The number of Salt Lake's entertain-Ars who are interested in the observance of Lent has been demonstrated unmistakably by the decrease in the list of social entertainments that has transpired during the week. Only a few priwate, and fewer public events have takon place, and the promise for the coming week is even more barren than the past one. The military ball will probably be the chief oasis in the looming social dreariness, the preparations being made for the affair promising to make it a red letter event of the season,

A very pretty wedding reception was held on Thursday night at the residence of Mr. and Mrs. Cramer, corner of Fif-teenth South and Third East streets, in honor of the union of Mr. C. Ernest Cramer and Miss Carrie Anderson, an estimable young lady, the adopted daughter of Mr. and Mrs. Joseph Mar-

The residence was profusely decorated with the choicest flowers-American with the choicest flowers—American beauty roses, carnations, calla lifies, and garlands of smilax everywhere. A particularly pretty floral design was the arch under which the bride and bridegroom received the congratula-tions of their friends. The upper part of this arch was a heart, pierced by an arrow, and surmounted by a snow-white dove. The entire design was carried out in red and white carna-tions. It elicited many complimentary comments from the guests. comments from the guests.

The correspondent goes on to say that "while this is a comparatively unimportant matter, what is important, and what members of the society throughout the country resent is he high-handed manner in which the National Board arranges the succession It is this violation of all principles of liberty and justice in women pride it is to have descended from men who fought and died for these very

principles that arouses indignation." The women's club of Chicago have a practical way of encouraging local art. At the exhibition this week of the works of Chicago artists at the Art institute many of the clubs have ar-ranged to hold afternoon or evening receptions at the institute in honor of the artists, and, in addition, are plan ning to buy one or more of the works of art exhibited.
