CONFERENCE NOTICE.
The thirty-sixth semi-annual conference of the Church of Jesus Christ of Latter-day Saints will convene in the Tabernacle, Salt Lake City, on Friday morning, October 4th, 1895, at 10 o'clock a.m. A cordial invitation is given to the members and friends of the Church to be present.
WILLIAM WOODRUFF,
General President of the Church of Jesus Christ of Latter-day Saints.

THE DECISION OF THE MONTANA COURTS.
The decision of the Montana courts that the anti-mongrel law which was passed in that state is unconstitutional, is probably not a final decision in most respects, inasmuch as it only prohibits, and does not by any means defeat, the anti-mongrel movement of a correct moral code in the mountainous commonwealth. From the first there were known to be flaws in the statute, and its best friends have been doubtful as to its standing in the courts. It is a law that is not sound, the sooner it is found out the better. The litigation, expense and annoyance might just as well be avoided if the right course is followed. The anti-mongrel law is a law that is not sound, the sooner it is found out the better. The litigation, expense and annoyance might just as well be avoided if the right course is followed.

WESLEY IN THE MONTANA INCIDENT.
Wesley in the Montana incident more for the purpose of pointing a moral than because of any intrinsic interest in the case. As may be generally known, that state has confined its anti-mongrel law with the greatest facility to such of them as included in a certain class of persons—those who are of the blood of the Mongolians. It is a law that is not sound, the sooner it is found out the better. The litigation, expense and annoyance might just as well be avoided if the right course is followed.

COIN FOR FULL.
There is always a suggestion of the possibility of using coins for full. This is a suggestion that is not sound, the sooner it is found out the better. The litigation, expense and annoyance might just as well be avoided if the right course is followed.
