EXPOSING "MORMONISM."

THE New York Herald has returned to the "Mormon" question. That is, a portion of its editorial space is again devoted to the lucubrations of some scribe who imagines that he has discovered a method of check-THE New York Herald has returned ing the spread of "Mormonism." wreckers, mobo This time he has read in a Western hired soldiery. paper a burlesque account of a company of "Mormon" Immigrants, and taking it for the serious truth, he mon" affairs has an editorial headed, proceeds to enlarge upon the "prosibilities" to the country of this influx of "disturbing elements." He

"A Western journal that describes a party, nearly a thousand strong, York daily; that is, continue to print as editorials their erratic efthat recently went to Utah, says of them, that there was no appearance of intelligence among the men, and that the women seemed equally stupid. Such stuff is just the thing for the making of families, and it is doubtful whether the Mormons want colonists of any better quality,

want colonists of any better quality, for intelligence of any sort is a sleep-less enemy to Mormonism. * * A gang like that described by our Western cotemporary want only to be fed and clothed; whatever it be-lieves of religion, virtue and govern-ment is what it is told. The men of such a party can be descended upon such a party can be depended upon to turn out as soldiers, railroad wreckers, mobs or slaughterers of apostles whenever they are told to do so, for they come from those por-tions of Europe which have longest resisted the influence of modern civilizet the influence of modern civilization and which once supplied the men who were equal to any vio-lence that their rulers commanded This sorenees, of course, causes cir-dulation, and doubtless has some ef-

them to do." Is it not a little strange that a New York newspaper man should resort to the columns of a Western Barnes says the flow of pus was ex-intended for wit, at the expense of the "Mormon" emigrants, and the scribe at the sea-port where they landed takes it all for earnest truth. If he had only made inquiries of condition to-morrow. Gen. Swain those who knew the facts and said to-night, the President was by those who knew the facts and figures of immigrant arrivals at the port of New York, he would have learned that the "Mormon" emi-grants are much above the average in appearance, intelligence, order, sobriety and those general traits of character which are necessary to make up of good citizens. And if he had hunted np the back files of the *Herald*, in which he has found place for his those who knew the facts and

citizens. And if he had hunted np the back files of the *Herald*, in which he has found place for his nonsense, he would discover many testimonies to this effect. He not only mistakes the charac-ter of "Mormon" emigrants but the inducements which lead to their emigration, and therefore tumbles
