The above represents the net outcome of an Indignation meeting held at the Sait Lake High school this morning. The meeting was to consider Friday evening's outbreak, when in an effort to advertise the Saturday football game, the students ran riot through local theaters and in one started a cry of fire." Principal Eaton was frank in express-ing his disapproval of what had oc-curred, and in a long speech to the stu-dent body explained that the good name of the school required that such actions Surprised and confused by the news that St. Vincent's college had taken Maddock's team into camp by a score of 11 to 5, Sait Lake football followers are today curred, and in a joing speech to the student body explained that the good name of the school required that such actions be stopped.
"I am ashamed of what was done Fréday." declared principal Eaton.
"When some of the boys came to me at the University club and told me of the proposed parade I consented that it should be held after I had been given assurances that nothing lawless would be done. The boys in the parade started out all right, but when, next morning, I saw the newspaper accounts of what they had done I was chagrinned and ashamed more than I can tell you."
Principal Eaton then took up a case in which seniors attempted to break up a recent junior dance, and said that such actions must stop as they were evidences of hoodlumism and not the kind of conduct for which there was a place on the High school campus.
After he had concluded a motion was made requesting that Principal Eaton appoint a committee to apoligize to the public through an open letter, to see Chief of Folice Pitt, and give him assurances that the future conduct of the would be different, and to apologize to the faculty, while condeming the action of the few students who had brough the school as a whole into disrepute.
Principal Eaton appointed the following committee: Robert Ferguson, chairman. Harold Horlock. Mercer Stout, Geo, Swaner, Frank Cameron, Lawrence Sands, John McCurdy, Mark Lippman, Legrand Balley, Paul King, Lewis Patterson and Will Yeates. The sentiment of the meeting was much trying to account for the unexpected re-sult of the game. sult of the game. To gladden the bearts of them all comes the word from Los Angeles that Utah is behaving better than the unbaked Colo-rado elevens that set up the "baby" cry of "robery" every time they go down in defeat. No rumor of complaint at officials has yet reached the local campus, and the students are waiting further parts-tours in wonderment to learn how it appened. After the explanations are made, it is probable that some will take into a grilling game the week before, and that the football team was never organized that could put winning steam into two hard games, only one week apart. AT LOS ANGELLES. The new position Utah holds in the football world is shown by the fact that the California victory is considered the bassiest one of the season and the game the best exhibition of football over seen in the southern coast. The Utah team played Seeley at guard and Seeley is known all the way up the coast at a Stanford star of many seasons ago. This makes any charge that St. Vincent player "ringers" rather without force, but the Utah teams is secure in the as-surance that all but two of its men are Utah born, and most of them this year at least are students first and football players second.
