do next injury to the shire to the shire to and with some very tilding exceptions the Tigress escaped unburt. On the 6th the crew having already become impatient at their forced delay, a party started northward in march of whalers, expecting to find Captain Buddington and the remnant of the Polaris crew an hour than of the march. unpromising conditions obtain.

But, if upon examination of the surrounding country the whole of these evidences are wanting, protracted labor is likely to end in disappointment.

"The strongest evidences in favor of coal deposits, and those that should be expected, is the presence, more or less frequently, of seams of coal. These may not be an inch thick and pinch cut again and be-

track of whalers, and still hopeful of meeting the lost men. His crew has been much reduced by exposure to excessive cold and by fatigue, all on board however are well as far as can be learned. The Tigress will remain to undergo some repairs, made necessary by the severe knocking about she suffered during the hurricane on the 6th. She will sail in a week, and Capt. Green expects to arrive in New York by the 10th of November. The Woman Congress. At the last evening's

At the last evening's session of the Woman's Congress, Mrs. Sarah J. Spencer read an address on the co-education of the sexes. She argued that the sex was of the soul, and indestructible as the soul itself. Rev. Celia Burleigh read a paper on the relations of women to dress holding that the present dress is ugly, unnatural and immodest, and unless woman can be emancipated. unless woman can be emancipated from its tyranny even the ballot can do little for her. Mortuary Report.
