

QUALIFICATIONS TO BE REVISED.

Those of Applicants for State Diplomas and Certificates.

DECISION OF THE BOARD.

Applications Now Pending Will be Passed Upon at a Meeting to Be Held Monday.

At the meeting of the state board of education yesterday afternoon the requirements and qualifications for applicants for state diplomas and certificates were revised. In addition to meeting the standard heretofore required of applicants for life high school diplomas the applicant, under the new plan, must have taken the equivalent of a three-year college course. The requirements for a life grammar grade diploma are more strictly defined than heretofore. The applicants for five-year grammar grade certificates in addition to the regular requirements must have taken a course in elementary psychology and the equivalent to a two-year course in English.

The board will decide all applications now pending and all that come in before next Monday according to the old standard of requirements but all after next Monday will be graded under the new plan. It will meet again next Monday and award diplomas and certificates. At the meeting yesterday a life high school diploma was awarded to R. F. Homer of Nephi, a graduate of the Agricultural college.

SCIATICA CURED AFTER TWENTY YEARS OF TORTURE.

For more than twenty years Mr. J. B. Massey, of 322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of this liniment cured the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. Mr. Massey relates his experience for the benefit of others who may be similarly afflicted. If troubled with sciatica or rheumatism why not try a 2-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

LITTLE BOY DROWNED.

Two-Year-Old Son of John Long Comes to Unlucky End.

Special Correspondence.
Riverton, Utah, April 30.—This afternoon at about 2 o'clock, a little boy, age 2 years, the son of John Long, was playing on the farm, when the little fellow fell into a small irrigation ditch and was drowned. He was picked up a short time afterward, but life was extinct.

The father was away at the time, being employed at a mine in Bingham.

The family has six children. They have been living a Riverton the past two years, and are Finlanders. They have the sympathy of the neighborhood in their bereavement.

SALT LAKE ADDRESS.

Given by Newspaperman Who Has Tormentors Arrested in Montana.

Helena, Mont., May 1.—Ray Harris, said to be a Salt Lake newspaperman, who

was forced to leave Bannock, an old mining town in Beaverhead county, after being ducked in an irrigation ditch, and doused with paint for surveying a town-site for placer claims, has arrived at Edinboro and sworn out warrants for 17 men whom he alleges committed the outrage.

Harris may have been a brief resident of Salt Lake, but so far as can be ascertained no one here knows anything about him. It is probable that he is a writer of the wandering sort and that he never belonged to the regular fraternity. However, he appears to have had a hard time of it at Bannock, and the outcome of his efforts to punish his persecutors will be watched with interest.

PICKPOCKETS AT WORK.

One Stole Policeman's Watch But Was Quickly Captured.

Sneak thieves and pickpockets were plying their trade on the train last night that carried the Salt Lake crowd to the Hyland-Corbett fight, and several losses were reported.

One fellow relieved Officer C. W. Olson of the Salt Lake police department of his watch. The thief had rushed in between Mr. Olson and Officer Bert Seager, not knowing that he was in such close proximity to two officers. The watch was scarcely more than in the possession of the pickpocket than both the latter and the watch were in the grasp of the sleuths. A pal, however, slipped through the crowd and was not apprehended.

On the return to Salt Lake of the large contingent that went up from here to witness the fight, detectives and officers moved back and forth in the train in quest of stolen property and keeping a strict watch on suspicious looking persons that happened to be numbered among the passengers.

It is thought that most of the "touch" fraternity that are within the confines of the state just now have been driven out of Salt Lake, either by privation or by officers of the law.

ANNUAL CONVENTION

Of Utah Christian Endeavorers May Be Held on May 26.

Arrangements are making for holding the annual convention of the Utah State Christian Endeavor in the First Presbyterian church, Salt Lake City, probably on Saturday, May 26. It was intended to call the convention on the 19th inst., but as the High School is to have its big meet on that day, the chances are that the 26th inst. will be the day. The morning session will be devoted to business matters, and the afternoon divided between the prayer meeting, look out, missionary and Junior features of the work. In the evening will come the oration by some Utah man yet to be selected.

In years past, the Christian Endeavor and Epworth league state bodies met together, but this arrangement proved so cumbersome that it was abandoned; and then the dignitaries of the Methodist church preferred the Epworth league convention should be held in conjunction with the annual conference which comes in July and August.

FUNERAL NOTICES.

Funeral services over the remains of Irene Woodbury will be held in the Waterloo funeral home on Thursday, May 3, at 1 o'clock p. m. Friends wishing to view the remains may do so at the family residence, 1858 south Fourth East, from 11:30 to 12:30 on the day of funeral.

DEMAND FOR SUPPLIES

Of the Civil Engineering Variety Are Without Precedent.

The demand for civil engineering supplies is reported in this city as phenomenal, without precedent; and orders come from Oakland and San Francisco, Reno and Winnemucca, to send, at any price, and if there are no supplies on hand, to order from the east at once. The engineers of the Western Pacific and the Southern Pacific are in sore straits for instruments, and the call for transit can not be supplied for some time to come. The destruction of all the instruments in San Francisco is the immediate occasion of the strong demand, but at the same time there was a scarcity before the earthquake and fire, so that the disaster made the situation infinitely worse. Dealers are sending off from this city thousands of yards of blue print paper, and can not fill orders promptly. On account of increased demand for transit is the fact that mining companies are buying these instruments to have on hand for local calls.

SOCIAL AND PERSONAL.

Mrs. George Phelps Holman entertained yesterday in honor of her daughter, Mrs. London of Portland, Or., about 100 guests being present during the afternoon. The drawing and dining rooms were beautifully decorated in pink and white, and the library in yellow, and a half dozen intimate friends assisted in serving.

Mrs. Wilbur Flagg was hostess at a bridge party this afternoon, her guests being chiefly members of the card club.

Mrs. Minna J. Snow and Mrs. Alfred Cole have returned from an extended eastern trip.

Dr. and Mrs. Jack Keith are home from the coast.

Gov. and Mrs. Cutler have gone for a short stay in California.

Mrs. and Mr. De Witte Lowe gave a box-party at the Orpheum last night.

Miss Gertrude McGrath leaves this week for an extended stay on the coast.

Mrs. Katherine Moffatt has announced the engagement of her daughter, Katherine Potter to Willard Hanson, the wedding to take place in June.

Miss Marguerite Taylor has returned from Provo, where she has been visiting with friends.

The Wasatch Literary circle met this afternoon, and an interesting program was enjoyed.

Mrs. May Taimage has returned from an eastern trip, including Boston, New York, Boston, Baltimore and Washington, having spent a delightful time. She saw many Salt Lakeers while away, among them the family of Prof. George Marshall, of Boston, and the Eastons and many others in New York.

Miss Annie Rawlinson and her sister, Mrs. Scoville, are here from San Francisco visiting Dr. and Mrs. Taimage. Both were in the city during the recent calamity, but fortunately escaped with no personal injury and without serious loss.

GIRL SENT TO PRISON.

Pleaded Guilty to Grand Larceny and Got One Year.

Isabel Hanson, nee Larson, was arraigned before Judge Armstrong in the criminal division of the district court on Saturday afternoon upon the charge of grand larceny and pleaded guilty to the same. She was apparently anxious to receive sentence without further delay, so the court sentenced her to one year in the state prison.

The girl maintained that she was 13 years of age, but the officers are of the opinion that she is only 16. At any rate she is the youngest prisoner in the penitentiary. Had it not been for the fact that she is married she would undoubtedly have been sent to the reform school. She spent three years in that institution before her marriage. Upon returning to her home in St. Pleasant she married David Hanson to avoid prosecution, but after a week or two left him and came to Salt Lake.

A PROMINENT EDUCATOR.

Declares Vinol is the Best Cod Liver Oil Preparation.

There has been a good deal of discussion in Salt Lake City regarding the merits of cod liver oil preparations, and whether or not cod liver oil and emulsions that upset the stomach have any medical value. Therefore, the following letter from M. A. Cassidy, superintendent of schools, Lexington, Ky., will be read with interest:

"I am pleased to state that after having used and tested the different cod liver oil preparations on the market, I find Vinol to be far superior to them all. It is palatable and pleasant to the taste, in fact, the oily, fishy taste of cod liver oil is done away with entirely, and the curative and strengthening properties of Vinol are truly remarkable.

"Vinol built up my system, strengthened my nerves and made a new man of me, and I heartily endorse it as the most efficacious and agreeable cod liver oil preparation on the market."

Mr. Cassidy of Druehl & Franken, our local druggists, when asked his opinion in regard to Vinol, replied, "We firmly believe Vinol to be the best preparation of cod liver oil, therefore, the greatest strength-giving and health-restoring known to medicine today. We have never sold anything in our store equal to Vinol to build up the system, strengthen the nerves, cure indigestion, chronic coughs, colds, bronchitis, and incipient consumption, or to make growing children robust and give strength and vigor to the aged, and to make the weak strong and the sick well."

It is for this reason that we offer to give back the money in every case where it fails." Druehl & Franken, also Smith Drug Co., Druggists.

and she is now suing him for divorce.

She went to the home of Miss Minnie Smart at 388 Wall street, to live, and while staying there she stole \$50 in cash and some silk shirt waists and other wearing apparel of the value of \$40. She was anxious to plead guilty to the charge, and was permitted to do so.

COURT NOTES.

A petition for letters of administration of the estate of Joseph Booth, deceased, was filed in the probate division of the district court today by Anna E. Booth. The estate consists of real property of the total value of \$2,400.

Judge Morse has entered a final decree in the case of Willard F. Snyder against A. E. Lyon, by which judgment is rendered in favor of defendant for \$100, but the plaintiff is awarded all of the property, collections, books, accounts, furniture and fixtures belonging to Lyon & Co., at the time of the commencement of the action.

Peter Starvarkis today withdrew his plea of not guilty to the charge of assault with a deadly weapon with intent to murder, and pleaded guilty to assault with intent to do bodily harm. He was sentenced by Judge Armstrong to pay a fine of \$100 or to serve 100 days in the county jail. The offense was committed at Bingham Junction on March 15.

John E. Eckman today filed suit for divorce in the district court against Anna L. Eckman on the ground of cruelty. It is alleged that defendant has threatened the life of plaintiff, and that she has on several occasions used vile and abusive language towards him in the presence of members of his family and also their friends. They were married in this city on Dec. 23, 1901.

A venire of 15 jurors to serve in Judge Lewis' division of the district court was drawn yesterday. The venire contains the following names: J. M. Wilcken, J. R. Hiller, E. C. Cox, G. H. Pierpont, George J. Inc, John Smith, D. L. Blythe, Nicholas Treweek, John Robinson, J. J. Snell, G. J. Dwyer, George Goff, W. L. Putnam, Heber Bouch and C. M. Donkin.

Frank Harrison and James McCormick were arraigned before Judge Armstrong today in the criminal division of the district court upon the charge of burglary in the first degree, and were given until Friday to plead. They are charged with burglarizing a room at 84 east First South street, on the night of April 15. Attorney Stephen L. Richards was appointed by the court to defend them.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

Miss Frankie Orser

Miss Pearl Ackers

All women work: some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser, of 14 Warrenton Street, Boston, tells women how to avoid such suffering: she writes:

Dear Mrs. Pinkham:—

"I suffered for several years with female irregularities. My back ached, bearing-down pains, and frequent headaches; Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health, and I no longer fear my monthly periods."

Miss Pearl Ackers, of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.
