The People of Zion City Choose Wilber Voliva as Their Leader.

## OLD HEAD IN FEEBLE HEALTH.

Refused to Recognize Authority of Court and Did Not Present Himself as a Candidate.

Chicago, Sept. 18.—Wilber Voliva was elected today by the people of Zion City as their leader by the overwhelming vote of 1,911 to 6 for his opponent, J. N. Hill. The election was held to settle the controversy between John Alexander, founder of the church, and Voliva, as to who should have control of the Zion City. ## N. H. REPUBLICANS.

Miss M. Floyd Nominated for Governor.

London, N. H., Sept. 18.—Charles M. Reed of Manchester, was nominated for governor tonight at the close of the annual convention of the New Hampshire Republicans. The convention was held at the Hotel Manchester. The convention was held at the Hotel Manchester. The convention was held at the Hotel Manchester.

## OBEL NOT DISCOURAGED.

New York, Sept. 18.—Ex-Gov. Benjamin R. Odell does not appear to be discouraged by the result of the primary election in New York. He said: "I have no reason to feel discouraged. I am a battle against tremendous odds, and the state organization has won a substantial victory. While a few of our leaders have lost their leadership, we have retained a majority of the delegates to the state convention. I have from Greater New York delegates who will be about 160 Odell delegates. I have from the rest of the state delegates who will be about 160 Odell delegates. I have from the rest of the state delegates who will be about 160 Odell delegates."

## STEVE ADAMS.

Was Succeeded in Getting Him Safe To Wallace.

Wallace, Ida., Sept. 18.—Sheriff Edward Warden Whitney of the Idaho penitentiary and Detective Johnson arrived here today with Steve Adams, one of the chief witnesses in the Rosenberg assassination case. Adams was arraigned on the charge of murder of a man named Tyler in 1904. He confessed in Boise, Idaho, to the murder of Tyler. He confessed in Boise, Idaho, to the murder of Tyler. He confessed in Boise, Idaho, to the murder of Tyler.

## GASOLINE STOVE EXPLOSION.

By R. S. Wardwell of Los Angeles Dying as Result of One.

Los Angeles, Sept. 18.—Mrs. R. L. Wardwell, of 2245 Maple avenue, is dying as the result of a gasoline explosion which occurred here tonight. A portable gasoline stove, used by the volatile fluid, exploded, and Mrs. Wardwell in an effort to save the house, picked up the stove in her arms, carried it through three rooms and cast it into the street. Then, herself enveloped in flames, she ran out to foot, she ran out to foot, she ran out to foot.

# A Lucky Woman

Tells How Dr. Williams' Pink Pills Restored Her Health.

How She Gained Fifteen Pounds in Weight and Became Well for the First Time in Two Years.

Women of forty, or thereabouts, have their future in their own hands. There will be a change for the better or worse in the system if the system is purified by such a tonic as Dr. Williams' Pink Pills. Mrs. D. C. Weddington, of Hartford, Ky., writes as follows concerning the difficulties which afflicted her:

"I was seriously ill and was confined to my bed for six or eight months in all during two years. I had chills, fever, rheumatism. My stomach seemed always too full, my kidneys did not act freely, my liver was inactive, my heart beat was very weak and I had dizziness or swimming in my head and nervous troubles. It was under the treatment of several different physicians but they all failed to do me any good. After suffering for two years I learned from an Arkansas friend about the merits of Dr. Williams' Pink Pills and I decided that I would try them. The very first box I took made me feel better and when I had taken four boxes more I was entirely well, weighed fifteen pounds more than when I began, resumed my household duties, and have since continued in the best of health. I have recommended Dr. Williams' Pink Pills to many people on account of what they did for me, and I feel that I cannot praise them too strongly."

Dr. Williams' Pink Pills restored Mrs. Weddington to health because they actually make new blood and when the blood is in full vigor every function of the body is restored, because the blood carries to every organ, every muscle, every nerve, the nourishment necessary to enable it to do its part. Because Dr. Williams' Pink Pills make the blood rich and red they restore the blood in full vigor and revitalize the nerves, bring color to the cheeks, banish rheumatic pains and bring good health and spirits to the depressed. Any woman who is interested in the cure of Mrs. Weddington will want our book, "Plain Talks to Women," which is free on request. All druggists sell Dr. Williams' Pink Pills, or they will be sent by mail postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y.

## VALPARAISO NEEDS AID.

New York, Sept. 19.—The Chile relief committee has received the following cable dispatch from the foreign relief committee at Valparaiso: "Gratefully acknowledge cable remittances. Funds vanishing, while misery increases. Do your best to stimulate subscriptions."

This message confirms previous advice as to the seriousness of the situation created by the recent earthquake and fire at Valparaiso.

brought the whole neighborhood running. A nearby workman went to Mrs. Wardwell's rescue, but his own clothing took fire and he was unable to help her. Finally a woman attached a garden hose and turned a stream of water on the writhing form. Before the flames were drowned out, flesh had been burned from every portion of Mrs. Wardwell's body. For an hour after the tragic happening and until strong opiates took effect, the woman's cries of anguish were heard in the street. The attending physician states that Mrs. Wardwell cannot live. The home was not burned. Mrs. Wardwell is said to have come of a wealthy Atlanta family.

## GRAFT IN PHILIPPINES.

Investigation Into Quartermaster's Department Shows it is Extensive.

Manila, Sept. 18, 3 p. m.—Capt. Ira L. Frederick, chief of the quartermaster's department, was charged in the court of first instance in this city this afternoon with misappropriation of public funds. The filing of these charges is the culmination of extensive investigations by the inspector general in an alleged series of frauds perpetrated by members of the quartermaster's department in the Philippines. The inquiry resulted in the discovery of padded pay rolls in the quartermaster's shop and grafting in the lease of lighters. Both officers and civilians are implicated, and a court martial will follow the court proceedings. Maj.-Gen. Wood continued the inquiry originally begun by Maj.-Gen. Corbin. The result of the investigation has been a great saving in transportation funds and a decrease in the cost of manufacture of furniture, etc., in the shops for the private use of officers and civilians. High officials in the army and government are said to have been the beneficiaries.

## CHIEF RANGER ROHRS.

New York, Sept. 18.—Herbert Bramble Rohrs, of Southampton, England, past high chief ranger of the world of the Order of Foresters, was the guest at a complimentary dinner in his honor last night at the Hotel Marie, given by members of the order. Mr. Rohrs said that the feeling toward Americans by Englishmen was one of affection and pride. Mr. Rohrs is making a tour of the world in the interests of the Foresters.

## EMMA HOWARD ARRESTED.

Charged With Theft of Five Thousand Dollars Worth of Diamonds.

Chicago, Sept. 18.—A dispatch to the Record-Herald from Los Angeles, Cal., says: Detective W. W. Freeman, formerly chief of the Pasadena police, yesterday at Stockton, arrested Emma Howard, charging the theft of diamonds valued at more than \$5,000 from the dead body of the wife of Henry Briggs, of Pasadena. The robbery took place Aug. 20, and up to the time of the arrest it was kept secret. The Howard woman, it is said, had not succeeded in disposing of the jewels.

The diamonds were stolen from the corpse of the late Henry Briggs at Santa Monica. Immediately after her death, Mrs. Briggs having been in failing health, finally her husband decided to take her to Santa Monica in the hope that the sea air would save her life. This hope proved vain, and after an illness of weeks Mrs. Briggs died. Her husband was not in a condition at the time to pay much attention to worldly matters, and Mrs. Howard, with whom the Briggs were living and in whose Santa Monica boardinghouse Mrs. Briggs died, is declared to have taken the jewels belonging to the dead woman.

## SHOPLIFTING

Said to be Very Much on the Increase in New York Stores.

New York, Sept. 18.—That shoplifting in the big department stores on the increase owing to the leniency of the justices was openly stated in court yesterday by Louis Lowenstein, legal representative of the Association of Department Store Owners. There were eight cases on the calendar yesterday and adjournments were allowed for seven. In the eighth case the prisoner pleaded guilty. Mr. Lowenstein says his office has indisputable evidence that an organized system among shoplifters exists, that they are banded together to plunder from the big stores while other professionals dispose of the "findings." He said that every case had its "findings" to be drawn upon for the defense of those arrested. Women comprise two-thirds of the membership of these gangs.

# RECOGNITION OF SPLENDID WORK

Shown in the Promotion of Col. Sniffen to Brigadier Generalship.

## IS PAYMASTER OF THE ARMY.

General Grant was Attracted to Him And Made Him His Assistant Secretary in 1873.

## Special Correspondence.

Washington, D. C., Sept. 18.—The promotion of Col. C. C. Sniffen to a brigadier generalship and paymaster general of the Army is a worthy recognition of Col. Sniffen's work since he entered the pay corps in 1873. Col. Sniffen who is a New Yorker by birth, having been born on Manhattan Island, January 1, 1844, came to Washington as a young man to be a clerk in the war department. General Grant was attracted to him and made him his assistant secretary from 1873 to 1877. Gen. Horace Porter, late our ambassador to France being general and while he made every appointment to the pay corps of the army, began a comprehensive study of the methods then in vogue for the payment of troops. And being a constructive officer whose only ambition was to make the American pay corps the best in the world he was at once singled out for preferment. During the war with Spain General Sniffen paid the troops in Cuba, not having lost a penny during that war although he and his associates handled millions. He is the right hand man of Paymaster General Bates and while he made every effort to see service in the Philippines, General Bates refused to let him go, insisting that his work and his ability was needed in Washington. Upon the promotion of General Dodge after the retirement of Bates, General Sniffen was sent to New York as assistant paymaster general, the station which he held when his appointment was made.

## CORBIN RETIRES.

Lieut. Gen. Henry C. Corbin, the ranking officer of the army, retires tomorrow by the operation of law on account of age. Gen. Corbin is now in command of the Northern division with headquarters at St. Louis. After his retirement the general will make his home in this city, which has been the home of his wife's people ever since they left San Francisco. The general is building a magnificent country home for himself, one of many that are springing up in the suburbs of the national capital. In many particulars Gen. Corbin was par excellence the politician of the army. He was a maker and an unmaker of men. He was President McKinley's "butter" and during the Spanish-American war as adjutant general occupied an exceedingly difficult position, but which he filled with signal credit to himself. During the days of the Spanish-American war and the succeeding days of the Philippine insurrection, Gen. Corbin was the actual military head of the army and was highly complimented for his efficient service during that trying period. While Gen. Corbin was imperious in manner and ran the adjutant general's office like a czar, he was generally very courteous to the newspaper profession, adding the "boys" wherever possible with the news of the day and helpful suggestions. There are those who have endeavored to detract from Corbin's military career, charging him with being a carpet knight and a shirker of field service. While it is true that Gen. Corbin has had a longer period of work at the national capital than given to the American soldier, his work has been of an exceedingly high character, and he leaves the army with a heritage of large accomplishments. The retirement of Gen. Corbin makes Maj. Gen. Arthur MacArthur, commanding the Pacific division, the senior general, and gives two stars to Brig. Gen. Frank M. Lee, commanding the division of the Visayas.

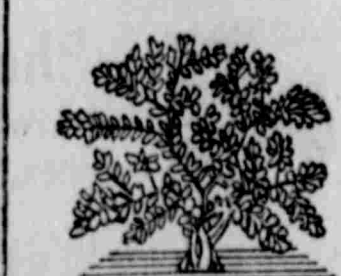

## AMERICAN INTERVENTION.

There is a growing feeling among officials of state, war and navy that American intervention is bound to come in Cuba. The landing of marines is the first step in this direction and with marines on hand it is believed the insurgents will take new heart and redouble the fighting in order that America may intervene and put a stop to the war. Primarily the capital of Cuba today is traceable to the last presidential election, when President Palma was re-elected, but by such disreputable methods that the revolutionary party in Cuba began a war against the present government that according to reports is growing more intense every day and that in consequence the United States has four war vessels in Cuban water, and marines in front of the palace in Havana for the purpose of protecting American interests there. Considerable criticism is heard over the delay of the United States in a vessel in landing troops and Secy. Bonaparte has come in for some quiet roasting because of the failure of this country to put an end to the insurrection by armed force if necessary.

## SIMPLIFIED SPELLING.

The assertion made in connection with the simplified spelling order of the president that some 20 years ago a concurrent or joint resolution had been passed by Congress making Webster's unabridged dictionary the standard of spelling is not borne out by a thorough search of the records of Congress covering that period. It was still further asserted that the United States supreme court had affirmed the constitutionality of the act, but this is denied by Charles B. Beall, clerk of the supreme court. According to a statement made by Mr. Beall, clerks in both the senate and house document

# A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of Power to Inspire and Encourage—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said: "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ainsley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant duty.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound. Following we publish by request a letter from a young wife: Dear Mrs. Pinkham: "Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and worried headaches. I needed my stomach so I could not enjoy my meals and half my time was spent in my toilet. Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality." Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash. What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman. If you have symptoms you don't understand write to Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

rooms have been unable to find any record of any resolution bearing upon the subject of spelling, and have concluded that no such resolution as referred to above ever came before the house and senate.

Public Printer Stillings this week began the task of distributing among government departments, newspapers and public libraries copies of the simplified spelling book containing not only the three hundred words referred to in the president's order, but also circulars issued by the simplified spelling board, explaining the reasons for urging the adoption of phonetic spelling. The public printer has issued a card, in answer to thousands of inquiries how to obtain the three hundred word list, as follows:

"The publications which the public printer has issued relative to simplified spelling consists of a pamphlet, a small pocket brochure, and a wall card containing the 300 words for quick reference, put up in sets, and offered for sale by this office at 25 cents per set. Sets are not broken."

"Remittance should be made by postal money order, express money order, bank draft, or certified check, payable to the Superintendent of Documents, Government Printing Office, Washington, D. C. Currency may be sent at owner's risk. Postage stamps or personal checks will not be accepted, and only one copy can be sold to any one person."

## PRESIDENT CASTRO'S CONDITION CRITICAL.

New York, Sept. 19.—A special cable dispatch to the Herald from Trinidad states that the critical condition of President Castro, since his removal to Antimano, is unimproved. His mysterious sequestration continues. President Castro, the dispatch declares, has performed no administrative act in two months.

It was on the day of Gen. Castro's return to Caracas from his suburban residence that he caught cold, which was the beginning of his illness. He had been in retreat at Los Teques for several weeks, while Vice President Gomez ruled in his stead. There were many balls and other festivities in celebration of Gen. Castro's return, and on returning from the last of these, on July 21, in a pouring rain, he caught more cold, which quickly developed malaria. The disease proved stubborn, and soon the most alarming reports began to circulate. It was said that the president was at the point of death and despite repeated official denials the report gained such general credence that Caracas dwelt in continuous alarm. It is nowhere denied that despite all the adverse criticism of Gen. Castro, his powerful hand preserves peace in Venezuela and that his untimely taking off would plunge Venezuela into civil war.

## FIRES IN NEW YORK.

New York, Sept. 19.—Two fires early today, one in a building on West Broadway adjoining the Cosmopolitan hotel, the other in a six-story flat house in Harlem, caused a loss of \$10,000, drove the guests from the hotel in alarm and witnessed some gallant rescues from the flat house by firemen. The building adjoining the hotel was owned by manufacturing firms. Their loss is \$30,000.

The flat house, located at Amsterdam avenue and One Hundred and Twenty-fifth street was swept by fire from cellar to roof. The tenants hastily aroused from sleep, in many instances found escape cut off and fled to the fire escapes. The firemen rescued a dozen persons from a dangerous position. Several persons were burned or suffered from shock and had to be cared for by ambulance doctors who were called to the scene.

## A CHAUFFEUR ROBBED.

Footpad Sounded a Police Whistle, Stopped Him, Taking His Cash.

San Francisco, Sept. 19.—Hearing a police whistle sounded and believing that a policeman was signaling for him to stop, Raymond A. Moore, a chauffeur, brought his machine to a stop at an early hour last Monday morning in Golden Gate Park and fell into the hands of a footpad who had

invented the ruse of the whistle to land his game. Moore was relieved of \$25 and his companion, a passenger whom he was taking to Filmore street from the Cliff house, of \$45.
