## NEW OFFICERS FOR STATE INDUSTRIAL

Mr. and Mrs. E. M. Allison Succeeded by Mr. and Mrs. Heter H. Thomas.

## SUPERINTENDENT AND MATRON

Retiring Officials Carry With Them The Good Wishes of All Concerned.

Ogden, Utah, Oct. 31.—The keys to the Utah State Industrial school will tomorrow morning, Nov. 1, be turned over to the newly appointed superintendent, Heter H. Thomas, and his wife, the new matron, and Mr. and Mrs. E. M. Allison, who for the past fifteen years, with the exception of a short interval, have had charge of the institution, will retire with perfect satisfaction of having done their duty at all times to the best of their ability, and carrying with them the best wishes of the board of trustees and all concerned. Mr. and Mrs. Allison have devoted the best part of their lives to the school, and leave only because they felt important duties of managing so many boys and girls was becoming too onerous for them to longer perform, and will now endeavor to spend the remainder of their days quietly in a cozy little home they are building on the bench. Mr. Thomas is too well and favorably known to require any recommendation to the people of Ogden for the responsible position. He is thoroughly competent to superintend the institution, and will work continuously for its advancement. He is a man of the highest moral character, has a good education, possessing excellent executive ability, and the other characteristics to make a good superintendent. Mrs. Thomas is one of the best educated ladies in Ogden, and will make an excellent matron. Wm. Kneass, a thoroughly competent young man, will be assistant superintendent, to fill the vacancy caused by the resignation of J. E. Thompson.

## BIG DAMAGE SUITS

Against U. P. Ry. Co. for the Killing of Four Men at Azusa.

Ogden, Oct. 31.—Judge Howell has rendered his decision on the petition of the Union Pacific, asking that the appointment of A. L. Stone, by the court, as administrator of the estate of William Murray, B. F. Ekles, J. P. Lohan, and Albert Hansen, deceased, be set aside, also on the remurrer of Mr. Stone to the petition. The court sustained the demurrer and denied the railroad company's petition; hence Mr. Stone will administer the four estates, which consist of damage suits aggregating \$50,000, which he has brought against the Union Pacific company, alleged to be due for the death of the four men whose names are mentioned, who met their death in the Azusa wreck on the Union Pacific line last November. The case will now be set by the court for trial in the very near future.

## SCHOOL CONSOLIDATION

Of Weber County a Great Educational Advantage—One District to Surrender.

Ogden, Oct. 31.—There remains but one more of the county school districts to transfer its funds and property to the recently appointed county board of education, and it is believed that it will soon be convinced of the folly of holding out longer, as should the case be brought to trial in the courts there is no question but the trustees would lose the case and have the costs to pay out of their own pockets. The trustees of the Randall school district had refused to turn over their property and funds to the county board of education until yesterday afternoon, when they voluntarily turned over the same to the board, having come to the conclusion that it was the proper thing to do.

## DR. PUTNAM LAID TO REST.

## MUNICIPAL OWNERSHIP.

Mayor Dunne's Plans Receive Another Setback.

Chicago, Oct. 30.—The plans of Mayor Dunne looking to immediate municipal ownership of the street railways met with another setback tonight at the hands of the city council. The mayor at the last meeting of the council submitted an order that the local transportation committee of the council in connection with the legal advisers of the city, proceed without delay to prepare an ordinance for the purpose of acquiring ownership of the electric railways of Chicago under the law passed at the last session of the state legislature allowing them to be purchased by money procured from the sale of scrip.

## COLORADO LAND FRAUDS.

Capiases Served on Well Known Citizens of the State.

Denver, Oct. 30.—Capiases were served today on seven well known residents of Washington and Yuma counties, located in the northeastern portion of Colorado, based on indictments returned by the federal grand jury sitting at Pueblo last week, charging forgery and perjury in the location of government lands in the counties referred to. Those arrested are Peter Campbell of Akron, Colo., former register of the land office; P. E. Beene, treasurer of Washington county; A. A. McKean, clerk of the district court of Yuma county; D. W. Irwin, prominent politician and former newspaper proprietor of Yuma; W. E. Buell, hotel man of Yuma; E. C. Stoner and O. P. Smith, ranchmen. Inspectors of the land office have been working on this investigation quietly for several months, and claim to have evidence of gross frauds committed by a ring, which included former officials of the land registry office at Akron and highly respected citizens. They assert, however, that a great number of the offenses have become outworn and that nothing can be done in these instances. But they further declare that their investigation is by no means completed and that the next federal grand jury will be presented with evidence that they can only believe will result in many additional arrests. The plan followed by the al-

## DEATH VALLEY MILLIONAIRE HURT

Walter Scott, Who Has Played the Part of a Modern Monte Cristo, Meets With Auto Accident.

## CHANCES ARE HE WILL NOT LIVE

Was Making a Race from Los Angeles To Pasadena on a Hot When Accident Occurred.

Los Angeles, Cal., Oct. 30.—Walter Scott, the Death Valley miner, who a few weeks ago attracted wide notice by a record run in a special train over the Santa Fe railroad from Los Angeles to Chicago, was seriously, if not fatally, injured in an automobile accident here tonight. J. Davidson, a newspaper reporter, and Harry Milling, proprietor of the Imperial cafe, were also injured in the accident. The three men were in an automobile which was being driven to Pasadena and return from this city on a wager of \$500 that the trip could be made in 40 minutes. On the return journey, while leaving the approach to the wagon bridge at Elysian park, the tire from one of the rear wheels came off, the wheel was smashed, and the automobile swerved and upset. Scott and Davidson were thrown against the stone abutment of the bridge. Scott was seriously injured about the head, back and shoulders, and was taken to the hospital. It is the opinion of the surgeons that he may be fatally injured. Davidson was seriously injured about the head and shoulders, and was rendered unconscious and removed to the receiving hospital. He will recover. Milling was only slightly hurt about the face and head. The chauffeur escaped unharmed.

The residence is about 10 miles. The run to Pasadena was made in 35 minutes, and, according to Scott, they were going at the rate of 70 miles an hour when the accident occurred.

I am done for at last," moaned Scott as he lay on a couch at his home, covered with dirt from head to foot, awaiting the arrival of the physicians. "My back is broken and I feel all smashed up. We were going 70 miles an hour, and it is a wonder we were not all killed."

Scott's body is paralyzed from the waist down. The physician's first surgical examination disclosed a severe compression of the spine and a fracture of the ilium. It is possible that he may have a broken vertebra.

## INSURANCE SCANDALS.

Hughes Has No Idea of Conducting a Criminal Prosecution.

New York, Oct. 30.—Charles E. Hughes, counsel for the legislative insurance investigating committee said today that he had no idea of conducting any criminal prosecution as a result of the insurance investigation. That statement was prompted by Dist. Atty. Jerome's announcement yesterday that after the investigation he would ask for funds to employ Mr. Hughes to prosecute any insurance men found guilty of a crime.

Mr. Hughes said:

I believe it would be a misfortune if the idea were to go abroad that I was conducting the investigation or doing my part in it with the object of making it a preliminary to a criminal trial. It should be clearly understood that it is not my function or my purpose in this investigation to prosecute any man guilty or innocent of crime. It is my purpose to elicit the facts sparingly but impartially to be dealt with according to their merits and so far as possible to uncover whatever abuses exist in the industry that important business of life insurance may be properly safeguarded. That is my sole duty and my sole act. It is essential to the success of the investigation that this should not be obscured.
