Lund, Elders John Henry Smith and Hyrum M. Smith of the querum of Apostles, Bishop O. P. Miller and many others of the local stake Priesthood.

Elder John Henry Smith was the first speaker. No greater honor, he said, could come to men and women than to be the descendants of the faithful men and women who had accepted the Gospel, advocated its principles, and who had lived in conformity with the same. It had been his experience that but few of the sons and daughters of the Latter-day Saints were led away the Latter-day Saints were led away to the extent that faith was entirely oblicerated. Elder Smith spoke of his visit to Mexico, where he had visited many of the Indians. He had found them kindly and considerate, and pos-sessing many virtues, and he believed in the due time of the Lord they would accept the Gowel and take murt in es-

We are living in a day, he said, when we have the privilege of the inspiration of the Lord through this servants in addition to the written Scriptures. The testimony of the Holy Scriptures. The testimony of the Written Schott was a more sure guide than the cloud by day and the pillar of fire by night, which guided Israel of old, and had led the Latter-day Saints, and had guide the latter day saints. had given them assurance and knowl-edge of the truth of the Gospel to know without doubt that they are parting the course God has marked out for them to follow. So long as the Latter-day Saints retain the Holy Ghost they will have no doubt of the truth no doubt of have no doubt of the truth, no doubt of the inspiration of the written and spoken words of the servants of the

President Anthon H. Lund endorsed the remarks of Elder Hyrum M. Smith, that the Latter-day Saints had received more revelations in a shorter time than any other people the Lord had ever had upon the earth. And the Saints need not fear that they would not receive more revelations, whenever they were ready to carry them out. He related the vision of Lehi, wherein it is shown that those who fail to take hold of the rod of iron-the word of God-went astray. The people need the word of God, and should not make the mistake of thinkshould not make the mistake of think-ing they can make their earthly pil-grimmage in a manner acceptable to the Lord, without faith and without the word of God. They should be thankful for the written and spoken word, and not be led away by delusive spirits; not let go of the iron rod, lest they should be left to grope in darkness and be un-able to return to the right math. Tha able to return to the right path. The Saints were cautioned against seeking any occult channels, to obtain knowle edge of the future, and warned those who claimed to have revelation for the Church, not through the appointed mannel of the Priesthood, that they were on dangerous ground.

In the afternoon services President Joseph F. Smith was the first speaker, He spoke of the benefit the Brigham Young university was to the people, and he place where such an institution was located should be noted for the kind-less, intelligence and consideration one for another on the part of the people. He had, in other places, noticed that students of the Church schools were a leaven that pervaded the community for good. He hoped this would be true

He had not been personally acquainted with the Prophet Joseph Smith, but he had known President Brigham Young, President Taylor, President Woodruff, President Snow, and he knew President Smith, and he knew they were all men of God. The attacks against the Church had been made from vacious stand-points. At one time the charge was points. At one time the charge made that practically all the people were bad. Now only the leaders were accused of being bad men. He testified that President Joseph F. Smith, who was rightfully placed at the head of the Church was one of the most bojest Church, was one of the most honest men in the world, and as a member of the auditing committee he testified that every cent of the tithing was honestly spent for the advancement and progress of the Church. The consequences of this decision teem to me extremely serious. The heads of great hospitals, where scores of catarrhal patients are treated each year, are perhaps in the best position to appreciate the value of a remedy, which working along scientific, intelligent lines, brings permanent cure to even the chronic sufferer.

The staff of physicians of the Suffolk Hospital and Dispensary in Boston, where in less than two years 83,271 patients have been registered, do not hesitate to pronounce Rexall Mucu-Tone the best cure for catarrh they have ever used.

Albert C. Smith is the president and treasurer and the Hon. Chas. J. Noyes and the Hon. James Stevens are vicepresidents. The secretary is F. H. Wallace, M. D., and the superintendent is W. C. Clarke, M. D.

President Smith's letter should be read by every catarrh sufferer. We print it in full:

"It gives me great satisfaction to report to you that after a most careful trial of Rexall Mucu-Tone, the corps of physicians of our institution agree that this compound is the best cure for catarrh which we have ever used.

"In all catarrhal diseases of the bronchial and nasal passages; caterrh of the stomach, intestines, kidneys and bladder; catarrhal troubles of the generative organs of women, etc., Mucu-Tone has effected remarkable permanent cures.

"Mucu-Tone seems to act immediately upon the blood and mucous membranes, strengthening their cells and healing the inflammation. "We shall continue to use this valuable preparation, for nothing can com-

pare with it in the treatment of catarrh and its kindred troubles. "Yours very truly,

A. C. SMITH, President,"

Certainly such testimony as this must convince even the most skeptical-certainly it will justify us in requesting catarrhal sufferers to give Rexall Mucu-Tone a trial; to give it a chance to speak for itself. If you will do this we know you will continue taking it until cured.

Is unlike all other catarrh remedies. It works through the blood vessels, going direct to the affected part whether in head, throat, stomach, kidneys or bladder; driving out the poisons and healing all inflammations of the mucous membranes. From the very first dose its strengthening influence will be felt and from four to six bottles will effect a complete cure of the worst cases. Your money back if not more than satisfied. We have a trial bottle for fifty cents, which we would like you to try on our recommendation.

Mr. Rosenthal declared the defense would prove that a pyromaniac had set fire to the manufacturing plant owned by Mr. Perry. The pyromaniac, Mr. Rosenthal said, had set a series of afteen blazes in the town of Hege-wisch from May to October of last year, and had never been detected.
