The program is identical with those of similar conventions held throughout the state, the papers pretty well covering the entire scope of Sunwell covering the entire scope of Sun-day school work, were very creditable and cannot fall in raising the standard of Sunday school work in this part of Zion. The attendance from the various stakes was very large, the total reach-ing about 1.300. The rooms at the Brigham Young College were found loadequate the accommodate the de-Brigham Young College were found inadequate to accommodate the de-partment classes and the larger de-partments were transferred to the tab-ernacle and the Thatcher Opera House. The sessions throughout were ex-

tremely interesting and the spirit and interest manifest gave evidence that the workers will take back with them to their homes and schools pointers that will be of lasting benefit Several mem-bers of the Sunday school board were present and Eller J. W. Summerhays presided at the convention meeting. One feature of the convention withe presence of the Indian delegat WAS

delegatos from Washakie, there were three of them and they took just as much inter-est in the papers and discussions as any other delegates and will no doubt receive a corresponding benefit.
