

## PARKER IS THE MAN, SAYS CLEVELAND.

Ex-President Declares His Belief  
That He Will Be the Demo-  
cratic Nominee.

HE TAKES NO STOCK IN HEARST

His Original Judgment Was That Mr.  
Olney or Judge Gray Was  
The Man.

Philadelphia, May 30.—The North  
American this morning prints a special  
dispatch from Princeton, N. J., on na-  
tional politics, in which Grover Cleve-  
land is quoted as follows:

"I have believed for some months,  
and I believe now, that Judge Alton B.  
Parker of New York will be the nomi-  
nee of the national Democratic con-  
vention for president. My opinion is  
not new. In reiterating it at this  
time, when there seems to be a lull in  
the Parker movement, I do not mean  
to yield my original judgment, which  
was that either Mr. Olney or Judge  
Gray might have proved the strongest  
candidate for the Democracy to name  
for the contest with Mr. Roosevelt.

"Circumstances and the state of pub-  
lic sentiment were such, however, that  
months ago it became apparent that  
Judge Parker was the man upon whom  
the conservative element of the party  
could and should concentrate. Neither  
the state of public sentiment, nor cir-  
cumstances have changed, and Judge  
Parker remains now, as he has been  
for some months, the logical candidate  
of his party.

"Some months ago conservative lead-  
ers of the Democracy began to ex-  
perience alarm over the strength this  
man Hearst was seemingly developing.  
I took no stock in the Hearst candidacy  
myself, but realizing the necessity for  
checking a movement which might  
grow formidable, I occupied ground in  
common with a number of others and  
gave out a statement favoring Judge  
Parker for the nomination.

"I do not mean to infer that my  
support of Judge Parker was given  
grudgingly.

"I named Judge Parker at that time  
because his candidacy had gained such  
a lead over that of any other man  
whose nomination could be deemed ac-  
ceptable to conservative Democrats  
that he appeared to me as the most  
logical man upon whom that element of  
the Democracy could concentrate in  
its efforts to purge the party of that  
irrationalism with which it has been af-  
flicted in the last two presidential cam-  
paigns."

### SLAVERY IN AFRICA.

Germany May Question Portugal  
Sharply About the Matter.

Berlin, May 29.—The Vossische Zeitung  
this morning publishes a letter in which  
the writer raises the question as to how  
the rebellious Hereros in German  
Southwest Africa pay the English and  
Portuguese traders for the weapons and  
ammunition which they continue to re-  
ceive by way of Ovambo, and declares  
that cattle are not the only medium of  
payment.

"The traders," says the letter, "ac-  
cept slaves also. The slave trade from  
the German protectorate, by way of  
Kunene and Angola, has been going on  
for some time and certainly began  
before the breaking out of the Herero  
rebellion. It was probably carried on  
without the government's knowledge.  
However, proofs in the shape of formal  
business letters mentioning the deliv-  
ery of weapons and ammunition in ex-  
change for slaves have been in the  
hands of the Windhoek government  
for some time. In Angola these slaves  
are free laborers. They will prob-  
ably go mainly to plantations on the  
Portuguese islands in the gulf of Guin-  
ea. It can be assumed that the Ger-  
man government will question the Por-  
tuguese authorities sharply about the  
matter, but we cannot reproach our  
neighbors more than ourselves. They  
are not able to keep order in their bor-  
ders, nor we in ours."

### Strike Breaker Murdered.

New York, May 28.—Two New Haven  
strike breakers, employed here on a  
North river pier, were attacked by five  
men in Jersey City tonight while on  
their way home, and one of them, Do-  
minick Sokoposki, 28 years of age, was  
killed. His companion, Peter Hoemzik,  
was beaten, but not seriously injured.  
Sokoposki was struck on the head with  
an iron bar and his skull fractured.  
Passengers on a passing trolley car  
jumped off, rescued Hoemzik and fol-  
lowed the attacking party, causing the  
arrest of Edward Griffin, a dock laborer,  
who has been identified as the man  
who struck Sokoposki the fatal blow.

### THE BROOKLYN AT TANGIER.

Marines May Be Landed to pro-  
tect American Interests.

Washington, May 29.—Should Ameri-  
can interests in Tangier or other places  
in Morocco be imperiled in any way as  
a result of complications growing out  
of the capture of the American, Perdi-  
caris, by the Moorish bandits, it may  
become necessary to land marines from  
the American man of war now on the  
way there. This contingency, however,  
was not been seriously considered by  
the administration, as there has been  
no evidence that such a step will be  
necessary. Officials say it has never  
been contemplated that marines should  
be sent into the interior to assist in  
the rescue of the captured men. They  
say marines could not accomplish any-  
thing because of the inaccessibility of  
the country. It was expected that Ad-  
miral Chadwick, with the cruiser  
Brooklyn, would arrive at Tangier to-  
day, but Secy. Moody said that nothing  
had been received from the admiral.

### SENATOR QUAY'S FUNERAL.

In Accordance With His Request  
It Will Be Unostentatious.

Beaver, Pa., May 29.—Many promi-  
nent people visited this place today for  
the purpose of expressing sympathy  
with the family of the late Senator  
Quay, but only a few of the most inti-  
mate friends were permitted to view  
the remains of the dead man.

It was announced by the family that,  
excepting the senator's dying re-  
quest, there would be no ostentation in  
connection with the funeral. This com-  
pels the refusal of a request by the Ma-  
sons for a Masonic funeral. The final  
arrangements made today are that the  
body will remain in the senator's bed-  
room, where he died, until Tuesday,  
when it will be carried to the First  
Presbyterian church in charge of past  
or, G. A. R., of which Senator Quay  
was a member, and lie in state from  
9 a. m. until 1 p. m. The church will  
then be cleared, and at 2 o'clock the fu-  
neral services will be conducted by  
Rev. J. S. Ramsey, pastor of the First

Presbyterian church, assisted by Rev.  
Dr. Appleton Bash of the M. E. church.  
There will be no honorary pallbearers,  
and the active list as announced will  
not be changed.

### GILLISPIE MURDER CASE.

Jury Could Not Agree and Was  
Discharged.

Rising Sun, Ind., May 29.—After de-  
liberating 42 hours without coming to  
an agreement, Judge Downey dis-  
charged the jury in the Gillespie case  
this morning. When the jury was

brought into the courtroom Judge Dow-  
ney asked them whether there was any  
probability of agreeing on a verdict,  
and every one of the 12 men answered  
in the negative. Judge Downey then  
thanked them and dismissed them from  
further service.

Prosecutor McMullen said that the  
state would oppose any effort on the  
part of the defense to release James  
Gillespie, and stated that the case would  
come up again next September.

At the present time the four defend-  
ants are in the same position as they  
were before the trial began, as their  
bonds are continuous.

August Grieve, who was on the jury  
originally, but was afterward chal-  
lenged, committed suicide last night. It  
is said he lost his mind worry over the  
Gillespie case, and imagined that James  
Gillespie was trying to kill him.

### JAPANESE COMPLAIN.

In Korea They Say Telegraphic  
Communication Is Cut.

Seoul, Korea, May 29.—M. Hayashi,  
Japanese minister to Korea, has noti-  
fied the foreign office that the Japanese

military authorities are constantly com-  
plaining that telegraphic communica-  
tion with Gen. San is frequently inter-  
rupted. The Japanese military authori-  
ties suspect that the country people are  
cutting the lines at various unfrequen-  
ted points. The Japanese emperor has  
issued a proclamation inflicting the  
death penalty on all persons caught  
destroying the telegraph lines, and asks  
that the Korean government take simi-  
lar action.

### Freight and Coal Piers Burned.

New York, May 30.—Seven freight  
and coal piers of the Delaware, Lacka-  
wanna & Western railroad in Jersey  
City were destroyed today by a fire  
that started on the barge Aden C.  
Churchill, which lay alongside pier  
12, on which a lot of barrels of oil were  
stored. The loss is estimated at \$1-  
000,000. The flames spread rapidly.  
Pier 12 was 800 feet long and was soon  
ablaze its entire length, and the fire-  
men who were trying to fight the fire  
from the shore were able to accom-  
plish but little.
