THE MAYOR ALARMED.

Montpelier's Executive Fears Smallpox In Salt Lake.

The mayor of Montpelier has become alarmed at the prevalence of smallpox in this state, and prints the following pronounciamento in the Montpeller Ex-

aminer: "Salt Lake City newspapers are thority for what might be regarded nearly a smallpox epidemic. This dread disease appears in the most malignant form, Numerous cases have terminated in death. We have in this city what threatens to be a case of the dread disease, a direct exposure from Sait Lake City. Next week the L. D. S. general conference convenes in that city, and many of our citizens doubtless will at-tend. The late spring and the low rates which the railroad people have issued offer an opportunity to many. It is to be hoped that those who do go will exercise caution in their movements to prevent exposure and perhaps bring it home to their families

I would recommend that as few go as possible, fearing the necessity of a quarantine being instituted against their return to this city until all dan-ger shall have passed. The probable loss of life and the great expense in-ident to coping with such diseases is what impels this letter, rather than a desire to dictate to or restrain our citizens in any sense whatever. Very respectfully yours, J. S. BARRETT, Mayor.

IMPORTANT SCIENTIFIC DISCOVER Y

A Clinical Preparation That Positively Kills the Dandruff Germ.

A most important discovery has been made after a year's patient laboratory work aimed in a certain direction- It is Newbro's Herpicide, a preparation that cures baldness, prevents falling hair and speedily and permanently eradiates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, as it seeks to sap the life of the huir at the root. There's no baidness without fail-ing or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. "Destroy the cause, you remove the ef-Send
