

COMMANDER PEARY ON PROPRIETY

Would be Improper to Work in
South Pole Regions Where Com-
mander Scott Is Working.

HE REPUDIATES A STATEMENT

That He Would Head Expedition to
Antarctic Regions Under Auspices
Of Peary Arctic Club.

Washington, Nov. 9.—While reiterating his oft-expressed belief that the United States should attempt a national expedition into antarctic regions, Commander Robert E. Peary tonight declared that as Commander Robert E. Scott of the British navy, working on a south pole expedition, would be improper to attempt to follow his route or the regions in which he is to work. Therefore, he said, he has given the matter no thought since his return from the north, when he stated that his field work was at an end.

Commander Peary repudiated the statement printed in several newspapers that within five years he would head an expedition to seek the south pole under the auspices of the Peary Arctic Club, and declared the statement to be erroneous.

In his long acquaintance with Mr. Peary, said Mr. Miller, he had never heard the railway magnate use any but the most courteous language and rarely, if ever, was he ill-tempered toward anyone. The nearest Mr. Harriman ever came to harsh criticism of any one, Mr. Miller said, was in the famous controversy with Theodore Roosevelt in 1904.

Mr. Harriman's last illness, he said, was only an ordinary stomach trouble aggravated by overwork. His nervous breakdown was largely due to the strain he underwent in adding San Francisco after the earthquake and fire.

No one in this part of the country, Mr. Miller declared, could ever realize what Mr. Harriman did for the atoken city.

pleasure enjoyed will re-
pay you for the trouble.

Hewlett Bros Co.

turned to Washington last night for the winter. The explorer will devote much time to literary work and in perfecting the reports of his polar expedition for publication.

A PECULIAR WRENCH.
of the foot or ankle may produce a very serious sprain. A sprain is more painful than a break. In all sprains, cuts, lacerations and swellings, Liniment is the best thing to use. Relieves the pain instantly, reduces swelling, is a perfect antiseptic and heals rapidly. Price, 25c. 50c and \$1. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St., Salt Lake City.

LATE MR. HARRIMAN WAS NEVER KNOWN TO SWEAR

Plainfield, N. J., Nov. 9.—The late Edward H. Harriman was never known to swear and was intense and fervent in his religious beliefs, according to Alexander Miller, secretary of the Union Pacific Railway company and 20 years private secretary to Mr. Harriman. In an address tonight before the Men's club of the Congregational church.

In his long acquaintance with Mr. Harriman, said Mr. Miller, he had never heard the railway magnate use any but the most courteous language and rarely, if ever, was he ill-tempered toward anyone. The nearest Mr. Harriman ever came to harsh criticism of any one, Mr. Miller said, was in the famous controversy with Theodore Roosevelt in 1904.

Mr. Harriman's last illness, he said, was only an ordinary stomach trouble aggravated by overwork. His nervous breakdown was largely due to the strain he underwent in adding San Francisco after the earthquake and fire.

No one in this part of the country, Mr. Miller declared, could ever realize what Mr. Harriman did for the atoken city.

PRESCRIPTION FOR KIDNEYS

The following prescription is the best obtainable for weak or diseased kidneys and bladder: "One-half ounce Muxon compound, one-half ounce fluid extract Buchu, six ounces good pure gin. Take one to two teaspoonfuls three times a day after meals. Any good druggist will furnish or mix these ingredients."

Pains in the back, rheumatic pains in joints, soreness in hips or groin, frequent urination, or highly colored urination, dizziness, puffiness under the eyes, indicate kidney and bladder trouble and should be promptly attended to, as dreaded Bright's disease or diabetes will surely follow.

Overcoats, \$6 to \$40; the biggest variety.
Wool Hose, 25c to 50c.
Phoenix Mufflers 50c.
Caps, 50c to \$1.50
Gloves—all kinds—lined and unlined, kid, leather, fur, knit, 25c to \$6.
Raincoats, \$10 to \$35.

ONE PRICE J.P. GARDNER
THE QUALITY STORE

Makes a quicker fire and can be kept a long time by simply regulating the draft in your furnace or stove (our man will show you how.) Cokes burners.
\$5.00 Per Ton Delivered
MIXED COKE OR RUN OF YARD.
\$4.25 Per Ton

There are hundreds of furnaces, stoves and boiler plants now burning gas coke exclusively. Why not call No. 4321, either phone.

TRY IT

WHERE EUROPE BEATS AMERICA

Senator Aldrich Points Out Some
Of Advantages of Old World's
Banking System.

RESERVE IS GREAT FEATURE.

European Laws Make No Requirement
As to Amount—Protection
Is by Discount.

Kansas City, Mo., Nov. 8.—Reiterating his declaration that neither he nor the monetary commission of which he is head had any pet scheme of financial reform, Senator Aldrich tonight in this city dwelt at some length upon some of the advantages of the European banking systems over the systems of the United States. He spoke after a dinner given by the Clearing House association at the Baltimore hotel. Senator William Warner of Missouri introduced the Rhode Island senator.

Mr. Aldrich found in the reserve system the most striking characteristic of European banks, he said. He said that central banks in England, France and Germany—and the Reichsbank—hold all the reserves of all the banks of their respective countries. He pointed out that there is no legal requirement making it necessary for foreign banks to keep in their vaults as large a percentage of deposits as is necessary in the United States, and said that the subordinate banks regard money in the central institution just as available for their reserve purposes as if it were in their own vaults. He added that foreign banks do not hold as "ill money," a sum greater than 3 or 4 per cent of their liabilities, while in the United States the average is 10 per cent. The London banks, however, have either in their own vaults or in the Bank of England, 14 or 15 per cent of their deposits. In addition, these banks loan large sums to houses subject to call on short notice which they regard as another source of reserve.

Another item of still greater importance, he said, is commercial paper held by secondary banks. This paper is receivable at the Bank of England and it is considered by bankers by far the most important portion of their reserves.

What is true in England is largely true in France and Germany. In this way the banks across a credit at the central bank which is in itself a reserve and they thus are enabled to loan from four to 10 times the amount they could loan under other conditions.

RESERVES.
Mr. Aldrich dwelt upon the fact that European laws make no requirement either as to the amount of reserve or as to the security. The security is left to the wisdom of the bankers. He said that the Credit Lyonnais, the greatest private banking institution in the world, kept practically no money in its vaults, relying entirely upon the Bank of France in case of large demands upon it. But, on the other hand, reserves of the central bank amount to about 75 per cent of its liabilities, not counting its gold and silver.

They advance discount rate as they did the other day. For what? To attract gold from other countries which has the effect of building up their reserves. This practice is always successful. In 1907 the Bank of England advanced the rate to 7 1/2 per cent and that step brought gold from 22 countries. I asked Mr. Campbell, then governor of the bank, what he would have done if he had not secured the gold. He replied: "We would have put the rate up to 10 per cent and that would have brought gold out of the earth."

"What else do they do?" They extended credits liberally to every one who is solvent and who has a right to borrow, shutting their doors and stopping the extension of credits, and refusing to give credits to their customers, they do these two things. They protect their own reserves, and they extend credits liberally to every one who deserves it and who wants it.

"That is the whole secret of the method by which these great banks take care of and regulate affairs of those great countries in case of probable trouble."
Contrasting this system with the rigid methods of the United States, Senator Aldrich said:
"I think this statement will afford sufficient suggestion to you to show that we certainly ought to consider very carefully the question whether our banking system in that respect should not be reconstructed."
"I have no doubt myself, that the opinion which is everywhere expressed in Europe, that our system is barbarous is correct. It certainly is against the experience of modern banking everywhere else."

It was evident to all that Senator Aldrich found in the European reserve system features which he believed superior to ours. He spoke especially of the confidence engendered by the foreign method.

MOTHER AND FIVE CHILDREN BURNED TO DEATH

War Road, Minn., Nov. 9.—Mrs. Jensen was fatally injured and his wife and five children were burned to death in their home near here yesterday. Two children were rescued. Jensen died today.

Jensen was using what he supposed was kerosene oil in his stove when a five-gallon can of the fluid exploded. After the tragedy it was discovered that a clerk in a grocery store where Jensen had bought the oil had emptied a barrel of kerosene into the gasoline tank.

HUGE METEOR FOUND NEAR MANISTEE, MICH.

Manistee, Mich., Nov. 10.—An explanation of what was believed Monday here to have been a boiler explosion on a lake steamer was furnished yesterday with the discovery of a huge meteor on a farm two miles south of this city.

The meteor was still warm and 10 feet in diameter above the ground. The spot where it fell is about half a mile from Lake Michigan.

CONSUMPTION STATISTICS.
Prove that a neglected cold or cough puts the lungs to so bad a condition that consumption germs find a fertile field for fastening on one's lungs. Ballard's Horehound Syrup, soothes the throat and inflamed tissues and makes you well again. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St., Salt Lake City.

WANTS TO WHISTLE SAYS LOCAL MAN

L. E. Anderson of Annex Apart-
ments Becomes "Cooper
Convert."

SUFFERED YEARS, IS WELL.

Salt Lake Citizen Expresses Strong
Belief in Easterner's
Theories.

The young Cooper "stomach man," who is meeting the public at the Smith drug store at the "Buzzy Corner," had a strenuous time yesterday. An endless stream of humbly dressed, but earnest-looking men, pressed into the store to have him explain his theories and medicines, and most of the time it was a difficult matter to get within speaking distance of him.

Among his callers were some enthusiasts on the subject of his treatment who have become convinced his claims are genuine. Several of these persons express themselves forcibly in explaining the reasons for their belief in the man. Among them was L. E. Anderson, who lives at No. 5 in the Annex Apartments, Salt Lake City. He said: "I have been a very sick man for a number of years, suffering from stomach trouble. I had no desire to eat, as every meal, no matter how light or carefully prepared, was sure to be followed by a terrible pain in the stomach. I was constantly suffering from gas on the stomach and this at times amounted to the worst kind of torture. I had a headache almost constantly to such an extent that I felt as though a steel was drawn tightly around my head. I felt depressed all the time, and had hardly a cheerful moment for years. I believe I tried everything the doctors could think of prescribing, but all the medicine failed to cause the slightest improvement. Absolute discouragement took hold of me finally and I feared I would have to give up the position I held."

"About a month ago I learned from friends about Cooper and his medicines. I was persuaded to give them a trial and began taking one of his preparations. For a couple of weeks I could notice no change, but after that the effect of the treatment began to show. My appetite became stronger and I had no pains after eating. I now get up in the morning after a sound sleep feeling as I did when a boy. I have no more headache, can eat three good meals a day and feel so cheerful that I want to sing or whistle most of the time. I go to business, work hard with a clear brain and come home at night feeling glad that I am alive. People cannot completely understand what this medicine does until they try it."

HOW UNCLE SAM LOSES \$10,000,000 ANNUALLY

New York, Nov. 10.—The United States loses \$10,000,000 a year or 6 per cent annually through loose methods in making up the budget, according to Prof. Henry Jones Post of Princeton. In a lecture in Columbia university.

Prof. Post stated, however, that he thought the measure adopted by Congress last March requiring the secretary of the treasury to estimate the revenue of the government for the ensuing year and transmit it to Congress with the estimated expenditures, will add in effecting a saving.
