FORTY-SIXTH CONGRESS

CONGRESSIONAL.

SENATE.

WASHINGTON, 10.—The President pro tem., Thurman, presented a communication from the Secretary of the Interior, stating his estimates for March 5th, 1880, for deficiency for arrears and army and navy pensions have been found insufficient, and transmitting increased estimates.

Bayard said if possible he would call the tariff commission bill up in the morning hour to-morrow.

Beck said the report of the committee was not unanimous. He would oppose the bill and support Garland's. He charged the bill was on the side of machine petitions.

Eaton denied it.

On motion the Burnside bill was postponed and the joint resolution in extending the National survey into the States was agreed to, 24 to 20. Pending debate the morning hour expired and Hoar opposed the report on the Kellogg-Spofford case.

Hoar discussed the legal aspects of the case, and alluded to Kellogg's service in the war under a commission given by A. Lincoln. He held up his record in Louisiana as a worthy one. He ridiculed the logic of Hill, that fraud constituted a claim to unseat in the Senate. He engaged in a colloquy with Hilton on the subject.

The report of the conference on the diplomatic bill was adopted. Adjourned.

HOUSE.

WASHINGTON, 10.—Bills were offered by Dagget for a survey of lands within the railroad subsidy limits.

By Lounsbery—Amending the Revised Statutes so as to provide that the issue of national bank notes shall not exceed in each case 90 per cent of the value of United States bonds deposited.

By Frost—A resolution calling on the Secretary of State for information as to whether any official notification or circular letter was addressed by the Department of State to foreign powers, or to ministers or consular agents of the United States for presentation to foreign governments upon the recent visit to foreign lands by General U. S. Grant or immediately prior thereto in relation to said visit, and if so, its nature and character, and all the correspondence relating thereto.

By McGown, from the committee on epidemic diseases—A joint resolution requiring the President to call an international sanitary conference at Washington; passed.

Wright's resolution that after the 15th the House begin sessions at 11 a.m., was adopted.

The legislative appropriation bill was reported, ordered printed and recommitted. It appropriates $16,120,000.

Consideration was then resumed of the Curtin-Yocum contested election case, and the house was addressed by Stevenson in support of the claim of the contestee. Adjourned.

AMERICAN.

POLITICAL.

A Divided Party.

CHICAGO, 10.—Intense excitement prevails in the city over the political complications growing out of the republican primary election in Cook County on Saturday. The contest for the control of the county convention was the hardest ever had in this city and has created a good deal of bad blood. The *Inter-Ocean* charges that frauds were committed by the Washburne and Blaine men at several polls, and on the other hand the *Tribune* alleges fraud in the behalf of Grant. When the county convention met at Farwell Hall to-day, the passions of the different partisans had been so wrought up that a split took place and two conventions are now in session, the result of which is that two sets of delegates will be sent to Springfield.

Each of the three morning papers, the *Times*, *Tribune* and *Inter-Ocean*, have different figures as to the division of delegates elected to the county convention, but all agree that the combined vote for Washburne and Blaine is greater than for Grant.

The *Inter-Ocean* claims 84 out of 178, and the *Times* concedes 87 out of 178.

It is allowed that before the convention at Farwell Hall opened, a committee from the Grant side, consisting of Leonard Swett and R. S. Futhill waited on Hon. C. B. Farwell, leader of the Blaine-Washburne forces, and asked a pro rata representation to the State Convention be conceded to the Grant side, and that Farwell replied he had never heard of the Grant people conceding anything at any convention, and as the anti-Grant side was in the majority, he would not consent to a division of delegates. The chairman of the county committee, H. A. Singer, was known to be a Grant man, and when he called the convention to order, without waiting for him to make any suggestion, a member arose and nominated Elliott Anthony, a Washburne man, for chairman. Before Singer could say anything there were loud cries from all parts of the house for Anthony to take the chair and amid great uproar Anthony advanced to the stand, and Singer was hustled off the stage. There were several who rushed to the stage, and for a moment it looked as if there would be a general fight, but finally some kind of order was restored, and most of the Grant delegates withdrew from the hall, proceeded to the Palmer House, and there organized a second convention. It is claimed by the Grant men that Singer only wished to ask if it was customary for the committee to select a temporary chairman, when he was laid hold of violently and driven from the stage. On the other hand it is said in excuse that it was understood to be Singer's intention to put a person friendly to the minority in the chair, but be this as it may, it is generally considered that the majority were over hasty and arbitrary. They had control and could have voted into the chair any one they wanted. Grant's friends claim nothing was left them but to withdraw and organize separately. The Fifteenth Ward delegates, headed by F. C. Klakke, a Grant man, remained with the Farwell Hall convention. The Blaine-Washburne contesting delegation of the Twelfth Ward was admitted to seats in the convention, but no other changes were made. The convention then appointed a committee to apportion a delegation to the State convention on the 19th inst., which is reported to give Washburne 58 delegates and Blaine 24.

The Palmer House convention was addressed by Messrs. Storrs, Swett, Dan. Munn, Clough and others, after which it was decided to send a solid Grant delegation to Springfield. These two delegations were appointed during the afternoon. The split is regarded as very significant.

Both conventions during the afternoon appointed full delegates to Springfield, that at the Palmer House sending a solid Grant delegation. It is understood that some overture towards a compromise have been made, but the coalition seem unwilling to yield in any particular, and there seems now no doubt that two delegations from Cook County will contest the claim for seats in the convention.

The Pennsylvania Delegates.

NEW YORK, 10.—It is positively asserted here in certain circles friendly to Blaine, that a majority of the republican delegates elected in Philadelphia have recently held a secret conference and unitedly determined to cast their votes at Chicago for Blaine; that they communicated this decision to Senator Don Cameron; that he immediately went to Philadelphia, and finding he could not change it, obtained a concession that it should not be made public until after the republican conventions held in Illinois and other States this week; that it was stipulated, however, that the main facts might be privately communicated to the friends of Blaine elsewhere in Pennsylvania, and that congratulatory telegrams from them are now pouring in from all parts of the State. It is also asserted that Cameron, after leaving Philadelphia last Friday, said that if the current of events now prevailing in Pennsylvania for Blaine should continue, his duty to his party would leave him no other course than to accept the inevitable, and that at a proper time he would show that he could as gracefully sacrifice his personal preferences for the good of the party as any man in the State. Whether or not these assertions will be literally verified, there seems no doubt of their having some substantial foundation.

News from Wall Street.

There was a more vigorous and determined bear assault on the stock market to-day than at any previous time since the current downward movement set in. Nearly all stocks were attacked more or less, but the chief demonstrations were against Western Union, Michigan Central, Erie, the coal stocks, Grangers and Pacific Mail. The business was simply enormous, and the decline ranged from ¼ to 7¼ per cent, Hannibal & St. Joseph, coal stocks, Southwestern, Michigan Central, Canada Southern, Erie, Western Union, Northwest and Pacific Mail leading the downward movement. The St. Louis and San Francisco shares broke suddenly at the close, the preferred selling down to 40. The first preferred was offered down to 63 and the common to 26. In the final sales a recovery of 1-8 to ¼ per cent. from the lowest point took place in some instances, although Southwestern developed great weakness and the market generally was in a demoralized condition. The demoralization was said to have spread to holders of stock throughout the country and many orders to sell out were received by brokers. A prominent feature was the heavy selling movement in Northern Pacific shares, based on the unfavorable intelligence concerning prospective legislation with regard to the lands of the company. In the general list of speculations this forenoon, were recorded enormous blocks sold for future delivery. The great shrinkage in values caused an alarm among both large and small holders and assisted in demoralizing speculations. The market yielded and the decline was aided by sales of long stock on stop orders and by the unloading of stocks by those who had bought after the recovery of the market on Friday. The objective point appeared to be coal stocks, with which Keene is supposed to be heavily loaded, and of which the Twenty-third street party is largely short.

The Fearful Oil Fire.

G. H. Lincoln, president of the Petroleum Exchange, has the following telegrams from Bradford, Pa.:

Nearly all Rexford and both pipe line stations are burned. The United and two Tidewater iron tanks are now burning. More are in danger. Forty wells and 80 buildings have burned.

One 90,000 barrel iron tank of McLeod & Morrison and the 25,000 barrel iron tanks of the United Pipe lines at Rexford are still burning furiously. At 11 a.m., one tank boiled over and set a second 25,000 barrel iron tank of the United Lines in flames. There are two other tanks of similar dimensions belonging to the Tidewater Pipe Line Company, a short distance further down the valley, which cannot escape destruction. There is no other property in the immediate vicinity of the burning tanks, and unless high winds prevail, the flames can be confined to the oil tanks. The loss on oil is borne by a general average assessment on all patrons of the pipe lines. No further property destroyed in Rexford besides the 80 buildings reported.

Bradford, Pa., 10.—The loss in Rexford is estimated at $60,000, with light insurance. Several dangerous fires are raging in the woods near Braun City and Coleville, oil properties thickly located through the forests in these sections, both of which are 12 miles from Bradford. As yet little property is destroyed at either place. Four hundred men are fighting the flames near Coleville, and a large number near Barnum. Brisk breezes are blowing and the woods in every direction are as dry as tinder, making the peril very great. Rain is the only means of completely quenching the forest fires.

Contending for Free Speech.

The *Evening Post* declaims against the gag-law spirit shown at the meeting of Kearney's sympathizers on Friday night. It says: We want no sand lot despotism here. We have enough despotism already—despotism, for example, of the kind that leads to such crimes as that of Madison Square, and then screens the criminals. It is idle to babble about free speech. A gentleman who has lived 25 years in California rose on Friday night in Cooper Institute and asked to be heard. It was believed that his speech would be adverse to the purpose and temper of the meeting, and amid roars of execration and cries of, "Turn him out," "Away with him," the intruder was practically gagged. This was in the true spirit of Kearneyism. It shows as clearly as volumes could show how much right Kearney has to be free.

Anti-Chinese But Christian Brethren.

The United Christian Brethren have recently purchased all the houses from Nos. 24 to 28 Mott Street inclusive, and one building around the corner in Pell Street, from which the Chinese have been ejected. The new owners have executed new leases in which a condition is inserted forbidding the subletting of any part of the buildings to Chinamen or negroes. It is not improbable that the anti-Chinese feeling will spread among other property owners in this neighborhood.

Business Review.

Business in most of the departments of trade has been moderate during the past week, the demand for merchandise having slacked, as the conviction has forced itself upon the mind of the mercantile public that trading has been overdone, and that a further decline in values would seem to be more probable than any improvement. There has been a declining tendency in many departments, while in some prices show a considerable decline for the week.

Emigrants Arrived.

There are 4,657 emigrants in Castle Garden to-day, 3,139 of whom arrived this morning in three steamships.

A Brutal Father.

CHICAGO, 10.—A brutal murder occurred last night. James Tobin, of 129 North Halsted Street, late last night went home with a friend partially drunk and ordered his wife to go after beer for them in the midst of a terrible thunder storm. She refused, and he turned her and her family into the street. They took refuge in an outbuilding. His daughter, a girl of 17, subsequently returned to the house, and he sent her out with money after a carpet sack, saying he would not live in the same house any longer. She got it, but neglected to provide a key. This enraged Tobin, so he broke the lock and ordered his daughter to take the bag back and get the money returned. She went into the next room, and he, suspecting she was not obeying him, followed her and dragged her back by the hair, threw her on the floor and jumping on her, literally mashed the life out of her. He was arrested, and now declares himself innocent, saying it must have been the shock of his announcing his intention of leaving home which killed his daughter.

British Columbia Items.

SAN FRANCISCO, 10.—A dispatch from Victoria, British Columbia, says: The *Colonist* charges that the government in the conveyance to the Dominion of the 20 mile belt on each side of the railway, has actually included the Skaget River mines, which lie in American territory, and about 100 miles of farming land, together with two or three score of improved farms that lie on the southern side of the border. It says the Province will be required to annex that piece of real estate or give the Dominion land elsewhere in the Province. The provincial legislature was prorogued yesterday.

Wells, Fargo's Letter Service.

WASHINGTON, 10.—Representative Page and John J. Valentine called on Postmaster General Key to-day, pursuant to appointment, to learn his decision in the Wells, Fargo & Co. matter. They were informed by him that he thoroughly sustained the correctness of their arguments, and that he will decline to interfere with Wells, Fargo & Company's letter carrying business.

The Senate confirmed Edward L. Johnson, United States District Attorney of Colorado and rejected S. Houghton, Census Supervisor of the Third Iowa District.

Florida Republicans.

JACKSONVILLE, 10.—The convention of the First Congressional District was held in this city to-day. Hon. H. Bisbee, Jr., was renominated for Congress, receiving 62 votes to 11 for L. G. Dennis. A resolution was unanimously passed requesting the State convention, which meets at Gainville, Wednesday, to instruct the delegates to the Chicago convention to vote for Grant.

Cheyenne Republicans.

CHEYENNE, 10.—The republicans here to-night elected nine unpledged delegates to the territorial convention, which meets at Laramie City on the 15th inst., to select two delegates to the national convention at Chicago. They will probably go uninstructed.

Ingersoll's Idea.

CINCINNATI, 10.—Rob Ingersoll says that Blaine will get the nomination. Grant would be beaten if he had no competitor, as there would be scattering votes enough to defeat him.

Complimenting Mrs. Hayes.

The General M. E. Conference adopted a resolution highly complimentary to Mrs. President Hayes and the social atmosphere of the White House.

Homicide.

ST. LOUIS, 10. — Thos. Horn, school teacher, and John S. Taylor, between whom there existed bad blood, met at Arrow Rock, Saline County, on Saturday, when both immediately drew revolvers, and at the third shot by Horn, Taylor fell dead.

Depredating Indians Surrendered.

PRESCOTT, Arizona, 10. — The Chilchueva Indians, who have been committing some atrocities in their vicinity, killing several white men, have surrendered to Colonel Price, commanding the Department of Colorado.

Boiler Explosion.

ROME, N. Y., 10.—This morning, a boiler in the Merchant's iron mill burst, killing four men and injuring five others, one fatally. All were employes. Only a part of them were on duty.

Hurd's Transportation Bill.

TOLEDO, 10.—T. H. Hurd, Congressman, addressed the Board of Trade upon his international transportation bill to-day. He had a large audience.

THE NEW LIGHT WEIGHT WATER PIPE!
Fig. 1.

Fig. 2.

Is Superior for Hydraulic Mining, City Water Works, and all other purposes for which iron or wood is used to any pipe now manufactured. It combines
LIGHTNESS WITH STRENGTH
(Being from ⅛ to ¼ the weight of iron,) and
CHEAPNESS WITH DURABILITY.
Is Made of the Best Oregon Pipe, and is spirally Bound with Wrought Iron of Suitable Strength to Sustain any Required Pressure.
The whole Exterior is Completely Protected from Rust or Decay by a Thick Coating of Asphaltum, while the Interior being Constantly in contact with the water
WILL LAST FOR 50 YEARS.
It is from 50 to 75 per cent. Cheaper than the Iron Pipe, and will sustain a gravity head of 700 feet, or over 300 pounds pressure to the square inch.
It is already in use in many of the leading Cities of the Pacific Coast, and is rapidly taking the place of iron pipe along the lines of Western Railroads. It is used for Gas, Oil and Water. For full particulars, prices, Etc., address,
