A LAW UNTO HIMSELF.

Every Man Must Be That, to Retain His Health and Digestion.

There are thousands of people in this world who eat meat from one year's end to another, and certain savage tribes in Africa and Polynesia are not exclusively meat eaters; but while there are thousands of these, there are millions who live upon a mixed diet of meat, vegetables and grain, and the numbers is a criterion it would seem that a mixed diet is the best for the human family.

The fact that you will find many vegetarians who appear healthy and vigorous and meat eaters equally so, and any number of robust specimens who eat both meat and vegetables and anything else that comes their way all goes to show that the old saw is the true one, that every man must be a law to himself as to what he shall eat and drink.

To repair the waste of tissue in brain workers as well as to replace the muscle and sinew of the laborer, can only be done through the process of digestion. Every nerve, muscle, sinew, every drop of blood is extracted from the food we eat and digest.

In these days of hustle and worry, and artificial habits of life, scarcely one person in a thousand can claim to have a perfect digestion; dyspepsia is a national affliction and Sturt's Dyspepsia Tablets a national blessing.

Most cases of poor digestion are caused by failure of the stomach to secrete sufficient gastric juice, or too little Hydrochloric acid and lack of pepsin and all of these important essentials to perfect digestion are found in Sturt's Dyspepsia Tablets in convenient palatable form.

One or two of these tablets taken after meals insure perfect digestion and assimilation of the food.

Cathartic pills and laxative medicines have no effect whatever in digesting food and to call such remedies a cure for dyspepsia is to say that a man can cure himself by taking a cathartic.

Sturt's Dyspepsia Tablets contain pepsin free from animal matter, diastase and other digestives, and not only digest all wholesome food but tend to increase the flow of gastric juices and by giving the weak stomach a much needed rest bring about a healthy condition of the digestive organs and a normal appetite.

Nervous, thin blooded, run-down people should bear in mind that drugs and stimulants cannot furnish good blood, strong muscles and sturdy nerves.

CHRISTMAS CAROL.

When Christ was born in Bethlehem,

'T was night, but seemed the noon of

The stars, whose light

Shone with unwavering ray;

And with glorious star

Guided the Eastern Magi from afar.

Then peace was spread throughout the land;

The lion tamed the tender lamb;

And with the kid,

The spotted leopard fed;

In peace, the calf and bear,

The wolf and lamb reposed together there.

As shepherds watch their flocks by night,

An angel, brighter than the sun's own light,

Appeared in air,

And gently said,

Do not be—be not afraid,

For behold, I hold the star,

Earth has become a smiling paradise.

Contentment for the carol may use

their own taste and discretion in the

employment of the above words,

omitting or repeating at their pleasure.
