

MARY BAKER EDDY AND HER AFFAIRS

Those in Charge of Them Believe
She is no Longer Capable
Of Managing Them.

SHE ISSUES A PERSONAL NOTE

Announces Personal of Board of
Trustees—Also Sends an Address
To the Mother Church.

Concord, N. H., April 3.—Council for the plaintiffs in the Eddy case said today that it appeared to them that Mrs. Eddy, personal counsel for Mrs. Eddy, and those who have charge of her case have, after mature deliberation, arrived at the same conclusion as to the incapacity of Mrs. Eddy to manage her business affairs that her son reached when he saw her in January.

This suit, they declared, is not directed at Mrs. Eddy or at Christian Science. The position of the plaintiffs from the beginning has been that because of her incapacity to manage her business affairs, information as to the management, control and affairs of the trust was necessary for her protection.

Now that the imperative need of this reform is conceded, counsel said, a remaining question would seem to be whether the interests of Mrs. Eddy will be well cared for and protected by a receiver appointed by the court or by trustees appointed by and acting practically as a continuation of the old regime.

THE BOARD OF TRUSTEES.

Concord, N. H., April 3.—Mrs. Mary Baker G. Eddy issued a personal note tonight bearing on her appointment of trustees to handle her estate as announced in the note filed in the Merrimack county supreme court yesterday in the action brought to compel an accounting of her property. The note, which was signed by her son, "Philip View," bearing the signature of Mrs. Eddy, follows:

"I am pleased to say that the following members constitute the board of trustees who own my property."

"—Henry M. Baker, who won a suit at law in Washington, D. C., for which it is alleged he was paid the highest fee ever before received by a native of New Hampshire.

"—Archibald McLellan, editor-in-chief of the Christian Science periodicals circulating in the five grand divisions of our globe; also in Canada, Australia, etc.

"—Joseph H. Fernald, justice of the peace and president of the National State Capital bank, Concord, N. H.

"To my aforesaid trustees I have committed the head earnings of my pen—the fruit of my honest toil, the labor that is known by its fruits benefiting the human race, and I have so done that I may have more peace and time for spiritual thought and the higher criticisms.

(Signed) MARY BAKER G. EDDY.

"Pleasant View, Concord, N. H., April 3, 1907."

TO THE MOTHER CHURCH.

Boston, April 3.—Two communications from Mrs. Mary Baker G. Eddy were read at tonight's meeting of the First Church of Christian Scientists, the mother church of the denomination. The first communication read to the audience was addressed to the mother church. In the letter Mrs. Eddy says:

"My Beloved Children—Your love and fidelity cheer my advancing years. As Christian Scientists, you understand the scriptures, 'I do not myself because of evil-doers.' Also you spiritually and scientifically understand that God is divine love, omnipotent, omnipresent, infinite, hence it is enough for you and I to know that our Redeemer liveth and intercedeth for us."

"At this period my demonstration of Christian Science cannot be fully understood, theoretically, therefore it is best explained by its fruits, and by the life of our Lord as depicted in the chapter 'Atonement and Eucharist,' in 'Science and Health, With Key to the Scriptures.'"

(Signed) MARY BAKER G. EDDY.

SKIN DISEASE CERM RUN DOWN AT LAST

Remarkable Results of Treatment
With a Doctor's New Prescription.

When treating eczema and similar diseases with that mild, soothing liquid, D. D. D. Prescription, you avoid the grossness of salves and the distress of dosing your stomach with chemicals that can have no effect whatever on the skin.

Thousands of letters from patients who have been cured show their happiness in finding a remedy that strikes at the root of skin disease—kills the germ. A few drops of D. D. D. Prescription give instant relief. Then gradually the skin is cleansed and finally no trace of the disease is left.

"I can recommend your D. D. D. as a complete cure for skin diseases," writes Luther A. Carson, of Level Road, Ala. "It cured me in ten days. This remedy can be had at Druehl & Frankon, druggists, corner Main and 3rd Sts., Salt Lake City. THE FIRST DROP WILL TAKE AWAY THE TERRIBLE ITCH. Get rid of your itch today."

then announced that he had received a letter from Mrs. Eddy, written in her own handwriting. Mr. McCracken said that the letter indicated that Mrs. Eddy is in possession of "her usual mental and physical vigor." The letter to Mr. McCracken follows:

"Beloved Student—The wise man has said, 'When I was a child I thought as a child; but when I became a man, I put away childish things.' That this passage of scripture and its concluding declaration may be applied to old age is a solace.

"Perhaps you already know that I have heretofore personally attended to my secular affairs, to my income, deposits, investments, expenditures and to my employees. But the increasing demands upon my time and labor and my yearning for more peace in my advancing years have caused me to select a board of trustees to take the charge of my property, namely, Henry M. Baker, Archibald McLellan and Joseph H. Fernald.

"As you are the first reader of my church in Boston, I inform you of this, the aforesaid transaction.

"Lovingly yours in Christ,

"MARY BAKER G. EDDY."

MCARTHY'S HAT SALE.

Opportunity of a lifetime to get a fine hat this week. Any hat in the house \$2.00. 26 E. 2nd St., Wilson Hotel Bldg.

A DASTARDLY OUTRAGE.

Disappointed Rival Sends Infernal Machine to Successful Suitor.

Schenectady, N. Y., April 2.—By the explosion of an infernal machine believed by the police to have been sent him by a rival for the affections of a woman, Daniel Miller was terribly injured tonight. If he recovers he will be totally blind and a cripple for life. John Hallahan is under arrest charged with attempted homicide.

The machine was sent to Miller by express from North Adams, Mass. He took it to his room and a few minutes later there was an explosion which partially wrecked the house. Miller says he unwrapped the package and that is all he remembers. The small wooden box which contained the explosive was filled with copper nails and a dozen of these were blown into his body.

Miller was to have been married to Miss Lillian of Boston in June. The police say Hallahan and Miller had quarreled over the girl.

USAGE IN DUELS SHOULD BE EXTENDED TO WARS.

New York, April 3.—William T. Stead, who has recently made a tour of the European capitals in connection with the Hague conference, and who comes here to attend the dedication of the Carnegie institute at Pittsburgh, reached here today. Mr. Stead will attend the national peace convention in this city April 16 and 17.

In speaking of the Hague assembly he said it would carry one step further the principles which the American delegates incorporated in the convention of 1899—the recommendation that usage in duels should be extended to wars.

"Article 5 of the convention, which

contains this recommendation, has not been acted upon, although the recommendations were made frequently," said Mr. Stead.

"It recommends that when two powers have had a dispute which they are unable to adjust by ordinary means of diplomacy they should not resort to hostilities the moment they suspend diplomatic intercourse, but that they should each call in a special mediator, who shall have a period not exceeding 30 days in which to try and compose the dispute and avert war. If it had been acted upon neither the South African war nor the Russo-Japanese war would have broken out when they did. A pause of 30 days and a fresh deal, with new negotiations, would give the world absolute peace. The peace and subside of war and place the definition of war forever under the control of the sober common sense of the community."

STOMACH AND LIVER TROUBLE CURED.

Orin's Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels with its refreshing orange like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. It is a food and a tonic. It is pleasant to take. It is safe and reliable. Sold by F. J. Hill Drug Co.

PROCLAMATION CALLING ELECTION IN PHILIPPINES.

Manila, April 3.—The president's proclamation fixing July 30 as the date for the election of a national assembly has a somewhat involved political situation in the islands.

Philippinism still exists in Samar, and while the authorities have no fear that it will result in an insurrection, brigandage in the unsettled areas still prevails. In Nueva Ecija, La Laguna, Benguet, Ilocos, Tayabas and Cavite provinces, the Japanese sentiment is apparently used as a pretext to keep the condition of the progress party is not considered likely to elect its whole ticket, as the independent party of action is strong among the voters from the provinces. The two parties' methods are inconsistent. The governor of Laguna province has discovered the existence of a reorganized Katipunan, a "hiding out" government, similar to that formed under Spanish rule, now headed by Dominio Gomez, a man known to Dr. Jose Rizal, martyr to the cause of the Philippines. The reorganized Katipunan is said to have a membership of 10,000 and the right oath of the members ends with the words, "Without quarter."

A factory where uniforms are made for the Filipinos who wish to fight for the Japanese has been discovered at Tayabas, 20 miles from Manila. The government has been informed of the situation, but the facts have not been made public here. A report from the Philippine and Capiz districts of Pampanga, that the constabulary control the situation, and in the Samar and Leyte districts the natives are improving slowly. The other provinces are only active politically.

The crops of rice and sugar are unusually large. Floods in Cayan province have decreased the tobacco crops. The development of mining and agriculture is making progress as rapidly as the transportation facilities permit.

SILVER PURCHASES.

Washington, April 3.—The treasury department today purchased 200,000 ounces of silver at 62 1/2 cents per fine ounce, 100,000 ounces to be delivered at San Francisco and 100,000 at New Orleans.

SHOT FROM AMBUSH.

Spokane, Wash., April 3.—At Everman, 15 years old, was shot down and instantly killed last night at Look Lake, 30 miles north of Spokane, while walking along the highway in company with Mrs. May Heuser. The assassin stood behind a tree close to the couple and fired a single shot, the bullet passing through Everman's heart. The woman saw the flash of the rifle, but states she did not see the man. A homicide may be sent from Spokane to take up the trail.

POSTOFFICE REFORMS.

Washington, April 3.—One of the reforms suggested in the division of supplies of the postoffice department since that division was placed under the supervision of Postmaster-General DeGraw, is the notification to postmasters throughout the country to order supplies for the coming year. As a result of these new instructions, upward of 60,000 requisitions have been received, and there are now about 3,500 unfilled orders on hand. The department is expected, all regulations on hand will be filled, after which time all orders will be filled promptly.

ELLEN B. RYDER A SUICIDE.

New York, April 3.—After several months of suffering from a nervous malady, Mrs. Ellen Berry Ryder, wife of Cornelius Ryder, one of the wealthiest men in the Graves in the Brooklyn, hanged herself today. Mrs. Ryder was descended from one of the old Dutch families that settled early in the Flatbush section.

ANNUAL MEETING OF SIMPLIFIED SPELLERS.

New York, April 4.—Chairman Brainerd Matthews of the Simplified spelling board at its first annual meeting today submitted a report stating that at least 100,000 persons were using the form of spelling urged by the organization.

Most of the criticism against the board's activity, Prof. Matthews declared, had come from men of letters, but the support of the men of science, Prof. Matthews said, was the most important. The board's work was a powerful factor in advancing the work.

Resolutions were adopted thanking Andrew Carnegie for the board's work, and expressing the conviction that through the help thus rendered there would be a great diminution in the labor of teaching and learning, with a proportionate increase in the things taught. It was learned: a vast increase in the facility of spreading ideas, and therefore a vast increase in each individual's stock of original ideas.

Prof. Thomas Lonsdale of Yale was elected president of the board. Charles J. Scott, secretary, recommended an active effort to enlist the support of teachers and professors, and that the efforts of international cooperation be continued and steps be taken to bring about the establishment of a simplified spelling board in each of the 48 states.

The board gave a dinner tonight. Andrew Carnegie, who presided, said he felt sure spelling reform was coming. Mr. Carnegie had a letter from Ambassador Bryce and another from Commissioner of Education, Edward B. Howard, expressing success for the board in its efforts at spelling reform.

Mr. Brown's letter said: "I am delighted to see that the subject of spelling reform is beginning to be considered here, and that the efforts of England also some of our leading philologists and scholars feel its importance and are disposed to co-operate with you in endeavoring to improve methods."

Mr. Brown wrote: "I wish to offer the simplified spelling board may continue to promote this movement in wise and effective ways."

William Archer, editor of the London Tribune and representative of Great Britain on the board, and Thomas W. Higginson, were among the speakers who favored simplified spelling. Mr. Higginson said in his address: "Foreign languages multiply daily among us. A single ship from Europe brings back to the United States peoples of 25 different languages. As a result the people of our city schools, within one day into English or something called English like magic. To meet the pressure of the French and German we have already received."

STATEMENT MADE TO THE SECRETARY OF STATE OF THE STATE OF UTAH BY THE UTAH LOAN AND BUILDING ASSOCIATION

1. The amount of authorized capital \$2,000,000
2. The par value of each share sold 100
3. The number of shares sold during the year 200
