

DESERET EVENING NEWS

WEATHER REPORT.

Record at the local office of the weather bureau for the 24 hours ending at 6 a. m. today:

Barometer reading at 6 a. m., 35.65 inches. Temperature at 6 a. m., 53 degrees; maximum, 71; minimum, 51; mean, 61, which is 1.4 deg. below normal. Deficiency of daily mean temperature since the first of the month, 5 deg. Accumulated excess of daily mean temperature since January 1st, 475 deg. Accumulated excess in precipitation since January 1st, 1.53 inch.

FORECASTS TILL 6 P. M. THURSDAY.

Local forecast for Salt Lake City and vicinity:
Fair tonight and Thursday; warmer tonight.
Forecasts for Utah, made at Denver, Colo.:

Fair tonight and Thursday, except local thunderstorms in southern portion; warmer tonight.

WEATHER CONDITIONS.

An area of low pressure covers the northern Rocky Mountain Slope, while an area of high pressure lies along the Washington and Oregon coast. Rain has fallen over eastern Idaho, Montana, Wyoming, eastern Colorado, northern New Mexico, the western portions of South Dakota and Nebraska and Texas. Temperature changes have generally been slight.

JOHN GROVER, Observer, Temporarily in Charge.

TODAY'S TEMPERATURE.

10 a. m., 65; 11 a. m., 69; 12 o'clock noon, 71; 3 p. m., 74; 5 p. m., 75.

LOCAL BRIEFS.

Frank Higginbotham has returned from a run over the Salt Lake & Mercur railway of which line he is the auditor.

President B. L. Corum of the Utah State Christian Endeavor has made his home in Denver. His successor has not been appointed yet.

Miss Cora Cameron, 12 years of age, has been chosen for the place in the carnival queen's retinue made vacant by the withdrawal of Miss Stella McCready.

Attorney Charles D. Kennedy has returned from a trip to New York which lasted eight weeks. While he was in Gotham his father died very much in the same manner that Judge Thomson did.

The additions to the school house at Lower Bingham are nearly completed. A new school building will soon be erected at Upper Bingham. The two new school houses at Mill Creek will be finished by the first of next month.

Postmaster Thomas and Special Agent Ormsby from Denver left this morning for a trip through the country south and west of Denver. They went in response to a request from the people of that section for an extension of the rural free delivery into their locality.

Eugene Lorin Lincoln, son of Mrs. Ellen Lincoln and brother of Officer Lincoln of the police force, died yesterday of typhoid fever after an illness of five weeks. Deceased was 26 years of age and had been married but one year. The funeral will be held from the Third ward meeting house tomorrow afternoon at 2 o'clock.

A proposition has been made to rent the legislative hall from the city for a court room for Judge Hall's division of the district court for a period of two or four years. This would bring all the courts and the clerk's office on the fourth floor, which would be more convenient than having the equity division on the third floor as at present. It is understood that the Council favors the idea.

The bond of Mrs. McLaughlin as guardian of her little daughter, Isabel, has been fixed by Judge Stewart at \$100,000. The little heiress gets \$11,223.12 shares of Quincy mining stock on which, two of the directors of the company conservatively stated that the dividends would amount to 30 cents a share monthly. The newly appointed guardian will not be allowed to dispose of her daughter's stock.

R. P. Telle of the Irrigation Investigation of the United States department of Agriculture, has completed his labors in getting up irrigation data, with special reference to the Jordan river and its canals, and left today for Cheyenne, the headquarters of that work. The results of Mr. Telle's work will be published by the department of agriculture and will be useful to the farmers of this section.

State Superintendent Nelson has made the following additional appointments to free normal scholarships at the University: Bessie Moysa of Ogden, C. H. Koels of Payson, R. H. Barnett of Pleasant Grove, Millie Babcock of Spanish Fork, Viola Rogers of Provo, Annie Anderson of Pleasant Grove, Hazel Young of Sugar land, Edna A. Pitt of Mill Creek, Bertie Palmer of Taylorsville and Lizale Winder of Farmers ward.

Johnny Gibson, the 14-year-old boy of William Gibson the door keeper at the Salt Lake theater, had a fainting spell yesterday in front of the Z. C. M. I. He was riding on his wheel and was observed to be feeling when William Sharock caught him just in time to save him from a heavy fall upon the pavement. He was carried in the office of Dr. Romualdo B. Pratt in the Constitution building and restored to consciousness. It is thought he had been riding too hard.

\$1.00 will start a bank account. Zion's Savings Bank, 222 West 1st St., 1st floor, Main street, will furnish you free of cost a small steel savings bank. Helps you save small amounts; 4 per cent interest allowed on \$1 to \$5,000. You have the bank, we keep the key.

150,000 SHARES OF STOCK IN ALBERTA LAND AND STOCK CO.

(Properties located in Alberta, Canada.) for sale, at par value of stock—\$1.00 per share. The officers and directors of the company are:

Samuel W. Woolley, President; Charles McCarty, Vice-President; George Romney, Secretary and Treasurer; Moses W. Taylor, W. J. Robinson, E. P. Ellison and Ezra Shomaker. The money arising from sale of this stock is to be used in purchasing cattle and sheep to place upon the fine ranches of this company.

Conservative management guaranteed and good returns assured. The stock offered for sale by this company will enable investors of either large or small amounts to obtain an interest in a section of country unequalled for stock-raising purposes, and in which the increase in the value of the land owned by the company will of itself pay a moderate interest on the investment. Applications for stock should be made to George M. Cannon, No. 1 Main Street, Salt Lake City.

UTAH COMMERCIAL AND SAVINGS BANK.

Interest paid on savings, W. P. Armstrong, pres., P. W. Madsen, vice-pres., J. E. Caine, cashier.

UTAH COAL.

Castle Gate, Sny-Leigh and Clear Creek—Lump, \$5.00 per ton. Winter Quarters Lump and all nut coal, \$4.75 per ton. Anthracite all sizes, 73 south Main St., Telephone, 429.

D. J. SHARP, Agent.

Patrolmen Stores That Display "We Give Trading Stamps" (signs).

BUYS SOME SHORTHORNS.

T. G. Wimmer Purchases Blooded Cattle From J. C. Leary.

Thomas G. Wimmer, the prominent local stockman, has purchased from J. C. Leary & Co. thirteen head of registered shorthorn hitherto for his Booth & Crocker ranch near Evanston. The buyers are from the choice bunch that Mr. Leary picked up in Missouri and Kansas last spring. They are among the best cattle ever brought to this state.

Mr. Wimmer's purchase includes the Seventeen, Dukes, Owens, four times removed from Imp. Jubilee Gwyne, for which he paid \$355. He also bought Ruby Maple for \$200; Ada Maple, \$200; Carrie Moore, \$225, and \$155 for Elrod. The others of the lot are all admirable specimens.

RECOVERS HER DIAMONDS.

Mrs. Tamkin Leaves \$1,000 Worth Under a Mattress in Walker House.

Mrs. William Tamkin, of Angona, was a guest at the Walker house a few days since and being the possessor of two rings, a pair of earrings and a brooch valued at \$1,000, she placed them under the mattress of her bed. When she left the hotel her mind was occupied with something more absorbing than diamonds and therefore went away without the latter. She had not proceeded far on her honeymoon journey, however, when she missed them and she hastened to wire back to the Walker house. A search was instituted, the valuables discovered, expressed home and now they are safe in the hands of Mrs. Tamkin.

VARIOUS COURT ITEMS.

John Johnson, Mary C. Phillips, Joseph S. Johnson and Peter Johnson have filed a petition to probate, praying for the appointment of Joseph S. Johnson as administrator of the estate of the late John Peter Johnson, which they value at \$4,000, of which \$2,700 is in realty. The heirs are the children of the deceased, B. D. Johnson, who died in 1897. The hearing will be held on Sept. 20th.

Frederick W. Pletcher and E. W. Wilson are suing Ruth A. McCoy to recover \$2,100 and interest on a promissory note secured by a trust deed.

W. S. McCormick & Co's suit to recover \$30,157.25 on a promissory note given by Michael Shaughnessy, secured by \$9,989 shares of Milwaukee mining stock, has been dismissed by stipulation.

W. F. Mitchell has commenced divorce suit against Mary Mitchell whom he married at San Rafael, Cal., on May 17, 1889. He says she deserted him two years ago.

Judge Morse has sustained defendant's demurrer for a writ of mandamus to compel the board of directors of the Hogley mining company to issue stock to Edward McCarrick certain shares of stock in the company. McCarrick will be compelled to amend his complaint on appeal to the supreme court. It is concluded to rest the case as it is.

MUNICIPAL MATTERS.

The meeting of the city fathers in the Council chamber last night failed to attain the purpose of a quorum. The six Democratic members were absent, presumably with the object of postponing the vote on the mayor's veto to the ordinance diverting Watermaster's canal to the canal of the city limits. The return of Councilmen Beatty and Davis is expected by next Tuesday, and the Democrats hope with the addition of their new votes to the Republican votes they now have to override the mayor's veto.

A call was issued for a special meeting for tonight to consider the Mayor's appointment of Charles B. Dyer to fill the place of police justice made vacant by the death of Justice Timmony, and also for the approval of the department payrolls.

SALT LAKE STAKE CONFERENCE.

The quarterly conference of this Stake will meet in the Assembly Hall, Salt Lake City, on Sunday, September 8th, at 10 a. m., and in the Tabernacle at 2 p. m. and 7 p. m. No meeting will be held in the wards in the evening. A general attendance of all the officers and members is requested.

JOSEPH E. TAYLOR, CHARLES W. PENTON, Presidency of the Stake.

A Communication.

Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at night. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Bagnell, Mo.

L. D. S. NIGHT SCHOOL.

Now open in New Business College, east of Temple. Five nights a week. Bookkeeping, Telegraphy, Penmanship, Grammar, Arithmetic, Spelling, Typewriting, Shorthand, etc., \$4 per month or \$20 per year.

SUGAR BEETS ARE DOING WELL.

Late Vegetation Continues to Flourish.

POTATOES PROMISE WELL.

So Says the Report for Last Week Just Issued From the Weather Bureau—Fruit Abundant.

Weekly Crop Bulletin, Salt Lake City, Utah, Sept. 3, 1901.—The temperature of the week ended Sept. 2nd was above normal; warm days and cool nights being the rule. The weather was generally clear and dry in the northern and western portions of the State; in the eastern and southern portions there was considerable cloudiness, and frequent light showers occurred. Good rains fell in the south-central counties. Light frost was reported from Morgan and Millard counties. Late vegetation continues to make vigorous growth; and sugar beets, pastures and ranges are doing extremely well. The harvesting of small grain is finished in most sections, and threshing continues actively; the yield is reported generally not up to the average. Late potatoes are promising very well. The second crop of lucern is about gathered and a good third crop is probable. Fruit is abundant and of good quality in the southern counties.

REMARKS OF CROP CORRESPONDENTS.

(The name of the postoffice is followed by the name of the county.)

Corinne, Boxelder.—Weather continues dry and warm. Third crop of lucern is being harvested and is considerably below average. Late potatoes will be below average.—W. E. Johnson.

Snowville, Boxelder.—Weather somewhat cooler. Harvesting is well advanced. Potatoes in some localities are a failure, and in others fair. Grain is about an average.—J. Robbins.

Tooele, Tooele.—Dry and warm. A good portion of the wheat is threshed. Early potatoes are being marketed, also prunes and plums. Late fruit is looking nice. Early potatoes are very small. Lucern seed will be scarce on account of grasshoppers.—J. J. Elkington.

Vernon, Tooele.—Small grain is nearly all in the stack, and the second crop of lucern is being gathered. Recent rains have done a little damage to the second crop of lucern, but have greatly improved the pastures.—W. R. Durrant.

Levan, Juab.—Nice showers of the 27th and 29th were very beneficial to corn and potatoes. Apples are plentiful. Winter wheat is dropping from the trees faster than they can be gathered.—William Brown.

Nephi, Juab.—Fine growing week for potatoes and corn, as the late rains have thoroughly soaked the ground. Warm days and cool nights. Threshing continues. Grain is not quite up to the average in yield or quality. Apples very wormy.—Thomas Vickers.

Catche, Junction.—Week was warm with cool nights. Threshing progressing nicely. The yield of grain is fair, but there is some smut.—J. H. Barkley Jr.

Laketown, Rich.—Fine weather during the week, with normal temperature. Vegetables made good growth. Grain, and the second crop of lucern are being stacked. The indications are that potatoes will be a good crop.—G. W. Weston.

Meadowville, Rich.—The past week has been an excellent one for all crops. The second crop of lucern is out and is well above the average; good prospect for a third crop. Potatoes have all run to top and blossom.—J. S. Moffat.

Oakley, Summit.—Plenty of rain for the last three weeks. First crop of lucern not quite an average; second crop a little better. Wheat, corn, oats and hay harvesting commenced; wheat and oats good. Potatoes are an average crop.—N. B. Snapp.

Poca, Summit.—Heavy thunderstorm the last of the week; later part favorable for hay and harvesting. Second crop of lucern looking well. The rains have had a beneficial effect on the range, and range stock are doing better.—O. Lyons.

Hobbs, Wasatch.—Another good week for growing crops, with a few showers and a little cooler. Grain is about all out. Wheat is rusted badly, caused by alternate sunshine and showers throughout the month. Pastures have improved wonderfully. The second crop of lucern is being cut.—John Crook.

Wellington, Carbon.—Weather cooler, with some wind and rain during the week. Lucern growing slowly; second crop nearly all harvested.—E. E. Branch.

Vernal, Utah.—Rain on the 26th, 27th and 30th in the valley; and rain every day during the week in the mountains. The precipitation of the last few weeks is producing a second growth of grass on the ranges and in the pastures.—William Gibson.

Newton, Cache.—Week was dry. Threshing goes on rapidly. Grain yield about average. The cutting of lucern both for hay and seed is making rapid progress. No fall plowing done yet.—J. N. Hansen.

Harrieville, Weber.—Week has been favorable for cutting the third crop of lucern, and much of it has been hauled, with good yield in good condition. All fruits and sugar beets are ripening fast.—Pete LaRue.

Riverdale, Weber.—Weather fine, with somewhat cooler nights. Threshing progressing. Grain is a fair average crop. Early potatoes starting second growth. Sugar beets ripening well. The third crop of lucern is now ready for cutting.—Richard Dyer.

Ulmah, Weber.—Several threatening days during the week, but only traces of rain. Ground is already too dry to plow. Threshing nearly all over. The third crop of lucern is better than the second. Potato crop very short.—Chas. de La Baume.

Morgan, Morgan.—Light frost on 30th. Excellent harvesting weather during the week. Harvesting nearly completed. Much hay damaged by the late rains. Potatoes doing well. Sugar beets are in excellent condition. Ranges somewhat improved. Second crop of lucern is being cut and much of it is in the stack.—T. R. G. Welch.

Miller, Salt Lake.—The week has continued warm, with nights getting colder. Threshing is progressing. The yield of wheat is not as large as expected. Some corn is being cut. The third crop of lucern is generally first class, valuable seed.—W. S. Brockman, Bagnell, Mo.

Lake Shore, Utah.—The week has been warm, with heavy thunder showers on the evenings of the 26th and 27th. Threshing is still in progress. Corn, potatoes and sugar beets are being thrashed.—W. E. Beer.

Ephraim, Sanpete.—The week has been warm and pleasant, with some showers in the mountains. Threshing will be completed in another week.

Most wheat is very shrunken; hardly fit for flour.—A. C. Nielson.

Maniti, Sanpete.—The week has been very favorable for farm work. Threshing is under full headway. Should result of another month all vines will produce heavily. It is probable that considerable winter wheat will be sown this fall on account of the grasshopper.—A. W. Rossey.

Deseret, Millard.—Fine growing weather during the week; light rain on the evening of 25th. Lucern seed is ripening fast, and being cut and hauled. Have enough water for gardens. Grass growing on the hills.—S. W. Western.

Scipio, Millard.—Corn and potatoes are growing fast. The second crop of lucern is being harvested; a fair crop for the season.—Thomas Monnett.

Sigurd Sevier.—A few showers during the week; nights quite cool. Harvesting is mostly all finished. Some wheat not filled out well, on account of rust. In some places a third crop of lucern will soon be ready to cut. Potatoes and corn are still growing finely.—C. Meyer.

Emery, Emery.—Cloudy and showery weather every day of the week retarded harvesting; if rain continues much grain will be ruined. Potatoes doing nicely; the tubers forming well.—H. C. Wiekman.

Beaver, Beaver.—Weather unsettled, with light showers on 27th, 28th and 29th. Grain nearly all harvested and threshing under way. Fruit is in abundance.—D. Grimschaw.

Greenwich, Plute.—Cloudy all the week, with a storm on the 29th. Harvesting of grain is progressing rapidly. Wild fruit is in the market. Potatoes will be an average crop. Second crop of lucern is nearly ready to cut. Plenty of water.—Arthur Montague.

Frutia, Wayne.—Lots of rain. Rice fruit is plentiful. Some of the third crop of alfalfa is being secured. Everything looks prosperous.—Abbie Clark.

Lyman, Wayne.—The past week has been warm and rainy. Harvest is in full progress; grain crop excellent. Potatoes fairly good; perhaps a little better than average.—J. C. Coons.

Thurber, Wayne.—The grain is ripening very fast. Wheat and oats are a good average.—James Grant.

Henniville, Garfield.—The weather has been very stormy the past week. The second crop of lucern is nearly all stored. Grain is all gathered. Corn and potatoes promise a heavy yield. This third crop of lucern is growing very rapidly. Time peach, plums and apples are plentiful.—J. P. Pollock.

Phinto, Washington.—Harvest about finished; the yield per acre will be good where not damaged by rains and floods. Corn and potatoes are looking well.—J. H. Harrison.

Santa Clara, Washington.—Week has been calm and slightly cooler. Third crop of hay is being cut up, and is generally good. Early potatoes have been hardly half a crop. Grapes are getting ripe and are a good crop.—John Graf.

JOHN GROVER, Observer Temporarily in Charge.

STATE TREASURER'S REPORT.

Receipts and Disbursements for the Month of August.

State Treasurer Dixon's August report shows as follows:

Receipts—
Receipts for August \$48,227.67
Balance on hand July 31st..... 119,354.52

Total \$167,582.25

Disbursement—

General fund \$39,605.75
State district school fund 1,125.15
University land fund 2,100.00
Reservoir land fund 4,000.00
State school land fund 6,235.00
School of mines 236.00

Total \$52,237.97
Balance on hand Sept. 1st..... 115,294.32

Total \$167,582.25

The balance on hand is distributed among the various funds as follows:

General fund \$48,227.67
State district school fund 3,295.91
Trust fund 110.38
State school land \$5,512.16
University 1,613.24
Agricultural College 492.51
Insane asylum 450.00
School of mines 124.37
Institution for Blind land fund 41.41
Reservoir land fund 12,872.50
Public buildings 1,948.06
Deaf and dumb asylum 111.72
Reform school 356.95
Suspense account 8.26

Total \$115,294.32

EDWARDS DID NOT ESCAPE.

Simply Secreted Himself Within the Prison Chapel.

It was only a false alarm. The fugitive convict, Frank Edwards, who made such a "thrilling escape" from the penitentiary last Monday, "scaling the high wall" by means of a long plank, evading alike the dangers of the electric alarm and the vigilance of the guard who was patrolling the wall within a few feet of him, did not escape at all, and the question now arises who will get the \$100 reward? As a matter of fact, the whole sensation seems to have been much ado about nothing. Instead of scouring over the country with a brace of pistols and a bowie knife in his belt, Edwards is now hiding in a hole below the organ.

When found, about 7 o'clock last night, the "escaped convict" had a loaf of bread and a sack of Duke's Mixture. He was asked to come out and quietly came out.

Warden Dow has no doubt, however, that Edwards was biding his time for a night and a favorable opportunity to get to the roof of the chapel, and take a chance at reaching the top of the wall from there as Bishop did some years ago. When discovered, Edwards refused to say a word as to his intentions. He will now have a spell of solitary confinement.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says T. E. Taylor, of St. Albans, Bradford County, N. H. "I was taken suddenly with diarrhoea, and was asked to give up the trip, when editor Ward of the Laceyville Messenger suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me."

LATTER-DAY SAINTS' UNIVERSITY.

MAIN STREET, SALT LAKE CITY.

BUSINESS COLLEGE now open. Best American systems of bookkeeping, banking, shorthand, typewriting, telegraphy; also law, political science, English and mathematics.

HIGH SCHOOL AND NORMAL COLLEGE open September 4.—Theology, languages, mathematics, science, art, pedagogy, etc.

THREE LITTLE BOOKS giving complete information will be sent free. Write for them.

Relief Society Conference.

The quarterly conference of the Salt Lake Stake Relief Society will be held in the Assembly hall Saturday, Sept. 7th, at 10 a. m. and 2 p. m. Officers and members are requested to be present. All are invited.

M. J. HORNE, Pres., J. S. WOOLLEY, Secy.

GRANITE STAKE EXCURSION.

There will be an excursion to Saltair under the auspices of the Relief Society, on Thursday, Sept. 6th. All the other organizations of the Stake are cordially invited to participate in the outing. Any profits that may result from the trip will be used for the benefit of proposed academy.

EMMA S. WOODRUFF, President. ARMEDA S. YOUNG, Secretary.

PRIMARY NOTICE.

The Primary officers' meeting of the Salt Lake Stake will be held Saturday, September 7th, 1901, at 3 o'clock, in the Temple building. A good attendance of officers is desired.

ELLA W. HYDE, Secy.

PIRIETHOOD MEETING.

The regular monthly meeting of the Piriethood of the Salt Lake Stake of Zion will convene in the Assembly hall, Salt Lake City, on Friday, September 6th, at 7 p. m.

JAMES D. STIRLING, Clerk of Stake.

Thatcher, Ariz., Aug. 26.—St. Joseph Stake Conference and Y. M. M. I. A. convention and Seventies meeting, Tuesday and Wednesday, 17th and 18th of September. There will be a special conference held in Weche's hall, Pima, Arizona, St. Joseph Stake of Zion.

Elders M. P. Cowley of the quorum of the Apostles, Joseph L. McMurrin of the Seventies, will be in attendance.

We are now prepared to send out orders. Beardsley's Tavern.

For Over Fifty Years.

Max, Wheeler, Scottsbluff, Neb., has been used for children teaching. It teaches the child, softens the gums, always all pain, cures wind colic, and is the best remedy for diarrhoea. Beware of a bottle.

THE MISSOURI PACIFIC RY.

recently inaugurated a through Pullman Car service between St. Louis and San Francisco, via Kansas City, Pueblo, Colo., Cheyenne, Wyo., and Laramie and Ogden. This line makes it very convenient for the Utah traveling public, as it is possible to get to New York, Philadelphia, and all important cities east and south, only a change of cars. This route takes in the most beautiful parts of the Rocky Mountains and the Great Grain belt of Kansas, furnishing changes of scenery that are hardly to be equaled elsewhere.

The journey of 50 hours from Salt Lake City to St. Louis, arriving in the largest and most beautiful Union Station in the country, if not in the whole world. The Missouri Pacific is among the first of the great railways of the world.

ROYAL ZWIEBACK.

pure, clean, healthy, good for everybody, 10c per doz. For sale at the Royal, 252 South Main.

BUSINESS EDUCATION.

It interested in commercial work send for the catalogue published by the Salt Lake Business College, Templeton, Salt Lake City.

SCANDIN
