Benediction by President George A. Smith.

The Conference throughout has been characterized by the rich outpourings of the Spirit of God. The instructions have been of a nature to make all true-hearted Saints rejoice, and none who attended could fail to see that the power of Israel is on the increase.

LOCAL AND OTHER MATTERS.

FROM FRIDAY'S DAILY

Not So.—An *Alta* correspondent, writing from this city, says:

"The Mormons are about a fourth rate people, very little advanced by culture. They have had for twenty years the best market in the world, and ought to have become very rich. They are a poor looking people, kind-hearted, stupid, slow, ignorant and coarse."

This correspondent is doubtless largely endowed with the faculty of self-conceit and, in his own estimation, is probably the acme of perfection, and consequently looks down from an imaginary pinnacle of excellence upon an honest, thrifty and industrious people. If the people here are "poor looking" because the great majority of them choose to gain an honest livelihood by honestly working for it, and because they do not believe in what is commonly called "putting on style," then it is to be hoped they will remain "poor looking." There are probably not so many "refined bummers" here as elsewhere. As to the charge of stupidity, slowness and ignorance the numerous evidences of the opposite qualities being possessed by the "Mormons," that exist here, is sufficient refutation. In saying that Utah has been the best market in the world for twenty years, only betrays the ignorance of this correspondent. "Can any good thing come out of Nazareth," is a saying that applies to a large class, as to the views entertained of the "Mormons" by those who compose it.

BAGGAGE LOST.—Mrs Mary John, who came from Wales in the company of emigrants that reached here on last Saturday evening, stopped at Ogden while the remainder of the company came on to the city. A portion of her baggage came on to the city with the company and in returning it to her at Ogden a mistake was made in sending her a bed that did not belong to her. The package which belonged to her contained a feather bed, bolster, pillow, one blanket and two quilts. The package she received contained a flock bed only. Any information concerning this package will be gratefully received by the owner, through Elder Levi W. Richards, at the residence of Dr. Levi Richards, 14th Ward.

APPLICATION FOR NATURALIZATION REFUSED. STRANGE PROCEEDING.—The following statement of a conversation which took place yesterday morning, between Chief Justice McKean and an applicant for the rights of naturalization, in the District Court of the Third Judicial District, is reported to us by Mr. William Horsley, the alien in question. Mr. Horsley came to the city from his place of residence and appeared in Court yesterday morning, having filed a notice of his intention to make application for naturalization a week previously.

Judge McKean asked Mr. Horsley and his witnesses whether the applicant has or ever had more than one wife. This was answered in the negative.

Judge McKean to Mr. H: Do you believe it would be right and lawful for you ever to have more than one wife?

Mr. Horsley replied that he declined to answer that question.

Judge McKean then asked him: Are you the judge in this matter?

Mr. Horsley replied: I am so far as that question is concerned.

Judge McKean: Then I refuse to naturalize you!

ERRATUM.—In the notice, in yesterday's conference minutes, of the authorities on the stand, under the heading: "Of the Presidency of the High Priests' Quorum," instead of E. D. Wooley and S. W. Richards it should have read Elias Smith.

FROM SATURDAY'S DAILY.

THE PRESS AND THE COURT.—Yesterday afternoon the editors of the Salt Lake

Herald, "trinity and unity," were arrested by the U. S. Marshal and taken before his Honor Chief Justice McKean and the Grand Jury, on an indictment for libel against Associate Justice C. M. Hawley. They were each placed under their own recognizances for \$500 to answer at their trial, and were then liberated. As there is nothing very serious in this matter at present, and the whole affair appears so farcical, we shall defer any comments until the real play comes on, if there is to be any.

THAT SHOOTING.—Some excitement was caused on East Temple street, last evening, the cause of which is as follows: O. P. Rockwell entered the bar-room at the Salt Lake House in a state of intoxication, and after abusing the bar tender, Charles Whitehead, for some time, attempted to strike him with the butt-end of his black-snake whip; whereupon the bar tender threw a glass at his head, which Rockwell dodged and immediately proceeded to his horse, which was hitched outside, and took from the holster on his saddle a pistol, which he cocked, and started to return to the hotel, with the evident intention of shooting Whitehead. Just before he got to the door he was stopped by a number of persons, who attempted to take the pistol from him, in doing which it was discharged, the contents passing through the coat of Mr. James Little, but doing no further damage.

O. P. Rockwell was arrested, but his case has not yet been decided.

POLICE.—Willard Flake, a boy, was arrested yesterday, for being drunk and disturbing a party, and fined \$5.

A GENTLEMAN from the East wishes to see or know where David Turner resides, an Englishman, who emigrated from the States to this Territory about ten years ago. Information can be left at this office.

FROM MONDAY'S DAILY.

A INQUIRY ANSWERED.—"A gentleman from the East," who inquired in Saturday's News for the whereabouts of David Turner, is informed that he lives in Fillmore, Millard County. Further particulars of him may be learned on inquiring of Mr. Jonah Croxall, of the 7th Ward of this city.

MURDER IN RUSH VALLEY.—Our correspondent, "Nestor," of Tooele City, writes on the 7th instant, that, at about 9 o'clock on the evening of the 6th, three persons rode up to the house of a person known as "Spanish Frank," living at or near Stockton, Rush Valley, and asked for a drink of water. A man in the house brought the water, and while he and the owner of the house, "Spanish Frank," stood in the doorway, the latter was shot dead, and the former was wounded in the thigh; the three villains then rode off and made good their escape. Our correspondent says that immediately after the shooting an exclamation of some kind was made by one of the ruffians, and that the voice was recognized by a woman in the house, as that of a desperado whose evil deeds for years past have rendered him notorious, but whose cunning has hitherto enabled him to elude the law. It is to be hoped that, if this last terrible crime can be brought home to him, he will speedily captured and the claims of justice, as far as can be, satisfied by meting out to him the punishment the law awards. The occurrence caused great excitement at Stockton.

Correspondence.

PROVO CITY, Oct. 5th, 1870.

Editor News:—Dear Sir.—At two o'clock p.m. to-day I enjoyed the opportunity of being present at a meeting of the Masons and workmen of the Provo Co-operative Woolen Factory, held on the walls of the building, to celebrate the completion of the rock-work.

The national flag was flying from the tower of the building. The tenders, with their barrows, wheeled up a barrel of cider and some baskets of fruit, of which all were allowed to partake, and we must say that we have never seen a body of men manifest better feelings toward each other; while all were joyful that the walls of the building were completed.

Bishop A. H. Scott addressed the meeting in relation to the progress and success of the work; after which three cheers were given for the completion of the walls.

Samuel Liddair, the chief Mason, was called upon for a speech, and expressed the pleasure he felt that the work was finished, that no accident had occurred, and that such a good feeling existed; and thanked the men for their faithfulness.

Wm. W. Allen, one of the Masons, in a short speech, stated that he was glad that the work was so far advanced, and that he had never seen workmen move with greater union, the work having never stopped one working day since it was commenced; he felt that truly the hand of God was in it.

Bishop Scott expressed the good feelings of Superintendent A. O. Smoot, for the faithful labor performed, and the success of the work, after which A. F. Macdonald and L. John Nuttall addressed the workmen briefly.

Hearty cheers were offered for Brigham Young, the projector of the building, A. O. Smoot, superintendent, Bp. Scott, his assistant and others who have aided in its erection.

There have been some ten masons and thirty tenders engaged on the walls, and the mortar for the entire building has been carried by boys from twelve to fourteen years of age.

The building is 145½ feet in length, 65½ feet in width and 46 feet in height. The walls are of lime stone and two and a half feet thick. The tower is 20 feet square and 57 feet in height.

There are two other buildings in progress, and connected with the establishment, is an excellent flouring mill doing good business.

DR. COSS

Is the famous INDIAN HERB DOCTOR and acts as consulting Physician, prescribing Herb Remedies in those cases that require Medication in addition to the ANIMAL MAGNETIC TREATMENT of DR. ROBERTS.

OGDEN, UTAH, Sep. 15th 1870

I hereby certify that my daughter has been terribly afflicted with Epilepsy for five months past—often having FROM FIFTY TO ONE HUNDRED FALLING FITS A WEEK. All medication failed to relieve her until I brought her to Drs. ROBERTS & GOSS, at Ogden, September 7th, 1870. She had a great number of fits the day I took her to Drs. R. & G.; and had a fit when I carried her into their office. She has been under Magnetic Treatment one week, and has not had a single spasm or fit in that time; in fact, I believe her to be wonderfully improved in health.

GOING AWAY.

On Sunday next the celebrated and world-renowned Dr. R. R. Roberts, who is now stopping at the National Exchange Hotel, will leave for Virginia City, and those desiring his services should call on him before that time. During his stay in this country he has performed some of the most wonderful cures we have ever heard of. For the cure of every kind of disease he cannot be excelled. He heals the sick by animal magnetism and the Swedish movement cure. No physician ever came to the State so highly recommended as Dr. R. R. Roberts. All ye who are afflicted, call on him.—*Daily Transcript*, Nevada City, California, July 1st, 1870.

A MOST WONDERFUL CURE.

GRASS VALLEY, June 23d, 1870.

This certifies that I have been for fifteen years an invalid and great sufferer from a combination of most distressing diseases, viz.: dyspepsia, spinal disease, prolapsus uteri, and for the past eight months have been paralyzed in the left half of my body (hemiplegia.) No tongue could tell what I have suffered during the last three years especially. I have been treated by eminent physicians—by their advice have changed climate. I have also tried the celebrated "Mineral Springs"—but all seemed of little or no avail, and I had given up all hopes of being anything but a miserable sufferer for the remainder of my days.

Dr. Roberts commenced treating me by Animal Magnetism and the Swedish Movement Cure on the 6th of June, and with three treatments I felt like a new creature—the paralysis was removed. I have now been under his treatment fifteen days, and have improved daily. Nearly all my difficulties have entirely disappeared, and the remaining ones have been so far relieved that I now feel that time and care are all that is necessary to restore me to perfect health.

I have been acquainted with Dr. Roberts sixteen years. I have always regarded him as one of the most reliable of men. I was the recipient of his healing power about sixteen years ago. I have known, personally, many cures that he performed in Iowa, while yet a mere youth, that were really wonderful. I shall ever praise God for His mercy in providing means for my restoration to health, and shall ever pray that the blessing of Heaven may go with Dr. Roberts in his good and glorious work.

(Signed) MARY M. BALL.

A WONDERFUL CASE.

What can the "Old Fogies," Bigots, Skeptics and Idiots say to refute the following Wonderful Fact?

My little daughter, aged ten years, has been paralyzed in her right side nine years. Dr. Roberts has cured her with six Magnetic treatments. She can now use her arm and hand well, which had been useless from infancy! I reside at No. 47 K street.
