Organ and Public Speakers.

There is no doubt that clergymen and orators, while speaking, will derive great benefit from purchasing their handkerchiefs with Dr. Price's Floral Riches, as its fragrance excites the mind to vigorous action and is gratefully refreshing. For fresh, flowery odor, no other cologne or toilet water equals it.

FOR A FEW DAYS Z. C. M. I. OFFERS SPECIAL BARGAINS IN NEW LINES OF CARPETS, MATTINGS, RUGS, LINOLEUM, AND ALL GRADES OF HOUSEHOLD GOODS. NOW IS THE TIME TO REFURNISH AT A SMALL COST. WE ALSO CALL SPECIAL ATTENTION TO OUR NEW ASSORTMENT OF WALL PAPERS, AND CEILING AND FRESKO DECORATIONS.

We Don't Care.

Some dealers say: Yes, we know that Dr. Price's Cream Baking Powder is the best; but we don't care if others are made of saw-dust or soap; so long as they afford us a better profit, and we can sell them. The reason why adulterated baking powders are recommended is because Dr. Price's pays less profit.

FITS CURED.

Mrs. Mary Ann Walker, adjoining Sugar House Ward, begs to return her most sincere thanks to Dr. C. L. Plant for the cure effected upon her of fits. She has had no more since, although she had been subject to them from childhood. I am also to thank you for the cure of a serious affliction upon my daughter, 10 years old. She is entirely well now. Again thanking you.

DR. CLENN'S SULPHUR SOAP did nothing more than serve the purpose of a pleasant soap, softening the skin and beautifying the complexion, and giving to the cheek a glow that no other artificial means can produce. It does more, however. It chases away every blotch and blemish from the skin, and prevents the possibility of the appearance of any of those eruptions that convert beauties into monsters.

"Pocket Picking."—This afternoon a young woman from Mill Creek, niece of Brother George B. Bailey, had her pocket book taken from her pocket, on East Temple Street. Luckily it contained no money, and therefore the thief got nothing for his trouble.

Ogden Agent.—Brother Richard W. Young, of this city, has been awarded the position of agent for the Utah Northern Railroad at Ogden. He will go to that city to resume the active duties of the position, on Friday. He is an energetic and promising young man.

The Lost Found.—We learn that Richard Penman, of Bountiful, the young man who suddenly disappeared from his home a week ago yesterday, was found at 9 a.m. on Sunday. He was sitting in a clump of brush, in a lot not far from the residence of his parents. He had been there from Thursday. When discovered he was in a very low and exhausted condition, being unable to walk or speak.

Left His Home.—Christina Albertina Larsen, of Fort Ephraim, informs us that Charles John Larsen, her adopted son, left his home about a year ago, and since then she has not seen nor heard anything of him. She is very much distressed regarding his absence, and requests us to state that she will be very thankful for any information concerning him, which can be addressed to this office. The missing lad is about sixteen years old.

Stealing.—To-day a young woman, named Emma Baker, and another named Sawyer, were before Justice Pyper on a charge of stealing wearing apparel and other articles from the house of Mr. William Ayland, in the 11th Ward. The proprietor of the house and his family were absent, at Farmington, when the theft was committed. Some of the goods were found in possession of the accused, who were found guilty, and each of them was fined in the sum of \$50.

Diabolism.—About 4 p.m. on Sunday, the haystacks of the United Order of Richfield were discovered to be on fire, and at the same time flames broke out in a new threshing machine, belonging to Poulsen & Brothers, which was standing about two blocks distant from the stacks. The machine was damaged to the extent of \$200, and the value of the hay destroyed is estimated to amount to about \$500. The fire was incendiary, but the perpetrator of the fiendish act has not yet been discovered.

Wanted, for the New Tabernacle.—Twenty-five thousand feet of red pine lumber, 2 x 12, 20 to 30 feet long.

Bids received, and arrangements made for payment by the committee.

All bids must be sent in this week, and the committee are very anxious for this bill of lumber to be supplied from the mills of this county.

More masons and laborers are wanted to work on the building.

THOMAS TAYLOR, Chairman.

Returned Missionary.—Elder Thomas A. Wheeler, of South Cottonwood, called this morning. He returned from a mission to England with the company of emigrants which arrived on Saturday night. He left here for Britain Oct. 26th, 1875. He labored the whole of the time he was in England, in the Birmingham Conference, about one year as traveling Elder, and the remainder of the time as President of that field of labor. He baptized a considerable number, besides whom a considerable number were baptized by other Elders.

Civilization.—On Saturday a cleanly and good-looking Indian, from Thistle Valley, was in our office. A person standing near, asked him if he were a "Mormon." He answered—"Yes, Me Mormon. No steal."

"How many Indian Mormons are in Thistle Valley?" said the interrogator.

The Indian counted several tens and six on his fingers and said—"Mormons. No steal."

The latter-day Saints are seeking, by precept and example, to teach the Indians to refrain from all evil habits, and when they come forward and demand baptism at the hands of the Elders, they perfectly understand that they must thereafter observe strictly the principles of morality and virtue.

Beautiful.—This morning Brother John Daynes showed us a very beautiful ornament, received from his brother-in-law, Mr. John Bushby, of Hull. It is in the form of a box, of most elegant design, composed of variegated marbles and enameled tile-work. On each corner is a nicely formed skunk, and on the sides are representations of the four seasons.

Mr. Bushby received the medal for a similar piece of ingenious workmanship, exhibited at the Working Men's Art Industrial and General Exhibition, at Hull, 1870.

Brother Daynes has received from the same source, a marble table or stand top, made of different colors.

The articles were brought to Utah by Brother Henry Greenleafs, who arrived from Hull with the last company of emigrants. They can be seen.

Theatre.—Our Boys was reproduced last evening at the Theatre to a fair audience, although it was not so large as might have been expected considering the nature of the entertainment. "Our Boys" is one of those modern comedies which are so popular among cultivated lovers of the drama. It is not a three-act farce, it is a genuine comedy representing characters to be met with in every day life, exposing their follies and eccentricities, over which we can indulge in hearty merriment, displaying their virtues, which we are compelled to admire, and holding up for commendation true principles and good deeds.

It is full of wit and smart repartee but does not descend to vulgarity and coarseness. It is a sterling comedy and ought to be a general favorite. It was very well played, and all who took part in it, without exception, deserve a medal of praise.

"The Nerves," "The Muligan Guards" and "The Shadow Pantomime" made lots of fun and sent the audience home in a good humor.

Little's Living Age.—A New Volume and New Serial. The number of the Living Age for the first week of October, begins a new volume. It has a valuable article on the Scientific Movement and Literature, from the Contemporary Review; a very interesting sketch entitled "The Princess Paolini," Cornhill; part fourth of The Life and Times of Thomas Decket, by the historian, James A. Froude, Nineteenth Century; Green Pastures and Picaresque, by the noted author, William Black; A Study of Lower Life, Cornhill; German Society Forty Years Since, Macmillan; The Poetry of September, Cornhill; Quiet People, Saturday Review, and the usual choice poetry. In the next weekly number will be begun a new serial, by the author of "Patty." The beginning of the present volume is an excellent time for the beginning of new subscriptions.

Little & Gwy, Publishers, 17 Bromfield Street, Boston.

"Victor."—Gustav Lundberg, of Logan, has invented a new school desk, which he calls the "Victor." It is entirely of home manufacture, the timber being native and the castings produced at the Logan United Order Foundry.

The desk possesses merits in advance of any article of the kind we have seen here, combining strength with a tasteful design, and is so constructed as to be occupied with comfort by the student. A specimen can be seen at Dwyer's.

Alexander Toponce vs. W. M. Johnson; dismissed at plaintiff's cost.

Old Telegraph Mining Co. vs. Samuel Kahn; dismissed on motion of plaintiff.

The United States vs. James McGuffie; breach of the mail laws; jury trial, verdict of guilty. The prisoner was fined \$5 and costs.

Purse.—A red leather purse has been found. The owner can have it by calling at this office.

Correspondence.

Logan U. O. Foundry.

LOGAN, Oct. 8th, 1877.

Editors Denver News:

I herewith enclose you a few items relating to the progress of Logan U. O. Foundry, Machine and Wagon Manufacturing Company. The first steps taken looking to the starting of this company was in the month of January, 1876. We have manufactured two saw mills thus far the present year, and have just begun the third, which is to be ready in the month of October. The first mill was completed in twenty-one days from date of receiving the order. The second mill was for the Logan Temple, and for finish and good workmanship will compare favorably with any eastern mill, both in price and quality of work. The third mill is designed for Bishop R. H. Williams, of Gentle Valley, Idaho.

So far as we know, this company is the only one that has manufactured saw mills in Utah, and the mills are entirely of home production. We make all of our castings and do all of our work. We have had a great amount of mill work, besides the mills above mentioned, having the fitting of shafting and other machinery for two other saw mills, besides a large amount of repairing of all kinds of machinery used in the valley. The value of this company to this valley has already been demonstrated, and the prosperity of this effort towards uniting our labor in home industries seems assured.

Yours truly,

EDNA D. CARPENTER.
