

SAYS PRESIDENT CAN NOT LIVE.

CLEVELAND, Ohio, Sept. 7, 4:30 p.m.—Dan R. Hanna, son of Senator M. A. Hanna, has just received a telegram from his father at Buffalo that President McKinley is worse and cannot live.

DEEP GLOOM HANGS OVER THE CITY

The Whole Populace Waits With Bated Breath for the Latest Tidings from the President's Bedside—Sorrow is Widespread.

A heavy spirit has brooded over the city all day. The high tension into which it was thrown yesterday afternoon has not relaxed in the least. Salt Lake, like every other city in the union, may be said to be standing at the bedside of the stricken President and waiting almost breathlessly for any sign of improvement in the patient's condition. While only a few skilled physicians are admitted into the President's chamber, a whole nation waits in spirit at his couch. He is not only the charge of the trained nurses who come and go quietly at the call of the physicians, but he is the nation's patient. While there was one hand in this country diabolical enough to fit itself in malice against President McKinley, there were 75,000,000 pairs of hands ready at once to crush the monster into the earth, and 60,000 in Salt Lake.

Today has been a day of anxious waiting and free discussion of the unappreciated affair. The streets have been crowded all day, but a business has been almost at a standstill. So vital has been the relation between the president and the people that the wound which felled him has stunned the nation and its pulse beats low and in unison with his own. It is the feeling in Salt Lake and throughout Utah. The leading citizens of the state have already expressed their sentiments, which no doubt have been echoed from every worthy heart in the state. One man had the good-will to express satisfaction over the affair. "It would be impossible to state the condition of his heart; but a man who heard the remark saw to it that the condition of his face was not improved. An officer who witnessed the blow without knowing the cause, stepped up to make an arrest, but as soon as he was told what the provocation was he walked away.

The depressing spirit was felt everywhere in the city today. It found its way into the heart of the most antagonistic politician, and the social revolutionist; into the store, the bank and the machine shop. Its scathing influence rested on every heart and even the soft September wind appeared to sing a dirge in the sighing of the trees. There were many men on the streets today who would recall the weary weeks of waiting when President Garfield was dying and as mighty as was the wave of sympathy for him it was not as

PASS RESOLUTIONS OF SYMPATHY

The county commissioners held a special session this afternoon and unanimously passed the following resolution introduced by Chairman James H. Anderson: Resolved, That the members of the board of commissioners of Salt Lake county, for themselves and in behalf of the people whom they represent, solemnly express the profoundest sorrow at the terrible calamity which has befallen the nation through the striking down of its chief executive, President William McKinley, by the hand of an assassin. That we view with abhorrence the act which has brought the gates of death, and we condemn beyond measure both the act of the criminal, and those vicious teachers and publications whose utterances, cartoons and illustrations arouse in the hearts of depraved, misguided and weak-minded individuals an animosity toward the best and greatest men of the nation, such as causes those individuals to imagine themselves liberators of the people when in fact they are the basest enemies of the nation.

THE PRESIDENT'S CHANCES FOR RECOVERY

When some of the leading physicians and surgeons of this city were seen this afternoon and asked as to the chances the President had for recovery, they expressed themselves as follows: Dr. J. S. Richards—The chances are more than even in favor of recovery. It is all probability the bullet will not be extracted. The wound is but small, and, as I understand it, it has been sewed up. Of course the whole danger now rests with the condition of the peritonitis cavity—and just to what degree inflammation may set in. It goes without saying all that science can do will be done for him and I am exceedingly hopeful that he may recover.

Dr. Allen Fowler—The great danger is that of septic poisoning incident to the carrying in of foreign matter along with the bullet. In that case peritonitis would set in and nothing could save the President. The chances are greatly on the side of the non-recovery and death of President McKinley. Dr. A. S. Bower—I think his chances for recovery are very fair—possibly more in favor of pulling through than otherwise. Of course it is hard to tell at this time, but if infection does not set in he will recover.

Dr. W. F. Beer—The only danger now, that I believe is correct, is that septic poisoning may set in. It is no use fooling with the bullet for it has done all the harm it can do. If any foreign substance has been carried into the President's body with the bullet—such as a piece of clothing—blood poisoning may set in and then nothing can save him.

Dr. H. D. Niles—His chances are 60 per cent in favor of recovery. To Dr. Park and those associated with him must be accorded honor for the nerve they displayed in immediately opening

SUMMER COLDS BREED CATARRH.

Chief Zeller Protects Himself With Pe-ru-na Against Summer Colds.

Hon. Frank J. Zeller, former Chief of Brotherhood of Locomotive Engineers, No. 148, of Meadville, Pa., now Alderman Third ward, Tryonville, Pa., writes: "I suffered a number of times with severe colds and was laid up repeatedly. A friend told me he had taken Peruna and it kept him well. I have tried it and found that it not only cured me, but that taking Peruna occasionally, especially in bad weather, keeps me from catching cold. It seems to throw all sickness out of the system and I would not be without it."—F. J. Zeller.

Colds are considered one of the necessary evils of life. One is liable to catch cold both summer and winter. Very often summer colds prove fatal. They are always dangerous. A cold is the beginning of catarrh. It may cause catarrh of any of the internal organs—the head, throat, lungs and stomach especially. A remedy that will cure a cold then would cure all these direct effects of colds. Peruna is such a remedy. We have letters from all over the United States attesting to this fact. The poor and rich alike use and recommend it. A book of testimonials in the exact words of the writer sent to any address free of charge by The Peruna Medicine Co., Columbus, Ohio.

Mr. James Uley, Camden, Benton county, Tenn., writes: "I am glad to have the pleasure of telling the world what Peruna has done for me. I was taken sick last April, and had three of the best doctors we have in our country, and they did me but little good if any. When I began with your medicine I could not lie down at night, my cough was so bad. My friends all

stic tendencies, and were well thought of by the Polish people here. Leon was a small boy when he left here and at that time was apparently no different from other boys of his age. One of the sons married a woman by the name of Neiman. Walter Nowak, a New York cigar-maker, formerly of Cleveland, was taken into the room where Czolgosz was being examined. After glancing at the prisoner he said he knew him in Cleveland two years ago. At that time Nowak was a reporter on a foreign newspaper and in common with him and a number of his countrymen formed a social organization that later developed into a socialist club, and he (Nowak) withdrew from it. He states that he remembers some of the radical resolutions adopted by the club and brought to him for use in his paper. He had always found it necessary to alter them materially to make them proper material for publication. He said that Czolgosz was without sufficient intelligence to organize such a crime as the assassination of the President.

Nowak said after coming from the room where the conference was held that Czolgosz advanced toward him with extended hand. Nowak looked at the prisoner disdainfully and refused to accept the proffered hand, saying: "Scoundrel, why did you commit this terrible crime? Who originated this devilish plot? It was not you." "I did," replied Czolgosz. "I did. I originated the plan. It was my plan. It was my crime."

INFIDEL AND SOCIALIST.

Several years ago Czolgosz was employed in a Newburg mill. Among his fellow workers there he was known as Fred Neiman. He is a member of Forest City Castle Lodge No. 22, of the olden Eagles. His former associates in the mill describe him as a criminal of about 28 years of age, five feet seven inches in height, with light complexion and brown hair. They say that he was a queer acting man but was known to have a most violent temper. It is said that the would-be assassin is a strong infidel and a red hot socialist. He was last seen around Newburg during the past spring. At that time he was on a farm with his father near Warrenville, Ohio.

USED RED INK. John Ginder, an employe of the Newburg wire mill, and who is also a member of the Golden Eagle lodge, received a letter from the would-be assassin in July last, dated West Seneca, N. Y. He sent money for lodge dues and stated that he was working there and would probably remain in the place for some time. It is said this letter was written in red ink. The police probably get possession of the communication today.

THE LETTER.

An Associated Press reporter this afternoon succeeded in getting possession of the letter written by Czolgosz to John Ginder, secretary of the Golden Eagle lodge in this city. The commun-

ication was obtained from Ginder. It was written in red ink and reads as follows: "West Seneca, N. Y., July 20, 1901. "John Ginder: "Dear Sir and Brother—Inclosed you will find \$1 to pay my lodge dues. I paid it to Brother George Conish to pay the assessment sent out on account of the death of Brother David Jones. "Brother Ginder, please send my book to me at my cost and also send pass word if you can do so. "I left Cleveland Thursday, July 11, I am working here and will stay for some time. The fare from here to Buffalo is \$1.10. "Hoping this finds you well as it leaves me. I remain, "Yours, "FRED C. NIEMAN."

Is He a Traitor?

Baltimore, Sept. 7.—A morning paper here publishes an interview with United States Senator Geo. L. Wellington, given in Cumberland, upon the reception of the news of the attempt upon the life of President McKinley, in which Senator Wellington is quoted as saying: "McKinley and I are enemies. I have nothing good to say about him, and under the circumstances do not care to say anything bad. I am indifferent to the whole matter." The attention of the senator was directed this morning to the interview with a request for a denial of affirmation of the words attributed to him. He flatly declined to give either.

Prayer is Universal.

New York, Sept. 7.—In all the Jewish synagogues today prayers were offered for the speedy recovery of President McKinley. In many instances the rabbi mentioned the catastrophe in his address and dwelt on the life of the President.

Secretary Long.

Buckfield, Maine, Sept. 7.—When the news of the attempted assassination reached Secretary of the Navy John D. Long at his summer home here last evening he was so overcome that he at once denied himself to everybody except his immediate family and requested that he not be asked to say anything. Early today, however, he sent the following message to the Associated Press: "It is appalling. Words cannot express the horror, the pity, the wickedness of it. It is an overwhelming sorrow. May God preserve this precious life."

Hurrying to Bedside.

Omaha, Neb., Sept. 7.—Abner McKinley, the President's brother, accompanied by his family is rushing through the Burlington en route from the Colorado mountains to his brother's bedside at Buffalo. He left Denver last night at 10 o'clock, arrives in Omaha at 2 p. m. today, and leaves at 4 p. m. He will arrive in Chicago to-

Public Schools Commence.

The first monthly meeting of the Salt Lake public school principals was held in the High school auditorium at 10 o'clock this morning. Superintendent Christensen offered a resolution that the regular program be suspended for one week in respect to President McKinley. The resolution was adopted and the meeting will be held a week from today, at which time an opening address will be delivered by R. S. Young of the board of education.

Mayor Thompson Appoints Russell G. Schuller.

Today Mayor Thompson appointed Russell G. Schuller as clerk of the police court to fill the vacancy made by the death of Judge J. B. Timmony, and the elevation to the bench of former clerk Chris B. Diehl. The new clerk made his appearance in court this afternoon and tried his initial case. The young man was raised in Salt Lake and is 21 years of age. He was a member of 1900 class at Ann Arbor and graduated with the honors of bachelor of law and the year following took a post graduate course and graduated as Master of Law. He has the appearance of being a very bright young man and with a little practice ought to make a good prosecutor.

Work Full Time.

Henceforth, There Will be No Half Holidays. At the regular meeting of the butchers of Salt Lake it was decided that the half holiday which has been the feature of every Wednesday throughout the summer months, be abandoned for the rest of the year. As a consequence all stores will be opened for business every afternoon of the summer, when it is the purpose to make the half holiday a permanent institution. It was the intention to extend the weekly half holiday until the first week in October, as agreed upon by the jobbers early in the season. Owing to the fact, however, that the jobbers and some of the merchants elected to abolish the vacation with the advent of this month it was agreed to make the move unanimous. An understanding was also arrived at by which an effort will be made to close every store in this city for one afternoon during every week of the summer of 1902.

Late Locals.

On Friday, September 14th, Judge Hall will have a law and motion calendar. The German singing society, Harmonien, will hereafter have its weekly practices on Wednesday evenings instead of on Tuesdays. The 124th Quorum of Seventy will convene in regular meeting on Monday evening, Sept. 9th, at 7:30 o'clock, in the Eighteenth ward school house. An interesting program has been prepared. The funeral services over the remains of Joseph Christiansen will be held at the Sugar ward meeting house on Mon-

FALLING HAIR

Prevented by Shampoos of CUTICURA SOAP and light dressings of CUTICURA, purest of emollient skin cures. This treatment at once stops falling hair, removes crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

MILLIONS USE CUTICURA SOAP

Assisted by CUTICURA OINTMENT, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP in the form of baths for annoying irritations, inflammations, and excoriations, for too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many antiseptic purposes which readily suggest themselves to women and mothers. No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers to use any others. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients, and the most refreshing of flower odors. No other medicated soap is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines, in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, and the BEST toilet and baby soap in the world.
