MUSICAL EVENT PROMISED.

Recount of Ballots Nearing the End—
Federal Grand Jury—Junction
City News Notes.

Ogden, Utah, March 1.—The recount
of ballots cast at the election last
November for district judge in the
contested case brought by Daniel Hamer
against J. A. Howell, is drawing to
a close. Judge Morse expects to com-
plete the straight recount today. The
work has been a very tedious one, cov-
ering nearly two weeks, and over 13,000
ballots have been gone over by Judge
Morse.

The counting of the ballots of Davis
county was continued all day yester-
day, and 10 out of the 16 districts of
that county had been counted from
one to 11 inclusive excepting precinct
one. When the count opened the en-
velope containing the ballots of the
South district it was found that a mis-
take had been made, that the ballots
used had been turned over to Deputy
Sheriff Sebring instead of the used
ballots.

In the 10 districts counted no material
change was made on either side. 558 bal-
lots had been challenged by both sides,
the attorneys for the contestant having
challenged 11 more Howell ballots than
the other side.

When the court has completed the
recount of the unchallenged ballots,
he will take up the contested ballots,
challenged by both sides, and will
decide on the several thousand chal-
lenged ballots.

The contention of Judge Powers for
the contestant that none of the ballots
of Davis county should be counted be-
cause of the Socialist motto having
been printed on the ballots in the So-
cialist column was denied by the court.

GRAND MUSICAL TREAT.

A musical evening of great import-
ance will be given next Tuesday in the
Tabernacle when Dr. Carl E. Duff,
America's leading basso, Miss Elizabeth
Barnes, soprano soloist, and W. C. E.
Seabrook, pianist, will appear in con-
cert with the Ogden Tabernacle choir.
Dr. Duff, until a leave of absence was
granted recently, was singing with the
Metropolitan Opera company at the
Metropolitan, New York, and is con-
sidered by American critics as the lead-
ing basso of the country. The Taber-
nacle choir has assumed a heavy guar-
antee in securing this trio of artists,
and no doubt the public will appreciate
this opportunity and attend.

The Mutual Improvement associations
will adjourn their meetings on that
night to enable their membership to
attend.

The Tabernacle choir will sing two
choruses from the grand opera at the
concert. It is the biggest thing musically
since Mine. Blauvelt was here.

ATTEMPT ASSAULT.

At about 6 o'clock yesterday after-
noon a violent assault was attempted
upon a person of Nona McLain, a
12-year-old girl, when on her way to
school to her home, west of the
Weber river bridge. The assailant was
frightened away. The girl in going to
school was on the railroad yards,
and noticed that a man was following
her. At one of the crossings there was
a train of cars about to pass and the
watchman motioned for her not to

cross ahead of it. The man who had
followed her then picked her up, car-
ried her across the track and then put
her down. He continued to follow her,
and when she reached the broader,
latter place near the river he came
up behind her. Timothy Kelliher, a 14-
year-old boy, also on his way home
from school, was a short distance be-
hind, and observing the attack on the
girl he shouted for help. His cries at-
tracted the attention of two farmers
who were driving along the road in
their wagons. One of them, residing in
Homer, rode up to the man and de-
manded to know who he was. He was
unable to give a satisfactory answer,
and the farmer then turned the horse
around and drove back to the nearest
telephone and notified the police. The
man had made his escape through the
brush along the river bank. A good
description was furnished. Got only
Folk and the Kelliher boy, but by railroad men,
who saw him crossing the railroad yards.
The officers are searching every por-
tion of the city and its environs with
the hope of getting him into custody.

Proposition to Divert Weber River Water To Provo River—News Briefs.

Special Correspondence.
Lehi, Utah, Feb. 27.—Saturday
evening last the water users of the
north end of Utah county met at this
place and held an enthusiastic meeting
to consider the proposition of getting
more water for this end of the county.
A week before this meeting a meeting
was held in the court house of the
Lehi water users and a committee was
then appointed to consult with Prof.
Swendsen of Salt Lake City. At the
meeting Saturday night this commit-
tee reported that Prof. Swendsen had

outlined a plan whereby it would be
possible to turn the head waters of the
Weber river into the Provo river, from
which stream water could be taken by
a high-line canal at the cities of Pleasant
Grove, American Fork, Alpine, and
Lehi and also for use on Provo Bench.
Of course, it would be necessary to
build an immense reservoir in Weber
county and this reservoir, if constructed
with it in mind, would have more water
than is needed by the Ogden farmers,
and would permit of the diversion of the
head waters of the Weber into Utah
county.

State Engineer Doremus was present
by invitation and gave a very compre-
hensive explanation of what the reclama-
tion service was doing and what was
necessary for the farmers to do to take
advantage of the government's help. He
praised the work that was being done
in Utah by the reclamation service and
regretted the farmers did not get in perfect
harmony with that body.

At this meeting a general committee
of seven, composed of Morgan Evans of
Lehi; James H. Clark, American
Fork; F. D. Vailley, Pleasant Grove;
G. Beck, Alpine; George Y. Meyers,
Highland; and A. B. Walker, Lehi, and
one person from Provo Bench not
chosen, were elected to take charge of
the work local and oversee the cir-
culation of a petition among the farm-
ers.

MONROE.

TYPHOID AND MEASLES

In Epidemic Form—Schools and Public Assemblies Discontinued.

Special Correspondence.
Monroe, Nev., Feb. 28.—The two
feet of snow that fell here has almost
disappeared. Streets are once more
getting in good shape. The cold snap
is in beautiful relief of the cold snap
that sent the mercury down to about 30
degrees below zero and the hearts of the
farmers are jubilant over the prospect
of plenty of water and good crops.

An affliction of typhoid fever and
measles came upon the town very sud-
denly and spread rapidly until the
physician pronounced it a hot case, and
no further cases have developed.
In the past few days and flags are
now beginning to come down.

District school and all public gather-
ings have been stopped for two weeks.

FRISCO.

WEIRD INDIAN BURIAL.

Peculiar Obsequies by Red Man—Snakes by the Hundred Unearthed.

Special Correspondence.
Frisco, Beaver Co., Feb. 28.—Consider-
able interest and curiosity were manifest
today at the funeral of a young Indian
woman, whose death occurred yesterday
at the campment, near this place. She
lay in state for some time on the ground
and was buried in a hot cave in the
vicinity of the camp. She was placed in
a (rough box) with most of her belong-
ings, and was covered with a pile of
furs and water. The funeral procession
was quite imposing, consisting of seven
or eight Indian couples, loaded with
guns, poles, blankets, baskets and all
the necessities of Indian housekeeping.
(Indians always migrate, and at the
caves on horseback with guns and side
arms, Indian boys (white boys, too),
lodge horses, and dogs.

The wigwag, which had been the home
of the dead woman with what effects she
did not have with her, were fired, and at
the time of this writing is making a weird
glow in the landscape. At the Indian
cemetery, which is located on a prominent
hill east of town, the services were con-
ducted by one of their men, who was
dressed in a black suit and white shirt.
The wigwag was opened for the view of
spectators.

A number of citizens were present, in-
cluding all of the school children with their
teachers. When the coffin was lowered, a
prayer was offered by the Indian in black.
The earth was then sprinkled with water
and a few small coins dropped in, as
the grave was being filled, after which
the coffin was lowered to the site of their
new campment.

was the mother of 16 children, with 92
grandchildren, and 67 great-grand-
children. She is now 77 years old.

Harrisville, Weber Co., Feb. 27.—Fun-
eral services were held Sunday over the
remains of William J. Shurtliff, who
died Friday morning of Bright's dis-
ease. The services were conducted un-
der the direction of Bishop L. J. Taylor.
The principal speakers were President
C. F. Middleton, Patriarch F. G. Taylor,
Supt. N. J. Harris, representing the

tual Improvement association, and W.
M. Pigott, the barbers' union, of which
the deceased was a member. All re-
ferred to the deceased as an excellent
and noble worth of the deceased, for
he was indeed an ideal young man in
every respect, and many words of com-
fort were offered the grief stricken
family and friends. There were nume-
rous beautiful floral designs.

A large concourse of friends and rela-
tives were present.

A NOTED WOMAN.

COUSIN OF LATE C. S. PRES- IDENT ZACHARY TAYLOR.

Seventy-Six Years of Age, Recom- mends Vinol For Old People.

Mrs. Sarah J. Windrom of 429 W.
Erle St., Chicago, a member of one of
the most distinguished families in the
country, cousin of Zachary Taylor,
12th President of the U. S., and grand-
niece of Alexander Hamilton, who
signed the Declaration of Independence,
writes:

"I feel that I am a goddess to old people.
I am 76 years old, but I feel active and
well today, thanks to the vitalizing
effects of Vinol.

"My appetite is all that could be de-
sired. I sleep well, and my mind is
clear and I am interested in the af-
fairs of life as I was fifty years ago.

"When I was young cod liver oil
was dispensed in a greasy, unpalatable
form, and I fully grieved me to get
it. But now I am so glad to find a
pure and nourishing to impoverished
blood.

"I feel so much stronger, both men-
tally and physically since I used Vinol
that I feel it is a tonic and a pleasure,
to recommend Vinol as the
finest tonic I ever used in my life."

MRS. SARAH J. WINDROM.

Such words of praise from a person
of such high standing must be accept-
ed as unquestionable proof of the su-
periority of Vinol.

Do you wonder that our Vinol has
every cent sold in the United States?
Doctors and patients? We know of
nothing else that will accomplish such
wonderful results; and, remember,
Vinol is not a patent medicine.

The earth was then sprinkled with water
and a few small coins dropped in, as
the grave was being filled, after which
the coffin was lowered to the site of their
new campment.
