HEAVY GALE VISITS OGDEN

Roofs Carried Away and Other Damage Done—Several Run-aways Result.

A SERIOUS TRAIN SMASHUP

At Montello, Nev.; Two Men Are Dead, Others Injured—J. T. Bybee Favored For County Commissioner.

Ogden, Nov. 16.—A heavy wind that blew with great fury for a short time yesterday afternoon swept over the city, doing some damage. The large tin roof of the Lewis block on Washington avenue was raised from the building high up into the air and then dashed to the street below. As it came down it caught on the electric light and telephone wires, breaking several, and lighting two teams and a number of people on the avenue. A portion of the sky light of the First National bank building was torn off, and a number of other buildings suffered slightly, but a rain followed which cleared the blinding dust that filled the air and stopped the fury of the wind.

UNLUCKY DAY FOR WRIGHT BROS.

Yesterday afternoon was an unusually unlucky day for Wright Brothers, who had three run-aways within a few hours. Their team, hitched to the large delivery wagon, was standing at the rear of the store when the wind blew a large piece of roofing to the ground near them, and they ran away down Twenty-fifth street to Washington avenue, where the wagon collided with a street car, doing slight damage to the wagon and the car. The team dashed along northward on Washington avenue for nearly a mile before it could be stopped. Later in the afternoon the team was in front of the store, when the roof of the block blew off, and frightened them, and they started to run away, but were soon caught, and a short time afterwards the horse attached to the delivery wagon was frightened and ran a short distance before it was captured. The damage done was only slight.

SHOCKING RAILWAY ACCIDENT.

Train Runs Away at Montello, Nev., With Serious Results.

Ogden, Nov. 16.—One man was killed and six were injured, one fatally, at Montello, Nev., 120 miles west of here, at 5:40 p. m., last evening. The accident was caused by the refusal of the air brakes to work, while the train was running down a sharp incline into the Montello yards.

One man was killed outright, an Italian laborer, whose name has not been learned here. The injured are: Frank Looney of Ogden, engineer of eastbound freight train No. 1761, internal injuries; still unconscious; it is believed will die. Looney is married and has several children. The family resides on Chicago street. Looney is at the Ogden general hospital.

W. J. Connor, head brakeman, who recently came from Berkeley, Cal. He is unmarried. He is not seriously injured.

J. E. Dubano of Ogden, a brakeman, married, broken arm and other serious injuries. May recover.

R. W. Newcomb, fireman, only slightly injured.

Two Italian laborers, names not known, were also injured, one of whom died in the hospital here this morning.

TRAIN RUNS AWAY.

Conductor Tyree, who was alone in the caboose at the time, ran ahead and set a number of hand brakes, after which he returned to the caboose, cut it loose from the train and thus succeeded in saving himself from injury.

Fireman Newcomb remained at his post in the cab and was buried beneath the rubbish, but miraculously escaped serious injury. Head brakeman Connor was on the top of a car when the crash came and was hurled clear across a train on the opposite track. His escape from death also seemed a miracle.

When the runaway train reached the Montello yards it had attained a speed of more than a mile a minute. The main line switch had been left open and the train dashed down the track, leading to the ash pit. On the pit was engine No. 1767 and three Italian laborers were beneath it cleaning the ash pan. Without warning engine 1767 struck the dead engine, knocking it a distance of fully 200 feet.

One of the Italians was instantly killed. The cars of dried fruit with the exception of about four cars of the train, piled into a mass of wreckage more than seventy-five feet high. Beneath this fireman Newcomb was crushed and succeeded in working his way out without aid and suffered but a few minor scratches.

Immediately upon receipt of the news of the accident at Ogden a wrecker and a fire engine were sent to the scene. Another was started for the train which had dived into the ash pit.

Trainsmaster A. W. Wright, Drs. Joyce and Perkins to Montello. General Superintendent, Buckingham came up from Salt Lake on short line No. 3 and went west on a fast freight shortly before 2 o'clock. The dead and injured were brought to Ogden on a special and got in at 2:30 this morning.

J. T. BYBEE FOR COMMISSIONER.

Numerously Signed Petition Favors His Appointment.

Ogden, Nov. 16.—Indications are that John T. Bybee of Riverdale will be appointed to fill the vacancy caused in the board of county commissioners by the resignation of Hon. Joseph Stanford. A petition is being circulated among the business men and large property holders throughout the city and county, which will be presented next Monday to the board of commissioners asking them to appoint Mr. Bybee to fill the vacancy. The petition is being numerously signed by both Republicans and Democrats, indicating that his appointment would meet with the general approval of the public. Joseph Fife of Riverdale and John Nielson of Huntsville, who were also out for the appointment, have withdrawn in favor of Mr. Bybee, and Commissioner W. G. Wilson, whose term expires Jan. 1, 1907, has declined re-appointment, leaving the field open to Mr. Bybee. He is a man of wide experience in road building and other public work and has the ability to make an excellent commissioner.

\$300,000 FOR BEETGROWERS.

Farmers Receive Fortune in Payment For Crop.

Ogden, Nov. 16.—A large force of clerks kept very busy yesterday and today making the first payment of the Amalgamated Sugar company to the farmers for their sugar beets for this year. Judge Holapp stated that checks amounting to over \$300,000 were distributed among the farmers and they in return paid a great deal of it in circulation in paying their debts and buying many things needed for their families. The sugar beet industry has grown so rapidly in Utah that today it is one of the most important factors in making the state prosperous. The merchants of Ogden realize this and appreciate it. Mr. Holapp stated that in one of the settlements in Weber county where great interest has been taken in the industry, the money paid out to the beet raisers will average over \$1,000 each.

TAX COLLECTIONS.

To accommodate some of the sugar beet raisers who did not get their first pay until yesterday and some of the business men of the city, County Treasurer Chambers has decided to keep the tax records open to the raisers of this week. The books are supposed to close November 15, and all taxes not paid by then become delinquent, but through Mr. Chambers' courtesy, he will receive money all day tomorrow. Yesterday was an unusually busy day, and taxes for over 1,500 pieces of property were received and posted in the cash book.

WEDDING PERMITS.

Licenses to wed were granted by the county clerk to the following couples: David Carver, 34, and Miss Courtney Burnett, 23, both of Eden, Weber county. Andrew Jensen, John, and Miss Grace Snedaker, both residents of San Francisco. Graham Cross and Miss Florence E. Forrest, both of Ogden.

Indications are that the 20-round boxing contest for tonight at the Grand Opera House between Dick Hyland and Cyclone Thompson will be one of the liveliest ever witnessed in Ogden. The box office sale was unusually good, orders for tickets coming in from Salt Lake, Park City and Evanston. The men are in excellent condition and two good preliminaries will be pulled off.

A dance was given in the armory hall at night, interspersed with songs and recitations. George Margrett sang, "When Adam was a Little Boy." The whole affair was a grand success.

EXCITEMENT AND ANXIETY

Caused by Closing of Beckwith Bank—Severe Windstorm.

Special Correspondence.

Evanston, Wyo., Nov. 15.—The closing of Beckwith & Co.'s bank here this morning has caused much excitement than anything which has occurred in the town before. Many poor people, whose entire savings had been deposited there in the hope that they would be safe and draw a small interest, wandered around town, up and down past the bank, hoping some assurance might be given that all was not lost. Nothing definite has been given out in the way of information. Mr. Geo. F. Chapman, president of the Neponset Land & Live Stock Co., has been appointed receiver, and is working hard to straighten out the tangle.

A very severe wind storm is raging here today.

The eleven-months' old child of Mr. and Mrs. Wheatley died Monday morning from an "inward convulsion," the doctor called it, caused by a fall the child sustained on Saturday, striking his forehead a very severe blow.
