

DESPERATE FIGHT WITH DESPERADO.

Isaac Gravelle Escapes from Montana Jail, First Shooting a Deputy Sheriff.

THEN ENSUED A PISTOL DUEL.

Convict Finally Ran Into Cellar of Gov. Toole's House and Committed Suicide.

Helena, Mont., Aug. 11.—Isaac Gravelle, on trial for robbing a powder house near Helena last September of \$100,000, escaped from the Lewis and Clarke county jail this afternoon, after probably fatally shooting Tony Korzik, deputy sheriff. Pursued by deputies and John Raab, a butcher, who was armed, Gravelle took refuge in an alley beside the residence of Gov. Joseph K. Toole, where a pistol duel took place. After an exchange of shots Gravelle ran into the basement of the governor's house, where he shot and killed himself. He had been wounded by bullets from the pursuers.

The escape took place at 2 o'clock. Gravelle was about to be led from the jail to the courtroom in the county building across the street. Deputy Sheriff Korzik and Jailer Jones were in the office when the former led Gravelle out of the cell room.

Suddenly Gravelle pulled a revolver and held Korzik up. The latter made a move toward his gun and Gravelle shot twice at him, both bullets taking effect. One struck his breast a few inches from his heart. Jones was not armed and threw up his hands.

Gravelle ordered the jailer to open the door of the jail, which he did. He then walked deliberately out of the jail and to the street corner 30 feet away. By this time the sheriff's deputy had appeared, and one shot was fired from the courthouse.

Gravelle then ran one block eastward, where he tried to mount a horse that happened to be hitched there. He was too hotly pressed, however, and continued down an alley and across a lot to Fifth avenue, down which he was chased by Raab, who had joined him in pursuit.

Turning down Sixth avenue a moment later, Gravelle had taken refuge in the alley beside the governor's house and emptied his revolver at Raab. Raab and Deputy Sheriff Spurgeon fired six shots at him there and Gravelle, wounded, ran into the basement of the governor's house, where he blew out his brains.

Gravelle was convicted five months ago of sending threatening letters to officers of the Northern Pacific, of whom he demanded \$50,000. It was proved that he had dynamited Northern Pacific trains and property in an effort to blackmail the company. He was captured after a campaign against the Northern Pacific, and sentenced to 10 years in the penitentiary. Gravelle had been in the penitentiary twice before. He was a large, dark, and rugged man, and was regarded as a desperate and dangerous man.

Sheriff O'Connell does not know how Gravelle got his gun. He must have been smuggled in to him by a trusty or a visitor, and he may have had it for days. After he had shot the deputy sheriff in the jail office he took the officer's gun and it was with this weapon that he did most of the shooting.

CONTRABAND OF WAR.

Russian Views of It Discussed in The Commons.

London, Aug. 11.—The questions of the Russian volunteer fleet steamships and Russia's views on contraband of war were raised in both the house of commons and house of lords today. In the house of commons James Bryce, liberal unionist, joint author of the Great Britain and the United States in dealing with the Russian claims regarding what is contraband of war, said that at raw cotton and foodstuffs be not contraband of war unless proved that they were intended for the use of belligerent forces. Mr. Bryce drew attention to Russia's use of neutral ports.

Gibson Bowles, conservative, suggested that the Dardanelles question be referred to The Hague arbitration tribunal. He characterized the sinking of the Knight Commander as an outrage and said the government must insist on full reparation.

The Marquis of Ripon, in the house of lords, questioned Lord Lansdowne on the same subject. Ripon said he had already explained his views to the lords regarding the actions of the Russian fleet in the Baltic. He said, as at Petersburg and Smolensk, Russia had sent instructions to destroy from similar seizures. The instructions had reached their destination and consequently the Russian fleet assumed that there would be no further seizures.

SHERIFF BELL.

Issues a Proclamation Saying The Law Will Be Enforced.

Denver, Colo., Aug. 11.—A news special from Cripple Creek, Colo., says that Sheriff Bell, who returned to that city today from Wyoming, attended a meeting of the county commissioners, in which the mayors of Victor and Cripple Creek, County Atty. Ashton Butler were also present. Charles C. Bell was also present. The recent acts of whitecapping were discussed, and it was decided to vigorously prosecute the guilty parties and to afford every protection to citizens threatened by the masked band. Acting upon this plan, Sheriff Bell issued the following proclamation:

"Whereas, many evil disposed persons have assaulted citizens of Teller county, taken them from their homes, forcing them to leave the county, indulging in incendiary talk and in other ways of menacing the peace and harmony of the county; and whereas, many citizens are carrying arms, now, therefore, I, Sheriff Bell, do hereby declare that I will not tolerate any such acts, and that I will use every power in my hands to suppress them. I will likewise refrain from carrying concealed weapons, and from in any manner using language that may tend to cause violation of the law."

"Each and every citizen, whatever his race, color, or religion, who shall violate the law, shall be held responsible for the consequences."

HALF SICK

Generally the expression is, "I don't feel half well," though sometimes people say, "I feel half sick." But there is no such thing as being half sick. The man who feels half sick is all sick. As a rule, the cause of the weak, tired, half sick feeling is disease of the stomach, resulting in loss of nutrition and consequently in physical weakness.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores strength by enabling the perfect digestion and assimilation of food. It makes half sick people all well.

"I suffered for four years with pain in my stomach so that I could not eat or work nor rest," writes Mr. Frank Smith, of Granite, Chaffee Co., Colo. "I wrote to you about my sickness and you sent me your medicine to try. I used four bottles of your 'Golden Medical Discovery' and must say that I am entirely cured and feel like a new man, and I can highly recommend your medicine to any sufferer."

"Golden Medical Discovery" contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is strictly a temperance medicine. Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach.

The "Common Sense Medical Adviser" one thousand and eight large pages, in paper covers, is sent free on receipt of twenty-one one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

position may be, will be governed by this proclamation. "The law will be enforced without regard to party in respect to these matters and the lives and property of all citizens of this county shall be protected."

"The deputies of this office will strictly follow these instructions, and I urge all parties residing within and without the county to refrain from in any manner doing anything that will cause or invite trouble in this county."

Guards are tonight stationed at the homes and business places of several residents of Cripple Creek and Victor warned by the whitecappers to leave the district.

Mexicans Praise Parker's Speech

Mexico City, Aug. 11.—Judge Parker's utterances in opposition to militarism and conquest of territory are well received here in political circles. His speech is praised in the press for its moderation and judicial temper.

Capt. E. N. W. Bissell Suicides.

San Francisco, Aug. 11.—Eugene N. W. Bissell, a former captain in the United States army, committed suicide in his room in the Grand hotel by hanging himself from a beam. His body was found by a maid. Bissell was registered from New York on July 24. It is supposed the suicide was caused by continued brooding over the death of his wife, which occurred two months ago.

Capt. Bissell was formerly a member of the firm of E. Bissell & Co., wholesale commission merchants of New York City. In 1898 he retired from business, was commissioned in the United States army and fought in the Philippines and in the Boxer war in China. He was in the service as a captain, but was made a brevet major for distinguished gallantry. He left the army in 1902. His age was about 35 years.

DEMOCRATIC LITERARY BUREAU.

Epous, N. Y., Aug. 11.—George F. Parker of Indiana, who is in charge of the literary bureau of the Democratic committee, spent the afternoon with Judge Parker. Mr. Parker was connected with the literary bureau during the Cleveland campaign and as the result of his services President Cleveland appointed him consul to Birmingham, England, and he continued in the consular service under Republican administrations.

The question of putting out in pamphlet form Judge Parker's speech of acceptance and the letter of acceptance, which will be issued within a few weeks, was discussed, as well as other subjects relating to the literary side of the campaign. Mr. Parker was the only important visitor today.

AUTOMOBILISTS WIN.

In Fight Against Chicago License Ordinance.

Chicago, Aug. 12.—Four hundred automobilists have won freedom from arrest for failure to comply with the new ordinance requiring drivers of motor cars to secure a license from the city to place numbers on the machines used, and to pay the fees provided. The victory was won by the Chicago Automobile club, when Judge Hanney granted a temporary injunction against the city. The order went into effect immediately, and the writs were served on each member of the club who was named in the petition, signed by John Farson, the president, as their agent.

The writ enjoins "the city of Chicago and its board of automobile registry and all agents, employees, attorneys, policemen from arresting, prosecuting, suing, or in any manner interfering with, annoying, or molesting the complainants for failing to comply with the ordinance."

It is contended that the ordinance, introduced on June 27, is unconstitutional, and it is asked that the writ be made permanent. Particular objection is taken to those sections requiring applicants for licenses to have free use of both arms, good eyesight, good hearing, to be free from heart disease, and not addicted to the excessive use of alcoholic liquors.

SENTENCED TO BE SHOT.

Mexican Policemen Who Killed Clarence Way and Ed Latimer.

El Paso, Tex., Aug. 12.—Police Commandant Torres of Aguas Calientes, a village of Sinaloa, and the two policemen who killed Clarence Way and Ed Latimer, Americans, have been sentenced to be shot. The sentence was to have been executed this week, but influential relatives of Torres secured a stay of execution. A pardon for Torres is not looked for, however, as the sentiment is high against him. Torres is said to have ordered the arrest of Way and Latimer because they refuse to speak to him while he was intoxicated. They resisted arrest and both were shot down.

Boilermakers Return to Work.

New Haven, Conn., Aug. 11.—All the former boilermakers of the New York, New Haven & Hartford railroad, who have been on strike since last March, returned to work today. It is understood the men will get an increase in pay of one and a half cents an hour, which is about half what was asked for. They also get a nine-hour day and some concession regarding the pay of helpers and overtime.

QUEER ACTION BY THE JAPANESE.

Send a Boarding Party into Chinese Port to Seize a Disarmed Russian Ship.

WAS A FIERCE FIGHT ON BOARD.

Serious International Complications Are Likely to Result from The Incident.

Chefoo, Aug. 12, 8:30 a. m.—At 3:30 o'clock this morning the Japanese torpedo-boat destroyers Asashio and Kasumi, which entered the harbor under cover of darkness last night, sent a boarding party against the Russian torpedo-boat destroyer Ryeshitneli, which had previously been disarmed by the Chinese.

After a fierce fight the boarding party hoisted the Japanese flag on the Ryeshitneli and towed her out of the harbor in a northerly direction. Of her crew of 47, 17 have been accounted for. Capt. Shestakovsky is reported killed. Seven swam ashore, landing near the American consulate. Some were picked up by sampans and three, including a lieutenant, were rescued by a lightship.

The Japanese allege that they sent in a six to the Ryeshitneli under a flag of truce a lieutenant and interpreter, who made a demand that the Russians sail outside and fight. The Russian captain replied that his ship had been disarmed, her engines disabled and that the whole matter was in the hands of the Chinese. The Japanese were asked to investigate the disarmament.

The Japanese interpreter says that he overheard the Russian captain give a hurried order in a low tone, the words not being distinguishable to the interpreter. Immediately following the captain seized the Japanese lieutenant and jumped overboard with him.

Meanwhile the Japanese destroyers had their searchlights turned on the Russian ship. From the deck of the lightship observers could see this act, which was followed by the shooting of rifles and sabre strokes and Russians jumping overboard.

The fighting had lasted 10 minutes when an explosion followed. The explosion blew away the main bridge, but did no damage to the hull. The Russians by this time were mostly all overboard. The Japanese at once hoisted their flag.

Presently a searchlight from the Chinese cruiser Hai-Chi disclosed a Chinese cutter alongside the Asashio. It remained here only a minute and then went alongside the Kasumi, where it stopped an equal length of time. The cutter then returned to the Hai-Chi.

The inaction of the Chinese fleet is unexplained so far. It is believed serious international complications will result from the incident.

There are unconfirmed stories in circulation that the Japanese fired at the Russians when they were in the water and that they refused to rescue any of them.

DROWNED IN A SHAFT.

Eight Miners Lose Their Lives in the Berringer Gold Mine.

Salisbury, N. C., Aug. 11.—The Berringer Gold mine, located near Gold Hill, N. C., was suddenly flooded with water late this afternoon, causing the death of eight men. The dead: Will Canup, Joseph Magrum, Rob Deberry, Sam Price. Three others, names not obtainable. Five men were in the mine when the dam of a large pond located near the entrance gave way because of the excessive rains, the waters rushing in upon the men. Mr. Thomas Moly, manager of the plant, was the only one to escape death.

PUEBLO WRECK VICTIMS.

Missing Ones Probably Sucked Into the Quicksand.

Pueblo, Colo., Aug. 11.—Developments indicate that the bodies of the missing victims have been sucked into the quicksand and will never be recovered. It was shown by the hoisting of the wrecked engine that an immense deposit of quicksand lay under the piers of the wrecked bridge, and it is also believed there is an underflow which has undoubtedly carried bodies deep down in the sand, entirely out of sight, where they can never be recovered.

Further investigation reveals the fact that quicksand exists everywhere along the river and this is taken to explain the failure to find a number of bodies. Careful revision of the lists of dead and missing confirms the original estimate that not less than 100 lives were lost in the flood which wrecked the Missouri Pacific fast train on the Denver & Rio Grande railroad near Denver Sunday night. Seventy-nine bodies have

Non-Union Electricians at Work.

New York, Aug. 11.—More than 100 non-union electricians reported to work in the subway today, having been employed direct by the Interborough Rapid Transit company. The contract was accepted after the construction company, which had completed 90 per cent of the electrical work when the electrical workers went on strike. Working at 6 o'clock this evening, the electricians were joined by non-union men in the tunnel, are union men of other trades.

King Edward in Bohemia.

Root Must Be Positive.

New York, Aug. 11.—Elithu Root must take himself out of the field for the governorship in a more positive manner than he has yet indicated, or he will be nominated at the Saratoga convention next month.

That was the opinion expressed by a member of the New York Republican state committee after the construction company, which had completed 90 per cent of the electrical work when the electrical workers went on strike. Working at 6 o'clock this evening, the electricians were joined by non-union men in the tunnel, are union men of other trades.

If not Root, then Higgins will be nominated, "was the verdict of the committee members who gave their attention to the governorship.

HOKE SMITH ADDRESSES LONG ISLAND DEMOCRATS.

New York, Aug. 11.—Former Secretary of the Interior Hoke Smith of Georgia was the principal speaker tonight at the annual outing of the Democrats of Queen's borough, held this afternoon and tonight at College Point, Long Island. Over 3,000 Democrats were present.

Mr. Smith said in part: "This is a great day for a Democratic rally. Our candidate has spoken in response to the formal notification of his nomination. His plain, clear declaration in favor of obedience to the law, his devotion to constitutional government, his equal and just recognition of the rights of person and property, give joy and hope to all who love their country."

His nomination was due to no effort of his own. It was due to no effort of his personal friends. No 10 men in New York and no 50 men in any state secured the delegates for Judge Parker. The people of the United States nominated him.

"Hanging over them like a dark cloud was the possibility of the election of a man whose relentless egotism placed the entire country in a state of uncertainty and about whom the inquiry with no feeling of hope was constantly made: 'What will he do next?'"

Mr. Roosevelt as president had overruled the rights of Congress. He had violated the Constitution. The feeling of doubt and uncertainty produced by the administration of Mr. Roosevelt had checked the prosperity made possible by the administration of Mr. Cleveland and realized under the administration of Mr. McKinley.

"Conservative Democrats everywhere sought a candidate who would represent respect for the Constitution and laws of our country; who would recognize the office of president to be one of no unlimited authority, who would not be carried into reckless activity by intense adulation of himself, who would prefer to exercise the legitimate duties of the office of president by sending warships to Morocco or acting as an agent for some European powers to force our southern neighbors to pay their debts."

"He selected a man of even, of conservative temperament, devoted to the law and its enforcement; brave, able and modest; ready to discharge legitimate duties, but not prompted by

overweening ambition to assume the responsibility of all others.

"Well may the Republicans shrink from a comparison of the candidates." The speaker declared that, though Republican speakers are trying to drag it into the campaign, the money question is not now an issue. "Our political leaders, Democrats and Republicans," he said, "have gradually learned that bimetalism is impossible; that a single standard is necessary."

"The nomination of Judge Parker would have been impossible had not the delegates recognized in him a gold standard advocate."

"The platform under present conditions of the gold standard having once been recognized, will be adhered to. It can form no issue in the present campaign. The telegram of our candidate to the national convention only contained the views of the overwhelming majority of the delegates and of the voters they represented, that the gold standard had been irrevocably established."
