SUICIDE OF SHEPHERD.

OGDEN, Sept. 21.—A smashup oc-
curred on the Southern Pacific Sunday
at Ogden. A little station west of Car-
ter, Nevada. One car was demolished
and three cars derailed. No one was
killed, but several passenger trains
were delayed.
In going to the wreck to aid in
straightening out matters, the section
men at Ogden discovered the body
of a man lying in the center of the
track. He had been dead for several
hours and was killed by a passing
train.
Investigation developed the fact that

the body was that of Joseph A. Van-
concelas, a sheep herder, who had been
on a protracted spree for some time.
He had threatened to commit suicide
at Ogden for several days and had
made one attempt. He is supposed to
have either jumped under or fallen
from a train. His remains were turned
over to the authorities and his friends
and relatives have not yet been located.

INVESTIGATE CHILD'S DEATH.

OGDEN, Sept. 21.—The coroner's jury
investigating the cause of the death
of little Anna Cook which occurred
on Aug. 11, was in session yesterday
morning. Conductor Purdy and one
of the firemen on the train which is
supposed to have run down the child,
were examined. Their testimony was
to the effect that they saw nothing of
the child on the tracks and knew noth-
ing of the accident until they had reach-
ed Lakeside, where a message apprised
them of the fact. The testimony of
the engineer and fireman will be taken
today.

OGDEN BRIEFS.

Mrs. George H. Davis has returned
from Los Angeles where she has been
visiting for the past few months.

Sunday evening at 7 p. m. he will

The unusually large registration at
the Weber academy still continues and
principal W. M. McKendrick states
that more than 50 new students applied
for enrollment Monday morning.

A SPRAINED ANKLE.

As usually treated a sprained ankle
will enable the victim to get about in a
month or more, but by applying Clam-
berlain's Liniment and observing the
directions with the members of the Hermit-
age, in most cases, he can be effec-
tively cured in less than one week's time. This lin-
iment is a remarkable preparation;
try it for a sprain or a bruise, which
it affords. For sale by all druggists.

SPRINGVILLE FAMILY STRICKEN WITH TYPHOID

(Special Correspondence.)
SPRINGVILLE, Sept. 15.—The home
of George Averett is a sad one, three
members of the family being struck
with typhoid fever, the father, mother
and 15-year-old daughter, Alice Eva,
the latter having died this evening of
the 14th, by the side of her parents,
who were unable to render any assist-
ance. Today the funeral services for
the daughter were held at the home of
this stricken family, where a throng
of sympathizing people gathered and
listened to the words of consolation
given by Bishop O. B. Huntington
and John S. Boyer. Alice was the
last of three to be stricken with the
disease, just two weeks before her
death. She was a noble, kindhearted,
modest and dutiful daughter, in the
bloom of young womanhood, with the
brightest prospects and fondest hopes
before her. Mr. Averett is known in
the state as one of the greatest
hunters in the mountains and lakes,
and Alice has accompanied her father
in the mountains in search of bear
and deer, and was an adept with the
rifle and a great companion of her
father. The parents are bearing up
bravely under their loss, and it is
hoped will soon be able to get out
from under the pressure. All has been
and is being done by loving hands to
lighten their burdens.

Johnson of this place has just gone

of English in the Mt. Washington col-
lege, at Alliance. He received his M.

versity of Illinois last June.

(Special Correspondence.)
NEPHI, Utah, Sept. 20.—At the Friday evening session of the city council a petition was presented by the representative citizens asking for the closing of the saloons in Nephi after Jan. 1, 1910. Upon motion of Councilman Alma Hague, the city attorney was instructed to draw up an ordinance prohibiting the sale of liquor after Jan. 1, 1910, except for medicinal purposes. Said ordinance will be presented to the council on or before Oct. 1, and Nephi, with many of the other cities of the state, will go dry and add force to the temperance cause.

ELEVATOR ACCIDENT.

NEPHI, Sept. 20.—Sidney Jenkins met with a very severe accident last Friday noon while working at the Ek-
levator store near the elevator. Some-
thing went wrong with the elevator
and in some way the young man's foot
got caught and crushed badly between
the side and elevator, tearing the shoe
from his foot. Dr. Bennett was sent
for and removed Mr. Jenkins to his
home, and there the injured
member. He found that one of the
small bones of the foot was broken,
flesh torn from under the foot and off
from the heel and the foot generally
bruised. With proper care he will be
out again within a few weeks.

Lehi, Utah, Sept. 20.—The funeral of
Mrs. Sylvia C. Larson Southwick, one
of the early settlers of Lehi, was held
in the new tabernacle yesterday. The

Lund, S. L. Chipman, James H. Clarke,

Ephraim, and Elder James Bakke,

and relatives, and the floral tributes
were many and beautiful.
Mrs. Southwick was born in Norway
Nov. 21, 1845, came to America in 1854,
coming direct to Lehi, where she lived
in the family of President Canute Peter-
son for ten years and in 1864 married
William Southwick, who survives her.

Two married daughters and two sons

smile will be greatly missed by those
who knew her.

MANTI OLD FOLKS HONORED WITH BANQUET

(Special Correspondence.)
MANTI, Sanpete Co., Sept. 19.—A most
successful gathering of the old folks of
the South Sanpete stake was held in
this city Saturday last under the direc-
tion of the stake committee. It was
George E. Beck, Christian P. Larson,
Joseph H. Carpenter, Peter Peterson
and Charles Whitlock, who did them-
selves credit by their systematic and
well planned efforts in giving to the
silver gray veterans, 70 and over, a
splendid treat where they were present
nearly 300 of the old folks who gathered
at the tabernacle to listen to a most
excellent program composed of songs, rec-
itations, speeches, given principally by the
veterans themselves. The recital given
by the old folks of the hardships and
trials of early days when the modern
comforts of life were not within reach
was interesting and pathetic.
As the noon hour the guests were the
participants in a banquet prepared at the
South ward assembly hall, under the di-
rection of the old folks committee. The
two wards of Manti, together with their
aid, which proved a most enjoyable
affair and a credit to those having
it in charge. The Ephraim orchestra
furnished music for the occasion and
during the sessions in the tabernacle,
after dinner the program at the acade-
my was continued until along in the after-
noon. A number of the presiding off-
icers of the stake, including the presidency,
bishops and other officers were present
to honor the old folks.

MORONI ADOPTS HIGH LICENSE AND REGULATION

(Special Correspondence.)
MORONI, Sanpete Co., Sept. 18.—An
agreement with the agreement reached
by city and county officers held at
Ephraim in May last, Moroni city coun-
cil has just passed an ordinance pro-
viding stringent regulation of the liquor
traffic. The retailers' license is raised
from \$1.50 to \$2.00 per year, with pool
license placed at \$500 per year, and
such other restrictions placed upon the
business that it is hoped will virtually
amount to a prohibition of the traffic.
The ordinance becomes effective Oct. 1
next.

MORONI BRIEFS.

The first alighting frost of the fall
occurred on the night of Sept. 12-13, all
tender vegetation being bitten.
The public schools in this district
opened today with an enrollment of 306
students and a very efficient corps of
teachers.
The recent heavy rains destroyed
much valuable feed which could not be
cured. They were a help to the grow-
ing crops. It is said the crop will be
heavier than usual.

stake presidency was installed, owing to

called to mourn the death of three from
typhoid this morning. The victims were
a week's time. The first was James Condie,
a strong and prosperous looking young

well respected citizen. The third
was a young girl, only 12 years old, Miss
Ruby Simlisch, whose mother had pre-
ceded her by a number of years.

RAINS RUN CROP.

CEDAR CITY, Sept. 19.—The last sum-
mer was a very trying one to the peo-
ple in and around Iron county. There
has been so very much rain since the
middle of August that much grain and
hay was practically lost. Individuals
have lost as high as 10 or 12 loads in
the second cutting of hay. Those who
did not cut before the rainstorms start-
ed have much worthless hay because of
growing to stalks with little or no food-
value to it.

largest funerals ever witnessed in
plain city, was held over the
remains of Mrs. Ada Rose Taylor,
wife of William Taylor, who was the
daughter of Joseph Taylor of Par-

PLAIN CITY BRIDES.

The farmers are very busy this week
cutting and harvesting the third crop
of alfalfa.
All are watching anxiously for the
Ogden Rapid Transit company to finish
laying the ties and rails on the new
road from Ogden, so that we can com-
mence to harvest the best crop of alf-
alfa to be raised in the state. It is
beets are to be hauled over the
new road to the factory.
The beet crop is exceptionally good
this year and the farmers will be
to haul as soon as the sugar company
can furnish cars in Plain City according
to contract.
The recent rains did lots of good and
no damage worthy of mention.

LITIGATION OVER SCHOOL SECTION OF LAND

(Special Correspondence.)
MT. PLEASANT, Sept. 19.—On Sat-
urday, the 18th, the case pending in
the United States land office at Salt
Lake City on the part of the United
States, declaring that part of school
section 2 is coal land outside of the
coal properties still in question here,
and which claim the State of Utah
does not allow, had a hearing before
Judge J. W. Cherry, of Mt. Pleasant,
for the purpose of taking testimony
which will be held in the United
States land office at Salt Lake for
consideration.
Mr. Nathan Gammon and W. L.
Walker represented the United States,
and George C. Buckle, assistant attor-
ney-general, represented the State of
Utah.
The section in question is school
land, and would ordinarily go to the
state, but the question of coal be-
longing to the United States, and
any disposition can be made, hence
this inquiry.

SOUGHT TROUBLE AND FOUND IT

MT. PLEASANT, Sept. 19.—Late
last night, Al Nielsen (Tanner) was
badly beaten up in a fist encounter
with Dave Madsen, both of Mt. Pleas-
ant.
It seems that Nielsen had been the
aggressor, and finally run up against
the wrong man. He tried to make
trouble with a couple of other men
when Madsen suggested that, if they
did not want to fight for him (Nielsen),
they should leave him alone. When
he turned upon Madsen, who was
trying to avoid trouble until forbear-
ance was no longer a virtue, accom-
panied Nielsen by giving him a good
trouncing. After Nielsen was beaten
he was left lying in the street until
the marshal picked him up and took
him to the city hall. A doctor was
summoned, and he valued his life, al-
though none were of a serious nature,
except that one ear had been badly
torn, requiring a couple of stitches to
hold it in place.

MOUNT PLEASANT BRIEFS.

ary stake officers of the North Sanpete

RECENT DEATHS

MC FARLAND, WILLIAM.—At West
Weber, Weber county, Utah, Sept. 18,
William McFarland, a pioneer in
Weber county and one of the most
highly respected citizens of West We-
ber, died at the family residence of
general debility. The deceased was
71 years old, having been born in
Scotland in 1828. He emigrated to
Utah in 1855 and located at West
Weber in 1859, where he has since re-
sided. He is survived by a wife, eight
sons, two daughters, twenty-two
grandchildren, three brothers and one
sister, all of whom reside at West
Weber and Ogden. Besides his im-
mediate relatives, there are many
friends who will greatly mourn his
death.

DRIVER, EDYTHE IRENE.—At
Ogden, on Saturday, Sept. 18, Miss
Edythe Irene Driver, the daughter
of Doctor and Mrs. John Driver, died
at the family home, 235 Twenty-
sixth street. The young lady was
born in Ogden, April 26, 1894. She
was a student in the Ogden high
school, and was a member of the
Episcopal church. Her illness pre-
vented her from further
pursuing her studies.

NELSON, ANDREW.—At Mant (San-
pete county, Sept. 17, Andrew Nelson,
son of Doctor and Mrs. John Driver, died
from cancer and other diseases. Mr.
Nelson was among the early settlers
of Mant and the state, coming to
Mant in 1852, having crossed the
plains with Captain Poole's com-
pany. He became a member of the
Church of Jesus Christ in 1851 in
his native land and for a number of
years was actively engaged as a
Church worker, filling a most suc-
cessful mission to his native land for
a period of two years in the sixties.
Many years ago he was excommuni-
cated from the Mormon Church, and
some time later became a member of
the Presbyterian faith, being an
elder in the local church here at
the time of his death. During his
career he held a number of places
of trust in civil capacities, being
sheriff of Sanpete county, Mant city
commissioner, justice of peace, constable
and poundkeeper, and served during
the Indian troubles. He followed
farming and stockraising as a pro-

Anty Drudge Tells How.
Mrs. Kowler—"Well, I must be going. Now mind, you
come and see me next week. Any day 'cept Monday.
That's my wash-day, and the house will be full of
steamy soap-suds, and me too tired to make you a
cup of tea."
Anty Drudge—"That's just the day I'll come. And I'll
be there bright and early with a cake of Fels-Naptha
soap. The wash will be on the line before noon—and
the ironing done before night."

If you found it easier to do your
washing on Tuesday than on Monday, you
would change at once. Sensible women
would! Yet there are some women who
still wash clothes in the old-fashioned, hard-
rubbing way, just because their mothers
taught them so.

Are you wearing out yourself and your
clothes boiling and rubbing? Why not
try Fels-Naptha soap? It's the new, mod-
ern way of washing. Use it in cold or
lukewarm water—no boiling or hard-rub-
bing—and your clothes will be cleaner,
whiter, and wear longer.

Follow directions on the red and green
wrapper.
