francis, 95; Martin Farrell, 95.

For Representative to the Legislative Assembly: W. E. Pack, 85; D. C. McLaughlin, 95.

For County Superintendent of District: E. H. Reed, 88; A. L. Seward, 91.

For County Surveyor: R. H. Salmon, 85; Oliver C. Lockhart, 97.

For County Sealer: John Pack, 81; F. W. Haugh, 97.

At the completion of the canvass of the Summit County returns, Mr. Kirkpatrick presented the request of the Summit County People's Party committee to the board of canvassers and the Utah Commission. He asked that a date be fixed at which the details of the election could be heard, and that an order be made requiring that the ballot boxes, registration lists, books of judges of election and necessary documents be forwarded to the canvassers. It might be contended that the allegations were not specific enough. The board could not afford, in the interest of fair election, to refuse to pay any attention to a request for examination, which could not be had without the documents referred to. There was no rule requiring any particular form of statement in this preliminary stage of the proceedings, requesting an investigation. The request was reasonable, and one the board could hardly refuse.

J. R. McBride claimed that it was not within the province of the canvassing board to enter into an investigation of the general charge of fraud. They could only determine what the result of the election was, at the most, by the counting of the ballots. If no discrepancy or irregularity appeared on the face of the returns, they could only declare the result. No charge of fraud could be investigated by the board. No matter what the fraud committed, an examination could not be entered into. A contest should be carried on through the courts. He thought the canvass of the returns showed no irregularity, and should be accepted. The board could not go behind the returns. Their duties were purely ministerial. If all the allegations made were true, it would not affect the declaration the board should make.

Arthur Brown stated that the request asked the board to create a new law, and enter into an investigation which they were unauthorized to make. The contest could only be made in the courts.

Mr. Kirkpatrick said it was in vain to read the acts of the Legislative Assembly; the question was, Is the Utah Commission, appointed by Congress, powerless to investigate the validity of any votes cast? Were they to merely read the returns and declare the result? It could not be. The old section of the Edmunds law provided a canvassing board to canvass and return the votes, and declare the election as it should be. Certificates were to be issued to the candidates lawfully elected. These certificates were the only evidence necessary to seat a member of the Legislative Assembly, beyond further inquiry. The charge of fraud was a public one, and affected the fairness of the election, and instead of being thrown out on technicalities, the allegations should be promptly investigated. The investigation asked for was to go behind the returns.

Gov. Ramsey stated that the Commission had ordered the ballot boxes preserved indefinitely, for the purposes of contest. The Commission had followed strictly the letter of the statute, as they understood it, and the Supreme Court had decided that their powers were limited. They had no power to go behind the returns. The remedy was in the courts. The judiciary could investigate the ballot boxes. This should not be tampered with for light and trivial causes. The Commission had been assured by the authorities of Summit County that Park City would be divided into precincts, but this was not done, so the Commission had established four polling places for the convenience of voters.

Alma Eldredge, Probate Judge of Summit County, stated that there was some misunderstanding about the division of Park City into precincts, and the assurance referred to was not known to the County Court of Summit County. The request had come to them just prior to the August election, and too late to make any change. The Court had understood from the Commission they would make a segregation of the votes, but they had changed their minds. They had also promised to give the election their personal attention, and it was because of this assurance that the informal letter containing the charges was written. What the candidates of the People's Party wanted was an opportunity, and they would show that gross frauds had been committed.

The canvassers took a recess until 2 o'clock this afternoon. The Liberal

THE SUMMIT COUNTY ELECTION.

candidate for representative was heard to remark as he left the building, "What I want to get is that certificate."

Upon reassembling at 2 o'clock, P. H. Lannan moved that the board proceed and declare the result as shown upon the face of the returns. The motion was carried, as all the judges of election had certified to the correctness of the returns, including the representative of the People's Party.

Utah County was then taken up, and the canvass of returns proceeded with.

WHEELMEN'S TOUR

THE BICYCLISTS HAVE AN ENJOYABLE TRIP TO CACHIE.

From a member of the Salt Lake Bicycle Club who participated in the late run to Logan we learn the following: The time for starting from this city was fixed for 2 a. m. the 12th inst., but owing to the extraordinary solemnity of a prominent officer, whose name we utterly refuse to divulge, the wheelmen did not get away until 6 a. m.

Those who left here on wheels were President D. L. Davis, Captain T. O. Angell, Jr., Secretary C. E. Johnson, Sub-Captain Wm. Wood, First Guide Walter Jennings, T. J. Angell, Henry Folland, Lewis Peck, Henry Bassett and T. Sloan.

Mr. Bassett, owing to inexperience on the road, concluded to take the train at Wood's Cross. The other riders spun along merrily until hearing Farmington, when, owing to the lateness of the start, it was feared that all could not reach Kayville in time to connect with the train, and the majority consequently concluded to take the railroad at Farmington. Captain Angell, his brother Theodore and Walter Jennings, however, went on to Kayville, arriving just in time to catch the train over the Sandridge. Mr. Peck broke a handle-bar at Bountiful, and had also to take the train at Farmington and stuck to it to Logan. They stayed in Ogden about five hours, and then pushed on to Brigham City, arriving there in good time, after a bath in Hot Springs and other pleasant incidents by the way. D. L. Davis, T. O. Angell, Jr., T. J. Angell, Walter Jennings, Wm. Wood, H. Folland, C. E. Johnson and M. L. Snow started at 7 a. m. from Brigham City, and rode on through their wheels to Logan, where they arrived at 7 p. m.

They had a full dress parade in Logan next day, with fifteen machines in line, and an enjoyable ball in honor of the club in the evening. The rest of the time was spent in visiting, fishing, hunting, etc.

On Monday last, at 8 a. m., seven of the club—T. O. Angell, Jr., Walter Jennings, Wm. Wood, Lewis Peck, T. Sloan, H. Folland and M. L. Snow mounted their wheels and started on their return. They arrived at Brigham City in good time, and next morning pushed on for Salt Lake, riding from Ogden to Farmington by special favor, in Sup. Sharp's private car. They arrived in this city about 6 p. m., in good health and due spirits, and are quite enthusiastic over the pleasure of their trip.

TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

Old Sunday, Hans Erickson, a four-year-old of Logan, was playing with his little sister, when he fell, fracturing his collar bone.

Mr. H. G. Goldsborough, of Nephi, Utah, met with a serious accident the other day in Beaver, where he was at the time on business, by falling backward into a cellar 10 feet deep, lighting on his head and shoulders. He was taken out unconscious, and found to be very badly hurt. After his wounds had been dressed and consciousness restored, he got into his home and drove to his place, where he is recovering.

On Saturday evening last in Lander, Wyoming, while Charley Williams was standing at the counter of J. Parker's saloon, on Main Street, Frank Howard placed a revolver near the back of Williams' head and fired, the ball taking effect, and passing through the brain. Williams fell to the floor and expired almost instantly. The two men had been partners in the stock business and also in gambling, and the result of a quarrel which occurred between them, during which Williams threatened to kill Howard if he did not leave the town before morning. Williams was about 35 years of age and a thoroughly bad man. Howard is about 20 years of age, and is a native of Idaho. He has a record for the forfeiture of his own life, there being no special mourning.

THREE KINDS OF TOOTHACHE.—For ordinary nervous toothache, which is caused by the nervous system being out of order or by excessive fatigue, very hot bath will soothe the nerves and sleep will in turn follow, and, upon getting up, the patient will feel very much refreshed and the toothache will be a thing of the past. For what is known as "jumping" toothache, hot, dry dandruff applied to the face and neck is very effective. For common toothache, which is caused by indigestion, or by strong, sweet acid or anything else in the stomach, a decoction of a little piece of cotton steeped in strong camphor or oil of cloves is the best remedy.

BUSINESS NOTICES.

THE OPERA HOUSE BAND

Will give another of their popular evening entertainments on Thursday, August 22nd. In the afternoon the band will render a programme of their concert selections, and give a ball at night at the Opera House, 8 p. m. to 11 p. m. The last train will leave Lake Point after the ball.
