SOLONS CONSIDER BIDS FOR BONDS

Increase Interest Rate to 4 1/2 Per Cent—Premiums Offered by Bidders.

COMPLIMENTARY FESTIVAL

In Honor of Mr. and Mrs. John L. Herick—Police Will Enforce Bicycle Ordinance.

Ogden, Nov. 18.—The city council met last evening in special session and opened the bids for the \$450,000 worth of bonds to be used to replace the bonds of the waterworks company when the transfer of the system is made from the company to the city on the first of the year.

McDonald, McCoy & Co. of Chicago bid \$451,095 for the bonds which is at a premium of \$1,095. E. H. Rollins & Sons of Boston, bid \$451,687.50 on the same issue, which is a premium of \$1,687.50. Both bids were submitted on a 4 1/2 per cent basis instead of a 4 per cent. Prior to the opening of the bids the council passed a resolution changing the rate from 4 to 4 1/2 per cent. The Rollins company agrees to furnish to the city the lithographed bonds free of charge. The bids were referred to the finance committee which will meet today and later hold a meeting with the council this evening.

Both the bidders submitted bids on \$100,000 refunding bonds which will be due next year. These bids, too, were referred to the finance committee.

COMPLIMENTARY ENTERTAINMENT.

A complimentary entertainment will be given early in December for Mr.

and Mrs. John L. Herick who will leave for Denver where Mr. Herick will preside over the Western States' mission. Arrangements are being made for a presentation of "The Idle" with Mr. and Mrs. Herick in the cast, assisted by some of the best local talent. Nearly all the former members of the dramatic companies of which Mr. and Mrs. Herick were members have volunteered to assist in the entertainment. For the past 15 years Mr. and Mrs. Herick have taken active parts in the ward dramatic association which was organized for charitable purposes only. Prior to their departure a number of receptions will be tendered Mr. and Mrs. Herick.

BICYCLE ORDINANCE.
Chief of Police Browning has issued orders for the enforcement of the bicycle ordinance, and in the future the patrolmen have been instructed to see that the ordinance is strictly enforced. This action is taken after several serious accidents have occurred and in which ladies have been struck by the cyclists.

A number of arrests of violators of the ordinance have been made, most of the violators being boys who have been sent before the juvenile court. When a violator comes before Judge Murphy the fine is usually \$5.

ICE POND INSPECTION.
George Shorten, sanitary inspector of Ogden, accompanied by his assistants, today inspected all of the ice ponds as well as the streams that lead into them. They are also inspecting the Ogden and Weber rivers and the sources of the city's water supply.

The inspectors have thus far completed an inspection of the Ogden river from the intakes of the ice ponds to the reservoir in the canyon. Their efforts were rewarded yesterday by the discovery of the carcass of a calf in the Ogden river. A few weeks ago the carcass of a calf was found in the Weber river. Sanitary Inspector Shorten is very much incensed at the actions of the people who are responsible for throwing the bodies of the animals in the streams, and says that he will make

an earnest endeavor to locate the guilty parties and vigorously prosecute them. The ice ponds along the Weber and Ogden rivers, which have been inspected, have been found to be fully up to the usual standard in the way of cleanliness. There are one or two exceptions, but the owners are having them put in proper shape.

METHODIST BROTHERHOOD.
The Methodist Brotherhood completed its organization with the following officers: W. L. Underwood, president; J. W. Welch, S. J. Griffin, Geo. A. Craig and James Drysdale, vice presidents; I. D. Steele, secretary; James Robertson, treasurer; Rev. Frank Shaw, chaplain.

CHIEF HICKEY RESIGNS.
Chief Clerk G. L. Hickey of Supt. Manson's office has resigned on account of ill health, and will leave on Dec. 1 for California, where he will spend the winter. Robert Reynolds of Master Mechanic Malone's office will probably be promoted to the position.

DIVORCE SUIT.
Virginia Wilson filed suit today against Thomas S. Wilson for divorce. The parties were married in Ogden Aug. 17, 1905. Desertion is alleged as the cause. Wife wants custody of their little two and a half year old boy.

JUNCTION CITY BRIEFS.
Wants to be Shown—William F. Fopiano of Westfall, Or., an uncle of the late W. D. Velade of Henry Quinol, who committed suicide in this city about a week ago, has wired Underwood, A. P. Hickey asking for particulars concerning the young man's death, whether he left word to have his body sent to Oregon and what means he had left any. No arrangements for the disposition of the body of the deceased will be made until the sister of Velade is heard from and who is supposed to be residing in Riverside, Or.

Delinquent Taxes.—County Treasurer Chambers and his assistants have started making out delinquent tax rolls. During the past few days the large force of deputies in the office have been rushing with the large number of tax payers who have waited until the last minute before paying their taxes. About 60 per cent of the amount of taxes due have been paid.

Lonis James at the Grand.—Louis James, an old time favorite with the Ogden theater-goers, comes to the Grand Opera House this evening in "The Grand Opera House." Tonight "Checkers," with Hans Roberts in title role and Dave Brahan as "Push" Miller comes to the Grand.

"Tag Day" in Ogden.—The ladies of the Martha society, Ogden's large charitable organization, have decided upon Saturday as "tag day" and are making preparations for swooping down upon the merchants and citizens of the city with their tags. The proceeds from the day's taggings will be turned over to the treasury of the society to be used for charitable work during the winter.

Judge Booth is holding court in Heber and the Branch Young will case has been continued till Friday.

years of age, and for many years past has devoted his time to working in the Logan temple.

At the Logan sugar factory yesterday \$50,000 was the size of the pay roll. Miss Arvie Cornish was operated on for appendicitis yesterday.

WEDDING PERMITS.

Marriage licenses have been issued to the following couples:

Gottlob Wannerand Rebecca Hicks, Preston.

Lester A. Allred and Jennette Ringel, Paris, Ida.

Archibald Ames and Eva L. Maughan, Wellsview.

The U. A. C. football boys returned to Logan last evening. They were met by the students of their school at the station. The boys had a pleasant trip to Los Angeles, but it is with regret that they came home with their captain, Mr. Brossard, put out of the game for the year. His knee is badly injured.

The big damage suit against the railroad still occupies the attention of the court and will probably string out until Thursday or Friday.

BEET GROWING DATA.

Prof. W. W. McLaughlin went to Salt Lake this morning. He is collecting data for the Agricultural department at Washington, D. C. At present he is engaged on beet culture data in the Bear River valley. His figures show that in 1903 the average yield per acre of beets in the valley was 255 tons. In 1904 it was 1175, and in 1905 it was 931. The falling off in 1905 was due to the white fly plague that year. This year, the professor says, 16 tons will be the average crop. The yearly increase is due to better methods in farming. The cost of producing on an average, he says, is \$32 per acre.

PAYSON.

DEATH OF DAVID LANT.

Veteran of 78 Years Down Life's Career—Pioneer Cloward III.

Special Correspondence.

Payson, Utah Co., Nov. 17.—Death has again called one of Payson's best citizens, David Lant, who died at the age of 78 years, at his home Sunday morning at Washington, D. C. At present he is engaged on beet culture data in the Bear River valley. His figures show that in 1903 the average yield per acre of beets in the valley was 255 tons. In 1904 it was 1175, and in 1905 it was 931. The falling off in 1905 was due to the white fly plague that year. This year, the professor says, 16 tons will be the average crop. The yearly increase is due to better methods in farming. The cost of producing on an average, he says, is \$32 per acre.

Interesting in ecclesiastical affairs, he has always

been prominent in other lines, and has been one of the most beloved citizens of the place. He leaves a wife and six children and a host of friends to mourn his departure.

MORGAN.

DEATH OF EDWARD HOPKIN.

District Court Hearings—Picture Agent Sentenced.

Special Correspondence.

Morgan, Morgan Co., Nov. 16.—The funeral of Edward Hopkin was held in the stake tabernacle Sunday afternoon. Many consoling remarks were made by the speakers, and the beautiful flowers, which covered the casket, were tokens of love and esteem which so many had for the deceased.

He was a son of John and Mary Hopkin, formerly of Crofton, but who of late years have been living at Garland, Wyo. While grading on a railway construction, the young man was stricken with typhoid fever, which later developed into typhoid pneumonia and finally brought to his brother's home in Morgan six weeks ago and lingered till the 15th inst., when life took its flight. He was 28 years old, unmarried, was temperate in his habits. The body was laid to rest in the Crofton cemetery.

DISTRICT COURT.

Several cases were arranged before Judge Howell, in the district court, during the past week. Geo. Leonard, a picture agent from Los Angeles, made an attempt to criminally assault a 15-year-old girl in Morgan, but was frightened by neighbors. He was arrested, given a jury trial and sentenced to six years in the state prison.

A bartender, giving the name of Harry Leonard, was employed in the Morgan Hotel saloon by Jos. Hupier. During his stay there a check was forged at Mr. Hupier's expense and the suspicion at once fell upon the new bartender, Leonard, who had previously been in the charge. Sheriff Hopkin had to go to Rock Springs, Wyo., for Mr. Leonard. He was acquitted for want of sufficient evidence to hold him as a prisoner.

J. T. Spencer, for Mr. Leonard, sent Florence Gertrude Walker of England, were granted a marriage license by Clerk Robinson.

Weather continues fine.
