DISCHARGING SURPLUS OFFICIALS AT WASHINGTON.

SELLING THE EFFECTS OF THE INTERIOR DEPARTMENT.

AN ABSCONDING TREASURER OF MONTANA.

INDIGNANT BOOMERS, ETC, ETC.

The Situation at Washington.

WASHINGTON, 14.—There were scores of smiling faces in the Senate galleries yesterday morning when Assistant Secretary Pruden appeared with a big white envelope in his hand and announced a message from the President of the United States. The envelope contained nominations, and office-seekers hurried to the office of the Secretary of the Senate to learn the names of the lucky ones. Looks of amazement and disgust crossed their faces when it was seen that the nominations were simply promotions of army officers to fill vacancies created by the death of Inspector-General Sackett. Not a single foreign mission, or even head of a bureau or division in any of the Departments, had been changed; and to make the matter gloomier, Private Secretary Lamont announced that no other nominations would be made to-day. Late in the afternoon it was reported upon apparently good authority that on Saturday the President would nominate State Auditor Miller of West Virginia to be Commissioner of Internal Revenue. The Administration seems determined to freeze out office-seekers here as much as possible, before making its appointments, and, judging by the number who have left the city within the past three days, its efforts in this line are successful. Nominations of First Assistant Postmaster General, Commissioner of the Land Office, Commissioner of Patents, Commissioner of Indian Affairs, Commissioner of Internal Revenue and Assistant Secretary of State, besides quite a number of officers of the Customs and Internal Revenue, were expected. The delay of the President in filling these offices meets with the general approval of the leaders of the party in Washington. A more bitter temper prevails, even among active place-hunters, than existed at the beginning of the week. Politicians from the outside are beginning to understand that they must submit to the inevitable, and they are doing so with better grace than might have been expected. Those who are inclined to distrust the civil service reform professions of the President, ate now beginning to believe that he meant every word that he has uttered on this subject, and that instead of there being immediate changes in the offices, by turning out republicans and appointing democrats in their places, the first work of the administration will be to weed out of the public service the barnacles that have grown and fattened in office during the past 20 years. Civil service reform bids fair to become a popular doctrine among the democratic leaders in Washington. The action of Secretary Bayard and Attorney General Garland, in notifying the clerks in their respective departments that they need not fear removal so long as they properly attended to their duties, meets with general approval. These instructions did not mean that no removals will be made, but it does mean that useful and competent clerks in the State Department and Department of Justice will not be removed merely to make places for democrats. Postmaster General Vilas has given such assertions of his intention to live up to the letter of the tenure of office act that clerks in the Postoffice Department do not believe that he will violate the spirit of the civil service law. The Treasury employees are shaking in their boots.

Useless Officers Sacked.

Manning has not given any intimation of his desire to retain them, and it is in this department that the greatest number of changes are expected. The task of ridding the public service of an army of useless officials, begun by Mr. Cleveland in the Executive Mansion a few days ago, has been resumed by Mr. Manning in the Treasury Department, and the indications are that it will be taken up by other heads of departments, and the work of "turning the rascals out" be carried on with a degree of celerity to suit the most exacting reformer. From the office of the Secretary of the Treasury yesterday went forth the edict, that on the 1st of April off should go the official heads of 38 men now borne on the rolls of the Treasury Department as special agents and inspectors. Officials of the Treasury Department decline to give the names of the persons who have been ordered to go, but it is understood that the greatest number of them are employed in the New York Custom House. Three of them are in Philadelphia and two in Boston. The alarm created by the dismissal of one-half the force of clerks at the Executive Mansion, among the crowd of incompetent and unnecessary clerks and other employes of the Treasury Department, was increased to-day when the action of the new Secretary of Treasury became known, and the anxiety and uneasiness depicted on the countenances of all the clerks showed that each one expected that his or her head would be among the next to fall under the official ax. The only Chief of Bureau in the Treasury thus far removed is Trevitt, of the Appointment Bureau, but, with few exceptions, all other chiefs of bureaus have settled down to the conviction that they will have to go. They have all taken a more or less active part in politics, and thus come under the head of "active partisans."

In the new arrangement of the Senate committees Miller retains the chairmanship of the committee on foreign relations and his place on the committee on civil service, manufacturers, new library accommodations and steel producing works. Senator Stanford is given place on the committees on naval affairs, public buildings and grounds, District of Columbia and fisheries. Miller did a very handsome thing by Stanford in the matter of committee appointments. The junior Senator had been assigned by the caucus to places on several unimportant committees, and when Miller learned how badly his colleague had fared, he resigned the place held by him on the naval affairs committee, and caused Senator Stanford to take the vacancy.

It is probable that at the next session of Congress a bill will be passed to transfer the Pension Bureau from the Interior to the War Department. The President will recommend this change in his annual message, and democrats in the House and Senate will almost unanimously support it. Under the present condition of affairs, the Secretary of the Interior has the Indian, pension, patent and land business of the government in charge. This work is considered to be entirely too heavy for any one individual to properly supervise. In making the transfer of the Pension Bureau to the War Department, the Secretary of War will have immediate supervision of the system, and it is suggested that officers of the army, wherever practicable, shall be detailed to attend to the pension business in the different parts of the country. The records most in demand for the adjustment of pension cases are now in the War Department in the Surgeon General's office.

Representative Henley called on the President in company with Vice-President Hendricks. They had a pleasant interview with Cleveland, although no decision regarding the distribution of the patronage of the Pacific Slope was reached. Neither of the factions on the Slope appear to be satisfied as to which will control the patronage, and the whole question remains practically undecided.

While there seems no doubt, says the *Times*, that the services of the persons dropped by Secretary Manning from the fraud role can be dispensed with without injury to the public service, it is to be hoped that the administration will not fall into the familiar political habit of suddenly cutting down and retrenching, and a quiet but gradual building up on the old lines with new material.

The *Tribune* says: Secretary Manning has discovered that thirty-eight employes of his department, all engaged in duties elsewhere than at the Capitol, are not needed. At least, if they are needed, their places can be filled with democrats at son e future time. Senator Gormon's man, in the appointment office, will have a chance to select the new incumbents. There was something of the same kind of reform at Albany two years ago, when the republicans were all reformed out of office, and democrats put in their places at increased rates of pay.

Selling Out Effects of the Interior Department.

WASHINGTON, 14.—Secretary Lamar to-day directed the chief clerk and superintendent of the Interior Department to "sell at public auction all horses, carriages and equipments which are the property of the Interior Department, excepting those used for trucking purposes, the proceeds of the sale to be delivered into the Treasury; the sale to take place as soon as consistent with the interests of the public service." The result of this order will be the return to their duties of seven clerks who have been employed as drivers. A similar order has been made by Attorney-General Garland.

Assistant Secretary.

It is understood that ex-Representative Post, of Pennsylvania, will be recommended by Secretary Lamar for Assistant Secretary of the Interior.

Barrios.

The Secretary of the Navy to-day directed, by telegraph, the commanders of the *Wachusett* and *Shenandoah* of the North Atlantic squadron, now near New Orleans, to proceed at once to Central America. The commanders of the three vessels of the squadron remaining at New Orleans were directed to themselves in readiness to execute a similar order. Three vessels, the *Galena*, *Powhattan* and *Swatara*, are now in Central American watters. The entire squadron will be held subject to orders from Washington. These movements are understood to have direct reference to the endeavor of General Barrios to make himself "supreme military chief of Central America."

Lost.

In the enrollment of the naval appropriation bill the section providing for the abolition of the naval advisory board at the discretion of the Secretary of the Navy was omitted. The amendment appropriating $600,000 for the armament of the new cruisers was also omitted in enrollment, although it was agreed to by both houses of Congress. In the sundry civil appropriation bill there was an appropriation of $5,500 for telegraph poles and material for the life-saving service which was also dropped out in enrollment.

Advice to Boomers.

In view of the proclamation of the President relating to the Oklahoma country, General James B. Weaver, Congressman-elect foom Iowa, and ex-Congressman Sidney Starke of Kansas, representing the Oklahoma settlers, have sent the following telegram:

Washington, March 14.

W. T. Couch, Arkansas City, Kansas:

The President is of the opinion that further negotiations with the Creeks and Seminoles, as contemplated by Congress, is necessary to authorize the settlement of Oklahoma. His proclamation yesterday is intended to eject cattle syndicates on the one hand, and suspend, on the other, settlement of the country pending negotiations. We have earnestly urged upon the Secretary of the Interior, in view of the exigencies of the situation, to proceed at once to conclude negotiations, and to place upon the commission a representative of the settlers. We deem it best for all parties to await the contemplated action. It must be understood that the lands in the Oklahoma country and the whole Indian Territory have been illegally occupied by cattle kings, who are strongly defended here by powerful financial influences. This company has been for years, and is now, represented here by persons holding high position in the Government. These men, having access to the avenues of public opinion, and the privilege of constant communication with all departments of the Government, are persistent in their misrepresentations. They who attack here any of the great wrongs which have fastened themselves upon the Government, undertake a task of great magnitude. But we shall continue to urge, with confidence, upon President Cleveland's administration a reversal of the bad policy of former years. The only safety of the people is the plainly defined public opinion rising above all party distinctions, and demanding that the public domain shall be held sacred as a heritage for actual settlers.

(Signed): SIDNEY CLARK,
J. B. Weaver."

To be Revoked.

The President is considering the advisability of revoking the recent order of President Arthur's throwing open to settlement the Winnebago or the Crow Creek Indian reservation in Dakota. In behalf of the Indians it has been asserted that the order of the President, as thus made, was illegal, inasmuch as land incuded in the reservation was held by the Indians under provisions of the treaty of 1868, and that could not be set aside by executive order. If this assertion be substantial, settlers who have selected and occupied homesteads on reservations will be liable to ejectment.

Miss Cleveland held her regular weekly reception at the White House this afternoon. She was assisted by her sister, Mrs. Hoyt. There was a large number of calls, among whom were Mrs. James G. Blaine and her son, Walker Blaine.

Changed Hands.

It is said to-night that the *National Republican* newspaper has passed into the hands of a Western syndicate represented by E. W. Fox, of St. Louis.

Indignation of the Rebels.

ARKANSAS CITY, Ks., March 14.—The proclamation of the President was received through the newspapers at noon to-day. Great disappointment and indignation is manifested among the boomers here, who had expected action that would be favorable to their cause. A meeting was held at camp in the afternoon, and 1,000 colonists were present. Resolutions were adopted, without a dissenting voice, That, in our opinion, President Cleveland has not been made acquainted fully with the situation, which we hoped and believed would be done before he made any public utterances and we yet demand a thorough and speedy investigation and explanation as to why the settlers are ejected and rich syndicates allowed to remain; and, further, we condemn the misrepresentations of Gen. Hatch, in stating to the Secretary of War that there were no trespassers now in the Indian Territory. We demand of President Cleveland an explanation of the laws and treaties governing said Oklahoma lands, by which he claims that said lands are Indian lands, and we impatiently wait a speedy reply." The resolutions were immediately telegraphed to the President. Capt. Couch said it was to be hoped every man would remain in camp until an answer could be received. None of the boomers left town to-day, but fifty arrived. Thirteen hundred are here now.

The Treasurer [and $30,000 Absconds

HELENA, 14.—Great uneasiness prevails in the city to-night on account of the disclosure of some facts concerning certain outgoing officials. The county commissioners of Lewis and Clark have been in continuous session for two weeks, engaged principally in examining the accounts of W. K. Roberts, County Treasurer, Alex. H. Beattie, Clerk of the District Court, and Probate Judge, F. P. Sterling. John W. Eddy was appointed to examine the books and records of the Probate Judge, F. P. Sterling, and report to the Commissioners when said examination was completed. C. G. Reynolds was appointed to examine the books and records of Alex. H. Beattie and report to the same body. It is thought by many that the deficits of the three officers will aggregate many thousands of dollars.

To-morrow's *Independent* will contain the following statement of Mr. Roberts' case: "There has been a report for several days that the books of ex-Treasurer Roberts show a deficit of some $30,000. Mr. Roberts claims that there must be some mistake, and that an examination of the books by an expert will show some mistake in the entries." On March 13th, the board of county commissioners issued the following order: "Ordered, that the ex-treasurer of this county, having shown his accounts to the commissioners for settlement, and it appearing to them by said statement that such deficit exists, and that the sum of $35,712 91 is due said county over and above what has been paid into the present treasurer, it is ordered that the clerk spread this on the minutes, and that he formally notify and demand from his bondsmen the above amount.

(Signed) FRANCIS POPE,
Chairman."

This is a surprise to all, as no man stood higher than Mr. Roberts in the estimation of the people for honesty and fidelity. The *Independent* hopes the matter may still be satisfactorily explained.

Lynched.

INDEPENDENCE, Ks., 14.—Last night one hundred men stormed the jail, took Frank Bonham, a young farmer, out and hanged him to a railroad trestle. He was charged with the murder of his mother, brother and sister last month. The District Court yesterday granted a change of venue to Cherokee county, which incensed the residents of the neighborhood where Bonham lived. His guilt was not proven though all appearances were against him.

Hebrews.

BOSTON, 14.—Secretary Bayard has written a letter to Alfred a Marcus of this city in reply to one relating to the atrocities inflicted upon the Jews in Tangier by the Moors. Bayard says: "Consul Matthews has furnished this Department with a dispatch wherein he speaks of the complaints to which your letter refers, and adds that, through his intervention the Moorish minister for foreign affairs granted audience to a deputation of Israelites and promised them that their people in Demnat should have justice done, and in future their welfare be attended to."

Railroad Obligation.

BOSTON, 14.—The *Transcript* says: When, in August, 1884, the Atchison, Topeka and Santa Fe Railroad Company, jointly with the St. Louis & San Francisco, purchased the Mojave division of the Southern Pacific in California for $7,271,000, it was announced that the only direct obligation of the Atchison Railroad Company was a one-half interest upon the purchase price; or, for the Atchison Company, $218,000 a year. We think it will be a surprise to our readers to learn that when this contract was signed, and not made public, three other contracts were signed and not made public, none of which, we believe, are to the advantage of the Atchison, Topeka and Santa Fe. One of the contracts made concessions to the St. Louis & San Francisco upon traffic previously belonging to the Atchison. The second contract was for the optional operation of the present line to San Francisco, jointly with the Southern Pacific, but upon terms much more favorable to the Southern Pacific than to the Atlantic & Pacific. The third contract called for the purchase from Huntington of nearly $3,000,000 of Atlantic & Pacific securities jointly by the St. Louis & San Francisco and Atchison, Topeka & Santa Fe, and for this the Atchison has yet to pay $1,500,000 cash.

Officer Shot.

JEWELL CITY, Kas., 14.—A horse-thief named Clark was killed and Frank Harrington, town marshal, fatally shot, near here to-day. Clark had been traced to a farm house by the sheriff. The latter, with Marshal Harrington and two deputies, surrounding the building, whereupon Clark ran from the house, shooting as he ran, one bullet taking effect in Harrington's head. One of the deputies then fired and killed Clark.

FOREIGN.

ENGLAND STILL ON THE WAR PATH.

PERSECUTION BY MOORS.

ZEBEHR PASHA'S BANISHMENT TO CYPRUS.

AUSTRIA WILL TAKE A PIECE OF TURKEY.

The Afghan Frontier.

LONDON, 14.—The terms of the arrangement with Russia is denounced by the Conservatives. The Liberal press admit that the arrangement is a virtual surrender to Russia of the frontier demanded. Preparations for war, however, continue on the most extensive scale. An enormous transport fleet is collecting in the Thames at Portsmouth and Plymouth. The size of the fleet far exceeds any possible needs of the Soudan campaign. The Woolwich Arsenal workshops have been hurriedly enlarged by the erection of temporary structures, and workmen at the arsenals are on double time.

Sir Peter Lumsden, British commission on the Afghan frontier line, has again changed camp. He has fixed it at Rurabat on the Persian side of Herri road. Sir Peter's present position is in the rear of the Russian advance outposts. As Russia claims these outposts are inside the boundary line claimed by Russia, Sir Peter's position is made the subject of official representation to the British government. Baron D. Stael, the Czar's ambassador to England, has asked the British government to order Lumsden's camp moved within undisputed Afghan territory. The request was refused, and Sir Peter instructed to keep his present position and maintain communication with the Afghans at Robat Pass.

On the recommendation of the Viceroy of India large grants have been accorded from the Indian treasury to Abduarahman, Ameer of Afghanistan, for the purpose of completing the repair of forts in his territory, and particularly those at Herat. These works of repair will be done under the supervision of English Engineers, and the additional guns needed by the fortifications of Afghanistan are to be supplied from Woolwich.

Sent to Cyprus.

ALEXANDRIA, 14.—Zebehr Pasha will be interned on the island of Cyprus. Zebehr has been under surveillance which practically made him a prisoner, for the past two years. His wealth, mainly acquired in the slave trade, was confiscated and he was allowed a quarterly stipend on condition he should not leave Alexandria without the consent of the Khedive. Gen. Gordon pleaded that Zebehr should be restored to power in Soudan, and said that the ex-slave King was the only man who had enough nerve and prestige to keep the Arabs in subjection. Gen. Gordon had encountered Zebehr during his former service in Egypt, and had hanged one of Zebehr's sons who had been left a hostage and whose life became forfeited by an act of treachery on Zebehr's part. When Gordon was sent to Khartoum last year, both he and Zebehr Pasha seemed to have agreed to ignore the past. It was another of Zebehr's sons who escorted Gen. Gordon across the desert from Korosco to Abu Hamed. Without this escort it is certain that Gen. Gordon would never have got to Khartoum. It has now been discovered by the British government that Zebehr has been in continual correspondence with El Mahdi, both before and since the capture of Khartoum and the killing of Gen. Gordon. Several other persons are about to be arrested, including some prominent notables.

Wants to Annex Bosnia.

VIENNA, 14.—The Austrian government has sounded the powers signatory to the Berlin treaty on the annexation of Bosnia by Austria and the abolition of the nominal suzerainty at present held by the Porte. It is given out that Bismarck supports Austria.

BRIEF TELEGRAMS.

Charles Crocker, president of the Southern Pacific, left San Francisco yesterday for New York.

Sixteen ocean steamers left New York yesterday, 14 in the same hour; 11 for foreign ports.

The Secretary of the Treasury has discharged five inspectors of the Custom House in New York, owing to funds running short.

Mrs. Dudley, who is still in the Tombs for shooting O'Donovan Rossa, says she is anxious to get out, that she may go to Soudan as nurse.

As soon as Bismarck is satisfied that a pacific settlement of the difficulty between Russia and England is assured, he will follow the advice of his physician and take a trip to Italy.

The Territorial Legislature of Arizona adjourned Friday *sine die*. The session is generally regarded as the most inharmonious and the most unfruitful in the history of the Territory.

A mortgage was recorded in New York yesterday, given by Mrs. Henry Gilsey to ex-President Arthur on property on Broadway. The instrument was executed Wednesday to secure an advance of $20,000 to be paid in a year.

Seventy-four Chinese arrived at San Francisco in the steamer "City of New York," from Hongkong, in transit for British Columbia. The Chinese restriction act just passed by that province, in defiance of the Dominion laws, prevents them going there, and they cannot land at San Francisco. Neither the Chinese consul nor the steamship company know what to do with them.

An immense mass meeting was held at Tucson to express indignation against the work of the Arizona Territorial Legislature, which, in a sixty days' session, has voted away over one million dollars in subsidies. The meeting appointed a committee to devise means to have Congress institute proceedings in court to stop the payment of the amounts corruptly appropriated.

An important decision was rendered to-day by Judge Call, in the U. S. Circuit Court, in the suits against the stockholders of the defunct Pacific National bank. Judge Colt decides that the stockholders must pay the second assessment of 100 per cent on their stock levied by Comptroller Knox, some time since. The net loss to stockholders of the bank by the decision is $2,000,000.

The action of the Mexican government in condemning Gen. Barrios' pretensions, is warmly commended by the newspapers of Mexico, almost all of them recommending, if it should be necessary to put Barrios down, a Mexican army be sent to aid San Salvador and Nicaragua.

Complaints of the Chilian Government against Netto, president of the international arbitration court on the Peruvian war claims, have been admitted as well founded, and the Brazilian Emperor has deposed Netto. His decisions altogether assess Chili for $29,000,000 damages in favor of Peru.

The London *Times* states that during the past two days war rates have been paid on British vessels *en route* from San Francisco and other distant points, and on those *en route* from the Baltic Sea and Black Sea points.

At San Francisco, Amos McCartney, a large land owner and capitalists, was arrested for felony. McCartney is accused of having influenced ex-Tax Collector Grady to mutilate four recorded certificates of land sales, so as to avoid payment of the required legal expenses. McCartney asserts that the case is one of blackmail.

Bring on Your Objections!

Can't do it. No intelligent person who has tried Brown's Iron Bitters has any objections to present against this prince of tonics. Mr. Clauson, the well-known druggist, of First and Chippewa street, New Orleans, says: "I find my sales increasing daily. Have not heard as yet a single objection. Brown,s Iron Bitters is a valuable acquisition to druggists." The weak, the dyspeptic, the rheumatic, and the sufferers from languid livers, find in this medicine all they need.

CATARRH HAY FEVER
Is a type of catarrh having peculiar symptoms. It is attended by an inflamed condition of the lining membrane of the nostrils, tear-ducts and throat, affecting the lungs. An acrid mucus is secreted, the discharge is accompanied with a burning sensation. There are severe spasms of sneezing, frequent attacks of headache, water and inflamed eyes.

Cream Balm is a remedy founded on a correct diagnosis of this disease and can be depended upon. 50 cts. at druggists; 60 cts. by mail. Sample bottle by mail 10 cts.
ELY BROS., Druggists, Owego, N. Y.

A WONDERFUL REMEDY.
The value of Ayer's Cherry Pectoral, in the protection it affords from the dangers of pulmonary disorders, cannot be overestimated. Mr. C. K. Phillips, Pittsburg, Pa., writes: "About three years ago I had severe Laryngitis, which resulted in chronic hoarseness. By the use of Ayer's Cherry Pectoral I have since entirely regained my health." Mr. Henry Russell, Excelsior Printing Co., New York, writes: "Influenza became epidemic in my neighborhood. Several members of my family suffered severely with it, all of whom took Ayer's Cherry Pectoral, and were cured by it in a few days. It is a wonderful medicine for Influenza. Too much cannot be said in its favor."
F. M. Sargent, 41 Andover st., Lowell, Mass., says: "I commenced using Ayer's Cherry Pectoral about the year 1842, as a family medicine, for Coughs and Colds, and have always kept it in my house since that time. I consider it the best remedy that can be had for these complaints." Dr. J. B. Robertson, Clayton, N. C., writes: "I have used Ayer's Cherry Pectoral, in my family and practice, for a number of years, and have no hesitation in recommending it. It is an admirable preparation, and well-qualified to do all that is claimed for it." E. J. Styers, Germanton, N. C., writes: "Ayer's Cherry Pectoral is the best Cough preparation I ever saw. It gives instant relief."
Ayer's Cherry Pectoral
has cured a Cough in a few doses. It always relieves irritation of the lungs or throat, and arrests the tendency to inflammation. It strikes at the foundation of all Pulmonary diseases, is without a rival as an expectorant, and is a sure cure for the most obstinate Coughs and Colds. L. Garrett, Texana, Texas, writes: "I have used Ayer's Cherry Pectoral in my family for twenty years. For throat and lung diseases, I consider it a wonderful remedy."
