

KENYON STUDENT INITIATED TO DEATH

Seems to be Custom of Some Fraternity Men to Tie Candidates To Railroad Tracks.

WAS YOUNG PIERSON SO TIED?

May's Father is Very Positive That His Son Was Not So Treated by Delta Kappa Epsilon.

Mount Vernon, O., Nov. 3.—Having secured testimony that at least one victim of hazing at Kenyon college—Paul Barber—was possibly others had been tied to railroad tracks, the investigation into the death of young Stuart Pierson was continued today by the coroner.

Pierson was killed last Saturday night by a locomotive at Gambier, under circumstances which suggested that he might have been tied to the rails.

Today's testimony in the Pierson inquest developed the fact that the boy was lying prostrate on the tracks when the engine struck him. The witnesses examined were President Pierce of Kenyon college; Henry Deah, a student, and H. H. Stamp, house-keeper, who cleaned the engine after its arrival at Mount Vernon.

The previous evidence that it was the custom of the fraternity men to tie candidates to the tracks was corroborated in today's testimony. President Pierce's examination lasted over two hours, and was severe. He said he saw the marks on the body described as rope marks, but believed them to be only part of the injuries inflicted by the locomotive.

A week before his death Pierson, it was brought out in the examination, was compelled by the fraternity men to crawl the length of the village, guarded behind by men with sticks and clubs, and that this treatment developed deep abscesses on his knees. The bandages which Dr. Workman placed about the sores were on the body when it was found.

Newbold L. Pierson of College Hill, Cincinnati, father of the dead student, took the witness stand about 4 o'clock, and it was after 6 o'clock when he was allowed to go. He was given a most rigid examination, and was compelled to describe the custom which fraternities use when initiating candidates. He testified that his son left the college alone, and he was positive that he was not tied on the track.

He said that the members of the Delta Kappa Epsilon fraternity remained at the college almost an hour after the boy had been sent to the bridge before they went after him, and for that reason he knew that his son was not tied. He took all the blame for shipping the body to Cincinnati by special train without first notifying the coroner.

At the afternoon session members of the Delta Kappa Epsilon fraternity who were in Gambier Saturday night and who had charge of Pierson's initiation, were examined. They stated that Pierson had been ordered to go to the railroad bridge alone, and that he was not tied after the boy about a half hour afterward, and found his mangled body on the bridge.

Ten students have been served with subpoenas to testify at the inquest tomorrow.

COMMANDER YOUNG.

His Sentence Understood to be a Severe Reprimand.

Washington, Nov. 3.—The record in the court-martial case of Commander Lucien Young, who commanded the Bennington at the time of the explosion on that vessel in San Diego harbor, was received at the navy department today and is now under review. It is understood that the sentence of the court is a severe reprimand.

ASTOR THE ALIEN.

Had to Pay Tax Before Admission to the United States.

New York, Nov. 3.—William Astor, son of William Waldorf Astor, was called upon to pay a \$2 tax as an alien today before being admitted to the United States on his arrival here on the steamer Cedric from Liverpool. This tax was levied under the section of the United States immigration laws, requiring

Danger!

Headache, Trembling Hands, Twitchings, Irritability, Are Signals.

Not every headache is a sign of nervous breakdown.

But, if you suffer often from headache that seems to re-occur at intervals, nervous or brain trouble is very evident.

Again, if you can't hold a pen to paper without trembling or twitching, there's a screw loose somewhere.

Or, if you seem irritable and cross without cause.

All these are signs and symptoms.

Not necessarily that you are dangerously sick—but, at any rate, sick enough to need Dr. Miles' Nerve.

The danger lies in neglecting the slight symptoms.

Some of these signs are Sleeplessness, Dizziness, Excitability, Loss of Memory, Forgetfulness, Headache, Melancholy, Neuritis, Muscular Twitching, etc.

Do not neglect them. Begin to take Dr. Miles' Nerve.

"For five years I have suffered terribly from nervous prostration. I tried one physician after another, but received no benefit. I continued to grow worse until I was afraid to be left alone, and despaired of ever being cured. Three months ago I was induced to try Dr. Miles' Restorative Nerve. After taking the first bottle I felt so much better that I was encouraged. I continued to take it until I had taken three bottles, and am now in better health than I have been for years."—MRS. G. A. FOLK FOR PRESIDENT.

Tom L. Johnson Introduces Him As His Choice.

Cleveland, O., Nov. 3.—After the mass meeting in Central armory tonight, at which Gov. Joseph W. Folk of Missouri was the principal speaker, Mayor Tom L. Johnson asked Gov. Folk to go and address a second meeting in a large tent that has been erected during the campaign, and in which an audience of several thousand were waiting to hear Gov. Folk. Mayor Johnson introduced the Missouri statesman as his choice for the Democratic nomination for the presidency in 1908, and predicted that he would be the man that would succeed President Roosevelt.

Locomotive Explodes.

Dallas, Tex., Nov. 3.—A passenger train on the Houston & Texas Central, running at a moderate rate of speed, was derailed near Bonita this morning by an explosion of the engine.

Seven coaches left the track and the locomotive, which was carrying a passenger trailer, was probably fatally injured.

None of the passengers was seriously injured. brakeman Glenn was killed outright and Engineer Davenport and Fireman Traller were probably fatally injured.

Chinese Boycott Over.

Seattle, Wash., Nov. 3.—According to letters by Chinese merchants here the boycott against American goods, started in Shanghai and spreading over part of the Chinese empire, is over. The influence of the Chinese government and the collapse of the political movement, which was responsible for the antagonistic feeling, are given as reasons for the failure of the boycott.

Heavy orders placed with Seattle Chinese merchants for American goods verify the story that the boycott is over. Local exporters who have been shipping flour and other goods have been a resumption of shipments.

THE NUDE IN ART.

Chicago's Chief of Police Calls it An Eye-ore.

Chicago, Nov. 4.—In the opinion of Chief of Police Collins, art in unblushing nakedness is an eyesore. The classic lines of the statues on exhibition at the Art Institute and at the Field Columbian museum need something more than sandals and fig leaves to screen them from the public gaze, which is susceptible to contamination. Chief Collins is for aprons on sculpture not already provided with habiliments by the artists—all this in the interests of the public morals.

The chief does not say what drastic measures he will adopt in trying to remedy the evil. He had not decided yesterday whether a big plaster copy of "Theseus and the Centaur" should be swathed in Indian blankets, or whether a high board fence should be built up about it, up to the level of the shoulders, for instance.

"Every nude statue in public view should be draped," said the chief, "especially a statue of a woman. This is true of the big exhibitions, including the art institute. If there are any statues there. It does not matter how artistic the poses nor how graceful the lines, drape 'em all. The Venus de Milo's draped and she's all right. That kind won't harm anybody. But these others are too immodest."

INITIATING STUDENTS.

Police Disperse Crowds Gathered To Witness Ceremony.

Chicago, Nov. 4.—Special policemen in several of the downtown hotels were called on last night to eject from the lobbies hundreds of persons who were attracted by the initiation of two candidates in a fraternity of the Chicago university.

The candidates dressed in fantastic costumes, and having small paper machetes fastened to their backs, were conducted with handbags over their eyes into the lobbies of the Palmer house, the Auditorium annex and other downtown hotels and ordered to get down on their hands and knees and sign.

A crowd collected about the contestants in each instance, and it was necessary for the hotel police to disperse the party.

ENTERPRISE BANK BADLY BUSTED.

Legal Adviser of the Comptroller Thinks Depositors Won't Get Ten Per Cent.

SHORTAGE IS OVER A MILLION.

Surety Companies Pay Maximum Sum Required of Them—No Blame Attached to Directors.

Pittsburg, Nov. 3.—Payment was today made to State Treasurer W. L. Matthews by the Equitable Trust company, the Mercantile Trust company, both of this city, and the United States Fidelity & Guaranty company of Baltimore, of the proportionate share agreed upon by them of the bond to the commonwealth of Pennsylvania for the Enterprise National bank of Allegheny as a state depository. These payments totaled \$275,000.

The total amount represents the greatest possible sum for which the surety companies could be held liable as equal bondsmen. The total bonds of the bank as a state depository amount to \$3,446,000, of which \$200,000 was in surety bonds of the three companies and \$2,500,000 in individual bonds of the directors. The total state deposit was \$1,002,000. Each surety company paid to the state treasury a part of the state deposit, proportionate to its share of the valid bonds of the bank.

All three companies fully expect to get their money back. They hold, and their stand is based on the advice of the best lawyers obtainable, that the directors must pay their individual bonds before the sureties can be called on for a cent.

The individual bonds of the directors constitute a much larger sum than the state deposit of \$1,002,000, and these bonds are held to be absolutely valid. The surety companies, by paying their proportionate share, forestall any attempt to have their bonds declared forfeit, and make it the duty of the state treasury to first institute proceedings to recover individual bonds of the directors. When that legal action is taken the validity of the directors' bonds will be decided, and the surety companies intend to demand the return of the payments made today.

Judge Oldham, legal adviser of Comptroller of the Currency Ridgely, said to-

day that the shortage in the Enterprise National bank will be greater than \$1,000,000. New liabilities are being discovered in the course of the investigation and no one can say when the last debt of that bank contracted by the cashier shall have been discovered.

"Very little of the missing money or securities of the bank has been recovered," said Judge Oldham. "You may say for me," he continued, "that from what has been revealed in the investigation not a suspicion of blame attaches to the directors of that institution."

"Can you give any idea as to how much money the depositors will probably receive?" he was asked.

"Oh, I wouldn't say 10 per cent. I cannot figure out yet how much there will be. You will have to wait some time before you will be able to start upon working out that question."

Fifty-five thousand dollars was taken in at the bank today by Receiver John R. Cunningham. Fred Gwiner, the president of the institution, paid his assessment of \$17,500.

INTERNATIONAL FINANCE.

Morgan & Co and Dresdner Bank Enter Into Corporation.

New York, Nov. 4.—J. P. Morgan & Co. and the Dresdner bank, one of the largest banking institutions in Germany, have entered into an agreement of co-operation. It was announced yesterday in international financial transactions. The alliance between the American bankers and the German institutions covers not only the flotation of American securities in Germany, but the flotation of foreign securities in this market as well. The agreement is general in character, and is intended to lead to co-operation between the Morgan House and the Dresdner bank.
