COUNTY SCHOOL CONSOLIDATION

At a session of the county commis-sioners this week the matter of con-

solidating the entire school district in Sampete county was considered upon recommendations of the county super-

intendent of schools. The matter was tabled until the next regular meeting. Many letters were read from the dif-

ferent districts in the county, a ma-jority of which seemed to favor con-

solidation. It is possible, however, that

the matter is not thoroughly under-stood by all the trustees and people of

the county, and more than likely some campaigning will have to be done to get

the facts before the citizens.
