AMERICAN.

Washington, 27.—The treasury
receives to-day amounts to \$142,000-
786.

Owing to the failure of Chicago
business to arrive this morning, the
Hill investigation committee at-
tended on Monday without transac-
ting any business.

The war department is informed
that the body of the late General
Ord has been embalmed and will
remain in Cuba until home, when it
will be brought here.

Secretary Folger has directed that
the hospital large Selden and the
British steamer Andean, now an-
chored at Willoughby Cove and
Frisbie Light, Hampton Roads, be
specially removed to Linn Haven
Bay, which is just inside
Cape Henry. This action is taken
at the request of the authorities at
Norfolk, Portsmouth, Fort Monroe
and Ocean View, who represent
that the present stations endan-
gered the health of the fleet.

Surgeon General Hamilton, of the
Marine Hospital, has notified the
health authorities of New York,
Philadelphia, New Haven, Prov-
idence and Boston, that several ves-
sels from Europe laden with rats
purchased in Egypt after the cholera
appeared, are on route to New York
and New England.

The treasury department received
a remittance from the British
authorities against the return to
England of their alleged pauper
emigrants who were going to friends
in this country who had promised to
take care of them, and which em-
igrants had shown letters to that effect
on their arrival in the United
States. The matter is being in-
quired into.

The Commissioner of Internal
Revenue has written a letter to Sec-
retary Folger in regard to the opera-
tions of his office, in which he says:
"I have the honor to report that
the offices of all collectors of internal
revenue, 128 in number, were
carefully examined before they were
closed with the last fiscal year end-
ing June 30th, 1883, and the entire
collections of internal revenue for
that year amounting to \$144,000,000,
have not only been accounted for,
but paid into the treasury of the
United States. My predecessor,
Hon. Green B. Raum, in his re-
port to you dated July 26th, 1882, made
a statement which it may not be im-
proper to repeat. He said: 'It is
further my pleasant duty to report
that during the past fiscal year
some \$748,531,071 have been
collected from internal revenue
taxation and paid into the treas-
ury without defalcation.' The
expense of collection the last fiscal
year, including the expense of this
office, will be found in the final ac-
counted to not exceed \$5,108,000,
or less than 3 1/2 per cent on the amount
collected. The expense of the col-
lection for six years have been about
\$27,050,000 or 5.6 per cent on the
amount collected. This sum has
been disbursed without loss to the
Government. Notwithstanding the
material change made by Congress,
March 3rd, 1882, yet so large was
the increase of taxes received on
distilled spirits that for the year end-
ing June 30, 1883, there were collect-
ed \$144,000,000 from internal revenue
taxation and paid into the treas-
ury of the United States. It gives me
pleasure to state that the reports of
collectors and internal revenue agents
indicate not only a very satis-
factory condition of the service of the
revenue, but also that no combina-
tions exist to defraud the
Government of the internal revenue,
and it is believed any important
efforts are making for the illicit man-
ufacture of whiskey, tobacco and
cigars. Much praise is justly due
the officers in the service for the zeal
and efficiency with which their very
important duties are discharged.

The executive order of June 25th,
1883, dissolving the consolidated
Revenue Districts is being executed
as rapidly as the great labor of doing
so will permit. It is to be hoped in
a few days, or weeks at most, the
order will be made to take effect in
many districts affected by it. In
some instances matters will be nec-
essarily delayed by difficulties in-
cidental to the execution of the new
orders required of each collector de-
signated for the district as newly con-
stituted.

Your attention is respectfully
called to a statement showing the
receipts from various sources of in-
ternal revenue during the past fiscal
year, showing the increase or de-
crease as compared with the col-
lections for the year 1881. The total
receipts as previously given show a
decrease of \$990,970 as compared
with the receipts of 1881. The re-
ceipts of the present year from spirits,
\$1,818,778, being an increase of
\$1,485,841. Total receipts from green
tea, being \$1,100,000, being a de-
crease of \$25,734. Total receipts from
fermented liquors, \$18,900,015; in-
crease, \$746,685. Total receipts from
sugar, \$1,138,400; decrease, \$2,318,450.
Total miscellaneous receipts, \$7-
430,731; decrease, \$419,768.

There was an increase of \$106,703
on cereals, and a decrease of \$610-
065 on bank checks, friction matches
and patent medicines.

The fifth Illinois (Peoria) district
collected during the year \$18,000,000;
the first Illinois, \$9,119,161; first
Ohio, \$10,577,528; fifth Kentucky,
\$7,650,781; first California, \$3,975-
820. The amount of collections in
the State of Illinois being the largest
with \$25,977,572. New York returned
\$17,939,197; Ohio, \$15,704,049;
Pennsylvania, \$9,703,679; California,
\$9,005,372.

The following is the estimated an-
nual reduction of the Internal Re-
venue taxation under the act of
March 3d, 1883, on the basis of the
receipts for the past fiscal year. Es-
timated annual reduction tax on
capital and deposits of banks and
bankers, national, \$5,240,179; on
savings banks and savings societies,
\$12,007,199; on cigars, \$9,152,000;
cigars, \$694,000. Special taxes,
peddlers of tobacco and snuff, manu-
facturers of and dealers in tobacco,
\$1,138,400; bank checks, \$2,318,450;
matches, \$2,272,000; patent medi-
cines and perfumery, \$1,900,000; on
capital and deposits of national
banks, \$5,975,700. Total annual re-
duction of internal taxation, \$42-
837,000.

Col. O. M. Fox, of the corps of
engineers, at present on duty at the
War Department as aid-de-camp to
General Sherman, was to-day or-
dered to succeed the late Maj. Francis
U. Farquharson in charge of the
harbor improvements at Detroit.

THE POSTMASTER GENERAL.

WASHINGTON, 27.—The Postmaster General has issued the following order: "As a mark of respect to the late Hon. Montgomery Blair, ex-Postmaster General, the Postoffice Department building be draped in mourning for a period of 30 days from the date that the flag on the building be placed at half mast until after the burial of the ex-Postmaster General, and that the Department be closed on Monday, July 30th, the day of his funeral."

A general order was issued from the headquarters of the army to-day announcing the death of Gen. Ord, concluding as follows: "Distinguish-
ing among his country's de-
fenders, Gen. Ord was a soldier of
National repute. Through his long
military service reaching toward
half a century, his career has been
marked by devoted intelligence in
the discharge of duty, by personal
gallantry, by the honor of his
position, by firmness, which was not
weakened by his great kind heart.
His instincts since boyhood ex-
press general testimony of him that
a more unselfish, manly and
patriotic person never lived."

Preston, acting Director of the
Mint, has directed that no melting
charge be imposed on trade dollars
deposited in the Mints on account of
sales of silver at the Mints.

The Telegraphers' War.
New York, 27.—At the B. & O.
office in this city it was said no in-
formation of any change of the policy
which had been pursued since the
strike had been given by any officers
of the company.

The situation at the Western
Union office is reported to be steady-
ly improving, and when the men
begin to work again, it is expected
that the company will be in a more
important position than ever.

Way business was also about clear. Four
city offices were closed to-day, mak-
ing 45 in all in operation. There
are no indications on the part of
the company to yield in the matter
of the strike.

Plans are rapidly being pushed
forward for the organization of the
new Co-operative Telegraph Com-
pany, contemplated by the Brother-
hood.

At the office of the American
Rapid Company to-day, it was said
a large amount of business is being
done.

At the headquarters of the strik-
ing operators to-day, it was said
the Brotherhood and the Baltimore
and Ohio Telegraph Company at Bal-
timore would be concluded to-day.

At a large meeting of the Producers
Exchange to-day, the members of
the Brotherhood and the Baltimore
