### LOCAL NEWS.

FROM TUESDAY'S DAILY, JUNE 8

**A Ripe Age.**—To-day Mother Emory Neslen celebrated her 78th birthday, and received the congratulations of her children. Her husband, Father Samuel Neslen, is six months her senior. We wish the venerable couple continued life and prosperity.

**The Inquest.**—Coroner Geo. J. Taylor held an inquest last evening over the body of Charles Mulhall. The jurors were Herbert Pembroke, T. J. Angell and Oscar Hardy, and after hearing the evidence they returned a verdict in accordance with the facts already published.

Thomas Barber, who committed the deed which caused Mr. Mulhall's death, was bound over to await the action of the grand jury, and was brought to the county jail last evening, for safe-keeping.

**An Able Artist.**—This morning we were shown a life-sized bust portrait in crayon of the late Elder Francis Platt, of the 13th Ward. The picture is from the artistic hand of Prof. Fernando Lara, a native of Mexico, connected with the Brigham Young Academy at Provo. The likeness is excellent, the artist having retained the natural expression with great fidelity. The family and friends of the deceased are greatly pleased with it. Several young men of Utah who have developed into fair hands at portrait producing received their only lessons in drawing from Prof. Lara, who is worthy of patronage.

**From the South.**—Mr. A. M. Buchanan, who has been traveling through the southern part of the Territory in the interests of the *Juvenile Instructor*, returned a few days ago, having been very successful in his trip. The excellent young people's magazine for which he has been canvassing, now has a larger circulation among the people than at any previous time, and the number of subscribers is steadily increasing.

Brother Buchanan visited the counties of Sanpete, Sevier, Beaver, Iron and Washington, and reports the inhabitants as being in a prosperous condition generally. He thinks the Sanpete County settlements take the lead in having good meeting houses, though there are some excellent buildings in the other places visited by him.

**Searching West Jordan.**—The settlement of West Jordan, southwest of the city, appears to have some attractions for deputy marshals at present, another visit having been paid to that place this morning. About 4:30 a. m. a number of deputies called at the house of Mr. Olaus Johnson, on the State Road, and inquired for that gentleman, but finding that he was not at home the members of the family were subpoenaed to appear before the grand jury on the 2nd of August. A number of other places were also visited, but up to the time of going to press we had not learned of any arrests having been made.

Among the witnesses required to be present at the grand jury session on August 2nd were members of the families of Bishop A. Gardner, and Messrs. Turner and Bennett.

**Burned to Death.**—The *Southern Utahian* of June 4th contains the following account of a shocking accident that occurred at Beaver:

"Last Monday afternoon, at the residence of Mr. D. L. McDonough, of this city, some children were playing in the lot under the trees. They had built a kind of playhouse in which they were amusing themselves. By some means they had obtained some matches and a bottle of turpentine, the latter having been used during the day in cleaning furniture in the house. Among the group of children was little Frankie McDonough, a bright little fellow of about three summers. He was watching the proceedings when by some mishap his clothes caught fire. The children seeing this seized the bottle containing the turpentine, and thinking it was water, poured it over the little child's burning clothes. In fright the little boy ran screaming towards the house. His mother rushed out, discovered his situation and in a moment stripped his clothing off. He was horribly burned about the body down to the knees, his right side more especially. Medical aid was hurriedly summoned and the child made as comfortable as kindly hands could do. From the time he was laid upon the bed until he breathed his last the little fellow seemed to bear his pain with heroic fortitude, scarcely more than an occasional sigh escaped him. He lived about 5 or 6 hours after the terrible occurrence."

**Supreme Court.**—In the Territorial Supreme Court yesterday afternoon the following business was transacted: Wilson vs. Ferguson, Mr. Hall moves for appellant to dismiss appeal. Mr. Gilchrist makes objection and is given time to submit papers in relation thereto. W. H. Yearian vs. A. Speirs. Mr. Young moves for a re-hearing and new trial. Submitted and taken under advisement. Frank Pierce applies for admission to the bar through C. S. Varian, Esq., Messrs. Varian, Rawlins and Hoge were appointed a committee to examine applicant in open court on Saturday next, at 10 a. m. Rasmus Strate, of Spring City, was admitted to citizenship. The setting of cases to be heard during the term was made. This morning Mr. Dickson announced the result before the U. S. Supreme Court in three cases of the U. S. vs. Lorenzo Snow and the suit of Salt Lake City vs. O. J. Hollister, and asked for a remittitur to the court below. Granted. The case of the People vs. Edward Olsen, convicted of murder in the second degree, for the killing of Joseph Hasselgrove, at Titlic, was taken up and argued on appeal from the First District Court, on motion for a new trial. The suit of Thomas Hepworth et al. vs. Duncan Gardner, on appeal from the Third District Court, was argued. The following cases are set for hearing at this term, on the dates named:

**JUNE 9TH.**  
People vs. J. C. Morton and C. M. Carson, First District.  
Wm. Burrows vs. E. F. M. Guest, Third District.  
John Cunningham et al. vs. John Scott, Third District.  
Harry Haines vs. Bolivar Roberts et al., Third District.

**JUNE 10TH.**

**JUNE 15TH.**  
Giovanni Cereghino vs. T. Elaberg, Third District.  
Rose Griffith vs. F. D. Clift, Third District.

**JUNE 16TH.**  
Jas. Trihay vs. Brooklyn Lead Mining Co., Third District.

The Bullion-Eureka suit was originally set for the 17th, but owing to Mr. Brown's having to go to Challis, Idaho, on the 20th, and the probability that the arguments in the case would take at least a week, it was forwarded to the 14th.

**BRIGHAM CITY RAIDED.**

A CITIZEN ARRESTED WITHOUT PAPERS.

BRIGHAM CITY, June 8, 1886.

Editor *Deseret News*:  
Four deputy marshals raided our City this morning and captured James

May, in their search for other parties. May was held on suspicion and taken to Ogden without papers.

**FROM WEDNESDAY'S DAILY, JUNE 9**

**Seriously Ill.**—The hosts of friends of Sister Zina Young will regret to learn that she was, on Sunday night or early Monday morning, seized with a severe attack of illness. Shortly after she was first taken, her case was considered critical. She appears now to be slowly improving.

**Emigrants Arrived.**—The emigrants arrived safely at the D. & R. G. W. station last evening, in charge of Elder M. L. Pratt. The trip from Liverpool to this city was very pleasant throughout the weather being fine all the way. Nothing unusual occurred on the way, and the Saints are feeling well in health and spirits. There were five cases of whooping cough among the children, none very severe, and all are progressing favorably at present.

**Genealogical.**—If there are any natives of Scotland in this part of the world who wish someone to hunt for genealogical information for them, at the Register Office, in Edinburgh, they can be accommodated at a reasonable figure. The fee charged by the institution for the privilege of searching is £1, the value of which is a little over \$5. In addition to this amount, would be a fair remuneration to the person engaged to make the search. Brother Robert W. Sloan is now laboring in Edinburgh and vicinity, and will perform that kind of work for any one who desires to engage his services. His address is 34 Timber Bush, Leith, Scotland.

**A "Resorter" Acquitted.**—Yesterday afternoon the trial of Joe Miller for resorting to a house of ill-fame was commenced in the police court and was concluded to day. Miller was locked in a room of the house at the time the place was raided, and the evidence showed a clear case against him. Notwithstanding this, to the surprise and disgust of nearly every one, the jury returned a verdict of "not guilty."

The following are the jurors who tried the case:  
T. C. Patten, E. J. Liddell, Richard Rush, A. Gebhardt, A. Speirs, Jr., Harrison Speirs, J. W. West, George Lucas, Thomas Partington, James H. Poulton, S. M. Barlow.

**Being Found Out.**—Before us is a letter from Elder Joseph S. H. Bodell, who in company with Elder Samuel Francis, Jr., is laboring as a missionary in the South (England) Conference. That locality has been a favorite field for the operations of the notorious William Jarman, known in the city as an alleged thief and wife-beater. His former supporters in his anti-"Mormon" antics are, according to the letter referred to, beginning to discover his "true inwardness," and are souring on him as an unmitigated fraud who has played upon their prejudices and credulity in order to dive into their pockets and appropriate the contents. The Elders were laboring diligently, but the field where they were operating is not one of great promise.

**A Correction.**—Niels Anderson, while on his way with eleven others, from Southern Idaho to the Detroit House of Correction, to serve term of sentence for unlawful cohabitation, dropped a note at Chicago, from which the following is extracted:

"I desire to correct the Salt Lake Tribune in regard to my action in court, as stated by that paper regarding remarks between myself and the court. It said: 'Niels Graham wanted to give a revelation to the court, which the court refused, and deservedly rebuked the faith.' The fact is, I asked the privilege, before sentence, to vindicate the Priesthood against an assertion made by the court, to the effect that men dare not do anything but what was advised by the Church authorities. I offered to prove that every faithful man was actuated for himself by the spirit of revelation, to which the Judge objected by saying the court had no time to hear it, although I only asked five minutes' indulgence. The court was very severe in its remarks to the brethren before sentence."

**From Fillmore.**—We had a call this morning from Mr. G. Huntsman, of Fillmore, who came to the city on business. He reports the health of the people in his vicinity as excellent at the present time. Money is scarce, and the financial depression felt severely in Millard County. The field crops are very backward this season, and the ranges are drying up for want of rain. The fruit crop promises to be very good. Rabbits have proven a great pest in that district, and the people have turned out and killed many thousands. The most successful method tried there of destroying the rodents, is to mix a little chrome green with boiled wheat and sprinkle a few grains on the trails outside of the fields. This has been

found to kill not only rabbits, but gophers, squirrels and fieldmice, which do so much damage to the crops.

Quite a number of cattle have recently died from poisoning between Fillmore and Cedar Springs. It is supposed that the cause has been the eating of a poisonous weed that grows in large quantities there.

**The Work in Virginia.**—Elder Josiah Burrows, who is at present on a mission to the Southern States, writes to a friend in this city concerning his success in the field where he is laboring—the State of Virginia. He gives the following account of an incident that occurred at Nortonville, Greene County:

"On Saturday, May 22, while on my way for the mail, I was surrounded by an armed mob of twelve or fifteen men, who marched me back about three miles, and there guarded me while a party of five or six went after Elder Hales. I protested against this kind of treatment, reasoned with them for a long time, and asked time to confer with Pres. Harper of the Virginia Conference, but they were deaf to all my entreaties and were determined we should go from the County. Upon Elder Hales being brought, we held a consultation and asked the privilege of allowing Elder H. to remain while I went to see President Harper to get advice in the matter. This was refused, and seeing they were determined and ourselves powerless we resolved to go and prevent further trouble. The mob had now increased to twenty men, and we were marched by them a distance of five miles across the line of Greene County, and turned adrift. Upon finding President Hales he returned with me and we are here again awaiting further developments."

**Another Arrest.**—About 7 o'clock this morning several deputies went to the house of Mr. William Felstead, on the First Ward bench, and arrested that gentleman on a charge of unlawful cohabitation with his wives. The complaint, which is sworn to by Marshal Ireland, alleges that the offense was committed from July 1, 1883, to June 1, 1886, with Anna E. Almgren Felstead and Anna Christine Peterson Felstead. The accused, who is in his seventy-third year, was brought before Commissioner McKay at 10 a. m., and admitted the facts set forth, stating at the same time that he would prefer to go before the grand jury when it met and furnish the testimony himself, rather than have his family subjected to any annoyance. His bonds were fixed at \$1,000 and that of the witnesses at \$200 each.

Later in the day a warrant was served on Mr. Felstead on a charge of polygamy, alleged to have been committed Oct. 2, 1883, by marrying Anna Christine Peterson, while he had a legal wife living. The defendant pleaded guilty to this charge, and bail was fixed at \$1,500.

The Commissioner asked the defendant whether he considered himself in good standing, and being answered in the affirmative inquired further if he believed the revelation on plural marriage to be of God. Mr. Felstead said he did, whereupon the Commissioner remarked, "If you have got so low as that, you're a gonorr."

Anna Christine Peterson was released on her own recognizance, it being understood that it was on her information the case was commenced. Mrs. Anna E. A. Felstead was kept in custody until a late hour this afternoon, without finding bondsmen, notwithstanding the fact that she had left two small children at home, one but a few months old. Sureties were finally obtained and she was released. The defendant, up to the time of our going to press, was still unable to get bail.

**Registration.**—All persons qualified to register should attend to it this week, at the various places appointed by the deputy registrars for that purpose. No further opportunity will be given this year. It would be a good thing if the precinct registrars would give notice of the time and place to find them during the remainder of the week.

**Wants Work in a Mill.**—To-day we received a call from Brother Silvester H. Vowles, who arrived from the "Old Country" last Tuesday. He has been accustomed to working in a flour mill, and is well acquainted with the working of mill machinery. He is also familiar with the process of chopping, and invented a new dress for that class of work. He is in want of employment. Any person who can give him work can communicate with him through this office.

**Searching for Theo. McKean.**—At six o'clock this morning the house of Mr. Theodore McKean, on the west side of Jordan River and just north of the White Bridge, was surrounded by deputies, who subpoenaed all present to appear at once as witnesses before Commissioner McKay. Mr. McKean did not happen to be home at the time the call was made, so the warrant of arrest was not made. At the same

hour as the visit to McKean's, Mr. Emery's house in the 16th Ward was also called at, and several witnesses subpoenaed in the same case.

The witnesses were all taken to the Commissioner's office, and, there being no defendant present, notified to appear before the grand jury, on August 3rd.

**Supreme Court.**—Linford Watts was admitted to citizenship in the Territorial Supreme Court yesterday.

Chauncey Bacon, respondent vs. B. G. Raybould, appellant; application for a rehearing denied.

The People ex rel. Yearian vs. Adam Spiers, justice; on application therefor, heretofore submitted, it is ordered, that a hearing on motion for a new trial of this cause be and is hereby allowed.

The People vs. J. C. Morton et al.; argued by A. R. Heywood and W. H. Dickson. Submitted and taken under advisement.

Mr. Cunningham et al., appellants vs. J. S. Scott et al., respondents; argued by Mr. Hoffman for appellants and Mr. Royle for respondents. Submitted and taken under advisement.

Harry Haines appellant vs. Bolivar Roberts et al., respondents, argued by Mr. Hoffman for appellant and Mr. Williams for respondents. Submitted and taken under advisement.

To-day the suit of Thomas Fenton vs. Salt Lake County, on appeal from the Third District Court, was argued and submitted, and court adjourned until to-morrow at 10 a. m.

To-morrow is the date set for hearing the following cases: U. S. vs. Wm. Bromley, First District; The People vs. David Miller, First District; Spanish Fork City vs. Wm. M. Thomas, First District; B. B. Bitner vs. U. C. Ry. Co., Third District; J. S. vs. N. H. Groesbeck, First District.

**LIVER REGULATOR**

For all Diseases of the Liver, Kidneys, Stomach and Spleen

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys, corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate the system, but is not intoxicating. It will lead to intemperance, will promote digestion, stimulate headache, and generally tone up the system. The dose is small, and is pleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

It taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.

**A PHYSICIAN'S OPINION.**  
I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons' Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system.
