TALK OF THE TOWN.

First of February and a fine day.

St. Valentine's Day comes on apace.

Business dull in the police court once more.

Tickets for "Mazepa" began selling this morning.

The City Council convenes this evening at 6 o'clock.

The Exposition for February 1st is out promptly. Get it.

Plenty of coal is being hauled in from Kimball's nowadays.

Go to Halvorsen's lecture tonight, in the 14th Ward Assembly Rooms.

The party by Zion's Musical Society, in the 14th Ward last evening, was a fine affair.

The priesthood meeting of the State will be held next Saturday at 11 a. m., in the Assembly Hall.

The Careless Orchestra is to have a choral or vocal department added to it. It will be organized to-morrow night.

Proctor, the astronomer, will be here next week. He lectures on Monday and Tuesday nights at the Theatre.

Lord Byron's equestrian spectacle of "Mazepa" will be produced at the Theatre on Wednesday (to-morrow) night.

Mr. Frank Jennings, of the mercantile firm of Wm. Jennings & Sons, left for the east this morning. Miss Francis, his sister, accompanied him.

Season tickets for Proctor's lectures may be reserved to-morrow morning and until Saturday at Dwyer's book store and at the Walker House.

Mr. Pleasant is reported to be in a turbulent condition; the town is fested by desperadoes, peaceable citizens landing for protection, and women trembling for fear of bloodshed.

The ground is now in excellent condition for plowing, and farmers in many places are taking advantage of the fine warm weather. The winter's backbone is thought to be effectively broken.

The city officers say the Chinese, in applying for leave to celebrate their New Year, rather got the "bulge" on them. The Marshal understood Saturday to be the day asked for, but the Celestials wanted to bring in three days.

An employee at Davis, Howe & Co's foundry won a sack of flour yesterday by wagering that he could carry it on his head to his home, ten and a half blocks distant, without resting. He started off with his load like a veritable Samson, and easily took off the prize. People think he earned it.

LOCAL AND OTHER MATTERS.

Notice to the Seventies.

The Presidents and members of the Seventies are hereby notified that their regular meeting will be held at the Council House to-morrow, Wednesday evening, Feb. 2d, at 7 o'clock p.m.

ROBERT CAMPBELL, Clerk.

In behalf of the First Council of Seventies.

Salt Lake City, Feb. 1, 1889.

Priesthood Meeting.

The regular monthly meeting of the priesthood of the Salt Lake Stake of Zion will be held in the Salt Lake Assembly Hall on Saturday, the 5th inst., at 11 a. m.

Benefit Lecture.

Bro. John A. Halvorsen will deliver a lecture in the Scandinavian language, in the 14th Ward Assembly Room, at 7 o'clock this evening. Subject, "Woman's Influence on Nations." The lecture is for the benefit of some worthy poor. Admission free reasonable.

Removals.

Hill and Hopwood are now fully installed in the staff made vacant by H. E. Phelps, retired. William Hill's old place is being filled up by Solomon Brothers & Co., and shoe manufacturers, who are about to move from their ware-room north of the Deseret Bank. It is understood that the Thirtieth Ward Co-op. will move across into the premises vacated by Solomon and Co. And so on, and removals and occupations have been unusually large and active.

Last Night's Party.

The party given last evening in the 14th Ward by Zion's Musical Society was, as anticipated, a very enjoyable affair. Besides the dancing, there were various other pleasant features to make the time pass in a swift and happy manner. The Glee Club sang a selection, Miss Dinwiddie recited the "Polish Boy," Miss Nelson rendered a vocal song, W. Foster sang "Bring Back the Old Folks," and D. O. Caldwell, Vice-President of the Society, made a brief address. The dancing music was furnished by Gilles' band, their first appearance in public and was of an excellent quality. The whole party went off nicely, and was ably conducted by Prof. C. J. Thomas. All who attended had a season of genuine pleasure.

Wanted to Dance.

The following is from the Blackfoot Register of recent date:

"On Thursday evening a dance was given at the Star restaurant, at which there were over 30 couples. Trouble was seen to be brewing from the time the dancing commenced, but everything was quiet until about two o'clock in the morning, when Hiram Artell, better known as 'Whitey,' came in, considerably under the influence of liquor, and asked some one to dance with him, but was refused. It seems that he had been refused once or twice before, and upon this refusal he pulled out a pistol, which he swung round menacingly, and said with an oath if he could not dance, no one else should. Several parties jumped up and caught him and succeeded in getting the pistol away from him, not until it had been discharged, however, the ball striking Mrs. Geo. Snyder in the right shoulder, glancing off the right shoulder blade and lodging in the flesh above the arm. Artell was arrested and taken before Judge Montgomery, who bound him over in the sum of \$5,000 to appear before the next grand jury. From what we can learn from reports that are circulated, he had secured the pistol for the purpose of shooting Reuben Still, who was acting as floor manager. Failing to secure bonds, he was taken to jail this morning, where he will remain in jail until court meets."

Woman's Exponent.

The Exponent for the first half of February comes smiling into our sanctum on the very day it is due. Its contents always good and wholesome, are better, if anything, than usual. A poetical tribute to "Our own Eliza Snow," from the pen of that feeling writer Emily Hill Woodmansee, is the preface through which we are introduced into the contemplation of a variety of pleasing articles, prose and verse, adorning the following pages.

"Living Links," by Avonlea, is continued; also "Life Incidents," by Helen M. Whitney.

"Jesse Burns" and "Pen Sketch of an Illustrious Woman." A well written and timely editorial entitled "Woman Defends the Position," followed by another, descriptive of the birthday party recently given in Ogden in honor of Eliza R. Snow Smith. Then come "Home Affairs," "An Address," Correspondence, "Dress," and other brief writings.

"George Eliot's Influence," (selected), "Items from Nazareth," "Allegory," etc., make up the sum of the poetry nothing is more pleasing than a sweet little effusion called "My Heart," composed by Esther A. Bennion. It is as beautiful as it is tender, and as tender as it is true.

Snow Slide.

The Blackfoot Register reports a snowslide at Rock Creek, about 17 miles from Bellevue, by which four men lost their lives on the 14th ult.

"Two brothers, Merritt and Ned Kelly, Jas. Bone who is known as 'Scotty,' and a man named Casey, were living in a cabin at that point, and from appearances, the three of them were eating supper, while the other was outside, and about 20 feet from the cabin. As no one else lived in that vicinity, nothing was known of the occurrence until the following Thursday, when 15 men went up from Bellevue to recover the bodies, which were found and brought into Bellevue on Saturday night. Two of them were badly bruised by the timbers of the cabin falling on them, while the other two appeared as though they had lived a short time, but were finally suffocated. Where the slide came down the mountain was a narrow path not over 50 feet in width.

Several slides have occurred in the vicinity of Galena, but with little damage, the meat house of the Gladiator Mining Company with all their winter supply of meat, about 1,500 pounds, was demolished by a snow slide. The snow is about six feet deep at Galena, and five at Kelch.

Golden Wedding.

Brother L. Noble and his wife Emily Noble, of Sugar House Ward, kept their golden wedding (50th wedding anniversary) yesterday, at the residence of Dr. M. L. Davis, in the 7th ward, this city. Hundreds of friends wished to offer congratulations, and some suitable gifts were presented to the aged couple. Newspaper men had little else to offer besides their good wishes on any occasion, but Brother and Sister Noble can rely on the genuineness of the hopes we now express for their future welfare.

Lecture Last Evening.

There was a large number present last evening, in the 21st Ward Meeting House, to listen to the lecture on "British History," by Elder W. L. N. Allen. The subject is one of great interest, especially to the natives of the British Isles, and the lecture was rendered in such a manner as to elicit attentive appreciation from the audience. It was delivered under the auspices of the M. I. A. of the Ward, and was the first of the season. At the close, a hearty vote of thanks was tendered the lecturer.

TOOLEE STAKE CONFERENCE.

The Quarterly Conference of the Toolee Stake of Zion convened at Graniteville, January 30th and 31st. There were present on the stand of the First Presidency, Joseph F. Smith, of the Quorum of the Twelve, F. M. Lyman; of the Presidency of the Seventies, Wm. W. Taylor; the Presidency of the Stake, Elders, Presidents of Branches, High Council and others.

Saturday Jan. 29 was occupied in receiving reports from the Elders of the various wards, the Indian mission and remarks by Patriarch Rowberry, and Elder Wm. W. Taylor, H. J. Grant and F. M. Lyman.

In the evening the Young Men's Mutual Improvement Association held their Quarterly Conference and were addressed by Pres. Joseph F. Smith.

Sunday, Jan. 30, 1889.

The General Authorities of the Church, the Authorities of the Stake, Bishops and Local Authorities in their respective wards, were present and unanimously sustained by the vote of the conference. The meeting was addressed by Pres. Grant, Counselors Gowan and Lee, Apostle Lyman, Pres. Joseph F. Smith and Elder Wm. W. Taylor on subjects of deep interest accompanied by the power of the Holy Ghost.

The meetings of conference were well attended. The Graniteville Brass Band and choir contributed much to the pleasure of our gatherings, a good enjoyable time and rich outpouring of the Spirit of the Lord were manifest on all occasions. Geo. AMICK, Clerk.

Seeing Himself Die.

Peculiar circumstances attended the death of a man in Lewiston a few days ago. The man was Mr. Lawrence Eccles, a native of England, who lost his voice over a year ago, and who did not speak a word until the night previous to his death. He awoke his wife before morning, and said, "I can see myself die." It became light he made his friends put him on a sofa and wheel him into the sitting room. "Now, I want you to put me before the looking glass so I can see myself die," he said. His friends complied with his request. He folded his hands before the mirror, and in a few moments was dead. — Bangor (Me.) Whip, Jan. 7.

SPECIAL BUSINESS NOTICES.

UTAH MANUFACTURE.

Mottled Blankets, Small Trunks, White Blankets, Large Trunks, Grey Blankets, Boots & Shoes, Double Shawls, Cotton Bathing, Plain Flannels, Wool Bannets, Colored Flannels, Mens Socks, Casimere, etc., Womens Hose, For Sale by John C. Cutler Agent, Old Constitution Building.
