

STENOGRAPHER JULIET ANDREW.

Young Man From Nebraska is
Seeking His Promised Bride
In Brigham City.

HE BOUGHT HER DIAMONDS.

Also Trousseau, and Then Just as Wed-
ding Bells Were to Ring She
Bolted With Another.

Andrew Perry, a young man from
York, Neb., is in the city in search
of his sweetheart who flitted him a
few days before the date set for the
wedding, and started west with an-
other man. The story told by the
young man, who is said to be a wealthy
farmer, is very romantic. The object
of his affections is said to be a pretty
stenoographer. Their courtship up to
the engagement period was interspersed
with buggy rides, suppers and en-
tertainments.

After the young lady had made him
happy by accepting his proffer of mar-
riage, Perry purchased her an elegant
\$200 diamond ring. When asked to set
the date for the marriage, the young
lady said that she did not have a suit-
able trousseau. That was a very small
matter so the groom-elect advanced
her \$50 to purchase the outfit. About
this time another man appeared on the
scene and displayed unusual interest in
the young lady. The groom-elect did
not let that disturb him, however, and
proceeded with the arrangements for
the wedding, which was to have taken
place on Nov. 1. Just a few days be-
fore the great event Perry called at
the home of his fiancée and was in-
formed that she had left the town.
Inquiries showed that she and the man
had taken a train for the west.
Mr. Perry followed them and traced
them to this city, where the girl's
sister formerly resided. It has develop-
ed, however, that the sister has moved
to Brigham City, so the flitted lover will
go to that place and endeavor to pre-
vent the marriage of the eloping cou-
ple, should he find that they are not
already married.

and an orchestra of 10 pieces added to
the enjoyment of the evening. Harry

STRIKE AT POORHOUSE.

Alex Mayberry Declined to Dig Potatoes—He Quit but Came Back.

A one-man strike occurred at the
county infirmary recently, which resulted
in the striker being locked out in the
cold for about 10 days before a settle-
ment was effected. Alex. Mayberry,

THE FEAR OF HUMBUG.

Prevents Many People From Trying a
Good Medicine.

Stomach troubles are so common and
in most cases so obstinate to cure that
people are apt to look with suspicion
on any remedy claiming to be a radical,
permanent cure for dyspepsia and
indigestion. Many such pride them-
selves on their astuteness in never being
humbugged, especially in medicine.

This fear of being humbugged can be
carried too far, so far, in fact, that
many people suffer for years with weak
digestion rather than risk a little time
and money in faithfully testing the
claims made of a preparation so reliable
and universally used as Stuart's
Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are
vastly different in one important re-
spect from ordinary proprietary medi-
cines for the reason that they are not
a secret patent medicine, no secret is
made of their ingredients, but analysis
shows them to contain the natural dis-
gestive ferments, pure aspartic pepsin,
the digestive acids, Golden Seal, bio-
sulphur, hydrastis and rux. They are not
cathartic, neither do they act power-
fully on any organ, but they cure in-
digestion on the common sense plan of
digesting the food eaten thoroughly be-
fore it has time to ferment, sour and
cause the mischief. This is the only
secret of their success.

What a sweet dis-
position! Born so?

Or made so by

Ayer's Pills?

who has been an inmate of the institu-
tion for about five years, was the
striker, and the grievance he had was
that Supt. Jones directed him to help
dig potatoes. Mayberry has been at-
tending to the cows at the infirmary
and he thought that the action of Supt.
Jones in even asking him to dig pota-
toes along with the field laborers was
preposterous and contrary to the rules
of the cowherders' union. He there-
fore declined to associate with the
field laborers, saying that he would
quit rather than do so.

He was informed that since he would
not associate with the other men in the
field perhaps he had better not asso-
ciate with them in the diningroom.
Mayberry took the remarks of the su-
perintendent to heart and packed up

GOELLET.

his belongings and left. He returned
in three days and wanted to call the
strikes off. He was informed that he
would have to see the commissioners
before he could return. He was given a
meal and 50 cents and sent back to
town. In about 10 days he asked the
commissioners for permission to return
to the infirmary and his request was
granted. It is believed that unionism
is now a dead issue at the county insti-
tution.

FIRE AT STUDEBAKER'S.

Blaze on State Street Supposed to
Have Been Work of an Incendiary.

A most mysterious fire occurred in
south State street about 11 o'clock last
night, and there are strong indications
that it was the work of an incendiary.
But for the fact that the blaze was soon
discovered and that the work of the
firemen was quick and effective great
damage would have been done, and
probably the building would have been
destroyed.

The blaze was discovered by a man in
the Elks' saloon across the street from
Studebaker's. He happened to notice
the flames in the office and quickly
turned in an alarm. The firemen were
on the scene in short order and broke
into the office, which was ablaze. When
the fire was extinguished, Chief Devine
and some of his men began to examine
the building carefully and were aston-
ished to find another fire in the base-
ment. A large quantity of packing ma-
terial was burning rapidly but the fire
was soon extinguished.

The firemen, police and employees of
the company are at a loss to account
for the fire. The building was not
locked up until after 9 o'clock last
night, and at that time there was noth-
ing in the building to cause a fire. The
cause of the blaze it looks like the
work of an incendiary is the blaze in
the basement. It could not have been
caused by the fire in the office, as there
is no opening through which fire could
drop. A thorough investigation is go-
ing on in the hope of determining the
cause of the blaze. Considerable dam-
age was done to books and papers in
the office, and the woodwork was badly
scorched.

SITUATION AT SUNNYSIDE.
All Kinds of Rumors Are Flying
Around the Coal Camp.

There is a condition of state or sus-

from Colorado have succeeded in
organizing a union at Sunnyside, but at
present the union is not on a very sta-
ble basis, and there is a good deal of
"hot air" flying around at the various
coal camps. It is understood that Japs
will be brought in, if the Italians go
out, and the orientals will be protect-
ed. Evictions of the strikers from
company properties is expected as the
natural results of going on a strike. In
the meanwhile the output is falling off
at Sunnyside, though the coal people
say it is but temporary.

LIVELY SHOOTING THIS MORNING.

Alex. Doles and W. H. Walker
Fight Over "Redheaded Pearl"
On West Temple.

WALKER GETS SHOT IN BACK.

Prior to the Affair the Woman's
Room Was Riddled With Bullets
—Police Make Arrest.

Because Alex Doles and W. H. Walk-
er loved "Red Headed Pearl," and be-
cause both could not possess her, Walk-
er is now lying on a cot at the St.
Mark's hospital with a bullet hole
through his body, while Doles is occu-
pying a cell at the county jail charged
with assault with intent to commit
murder. "Red Headed Pearl" came
very nearly getting herself also, as Doles
fired half a dozen shots or so at her
through the window of her bedroom.
Several windows were smashed in, two
or three doors were broken down, and
altogether a most strenuous time was
had in the neighborhood of Guy Cap-
puccio's saloon at 156 west South Tem-
ple street this morning.

STARTED LAST EVENING.

The contest for the lady's hand and
heart began last evening when the two
men met and decided to fight it out.
Friends interfered and there was noth-
ing doing until about 3 o'clock this
morning when Doles tried to break into
Walker's room at the Palace rooming
house, which is in the same building as
the saloon. Armed with a big 44 cal-
iber Smith & Wesson revolver, Doles
swore he would exterminate his hated
rival and also cut short the mortal
career of "Red Headed Pearl." Going
out into the street where he could get
a good view of the window to the wo-
man's room, he fired several shots and
then dashed up stairs to finish Walk-
er. That individual saw him coming, how-
ever, and arming himself with a 1/2 cal-
iber revolver and a small sized gun, he
dashed out to meet the intruder. The latter
withdrew, saying he would finish the
job later.

MET IN SALOON.

About 7 o'clock this morning the men
met in Cappuccio's saloon. Walker
was in a back room while Doles was in
the front. Both were armed, and after
throwing a few verbal bricks at each
other it was mutually agreed that they
would either call the fight off or post-
pone it until some other time. Walker
put his shooting iron away and sat
down. In this he made a serious mis-
take as Doles at once opened fire with
his big 44 and succeeded in shooting
Walker in the back. The latter dash-
ed out of the rear door and into the
Coriarian saloon where he begged for
a gun with which to continue the fight.

DOLES ARRESTED.

In the meantime Doles had gone up
to the corner of West Temple, and
some one wisely turned in an alarm
for the police. Several police officers
boarded the patrol wagon and dashed
to the scene. Officer Carey found Doles
and placed him under arrest. He was
taken to the police station, disarmed
and then removed to the county jail
where he is at the present time. Walk-
er was also brought to the police sta-
tion and a physician called to attend
to his wound.

TAKEN TO HOSPITAL.

The bullet entered the man's back
at the right of the spine and came
out at his left side. Dr. Hackett who at-
tended him, said the wound was not
fatal, and that the man would prob-
ably be out in a few days. Walker was
placed on a stretcher in the patrol
wagon and taken to St. Mark's hospital
for treatment.

Both men are bartenders and are un-
married. Doles has been tending bar
for some time on Second South, while
Walker has been dispensing liquors to
the thirsty for Cappuccio, who is his
brother-in-law.

SOCIAL AND PERSONAL.

One of the most elaborate affairs that
have taken place at the Alta Club was
the luncheon given today by Mrs. W.
G. Filer in honor of Mrs. Samuel New-
house. The table was laid in the gold
room and the decorations were most
beautiful, cut flowers, vines and ferns
being used with artistic effect. The
menu was elaborate yet dainty and the
whole affair delightful.

Tonight the wedding of Miss Myrtle
Hanson and Thomas P. Miller took place
at the home of the bride's parents,
Mr. and Mrs. W. L. Hanson Jr.

Today the marriage of Miss Edna
Donnellan and Lieut. F. L. Ball took place
at Sacramento. The ceremony being
performed at noon. The bride's sister,
Miss Olive Donnellan, was maid of
honor, and the bridesmaids were the
Misses Salisbury, McGrath, Sherman
and Kinney of Salt Lake. The groom's
attendants were John Donnellan as
best man, and Capt. W. F. Creamer,
Lieut. Jackson, Lieut. Jackson and
Lieut. Madison. The bride and maids
were exquisitely gowned, and the de-
corations and all other details of the
affair were most elaborate.

Miss June McIntyre will be hostess
tonight at a large dancing party to be
given at her home in honor of Miss
Derr.

Company H gave an enjoyable hop at
the Armory last night.

Mrs. W. Mont Perry returned today
from Michigan.

Miss Olive Jennings entertained in-
formally at a chafing dish supper last
night.
