

**RAILROAD SHOPS
DAMAGED BY FIRE**

Blaze in Rio Grande Engine House
Entails a Loss of About
\$25,000.

FIVE FREIGHT CARS BURNED.

Principal Damage Was to Machinery
And Tools—Will Rebuild at
Once.

A disastrous fire, the origin of which is a mystery, visited the engine house of the Rio Grande car shops last night, doing damage to the extent of about \$25,000 before the fire department got control of the flames.

It was about 10:30 o'clock when flames were seen in the engine room. An alarm was quickly turned in and the department responded at once. In a few minutes an adjoining building was afire. In spite of all that could be done, both buildings burned. The firemen worked hard to save the paint shed and finally succeeded.

Had this building burned down, it is likely that the entire plant would have been destroyed, owing to the great amount of combustible material stored in the shop. When the firemen saw that the engine house was doomed, they directed their attention to saving the other buildings and it was some time before the fire was extinguished. A number of freight cars were on tracks being repaired and it was impossible to move them. Five cars were burned and others badly damaged.

The damage to machinery and tools was the greatest loss to the company. Some idea of the quantity of machinery in the buildings may be obtained from the fact that 22 men were employed there. The new shops being erected were saved after a hard struggle, and it is announced that the buildings destroyed will be re-built as quickly as possible.

The big blaze could be seen for blocks around, and several hundred persons visited the scene. Firemen and policemen had considerable trouble in keeping the crowd back to a place of safety. When the fire was out, a smoke stack would fall and carry many electric wires with it, the crowd rushed back and the wires were disconnected. It is estimated that the machinery destroyed was worth all of \$25,000, while other property burned was worth \$5,000.

Cured Paralysis.
W. S. Bally, P. O., True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Bally's Snow Liniment, which cured her all right. I have also used it for old sores, frostbites and skin eruptions. It does the work." Z. C. M. I. Drug Dept. 25c, 50c, \$1.00.

**BUGLE BLASTS
FROM THE FORT.**

The ladies and officers of the Fort Douglas garrison will give a Christmas tree entertainment for the children of the enlisted men at the Post.

Joseph J. Kent of this city has enlisted at Fort Douglas for service in the Sixth cavalry at Fort Meade, S. D.

James W. Byrnes of the Twenty-ninth infantry band at Fort Douglas has purchased his discharge, and will engage in business in this city. The batteries indulged in a 15 miles practice march yesterday, and returned with an appetite that created a shortage in the commissary in short order.

Pirating Foley's Honey and Tar.
Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for FOLEY'S Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative, it contains no opiates and is safest for children and delicate persons. For sale by J. Hill Drug Co.

BRAKEMAN IS KILLED.
F. J. Smith Meets Death While Switching at Murray.

In a collision in the Oregon Short Line yards at Murray yesterday afternoon, F. J. Smith, a brakeman, was killed, and William McMillan, another brakeman, was slightly injured. Smith and McMillan were riding on the front of an engine which was pushing a line of empty cars, and through not seeing another line of cars on a siding the engineer bumped into them. The force of the impact threw Smith under the cars and McMillan outside of the wreckage.

The remains were taken to C. H. Banks' undertaking parlors, and the funeral services will be held under the auspices of the brakemen's union. No relatives of the dead man are known to live in this part of the country. He has been employed for the road for some time, and was known as a reliable workman.

NOW TOTALLY BLIND.

Unfortunate Condition of W. O. Mayfield, a Farmington Veteran.

Mr. W. O. Mayfield was operated upon at the Groves L. D. S. hospital Nov. 23 for a cataract on the eye. The operation, though performed according to all the rules of medical science did not avail, and on the 14th of this month the eye had to be removed, to save his life. Two years ago the other eye had to be removed, owing to damage sustained by a straw getting into it. Mr. Mayfield is now totally blind. He is a resident of Farmington and has many friends both there and in this city. He is 71 years old. His daughter, Mrs. Benz, has been with him through his sickness, and tenderly nursed him. The unfortunate man has the sympathy of the community in his affliction.

emony was performed in the Salt Lake Temple. The groom was formerly an instructor in the Utah State School for the Blind, and possesses rare ability in the work of the sightless. The bride came from New York state to Utah in 1896 for the express purpose of taking charge of the work of instruction in the School for the Blind, and for a long time was the principal teacher in that institution. The lady is known as an authority in this kind of instruction, both in this country and abroad.

Mrs. Talmage has been a prominent officer of the Society for the Aid of the Sightless since its organization, and has manifested in numerous ways her devotion to and unusual ability in the labor which she has adopted as a life profession. The newly wedded couple have been associated for some time past in the establishment and operation of a printing plant for the publication of choice literature in the raised characters used by the sightless. Today's happy event has been long anticipated and awaited with pleasure by the most intimate friends of the parties, yet it comes as a pleasing surprise to many. For the present Mr. and Mrs. Talmage will make their home in Ogden. They have the heartiest wishes of a host of friends.

Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so in a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger ahead of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At all druggists.

SHEEP MEN PROSPEROUS.

Condition Reported to Gov. Cutler by State Commissioners.

The state board of sheep commissioners in a report to Governor Cutler declares that sheep men in Utah are prosperous, that the demand for wool exceeds the supply, that there are 2,000,000 head of sheep in the state, and that "sheep" has almost entirely been eradicated among them. The finances of the commission, according to the report, are in good shape. Last March there was a balance on hand of \$2,753.46, which with taxes for 1904 and 1905 totalled \$5,013.18. The year's disbursements were \$4,281.75, leaving a balance of \$731.40. The United States board of animal industry, it is reported, has worked in harmony with the commissioners during the year.

The Original Laxative Cough Syrup is Kennedy's Laxative Honey and Tar. It expels all cold from the system by acting as a cathartic on the bowels. Kennedy's Laxative Honey and Tar is a certain, safe and harmless cure for colds, croup and whooping cough. Sold by F. C. Schramm, druggist; where the cars stop.

STREAMS WELL STOCKED.

Fish Commissioner Sharp Files His Report With Gov. Cutler.

Commissioner John Sharp has filed his yearly statement on fish and game with Governor Cutler. The trout fry placed in streams have totalled 1,510,000 of the eastern brook variety, and 655,000 of the native trout. Sales to private parties to stock ponds have amounted to 160,500 brook trout and 67,000 native trout. Mr. Sharp reports that dams in streams often prevent trout from reaching their spawning grounds, and calls attention to the loss of three hundred tons of fish through the drying up of Provo river, while trout from Utah Lake were spawning.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure. It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, cure is impossible. For sale by F. J. Hill Drug Co."

REAL ESTATE DEALS.

Property on Third South and West Temple Changes Hands.

An important real estate deal was consummated last evening, when the Metropolitan hotel corner, 10x10 rods, at Third South and West Temple streets, was transferred from Judge Moses Hallett to a Los Angeles investor, who is supposed to be Peter Haack, for \$110,000. City Atty. Day conducting the transfer. The purchase is made merely for investment, and for the present no changes will be made in the property.

D. H. Peery has bought the corner across the street to the west, for \$55,000 from the A. G. Campbell estate, the

size of the lot being 115x165 feet. Mr. Peery thinks of building there in the not distant future.

Of Interest to Mothers.

Thousands of little ones die every year of croup. Most of them could have been saved by a few doses of Foley's Honey and Tar, and every family with children should keep it in the house. It contains no opiates and is safe and sure. Mrs. George H. Pickett, San Francisco, Cal., writes: "My baby had a dangerous attack of croup and we thought she would choke to death, but one dose of Foley's Honey and Tar relieved her at once after other remedies had failed. We are never a minute without it in the house." For sale by F. J. Hill Drug Co.

LEASE IS AUTHORIZED.

G. S. Holmes Will Now Erect Big Building on Atwood Property.

The plans of G. S. Holmes to build an immense building on the property of the Atwood estate located at the northeast corner of State and Second South street, were materially assisted yesterday by a decision made by Judge Ritchie in the Third district court, granting the administrators of the Atwood estate the power to lease the land for a period of fifty years. A clause in Atwood's will prevented the administrators from leasing for more than 20 years, and it was on a hearing to set this clause aside that the decision was made. The building which Mr. Holmes intends to erect on the land, it is said, will cost \$100,000.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are marked with a large E. WESTERN MARKET LETTER.

Special Correspondence.

Kansas City, Mo., Dec. 18.—The cattle supply last week was larger than expected, at 61,000 head, but the great bulk of the receipts sold at strong to a dime higher than during the previous week. After Wednesday, however, buyers were induced to purchase only after strong concessions were made, and prices on killing stuff closed the week 15 to 25 cents lower. Stockers and feeders were a shade higher up to Thursday, but the last of the week they also were quiet, and the week ended about steady on this class. In the last month, prices on country grades have advanced 35 to 50 cents. Some panhandle stockers sold last week at \$3.55 than had previously been selling here at \$2.75 to \$3.00, and panhandle cows easily sold at \$2.75. Quite a number of Colorado stockers and feeders found ready sale at \$3.45 to \$3.75, a few at \$4.00; killers at \$3.50 to \$3.85, and cows at \$2.75 to \$3.10, with a few choice heifers at \$3.50, range bulls \$2.00 to \$2.25. Christmas cattle sold at fancy prices last week, streets at \$6.25 to \$7.50, heifers \$5.00 to \$6.00, veals \$7.00 to \$7.25. Supply today is 11,000 head, market steady on killers, strong on country grades. The sheep and lamb market gained 10 to 20 cents last week, although the

receipts were large, at 27,000 head. Quality averaged very good, and markets were active. San Luis Valley yearlings sold at \$8.60 lambs at \$7.00 to \$7.35, fed western wethers, \$5.60 to \$6.00, ewes \$5.00 to \$5.40. The run today is 6,000 head, market strong and active, everything sold early. Nothing choice was included today, except some fancy native lambs at \$8.00. Some 65 pound lambs from Monte Vista sold at \$7.10, Arkansas Valley lambs today at \$7.25, some medium class Colorado fed lambs at \$6.65, feeding lambs \$6.00, Colorado fed wethers, \$5.60. Receipts are more than double those of last year at this season, yet demand is keen, and the outlook most promising.
