

GOV. FOLK GOES IN FOR REFORM

Would Make it a Crime to Lobby
With Members of Legisla-
ture for Compensation.

FAVORS 2 CENT RY. FARES.

Would Suppress Bucketshops—Would
Make Corporation Prices Uni-
form Throughout State.

Jefferson City, Mo., Jan. 3.—The forty-fourth biennial session of the legislature was organized by the Democratic majority today. J. M. Atkinson of Ripley county was elected speaker of the house, and Senator F. M. McDavid of Greene county was elected president pro tem. of the senate. The message of Gov. Folk was read, which, in part, follows:

Gov. Folk recommended a number of changes relating to the life insurance companies, among others a standard policy for all life companies, prohibiting discriminating and rebating, regulating the election of directors and requiring non-resident companies to keep at least 70 per cent of the premiums received from Missouri policyholders invested within the state.

He also recommended the enactment of a law making it a crime for any one for compensation to lobby with the members of the legislature.

The railroad, he said, should be required to carry passengers within the state for 2 cents a mile. There should be a state primary law for the nomination of all elective officers, including United States senators. The election of senators by the people, he said, has long been demanded, but it cannot be obtained until the federal constitution is amended. Public opinion will ultimately force this reform, but in the meantime the next best thing can be secured by having senatorial candidates voted for at a state primary. He advocated a registration law applicable to all towns of 10,000 inhabitants or over. He recommended a law making it a felony to register a bet upon a horse race, either on a blackboard or any other substance, or to telephone a bet on a horse race to any other state or to telephone or use any device to accomplish the registration of bets.

He also recommended legislation to suppress "bucketshops," rigid child labor laws, prohibiting a concern or corporation from selling higher in one part of the state than in another, adding a prison punishment for violation of the anti-trust laws, and making the penalty for the violation of the maximum weight law apply to partnerships; also a statute providing proper penalties for railroad corporations or the directors, employees or agents of any corporation who shall rebate on shipments within the state.

Every corporation, he said, should be required to furnish each stockholder with a balance sheet of its business once a year. There should be an annual tax in the nature of a privilege tax of 1.15 of 1 per cent on the capital stock of all corporations, both domestic and foreign, doing business in the state. The state should regulate the charges of public service corporations, both domestic and foreign, doing business in the state. The state should regulate the charges of public service corporations in order to prevent extortion. To determine the reasonableness of rates there should be a power to inquire into and determine the actual amount invested in such corporations and to fix rates on a reasonable basis. The result of this should be to eliminate fictitious values and to protect the people of each city or town be authorized to purchase or own and operate any utility of a public nature whenever they shall vote to do so and to issue bonds to payment thereof.

The necessary laws should be enacted giving municipalities of the state full power to regulate tolls and rates for gas, lights and other public utilities. It was the province of the general assembly, he said, to prevent one corporation from owning stock in another and authorizing the quo warranto proceedings to be filed to dissolve any corporation, a majority of the stock in which is acquired by a holding company. This was necessary, he urged, to prevent the control of corporations in trade and business in the state. The liquor traffic should be made to observe the law just like anyone else. He recommended the amendment of the anti-bribery law so that witnesses could be forced to testify, but relieving them from prosecution by reason of their testimony.

The governor invited consideration of the propriety and advisability of the adoption of a resolution making application to Congress to call a convention for proposing amendments to the federal Constitution, particularly with reference to election of United States senators by the direct vote of the people, the establishment of the principles of initiative and referendum and for a just income tax.

SUIT FOR MILLIONS OF CHICAGO REAL ESTATE.

Chicago, Jan. 4.—The Chronicle today says: On six United States deputy marshals was placed yesterday the responsibility of serving on 3,000 defendants notices of election in a suit recently filed in the United States circuit court by Sidney Smith, of Cambridge, Mass., who seeks to possess himself of South Side property valued at approximately \$4,000,000. The deputies who were especially appointed for the task, which is one of the largest problems that ever has confronted U. S. Marshal Hoy, met with many experiences during the day. These they reported to the marshal at his office in the federal building over the telephone.

Among the defendants there are many women accused to the form of law, and there also are included many persons of prominence, for Mr. Smith claims absolute title to all the land bounded by Thirty-fifth street on the north to Thirty-ninth street on the south and from Grand boulevard on the west to a line running north from Cottage Grove and Thirty-ninth street on the east.

He asserts an ancestor settled on the land in 1834 and filed a claim to it, but died before obtaining a patent to the property. In order to obtain standing in court it became necessary to include as defendants to the ejectment proceedings all persons living within

CHILD ALMOST A SOLID SORE

From Skin Disease from Birth Until
Six Years Old—Father Spent
Fortune on Her Without Benefit
—Old Doctor Suggested Cuti-
cure, which Cured Her in Two
Months, Leaving

SKIN SOFT AS A BABY'S AND WITHOUT A SCAR

"I have a cousin in Rockingham Co. who once had a skin disease from her birth until she was six years of age. Her father had spent a fortune on her to get her cured and none of the treatments did her any good. Old Dr. G. suggested that he try the Cuticura Remedies which he did. When he commenced to use it the child was almost a solid scab. He had used it about two months and the child was well. I was there when they commenced to use your Cuticura Remedies. I stayed that week and then returned home and stayed two weeks and then went back and stayed with them two weeks longer and when I went home I could hardly believe she was the same child. Her skin was as soft as a baby's without a scar on it. I have not seen her in seventeen years but I have heard from her and she has been heard from her sister. That is where I became acquainted with Cuticura. I hope this may be of some service to you in the future. Mrs. W. P. Ingie, Burlington, N. C., June 16, 1905."

WORLD'S EMOLLIENT Is Cuticura Ointment.

For rashes, eczemas, itchings, irritations, scalings and chappings, for red, rough and greasy complexion, for sore, itching, burning hands and feet, for burns, rashes, itchings and chappings, and for all the purposes of the toilet, bath and nursery, Cuticura Ointment, assisted by Cuticura Soap is invaluable.

Sold throughout the world. Price 25c. Cuticura Soap, 25c. Cuticura Ointment, 25c. Cuticura (G.C.) 25c. Cuticura Soap, 25c. Cuticura Ointment, 25c. Cuticura (G.C.) 25c.

the boundaries described in the plaintiff's bill.

TO INVESTIGATE RY. WRECKES.

Washington, Jan. 3.—Representative Morrell of Pennsylvania introduced a resolution today for an investigation by Congress of recent railroad wrecks. The resolution states that the wrecks are supposed to be due to overwork of employees and authorizes the speaker to name a committee of five congressmen who shall have full power to subpoena witnesses and require corporations to furnish records and all information desired. The purpose of the proposed investigation is to make recommendations to the state commerce commission for regulations to prevent future accidents. The resolution carries an appropriation of \$20,000.

THE KAISER'S CRUISER.

Emperor Decides to Build Armored
One to Eclipse the World.

London, Jan. 4.—The Berlin correspondent of the Daily Mail says the kaiser has decided to eclipse the world so far as armored cruisers are concerned. After the elections the government will ask for authority from the reichstag to greatly increase the tonnage of such a cruiser already authorized, so that the new ship will have a displacement of 20,000 tons. The vessel is to have turbine engines, which it is planned, will make her the speediest cruiser in the world. It is also designed to make the ship more powerful than any existing battleship.

SERIOUS OUTRIOT RIOTS.

Madrid, Jan. 4.—Serious riotous riots have occurred at Alicante, province of Valencia. Crowds surrounded the shops, even attempting arson.

The civil guard tried to disperse the rioters, but using violence but failing, were compelled to charge. Shots were fired, as a result of which two persons were killed and a number wounded.

SWITZERLAND ACCEPTS.

Berne, Jan. 4.—The invitation forwarded to the Swiss government by Spain that it nominate an inspector general of the Moroccan police under the terms of the Algeiras convention, has been accepted.

A FRENCH DUEL.

Was With Army Pistols, One of Principals Being Seriously Wounded.

Paris, Jan. 4.—News of a duel between two French officers, one of whom was seriously wounded, is being circulated here. The principals were Lieut. Spitzer and Andreau, at one time close friends, and the scene of the affair was near Versailles. Regulation army revolvers were used, and the agreement permitted each of the combatants to fire as many of the 25 cartridges with each as provided as he could.

After six shots had been exchanged, Lieut. Spitzer dropped his revolver and fell into the arms of his seconds. When the injured man was taken to a nearby hospital it was found that he had been seriously wounded in the abdomen.

DESERTING RAISULI.

Tangier, Jan. 4.—Many of the former friends and supporters of Raisuli, who is at Zinat, have, it is stated here, deserted the bandit chief. Raisuli has discarded all the signs of his former position, including the robes of a Moroccan official. He has again donned his mountaineer's costume.

Nearly all the tribes in the neighboring mountains, it is announced, have made submission to the sultan.

PRUSSIA HAS POLISH PROBLEM

Government Continues to Prose-
cute Severely Any Infraction
Of Political Ordinances.

DISCONTENT IS VERY EXTREME

Revival of Nationalist Movement the
Cause—The Situation is Caus-
ing no Concern.

Gnesen, Province of Posen, Prussia, Jan. 3.—The Prussian government, in consequence of the disturbed state of the public mind in Prussian Poland over the school strike and the renewal of the Polish nationalist agitation, continues to prosecute severely any infraction of the political ordinances. The trial was begun today of a member of the Prussian house of lords, Von Koscielski, a rich Polish land owner. Von Chv. znowski, a member of the lower house of the Prussian diet, and 21 other persons, who are charged with having taken part in a public meeting in the park of Von Koscielski's castle without the consent of the government.

All the accused belong to the so-called Polish "Social" association, numbering several hundred thousand persons and forming, the prosecution avers, material for mobilizing a future revolutionary army.

The "Social" assumes to be a gymnastic association, and has branches in every parish in Poland, and the accused include its principal leaders. Von Koscielski is a candidate for election to the reichstag.

The Prussian government has dismissed about 250 Poles in this province, who were filling minor official positions, especially all the Polish members of the local boards where the school strike is in progress.

NO CONCERN FELT.

Berlin, Jan. 3.—Although the government recognizes the extreme political discontent in Prussian Poland owing to the revival of the nationalist movement, no concern is felt regarding the situation, because of the adequate measures of every sort taken to deal with all possibilities. Government agents have located the headquarters of the committee which is conducting the agitation at Lemberg, Galicia, Austria.

The German government has informed the government of Austria-Hungary of the activity of the Lemberg committee, but there seems to be no disposition upon the part of the authorities at Vienna to proceed sharply against the agitators as Austrian Poland is tranquil and prosecutions would stir up the Polish question there.

POLISH NATIONAL LEAGUE.

Breslau, Jan. 3.—The articles of association of the Polish National league were published here today. They describe the aim of the league to be "to unite all the national resources for the restoration of the independence of Poland." Article 9 demands a union "with those foreign political parties which are able to gain certain political or other advantages without assuming any responsibility, in states where the Polish people are not admitted to participate in political life." The central committee of the new league is bound to support any revolutionary action tending to change or to destroy the government.

"In case of war between the powers that took part in the dismemberment of Poland, the league's principal care must be to secure for Poland at the critical moment an important position, and therefore the central committee must collect accurate information concerning the amount of money available in the event of war, and also must arrange a military intelligence system to obtain general information and technical secrets."

ERNEST CROSBY DEAD.

New York, Jan. 2.—Ernest H. Crosby died at Baltimore today, aged 50 years. He was judge of the court of first instance, at Alexandria, Egypt, was a resident of Baltimore, and was the author of the New York Anti-Imperialist league for five years. He was the author of "Captain Jinks," "Nero" and other books.

TO PROHIBIT COAL LAND SALES.

Washington, Jan. 3.—Senator Nelson today introduced a bill to prohibit the sale of lands on which are situated beds of coal, lignite, asphalt, petroleum and natural gas in the government domain until such deposits have been exhausted. Provision is made for leasing for terms not exceeding one year for the purpose of having them explored. Persons making explorations and discoveries are to be given the preference in the right to lease and work the deposits.

MINER ACCIDENTALLY DROWNED.

Helena, Mont., Jan. 3.—While climbing the ladder in an incline of the shaft of the Montezuma mine at Rimini, George Gunville, a well-known miner, lost his footing and was precipitated into 18 feet of water in the sump and was drowned.

ARRESTED FOR MURDER.

Wallace, Ida, Jan. 4.—Joseph Panis was arrested here on a charge of murdering James H. Thompson at St. Joseph, this county, during a saloon brawl. Witnesses of the shooting state that Panis became provoked at being made fun of after losing at cards and leaving the saloon, secured a rifle with which he fired several shots into the saloon building. Thompson fell after the third shot. Both men are loggers.

REMARKABLE SCENE AT NOTORIOUS MOULIN ROUGE.

Paris, Jan. 3.—There was a remarkable scene at the notorious Moulin Rouge when the Marquis de Morney, a daughter of the famous Duke de Morney and a niece of Napoleon III, made her debut in an act called "A Dream of Egypt," written by herself in collaboration with Madame Gauthier-Villars, author of "Claudine," and other decadent novels.

The marquis, who is the divorced wife of the Marquis de Belbeuf, had already achieved an unenviable reputation, and her hitherto appearance on the stage brought out a storm of criticism. To this the marquis replied in a letter published this afternoon denying that her performance was intended to be suggestive, and insisting that she meant to give an artistic reproduction of the manners of ancient Egypt. In defending her appearance on the stage the marquis says: "This does not constitute a disgrace to the French aristocracy, and a distinguished scion of this aristocracy, the Prince de Broglie, has been earning his
