Dr. FOOTE, Senior,

Of 130 Lexington Avenue, New York,

Hereby cautions the public NOT to Employ or Communicate With a man styling himself "Dr. Foot, Jr." without making due inquiry.

This man came to Salt Lake City representing himself as the son of Dr. X. B. FOOTE of New York, the well known specialist, as abundantly proved by affidavits. As rumors came into Salt Lake City from Dakota and Montana from an expose made there, he changed his base and represented himself as the son of a more noted specialist in New York City than Dr. E. B. FOOTE, the well known author. Mr. JOHN F. TROW, of the well known Trow's Directory, in New York City (forty years in the directory business), EX-Governor FRANK FULLER, of Utah, and the Hon. ABRAM WAKEMAN, for many years Postmaster in New York City, also Surveyor of the Port, gave their affidavits that there are no other doctors in New York by the name of FOOT or FOOTE, excepting Dr. E. B. FOOTE, the the author of "Medical Common Sense," etc., and his two sons, Dr. E. B. FOOTE, JR., and Dr. HUBERT T. FOOTE. The genuine Dr. FOOTE, Jr., will hereafter always employ the initials, E. B., in designating his name. Heretofore he has been known not only at home but wherever his publications have been circulated, by the name of Dr. FOOTE, Jr. Greater care will be taken hereafter, in view of the fac that an unprincipled person has assumed to profit by his and his father's reputation.

Those desiring further and more *detailed information* in respect to this matter, will receive it by addressing **Box 414, Salt Lake City Utah.**

Persons having information of advantage to plaintuffs will kindly communicate the same to J. W. Ivey, with Sutherland & McBride, Salt Lake City.

Those desiring to consult Dr. FOOTE professionally or to order remedies should address either

Dr. E. B. FOOTE, Sr., or Dr. E. B. FOOTE, Jr.,

The Knights of Labor number 200,000 in the United States.

Blucher's sword was sold last month in Berlin for $20,000.

William Talmage, of Des Moines, Iowa, has fallen heir to $1,300,000 in England.

The claims for losses in the recent rebellion in the Northwest, Canada, will amount to about $2,000,000.

As we understand Brother Hendricks, he is cordially in favor of carrying out the civil service law—on a shutter.—*Philadelphia Press.*

The deepest mining shafts in the world are at Prizibam, Germany, 3,280 feet, and the Combination shaft at Virginia, Nevada, 3,150 feet.

There are still public lands open to settlement in 19 States and 8 Territories. The prices vary from $1.25 to $2.50 per acre.

Mrs. Theodore Tilton is often seen in the picture shops along Wabash Avenue, Chicago. She dresses plainly; her hair is very gray, her voice tremulous, and her face is sad.

It is firmly believed by the citizens of Washington that the remains of Gen. Grant will be removed to Washington within a year. Action by Congress is expected to hasten the removal.

Three hundred and fifty-eight criminals who have escaped from Georgia in the course of the last 13 years are wanted in that State. The rewards offered for them aggregate $100,000.

Vienna is about to put into practical operation an aeronautic institute, where a constant supply of balloons of every kind and style will be kept on hand. Ascensions are to be free.

In the United States there are more than 50 penitentiaries, 2,400 jails, over 50,000 criminals always in limbo, and the annual cost of keeping these institutions going is $500,000 per annum.

"What do they do when they install a minister," inquired a small boy, "do they put him in a stall and feed him?" "Not a bit," said the father, "they harness him to the church and expect him to draw it alone."

Lew Wallace, the author of "Ben Hur," is writing another book. The title has not been announced, but in view of his successful diplomatic career, he should call it "Ben Thar." The name would catch the Hoosiers.

A scientist says that if a man were agile in proportion to the agility of the flea, he could leap over a three-story house. But such a gift would be of no advantage to him. The constable or sheriff who was after him could jump over, too.

Recent penitentiary statistics show that the large majority of criminals are unmarried. Crimes generally are committed by men between the ages of 15 and 25. From this it would appear that more early marriages would lessen the number of crimes.

"I was never exactly buried alive," said an old clerk, recounting his experiences, "but I once worked a week in a store that did not advertise. When I came out my head was almost as white as you now see it. Solitary confinement did it."—*Cincinnati Gazette.*

It is a singular fact that of the men whose patent medicines have made their names familiar all over the world, Pierce is paralytic, Helmhold an irresponsible imbecile, Jayne has perpetuated a line of insane children, Ayer is insane, and Warner is a confirmed invalid.

Irish agricultural statists show that there are 5,000,000 acres of land under crops in Ireland, an increase of 81,000 over the acreage of 1884; that there are 10,250,000 acres of grass land, a decrease of 200,000 acres, and that the bog, barren and mountain land has increased 27,000 acres.

Frank James, the Missouri bandit, is far gone in consumption. He says that he has received hundreds of offers from snowmen, but that he is too old and feeble to learn how to act in a drama illustrating his exploits, as frequently proposed, and he is too proud to become an exhibit in a museum.—*New York Sun.*

The most profitable newspaper in the world, the London *Times*, is valued at $25,000,000, and the most profitable in France, the *Petit Journal*, earns $800,000 a year net, although a dozen years ago it was insolvent. The London *Standard* is valued at $10,000,000, the *Daily News* at $6,000,000, and $5,000,000 would not buy the *Telegraph*.

Deadwood is very much disgruntled over the census returns relating to herself. Instead of 3,000 or 3,500, as was hoped, the returns give her less than 1,800, a bad falling off since the flush days when her population was between 6,000 and 7,000. As is usual in such cases, vigorous complaint is being made at the way in which the census was taken.

Winchester was captured and recaptured more than any other city during the war. It changed hands twenty-five times during the four years, says an exchange. At last the inhabitants had placards printed with "The Union" on one side and "C. S. A." on the other, and used to hang them whichever side out happened to suit the party in power.

Alluding to his Yellowstone Park excursion of 1883, a newspaper writer reports the following language from Rufus Hatch: "I had railroad passes for every mother's son of my company, yet that picnic cost me $35,000 in cash. I didn't ask the boys to spend a penny, and you can gamble that none of 'em pressed me to allow them to. Besides, while I was gone, I got on the wrong side of the market, and went hopelessly lame before I got back. I lost $460,000 on that trip."

"The Outcast Poor."

A great stir has recently been made in London by a pamphlet with this title, showing the utter misery of the degraded classes. Many of these poor people have come to their misery by strong drink. But many others are simply suffering from broken-down constitutions. If such people were helped up by giving them Brown's Iron Bitters, the sum of human misery would be greatly lessened. Spend a dollar at the druggist's and give some needy invalid a bottle of this invaluable tonic.

BULBS!

Holland Bulbs, such as Hyacinths, Tulips, Narcissus, arrived at O. Due's Third South St., No. 240 West.

THE REST EVIDENCE

Of the merits of a remedy is the effect on the system, so there can be no doubt that the California Fig Syrup Company is pursuing the wisest plan possible to make known the wonderful efficacy of Syrup of Figs for all the ills arising from an inactive condition of the Liver, Kidneys, Stomach and Bowels, in giving away sample bottles free of charge. Ask our enterprising druggists for a free sample bottle, or you can buy large bottles for fifty cents or one dollar. 8

If you have a Sore Throat, a Cough or a Cold, try B. H. Douglass & Sons' Capsicum Cough Drops; they are pleasant to the taste, perfectly harmless and will surely cure you. 5

A CARD.

THE DESERET HOSPITAL, UNDER the most favorable auspices, is now open for the reception of patients, having removed to that large and commodious building lately occupied by the Deseret University. The appointments are now and of the best order. The halls and rooms are thoroughly ventilated, and warmed by a furnace and steam heating apparatus extending through the whole building. Good and capable nurses are supplied, and every attention paid to the comfort and welfare of its inmates. The medical department possesses a fine stock of drugs, and a line of some of the most valuable and elegant surgical instruments and appliances ever imported into the Territory. Arrangements have been made to secure the first medical talent the city affords for the benefit of patients. A specialty is made of the diseases of women, and correspondence is solicited from the afflicted.

W. F. ANDERSON, Medical Supt.
M. P. HUGHES, House Surgeon.

A limited number of students will be taken, who will board in the Institution, receive instruction preparatory for future studies, and will be expected in return to devote a certain portion of their time and labor to attendance on the sick and other requirements connected with the Hospital.
