Located South Magnetic Pole.

London, April 2.—Carlton E. Borchgrevink, the leader of the South Polar expedition fitted out in 1894 by Sir George Newnes of this city, who, with the surviving members of his party, arrived on the steamer Southern Cross at Campbelltown near Bluff Harbor, N. Z., yesterday, telegraphed to Sir George Newnes that the object of the expedition has been fulfilled. He reported that the position of the south magnetic pole has been located. He adds that the expedition reached the furthest point south with sledges, of which there is any record, namely, latitude 78 degrees, 59 minutes south.

TRIED DYNAMITE PLAN.

Attempt to Blow Up a Republican Leader in Ohio.

Cincinnati, April 2.—An attempt to destroy the residence of George B. Cox, the Republican leader, was made today by some unknown person placing on the veranda a package of dynamite addressed to Mrs. George B. Cox. Mr. Cox suspected danger and turned the package over to the police. It was found to contain a large charge of dynamite. A watch and powder were so arranged that in drawing out the lid the machine would have exploded. Mr. Cox reported to the police that he was warned last night that an attempt on his life would be made.

DOWNWARD STEP IN SUGAR

Unsettled Entire List and Prices Sagged Materially.

Steaded Awhile Before Dropping—Reaction Slight—Live Stock Steady—Produce Higher.

New York, April 2.—Wall Street: The downward plunge of over 2 points in sugar at the opening of the stock market had no effect on the rest of the list. An active and well distributed demand carried prices generally upward. The metal stocks were in special request, Anaconda rising 2 1/2. In the railroad list Northern Pacific was the only stock in which the gain extended to a point. Sugar broke below 104 toward 11 o'clock, which unsettled the entire list and prices drifted downward. During the second hour the specialties advanced at a lively rate, sugar rising 4, general electric 3 1/2, People's gas 3 1/2, and the local traction 1 1/2. The railroads lagged and did not recover to the opening figures. Realizing checked the advance before noon. Bonds were active and irregular.
